

# TWIN CITY MAYOR TO SETTLE STRIKE

## Presides At Conference of Striking Car Men And Hears Their Grievances

Winston-Salem, Aug. 18.—Mayor E. W. Gorrell and several members of the board of aldermen, by invitation, attended a conference with the striking street car men here this afternoon when the differences existing between the Southern Public Utilities Company and its employees were explained and discussed. The strikers contended that refusal of recognition of the street car men's union was preventing an agreement being reached.

Mayor Gorrell, by invitation of the strikers, presided over the meeting. It was decided to ask the president of the Rotary Club to appoint a committee from his organization to accompany a member of the board of aldermen, to Charlotte tomorrow to confer with President Taylor and other officials of the Utility Company and see if an agreement could not be reached by which the street cars in Winston-Salem can resume operation without further delay.

President Taylor stated in a telephone message this afternoon that he expected to have the street cars in Charlotte in operation not later than Thursday of this week and that the cars in this city would begin running again a day or two later, or just as soon as the necessary arrangements could be made. Whether the company expects to put on new men or is expecting a number of the old men to return to work has not been revealed.

Friends in Washington have received instructions to the wedding of Joseph Brandon Bruner, son of Mrs. T. K. Bruner, of Raleigh, to the ceremony will be performed at Los Angeles, Cal., on August 27, the bride being Miss Evelyn Gill Johnson, daughter of Dr. and Mrs. Mills Johnson. Mr. Bruner is the son of the late T. K. Bruner who was secretary to the Board of Agriculture of North Carolina.

The United States Railroad Administration has lifted the embargo on a shipment of steel windows ordered by the State Hospital at Raleigh from Philadelphia. Dr. Albert Anderson requested the services of Senator Simmons in having the embargo removed.

Ben Abernathy, brother of Dr. C. O. Abernathy, of Raleigh, has been assigned to a job in the government printing office. Mr. Abernathy was formerly superintendent of the mechanical department of the "Fourth Estate," of New York city, and back in the days when the University print shop was on its first legs Mr. Abernathy conducted the student enterprise. He supervised the printing of the "Tar Heel" and the University Magazine while meeting text-books and class room assignments.

**Kitchen On Committee.**  
The Republicans give merited praise to Representative Claude Kitchin, of North Carolina, as a member of a special committee to frame and present to Congress by March 1, 1920, a measure providing for the establishment of a budget system in the government monetary affairs. Speaker Frederick Gillette says "Practically every member of the new committee has had long service in the house and was chosen for his past because of known efficiency and grasp of governmental finance." Representative Joseph Byrns, of Tennessee, a Democrat is also a member of the committee.

**Carolians In Capital.**  
Burton Craig, a lawyer of Winston-Salem, was here today, returning to North Carolina from Cape May, N. J., where he has been spending his vacation. Mr. Craig made the trip in an automobile while Mrs. Craig journeyed by rail.

Garland S. Ferguson, Jr., counsel for the Newport Ship Building and Dry Dock Company, returned to Washington today from a week's stay at Vade Mecum Springs in Stokes county. While in North Carolina, Mr. Ferguson attended the annual meeting of the North Carolina Bar Association in Greensboro.

Representative Samuel M. Drinson returned to Washington today from his home in New Bern. Walter Murphy, of Salisbury, is a visitor to the National Capital. F. D. Latham, of Beaufort, Beaufort county, is a visitor to Washington.

Mr. and Mrs. Geary Gerkin formerly of Raleigh, but now residents of Washington, left today for a motor trip to Atlantic City, New York and other northern points. Mrs. Stanley Williamson, of New York, is a guest of Mrs. E. E. Britton.

Concerning the tobacco industries and their relation to the world war with respect to North Carolina production, is a communication in Washington newspapers by a woman who blames tobacco consumers for the sugar shortage. She

states that seventy million pounds of sugar were used in the United States during 1918 in the manufacture of tobacco. She adds "And yet the country was conserving sugar. I believe the majority of smokers have not given the matter much thought and that many smoke excessively merely from force of habit."

equipment now is obsolete, but it was asserted by the Secretary, the types are better than any in Europe. A utilization of those types coupled with the experience in production that has been made, he believed, would serve to save much time if it should again become necessary to bring that branch of the service to a war basis.

The Secretary said that if the government wished to develop the air industry either for commerce or for war purposes the solution was simply—merely spend the money to buy more planes.

trolling the border and threatened to death on failure to pay \$15,000 ransom. "The instructions pointed out the seriousness with which the United States government views this situation and called for immediate adequate action. The department also directed the American consul at Juarez, Mexico, to take all possible steps with the Mexican authorities there to secure release and protection of the officers.

"The attention of the department was called to the Davis case late last night by Representative Barber, of California, and telegraphic instructions were rushed to the embassy and the consulate. The officer's father, Dr. Warren B. Davis, of Strassmore, Cal., was advised of the steps taken in behalf of his son. The Governor of Minnesota telegraphed to the department today regarding the two lieutenants and was advised of the steps which the department had taken. Peterson is a son of S. C. Peterson, of Hutchinson, Minn.

**Other Americans Held.**  
Only an hour or two after the department issued its statement in the case of the two aviators, it made public dispatches telling of the kidnapping of Dr. A. Goenaga, an American citizen and a native of Porto Rico, by Mexican bandits under Valentine Reyes. The dispatches said that Dr. Goenaga was being held for ransom in the vicinity of Mexico City.

