BROTHERHOOD OF L. F. & E. DISCUSS CONDITIONS

Export 26 Have Draft of Schedule Prepared By Friday. Cleveland, O., Aug. 13.—The wage committee, appointed to draft a demand for increased wages at yesterday's session of 400 local chairmen of the Brotherhood of Locomotive Firemen and Enginemen from all parts of the United States and Canada, were unable to complete the draft of the schedule for presentation to the conference today...

Washington, Aug. 13.—Banana cantaloupe, a new kind of fruit for consumers of this country, has made its initial appearance on the local markets. This fruit is of French origin and has recently been brought to this country. It is declared to be especially palatable and dealers predict consumers will soon be seeking it in preference to some other fruits...

As the name implies, the fruit is a cross between the banana and the cantaloupe, and is declared to be "as sweet as honey." It grows in the shape of a banana, somewhat resembling a squash. The inside is exactly like the heart of a cantaloupe and has the same sort of seeds.

The prices of this French fruit on the local markets are ranging from 20 to 25 cents each.

BRITISH LABOR SITUATION DISTINCTLY IMPROVED. London, Aug. 13.—With the fear of direct action by the "triple alliance"—comprising the railroad men, miners and transport workers—in balloting on a strike removed and the prospect of a speedy resumption of work in the Yorkshire coal fields, the labor situation was distinctly improved today and the government and parliament breathed easier.

According to George Nicholl Barnes, the labor representative in the war cabinet, the labor situation gradually is becoming more normal, and the nation is to be congratulated on having gone thus far safely along the troubled road. Unemployment, Mr. Barnes declared, was down to half the figure of last May and the workers generally were showing a desire to avoid extreme and illegal measures to obtain their desires. Premier Lloyd George is said to be particularly pleased with the way things are going.

RALEIGH COTTON MARKET. (Reported by Parker Bros. & Co.) Receipts yesterday, 1 bale. Good middling, 31 1/2. Strict middling, 31 1/4. Middling, 31.

Sticky Perspiration. This dirty nuisance is truly a handicap to all bodily comfort at all times, and more especially in the summer. Your clothes become almost a portion of you, and what you will, with soap and water, it can't relieve perspiration, permanently. It's a few minutes worse than it was at first. If you will dispense with one of two teaspoons full of Tyro's Antiseptic Powder in a basin of water and bathe the face and body freely as often as you can you will obtain instant and permanent relief almost while you are getting it. Tyro's Antiseptic Powder is almost a specific for Frigidity, Heat, Poison, Rash and Rosy-cheeked Spleen. When used in the same dilution its application is very, very pleasant and noncontaminating. Tyro's Antiseptic Powder has been the accepted standard for personal hygiene in small, medium and large hotels or camps at all clubs and department stores. Write for the name—TYRO'S—accept no substitutes.

FOR SUMMER COLDS. Cough, Asthma, Hay-Fever, etc. Insert in the nostrils a small quantity of BRAY'S VAPORANTHOL SALVE. Will not stain the clothes. At all drug stores 25c, 50c and \$1.25 or mailed direct. BRAY'S DRUG COMPANY, R. WILSON, N. C.

Our "Mixologists" Dispense Drinks Of Peculiar Deliciousness—and the Drink has an added virtue—By being served in an individual Sanitary Paper Cup. "For your health's sake"

A. C. L. SHOPMEN GO BACK TO WORK

Graftsmen At Rocky Mount Decide To Await Decisions From Higher Up. Rocky Mount, Aug. 13.—Craftsmen employed in the local Atlantic Coast Line shops who went on strike for higher wages approximately a week ago returned to work today with the early morning shift pending the settlement of the wage issue by the grand officers of the federated craftsmen and the railroad administration.

Although the men returned to work six passenger trains on the Coast Line were withdrawn yesterday and today as previously announced. These trains, however, will be put back on as soon as traffic congestion is relieved and rolling stock put into serviceable condition by the returned workers. This alleviation of condition brought about by the strike will consume practically the same amount of time that the strikers stayed out.

The decision of the shopmen to return to work came at a meeting held yesterday. Previous to that time they had evinced no inclination to take up their former duties although an individual as well as craft vote had been taken on the question.

FOR WRECK PEOPLE. New York, Aug. 13.—A very beneficial for exhausted condition due to heat, over-work or insomnia.—(Adv.)

Submarine Chasers IN RACE TO NEW YORK. Washington, Aug. 13.—Six submarine chasers, veterans of the U-boat campaigns in the North Sea and the Adriatic, will leave Bermuda tomorrow and race to New York.

The race will be under service conditions and an effort will be made to lower the Bermuda to New York record for gasoline vessels to 88 hours. Naval officers expect the chasers to lower this record to about 72 hours. The distance is about 700 miles. Officials of the New York Yacht Club will act as judges.

