

MASS MEETING FOR MEMORIAL

Goldsboro People To Get Together And Discuss Plans For Building

News and Observer Bureau, 104 South John Street, Telephone 396. By EMMETT B. BROWN. Goldsboro, Aug. 13.—At a largely attended and very enthusiastic meeting held last night by the Goldsboro Chamber of Commerce the chamber gave unanimous endorsement to the report of the Memorial Building Committee appointed jointly by the Chamber of Commerce, Board of Aldermen and County Commissioners to devise ways and means for the building of a memorial building in Goldsboro as a tribute to the men of Wayne county who served and gave their lives for liberty during the world war.

Following the adoption of the report it was decided to hold a big mass meeting in Goldsboro at an early date for the purpose of submitting the plans of the foregoing committee to the people of the county before final action in the matter was taken. A committee was appointed to decide on the date for this meeting.

In discussing the plans for the memorial building last night Judge W. E. Allen, chairman of the committee, stated that he was confident that there were as many as two hundred and fifty citizens in the county and probably more, who would willingly give \$1,000 each toward the erection of this building, and that the people all over the county were taking a deep interest in the project.

For some time past thieves have been purloining automobile tires from the cars of local citizens. The police have been keeping a close watch for these thieves and yesterday John and Will Tiner, two negro brothers, were tried before Magistrate J. W. Thompson upon the charge of stealing an automobile tire from Mr. T. I. Sutton. They were found guilty and their case sent to the court house for trial.

Barton Clark, a well known newspaper man of Baltimore, is a cordially greeted visitor in Goldsboro, and is the guest of Mr. and Mrs. B. A. Creech at their home on Park avenue. Mr. Clark will spend several days here before returning to Baltimore.

The quarterly meeting of the Fourth District Medical Society was held at the court house in this city yesterday afternoon and was largely attended. The meeting was called to order by Dr. E. J. Nobles, of Selma. The following physicians were elected members of the society: Dr. T. L. Ginn, Goldsboro; Dr. R. N. Johnston and Dr. C. A. Woodard, of Wilson. Four well prepared papers were read on the observation of emphysema of the pleural cavity, the Thomas splint, the effects of malaria fever toxins upon the kidneys and the complications of Spanish influenza, by Drs. B. C. Willis, of Rocky Mount; G. W. Mitchell, of Wilson; J. C. Grady, of Kealy, and C. F. Strozier, of Goldsboro. Before the meeting adjourned a rising vote of thanks was extended to the local physicians by the visiting physicians for the royal manner in which they had been entertained during their stay in the city. It was decided to hold the next meeting at Wilson Tuesday, Nov. 11. Late yesterday afternoon the visiting physicians were the guests of local members of the society at an old fashioned barbecue which was served at Herman Park.

A delightful outing and picnic was given at Grays mill pond yesterday in honor of Mrs. J. T. Whitfield, of Kingston, who is visiting in Goldsboro at the home of Messrs. J. G. W. C. and Miss Mary Spence. A number of other guests were present, including Dr. E. P. Spence and family, of Greenville; H. D. Spence, J. T. Whitfield and Mrs. Alexander, of Kingston; Misses Ora Raper, Wilson; Julia Austin, Clayton; Lurie Brogden, Mrs. Roxie Sasser, J. B. and L. E. Pate and families, and Rev. G. T. Adams, of Goldsboro.

FISHERMEN TO HOLD MEETING IN NEW BERN

New Bern, Aug. 13.—Fishermen of this city, Oriental, Morehead and Beaufort are to meet in New Bern tomorrow in a big session at the Chamber of Commerce rooms. The occasion will be to hear William S. Downs, Production Secretary of the U. S. Fisheries Association, headquarters at New York, in an address. This organization is carrying on an extensive campaign to extend its membership along the Atlantic Coast. New Bern has been selected by the president of the Association, Kenneth Fowler, the man whom President Wilson called to his side during the war to advise with him in regard to the fishing industry. The aims of the organization are to put this industry on a par with other big industries of the present day.

