Wholesale Robbery of Stores TAKES PLACE IN GIBSON. Gibson, Aug. 22.—Robbers entered the two banks, a grocery store, a dry goods store and the drug store here, entrance being effected in most cases by breaking the front glass Wednesday night. About one hundred dollars worth of jewelry and some cigars were taken from the Gibson drug store and the cash register was robbed and contents taken. About \$125 worth of clothing and dry goods have been missing by Levin & Smith, and a few dollars worth of canned goods and cigarettes were lost by H. E. Mull. The robbers were evidently no professionals, as no attempts were made to blow open the safes, and the two banks that were entered suffered practically no loss more than the damage done to the plate glass front. Blood hounds were sent for and placed on the trail but they soon lost it, probably due to the fact that the robbers made use of an automobile to get away.

KINSTON READY TO BUY TOBACCO CROP

Commissioner Sutton Says Heavy Prospective Bonds For All Moonshiners

Kinston, N. C., Aug. 22.—Preparations being made by the Tobacco Board of Trade here for the delayed opening of the sales market on September 2 indicate that the body anticipates the biggest season in Kinston's history. Facilities afforded by the board and warehousemen are materially increased over last year's. More buyers will be stationed here from September to January than in any previous season.

The government's aggressiveness in dealing with illicit distillers will cause W. H. Sutton, United States Commissioner here, to throw still another high capacity bomb into the works of local violators. The minimum bail for a suspected moonshiner in future will be \$1,000. Commissioner Sutton announces while an alleged employe will be required to deposit at least \$300. Few defendants are expected to claim "deferred" or "preferred"—classification except in cases where they plead guilty.

Hal. King and Miss Elizabeth Tilghman, members of prominent Lenoir county families, were married August 7 but did not announce the fact until yesterday afternoon. The ceremony was performed in an automobile in front of the residence of Rev. Samuel W. Swinell, that minister officiating. The groom is a son of Richard King, well known throughout this part of the State.

SOME OF MORMONS DRIVEN OUT WANT TO COME BACK

Douglas, Ariz., Aug. 22.—Some of the several hundred Mormons who were driven out of their colony at Colonia Morelos, sixty-five miles Southeast of Douglas, are endeavoring to recover their homes from the Mexican squatters who have usurped them. About ten Mormon families still live in the colony but are not permitted to occupy their own brick houses. Mexican families are living in them and refuse to quit, proclaiming the doctrine of "Mexico for Mexicans."

Many other Mormons, disheartened by their reversals have begun life anew in the United States. Appeals have been made to the Mexican government by the Mormons without result. Recently the American State Department asked the Mexican government to drive out the usurpers and restore their property to them. The colonists hope this effort will be successful.

ALL DAY CELEBRATION IN HONOR OF SOLDIERS

Bertie County People Have An Elaborate Affair At Avoca This Week

Avoca, Aug. 22.—Carrying out the idea of a home coming day in each township of Bertie county, Merry Hill Auxiliary of Bertie county Chapter, A. R. C., entertained the soldiers and sailors of Merry Hill township here yesterday. Mrs. E. Hubert Walke, chairman of the local organization, was in charge of the program which was interesting and complete in every detail.

Judge Francis D. Winston delivered an interesting address in which he discussed the treaty and League of Nations. He paid high tribute to President Wilson. A Bertie county dinner was served and that menu would fill the patrons of the Waldorf-Astoria with envy. After dinner a game of baseball was played between the married men and the single men; the former winning easily. The married men were fortunate in having on their nine Chaplain William J. Alfriend, late of the 116th Regiment (Va.), who has just returned from across and who has accepted charge of the Episcopal churches in Bertie county. Potato races, running races and bag races were enjoyed.

The days' festivities closed with an old fashioned square dance on the beautiful lawn, with Judge Winston calling the figures. The occasion was ideal and had on an ideal spot overlooking the broad and beautiful Chowan river. More than a thousand people attended.

DOMESTIC SERVANTS NOT SO EASY TO GET IN LONDON

London, July 30. (By Mail).—The domestic service problem, according to the Ministry of Labor, is gradually becoming easier, and girls are showing more inclination to return to household service.

Further improvement is expected when the domestic service training centers organized by the London County Council are in full swing. One of these centers was opened today in Hammersmith, and immediately all vacancies for training were filled.

Training is free to all girls who are receiving unemployment donations. Parlor maids will receive special attention, being taught to wait on table and to observe many little niceties of service, such as not joining in the laughter which follows a good joke by one of the guests. The correct way of passing around vegetables and moving plates silently also are parts of the curriculum.

REFORMS IN LANGUAGE FOR HAWAII PROPOSED

Honolulu, T. H., July 26. (Correspondence of The Associated Press).—Reforms in the Japanese language school system of Hawaii were decided upon here at a conference of forty-five teachers. The Japanese educators plan to Americanize the schools and to stress the work of inculcating American ideals in their pupils while retaining the privilege of studying their language and culture.

The establishment of a normal school for Japanese teachers, with at least part of the staff to be composed of Americans, is to be taken up immediately. It was unanimously determined that more attention must be paid in the Japanese schools to the teaching of American history, ideals and customs and the English language.

The issue was clearly presented to the teachers by R. Moroi, Japanese consul general, who declared that if the Japanese are to retain their privilege of teaching the Japanese language, they will have to do it in such a way as to satisfy Americans in Hawaii. He said the Japanese schools could be so maintained that there would be no fear of disloyalty to the United States, and that the schools must be so conducted. In the last territorial legislature two