The craft are the 129 and 324, both of which took part in the naval operations that resulted in the destruction of the Adriatic naval base at Durazzo. In 1918, the 129, credited with sinking a German submarine, and the 30, 137, 217 and 351. The tug Ontario will accompany the chasers and will send wireless reports of the progress of the race.

"Bayer Cross" ON GENUINE ASPIRIN. Bayer Tablets of Aspirin to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken Bayer package which contains proper directions to safety relieve headache, toothache, neuralgia, rheumatism, colds and pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade mark of Bayer Manufacture of Monaceteleidestrasse of Seltz, Germany.—Adv.

Reason for Kozak Success. "The wonderful success of the Kozak treatment is due entirely to the fact that the treatment is based on the most advanced discoveries of medical science. It is only reasonable to believe that the combined intelligence of men of science who have each devoted a lifetime to the study of human ailments is more apt to bring successful results than the mere theories of people who usually know nothing of the science of medicine and chemistry."—Adv.

Studebaker MOTOR CARS. Beautiful in Design Thoroughly Modern Mechanically Right. THE inspector in this illustration is testing a Wrist Pin to see that the steel is of exactly the right hardness to give lasting durability and retain smooth bearing surface. Every vital part that goes into a New Studebaker Car is inspected and tested not only for size and perfect fit but for quality. CARR E. BOOKER, Dealer 103 W. Martin St., RALEIGH, N. C. BRITISHERS WILL FIX PRICES ON NECESSITIES

(By The Associated Press.) London, Aug. 13.—The House of Commons this evening, after heated debate, adopted an amendment to the profiteering bill empowering the board of trade, after an investigation, to fix wholesale and retail prices. The vote was 123 to 95.

The amendment was denounced among others, by Lord Robert Cecil, former minister of war trade, who expressed amazement that the government should accept "an amendment destroying the whole basis of the bill and revolutionizing the trade of the country."

Sir Donald MacLean, a Liberal member, also denounced the amendment, characterizing it as "rank socialism of the most muddled kind."

Southern Retail Merchants. Richmond, Va., Aug. 13.—Store management and business was the general subject for discussion at this morning's session of the Southern Retail Merchants' Conference here. Among the speakers were: M. S. McKinnon, of Hartsville, S. C.; H. W. Gallaway, of LaGrange, Ga.; Col. John P. Bruton, of Wilson, N. C.; H. R. Terrell, of Buckner, Va.; and P. H. O'Hara, of this city.

Others will be elected at the closing session tomorrow.

Florida Workmen Return To Work. Jacksonville, Fla., Aug. 13.—At a mass meeting here today of approximately 1,000 striking railroad shopmen, the men voted to return to work Friday morning.

Another assailant of the "fasting-cure" advocated by many so-called dietitians, has developed in the person of the "Kozak Man," the original writer character who has been creating so much comment in Raleigh by his common sense health theories. A continuous stream of callers at the Tucker Building Pharmacy, where he is making his headquarters in Raleigh kept him busy yesterday afternoon and late in the night, but he found time for the following statement. He said:

"The human body is naturally healthy. It should be considered as a strong, well balanced machine, and run intelligently, but all these health fads are pure nonsense. Such attempts to interfere with the natural functions only throw the whole machine out of gear. This course for fasting, 'no breakfast' fads and the like are apt to bring upon the experimenter the worst kind of which can fall upon him—stomach trouble.

Disease Begins In Stomach. "It is well known to physicians and health students that nearly all disease begins with a deranged digestion, and the reason for this is simple. Food is of no use to the body until it has been assimilated by the blood, and if digestion is not good the food is turned into poison instead of nourishment by the stomach. That is the reason that an illness begun by neglecting simple digestion often runs into rheumatism, nervous and blood diseases, catarrhal troubles, ulcers of the stomach, finally death.

"A person suffering in this way usually drags through existence half alive, never quite comfortable, haunted by headache, gas pains and uncertain appetite. In this state he fills into all sorts of health fads and freak notions, which only make the matter worse, when a little plain, common sense treatment would put everything right and give the body a chance to be as splendidly healthy as it is intended to be.

Reason for Kozak Success. "The wonderful success of the Kozak treatment is due entirely to the fact that the treatment is based on the most advanced discoveries of medical science. It is only reasonable to believe that the combined intelligence of men of science who have each devoted a lifetime to the study of human ailments is more apt to bring successful results than the mere theories of people who usually know nothing of the science of medicine and chemistry."—Adv.

SCORES FADS IN HEALTH MATTERS

Freaky Ideas of Diet Are Cause of Much Trouble, Says Kozak Man

ABUSE OF STOMACH LEADS TO MANY ILLS

Person Who Gets Stomach Out of Order Drags Through Existence Only Half Alive, and is Often Tempted to Try Foolish Notions of Diet Which Do Much More Harm Than Good.

Another assailant of the "fasting-cure" advocated by many so-called dietitians, has developed in the person of the "Kozak Man," the original writer character who has been creating so much comment in Raleigh by his common sense health theories.