A campaign of publicity is going on at present, and it is expected that several hundred fishermen and dealers will be present at the meeting tomorrow evening. After the address of Mr. Downs, there will be a business session proposing an organization for this section.

HAIR THAT EVERYONE ADMIRES

Hair responds marvellously to care and attention. Q-ban Hair Tonic will help grow—absorb dandruff in one application—stimulate it in eight or ten. Stops all itching of the scalp—nourishes and preserves the hair and prevents it from falling out. For sale at all drug stores and wherever toilet goods are sold.

SEES REVIVAL OF ROMAN EMPIRE

Canadian Preacher At Falcon Camp Meeting Bases Prophecy on Words of Daniel

Falcon, Aug. 13.—That the Roman empire will be revived is the conviction of Rev. A. G. Doner, of Peterboro, Canada, a Missionary Alliance preacher who is one of the leading speakers at the Falcon camp meeting. In a sermon on the subject he based his remarks on Daniel 2:31-45, and described the rise and fall of the four great empires mentioned in this passage of Scripture. These four powers, he said, represent the various forms of government that man has employed, from monarchy to democracy. The wild tribes of Northern Germany overthrew and subdued the Roman Empire in 395 A. D., and significantly are now the chief instrument of the revival of the old Roman power, composed of England, France, Belgium, Spain, the Balkan States and Northern Africa. Italy, so long obscure, is again prominent among world powers.

According to the speaker, the prophecy of Daniel, in the second chapter, speaks specifically of the overthrow of all other powers and the ultimate setting up of a kingdom that shall stand forever. He predicted the "final alliance of a reprobated Germany with an aroused Russia, and the restored and prosperous people of Israel back in the land of Palestine representatively, surrounded and attacked by these and other nations, stung by jealousy and prompted by greed, till God Himself shall arise and slay them by the spirit of His mouth."

The camp meeting is composed of an association of members of various churches who meet here annually, this being the twentieth year of the camp. Its adherents maintain a profound respect for the Bible, and teach that it is as applicable to the present time as to any former time. They have no hesitancy in praying for the sick, or contending for any other phase of truth they see in the Bible.

The founder and president of the camp is J. A. Culbreth, cashier of the First National Bank of Dunn, and among the prominent officers are D. H. Hood, well known druggist, of Dunn, W. S. Foxworth, banker, of Marion, S. C., and J. M. Weeks, a planter, of Clinton, N. C.

Some of the outgrowths of the work are the Falcon Orphanage, an undenominational home for destitute children; the Falcon Holiness School, which is a combined graded and high school; and the Falcon Publishing Company, which issues the Apostolic Frangel and other literature. The town has the unique distinction of being a place where tobacco and "dope" are not sold, being practically prohibited by severe laws.

The camp will continue till next Sunday, and a speaker is expected from New York to address the attendants on the need of relief for the Armenians and others in the Near East.

After all, there is nothing that affords some people more real pleasure than agreeable work.

PIEDMONT

Piedmont Peanut Oil

—is so delicious that you don't have to cultivate a taste for it. You will like **PIEDMONT** the first time you try it—and forever after.

REMAIN PREPARED, JELICOE'S ADVICE

British Admiral Says Safety of Empire Depends On Sea Safety

Sydney, Australia, July 9.—(Correspondence of the Associated Press.)—Admiral Viscount Jellicoe preached a policy of preparation for war in some of the speeches he has delivered here while visiting Australia to inform the Australian government concerning matters of naval policy.

"When discussions take place on such subjects as the League of Nations or the question of limitation of armaments, I trust it will never be forgotten that the existence of the British Empire depends absolutely upon the safety of its sea communications," said Viscount Jellicoe at Sydney, where he addressed the Navy League. Before the war, he said, Great Britain suffered from a lack of sufficient ships to guard the long lines of communication between London and Australia and, he added, "it is up to the British Empire to see that we are never in want of sufficient policemen afloat in the future."

