## Sheriff At Knoxville Takes Ten White Men Into Custody On Charge

# SEPARATE RACE LABOR DAY CELEBRATIONS

## Troops Still Patrolling Business District But There Was No Disorder Yesterday; Many Negroes Reported To Have Left Knoxville; Work For Grand Jury

Knoxville, Tenn., Sept. 1.—(By The Associated Press.)—Although still under heavy patrol by National guardsmen and special officers, following the race riots of Saturday night and Sunday morning in which two men were killed and sixteen sent to hospitals with wounds, Knoxville today passed a peaceful holiday. Two of those wounded in the main battle Saturday night are not expected to survive the night.

Sheriff Cate tonight caused the arrest of ten white men on charges of assisting prisoners to escape when the jail was attacked Saturday night. Other arrests on this charge and that of rioting are promised. Those arrested tonight are Dewey Fox, Arthur Clinton, Van Lattrell, John Gorch, James Finney, Dewey Layman, Will Davis, Bruce Coffey, Jim Dalton and Jeff Claiborne. The situation has so far improved that Adjutant-General Sweeney tonight sent home the third battalion of the fourth Tennessee Infantry from the western counties of the State, and expects to release all other outside companies Tuesday, leaving here the machine gun company, and one rifle company, which have headquarters in Knoxville.

Labor Day celebrations were held separately today by the whites and negroes as originally planned, the only change being that a scheduled parade was abandoned. No disorder of any kind was reported today.

Machine Guns Still in Position. Troops still are patrolling the business district, and the negro sections with machine guns in position in the heart of the black belt, but search of citizens for weapons has been discontinued and the barred zones in the negro districts have been abandoned.

Two hundred and fifty citizens sworn in as special deputies or policemen are assisting the military authorities. Squads are patrolling all suburban sections in automobiles, with reserves held at the courthouse to answer calls from nervous citizens. The special officers are under command of Col. James A. Gleason, late of the 114th Field Artillery, and other demobilized army officers are acting as lieutenants.

Special Session of Grand Jury. A special session of the grand jury has been called for Wednesday to investigate the riots and to consider the case of Maurice F. Mayes, the negro accused of murdering Mrs. Bertie Lindsey early Saturday morning, which crime inspired the storming of the county jail Saturday night and the subsequent race riots. Mayes is in jail at Chattanooga, where he was taken Saturday noon before the trouble started here.

In addition to the casualty list, the rioting caused property loss of more than fifty thousand dollars in damage to the jail and store buildings and loot secured by the mob, according to careful estimates today. Railroad men report that many negroes have left the city.

Investigating Killing of Capt. Payne. A court of inquiry, presided over by Colonel W. H. McCaskey, instructor and inspector of the Tennessee National Guard, was held today to investigate the killing of Lieut. James W. Payne, during the heavy fighting on Vine street early Sunday morning. Colonel McCaskey stated that the findings of the court would be sent to Washington, and nothing could be released for publication. Lieut. Col. P. M. Candler, who was standing in a few feet of the young officer when he was struck, stated that Payne first was wounded in the chest by a negro sniper, who was firing from a window across the street.

According to Colonel Candler's statement, Lieutenant Payne stepped into a doorway with him when the first volley was fired by the machine guns, and was struck by the sniper's bullet while standing at his side. After this, he stated, Lieutenant Payne reeled from the doorway, falling near an electric light pole, being riddled with machine gun bullets as he fell. He also stated that Lieutenant Payne was in command of the machine guns and that Lieutenant Payne had gone ahead of the guns on a mission of his own, and not to direct the fire of the machine gunners.

# FIVE WAKE SCHOOLS OPEN FALL SESSIONS

## Cary, Apex, Garner, Olive's Chapel and Clements' Academy Starts Business

Five Wake county schools—Cary high school, Apex, Garner, Olive's Chapel and Clements' Academy—opened their fall terms yesterday with an attendance greater than the opening day last year. Garner's enrollment was exactly 100 students, 25 more than enrolled last year.

Other schools will open every week from now until the latter part of October, when the 70-odd county schools will have started their fall terms. Increased attendance over 1918 is expected in all the schools.