A letter received by an American in Mexico City from the doctor under date of July 22, said that the rebels threatened to kill him unless a ransom of several thousand pesos was paid by August 15. The department said it had no further information, except that the Mexican foreign office advised the American Embassy at Mexico City yesterday that troops had been sent to rescue the American.

Two other attacks on American life and property in Mexico came to light during the day. One was an attack on a truck train of the Alverado Mining and Milling Company in the vicinity of Jimenez with slight injuries to Leslie

Webb, an American employe of the company. Last Thursday bandits raided the Tucson office of the Peana-Mexico Fuel Company, an American corporation, and made away with \$3,000 pesos.

# MEXICAN BANDITS RECENTLY ATTACKED A TRUCK TRAIN.

Washington, Aug. 18.—Mexican bandits operating in the vicinity of Jimenez recently attacked a truck train of the Alverado-Mining and Milling Company, en route to Parral. Dispatches to the State Department today telling of the attack said that Leslie Webb, an American employe of the company, was injured slightly.

Another dispatch reaching the department said that bandits raided the office of the Peana-Mexico Fuel Company, an American corporation, last Thursday and robbed it of 25,000 pesos.

# FATE OF ARMY AVIATORS TO BE TAKEN UP BY GOVERNORS.

Salt Lake City, Utah, Aug. 18.—The capture of two American army aviators by bandits and their detention in Mexico for \$15,000 ransom will be made an issue before the conference of Governors which opens here tomorrow, according to Maj. H. C. Garis, aide to Governor J. A. A. Buraquist, of Minnesota.

One of the aviators, Harold G. Peterson, is of Hutchinson, Minn. Governor Buraquist today telegraphed Secretary of State Lansing asking for immediate action and information.

In just what form it will be an issue at the conference is not yet known, but Major Garis said Governor Buraquist would immediately confer with executives of the border States, New Mexico and Arizona, who are here.

# DESERT OF DEATH NAME OF PLACE WHERE AVIATORS ARE.

El Paso, Tex., Aug. 18.—The Ojinaga District, south of the Rio Grande, where the two American aviators, Lieut. Paul H. Davis and Harold G. Peterson, probably were taken by their captors, is known in Northern Mexico as the "Jardana de Muerta" or desert of death. There are few water holes between Ojinaga and Coahuila Parado, and the trails cross and recross in a confusing maze.

The Ojinaga desert has long been the hiding place of Villa's bands, Villa himself having sought refuge there a number of times.

Hipolito Villa, brother of the bandit chief, is reported to be hiding in the Santa Helena mountains of the district.

When Villa captured Chihuahua in 1913, General Luis Terrazas, then owner of much of the State of Chihuahua, rode the entire distance to the Ojinaga border on horseback. Water had to be carried on mules to supply the soldiers who guarded him on his trip.

# Some People Are Miserable, Half Sick, Tired All the Time

They Do Not Know What is the Matter, and Their Physician Cannot Name the Disease.

There are just lots and lots of people who are sick—genuinely sick—but who manage to drag through their work day after day. They do not know what is the matter with them and their physician cannot name the disease—that miserable, "tired all the time" feeling.

In most cases, the real cause of this state of poor health is that the blood is clogged with impurities and the bowels, kidneys and other vital organs are not acting properly. A reliable blood tonic is necessary. Prescription C-2223 is a blood purifier of unusual strength. It is supplied ready prepared in concentrated form and is to be taken in small doses. It not only cleanses and sweeps out of the blood all the impurities that are causing ill health, but tones up the system. Prescription C-2223 contains no mercury, opium, morphine, chloral or strychnine; it was originally the prescription of a prominent physician, used in his practice in the treatment of disorders of the blood.

If you are miserable and half sick, get a \$1.50 bottle of Prescription C-2223 from your nearest drug store, or the C-2223 Laboratory, Memphis, Tenn., will mail you a bottle on receipt of price. Clip and mail this advertisement for free literature.

An operation was performed in a local hospital and he died soon afterwards. For several days he has appeared despondent and today placed his resignation in the hands of the Collector, same being accepted. Colonel Taylor says he desired to take a position in the treasury department at Washington, and had so planned. He was 33 years old and a native of Connecticut, where he has a brother and mother living. He came here from the Winston-Salem office of the Collector for this port.

# Mixed Summer Foods The Cause Of Much Indigestion

SUMMER days are days of careless living, kitchens too hot for cooking, cold lunches at the homes of friends, open-air picnics, with the result that many a family is down with indigestion.

Give the stomach and bowels a new start by taking a dose of good laxative tonic like Dr. Caldwell's Syrup Pepsin. Then put variety into your diet by eating more warm food. It is more easily digested.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size. It acts so gently and safely that it can be given even to a baby in constipation, indigestion, "summer cold" and similar ills. The formula on which Syrup Pepsin is based was written by Dr. Caldwell over 30 years ago. It is a combination of simple laxative herbs with pepsin that trains the stomach-muscles to do their work naturally so that medicines can again be dispensed with. Over 6 million bottles of Syrup Pepsin are sold by druggists every year. That is recommendation in itself.

If you have never used Syrup Pepsin, send your address for a free trial bottle to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.