Speaking of the "deadly risks run in the last five years," the admiral said, "one can only hope that in the future sufficient provisions will be made, both by the mother country and by the overseas dominions to insure the impossibility of defeat of the British navy."

After giving some information to show how long it took Great Britain to prepare for Germany's submarine campaign, Viscount Jellicoe said: "The lesson I am trying to preach is preparation for war. I would like to say very seriously that it seems to me the conclusion is forced upon us that the British Empire depends now more than ever upon naval supremacy."

DETAILS PUBLISHED OF MEXICO LYNCHING

Mexico City, July 26.—(Correspondence of The Associated Press.)—Details of the lynching of Juan Galvan, a prominent resident of the village of Zaragoza in the State of San Luis Potosi, have just been received in the capital and El Democrita, in publishing the story, declares this to be the first instance of lynching recorded in Mexico.

Galvan was publicly accused by the pastor of a church in Zaragoza of being the person who robbed the image of a virgin in one of the churches of gold, and jewels valued at 10,000 pesos. The words of the curate inflamed his hearers, who dragged Galvan from his home, built a funeral pyre and upon it tortured the unfortunate man until he died. The curate has been detained by the authorities as the author of the crime.

SINGING CLASS GIVES DELIGHTFUL CONCERT

Children From Odd Fellows' Home Greatly Please The People At Franklinton

Franklinton, Aug. 13.—The singing class from the Odd Fellows' Home, Goldsboro, under the management of Misses Tull and Tucker, two of the teachers in that institution, gave a delightful concert in the auditorium of the graded school here last night. The entertainment consisted of singing, recitations, etc., and was greeted by a large and appreciative audience. It was given under the auspices of the local lodge of Odd Fellows, which is one of the strongest organizations in the place. The offerings last night were excellent. Dr. J. W. Carter, who came here to practice medicine after he was released from the army, has decided to leave here and go to Lumber Bridge to practice. He will leave the latter part of the week for his new home. He and Mrs. Carter made many friends here during their short stay, who regret very much to see them leave.

Mr. Robert Speed, who was with the 120th in France, and who has entered the drug business here, will leave in a day or so for New York where he will take a course in pharmacy. He expects to be away from home about six months.

Mr. M. A. Huggins, of this place, who was with the 81st division in France, and received an appointment to the University of Paris and received his discharge about three weeks ago, has been elected superintendent of the graded schools of Scotland Neck and he will move to that place in about ten days and enter upon his new duties there. It is understood that Mrs. Huggins has

Don't worry about your skin

cleared mine completely

If you are embarrassed by a pimply, blotchy, unsightly complexion, try Resinol Ointment and Resinol Soap regularly for a week and see if they do not begin to make a blessed difference in your skin.

Resinol Soap and Resinol Ointment are sold by all druggists. Try them and see how beneficial they are not only for the skin but for the hair, too.

also been elected as one of the teachers in the Scotland Neck schools.

Mr. Earl B. Sikes, has been elected to teach in the department of English in the high schools of Durham. Mr. Sikes was with the S. O. S. in France for twelve months, and received an appointment to the University of Grenoble, where he studied for four months.

MEXICAN ARMY HAS OVER ONE HUNDRED THOUSAND MEN.

Mexico City, Aug. 13.—The strength of the Mexican army is placed at 17,725 officers and 119,393 men in an article recently published by Captain Francisco Lazcano who is referred to by the newspapers here as being in a position to speak with accuracy. According to his figures, which are based on reports for the month of April, there are two generals of division, eleven generals of brigade, forty-eight brigadiers and 843 jefes (chiefs), whose ranks have been recognized by the government as permanent. There are, however, 46,461 generals, chiefs and subordinate officers who are serving temporarily.

Prospective.