Teachers have been hard to secure this year and a number of the schools are yet to be supplied. Supt. John C. Lockhart has had a big job getting teachers for all the schools.

# CHARTER FOR NEGRO CENTRAL TRADE AND LABOR COUNCIL

Richmond, Va., Sept. 1.—Joseph C. Michaels, general organizer of the Virginia State Federation of Labor, of Newport News, declared he is prepared to offer the negroes assembled at the negro labor council here a charter for a central trade and labor council coming from the American Federation of Labor. His statement was greeted with applause.

The resolution to be sent to Congress asking for a commission provides for the naming of three negroes and two members of the white race to be appointed by the President. The duty of the commission is to investigate all propaganda that may arise in any section of the country in connection with different problems concerning the negro race. The commission also would stimulate thrift among the negroes and cultivate friendly relations between the races and "aid the government of the United States in the solution of all problems pertaining to the negro race, sometimes called race problems."

# FEDERATION URGES SIX MONTHS TRUCE

## Report of N. Y. Committee Would Suspend All Strikes in the U. S.

(By the Associated Press.)

New York, Sept. 1.—Suspension of all strikes throughout the United States and the declaration of a labor truce on the basis of the status quo for six months or more to enable President Wilson to bring about a reduction in the cost of living is recommended in a report of a committee of the New York State Federation of Labor made public here today.

The recommendations urge American organized labor to cease wage and hour controversies in order to increase production and restore normal conditions. They express the hope that no new strikes will be ordered except to relieve workers from "intolerable oppression."

The committee was appointed by James P. Holland, president of the Federation, on July 29, and made its report after conferring with representatives of industrial, commercial, manufacturing, financial, transportation and other interests.

Text of Report.

Continuing the report says: "As a result of President Wilson's appeal backed by the attitude of Samuel Gompers, President of the American Federation of Labor, and the leaders of the Railway Brotherhood, the threatened railroad strike was averted and the country spared a terrible tragedy.

"On every hand there are strikes and threats of strikes. Most of these disturbances have been provoked by radical agitators who have not the interests of the toilers at heart, but who seek to promote industrial warfare for the purpose of destroying our present economic system and substituting industrial ownership by the proletariat." Fortunately the same leaders of organized labor have, after a short period, succeeded in regaining control of their temporarily rebellious unions, and restoring orderly procedure under the laws and rules of the American Federation of Labor.

"The conduct of men who call themselves loyal supporters of trade unionism in breaking away from the authority of their duly elected officials and inaugurating un-called-for, unnecessary and unauthorized strikes should at all times be severely condemned and the agitators who foment such outbreaks should be visited with the severest penalties possible under trade union rules. For trade unions to permit themselves to be brought under the influence of lawless agitators at this time of national stress is treason not only to the principles of trade unionism but to the United States of America. It would not be too severe punishment to revoke the American Federation of Labor's charters of such unions and put them outside the pale of decent organized labor.

"Your committee is of the opinion that President Wilson's reasoning is based on sound economic principles and that organized labor owes a duty to the President to give him whole-hearted assistance in his efforts to reduce the cost of living and place the nation on a strong business basis. We owe the President of the United States the same loyal support that we gave him during the war, even though we may suffer from a temporary disadvantage which after all may be more apparent than real."

# ARREST MEN AND GET SIX PINTS OF LIQUOR

Charlotte, Sept. 1.—The police this afternoon arrested two men from Kannapolis, who were driving an automobile to North Charlotte, reinforced with six pints of liquor and a pistol, and held them at the instance of the police at Kannapolis, who stated that the men are responsible for running into and seriously injuring two men there this afternoon. Before being turned over to Kannapolis authorities, J. R. Reeves, driver of the car, will be charged with having the liquor in his possession and M. A. Lindsey will be charged with carrying concealed weapons. A third occupant of the car is held as a witness.

# Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Mulisid coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and leaves it fine and silky, bright, fluffy and easy to manage.

You can get Mulisid coconut oil shampoo at most any drug store. It is very cheap, and a few pence is enough to last everyone in the family for months.—Adv.
