LAWLESSNESS IN BOSTON CAUSES DEATH TOLL OF FIVE BESIDES WOUNDED

Fight To Finish Between Authorities of State and City and Labor Unions

POLICE DEMAND RIGHT TO JOIN FEDERATION

Possibility of Strike of Industrial Employees, Including City Firemen, Give Officials Grave Anxiety; Governor Coolidge Takes Personal Charge of Policing With State Guardsmen; Mayor Peters Remains Firm in Decision Not to Recognize Policemen's Union; General Sympathetic Strike Threatened

Boston, Sept. 11.—Action by the Central Labor Union tonight deferred the danger of a general strike of union men striking police. It did not, however, dissipate that danger.

Several of the unions which have not yet voted on the matter were ordered to do so as soon as possible and to report to a committee of the Central Labor Union. This committee was empowered to take such action as it deemed advisable after the expressed sentiment of all the unions was before it.

Announcement of the result of the union meeting was made at the close of a day and evening which aside from sporadic and brief disturbances had passed quietly in comparison with Tuesday and Wednesday nights.

ONE MAN KILLED IN RAID ON DICE GAME

Boston, Mass., Sept. 11.—The death toll in lawlessness following the calling of Boston's strike Tuesday, reached five tonight when Henry Grant, 20 years old, was shot and killed during a raid by state guardsmen on a dice game in the Jamaica Plain section.

Stores Barred by Wives

Meanwhile shop keepers, supplementing police and military protection by means of their own, barricaded the windows of their places of business as if to withstand a siege.

A fight to the finish between the constituted authorities of State and city and the labor unions was indicated by developments in the policemen's strike today.

The labor men were firm in their insistence that the police be permitted to affiliate with the American Federation of Labor and offered to guarantee that the police never would be called out on a sympathetic strike.

Another fatality occurred earlier in the day, when a gambler was shot dead on the Commons while attempting to escape from guardsmen who had arrested him and his companions.

Hannibal Godwin Receives Assurance That The Sugar Shortage Will Soon Be Relieved; Equalization Board Says Marine Strike Was Partly Responsible

Washington, Sept. 11.—The presence in Washington today of Edward L. Travis, of Halifax, former chairman of the North Carolina Corporation Commission, revives a well founded report that the North Carolina lawyer will not face trial for the alleged indictment of conspiring against the government in a graft in which he was alleged to have been promised a fee of \$100,000.

Since the sensational arrest of the three, alleging conspiracy to obtain contracts from the United States Shipping Board, A. Bruce Bielaski, of the Department of Justice, the chief prosecutor, has severed his connections with the government and returned to private life.

The business of Mr. Travis in Washington, however, is foreign to this subject. He is here as counsel for the Garrett company, a wine manufacturing concern that originated in Weldon, N. C., and spread to all parts of the nation.

TELLS OF ROMANCE OF OIL FIELDS IN MEXICAN STATES

Vicissitudes of Oil Prospectors Described To Senate Committee By Witness

BANDIT ATTACKS AND OBNOXIOUS DECREES

Operator Admits Paying Taxes To Bandit Leaders To Secure Protection For Property; Charges Baptist Minister in Washington Received Money From Mexican Treasurer

Washington, Sept. 11.—The romance of the Mexican oil fields together with the vicissitudes of the oil prospectors resulting from bandit attacks and obnoxious decrees and laws of the Carranza government was described today to the Senate Foreign Relations subcommittee by E. L. Dohoney, head of the Mexican Petroleum Company, Limited.

Incidentally the committee was told that Dr. Henry Allen Tupper, now pastor of the First Baptist church of Washington but formerly active in obtaining recognition for the Carranza government by the United States, had received a draft for \$3,466 from the Treasurer General of Mexico.

To the charge of Finance Minister Cabrera, of the Mexican cabinet, that his company was fostering rebellion by furnishing arms and ammunition to Palanca, Dohoney submitted a memorandum addressed to the American State Department, declaring that Lind and Silliman had advised payment of taxes to whichever faction happened to be in control, but denied that armaments had been furnished.

Dohoney has completed his testimony which had taken almost two days to give, when Chairman Fall asked him if he ever had known of any of those who had been active in their work in behalf of Carranza receiving any remuneration.

STEAMER SINKS IN STORM OFF COAST NEAR MIAMI, FLA.

Nine Members of Crew of Thirty-six Men Brought in By Fishing Schooner

HARROWING STORIES ARE TOLD BY SAILORS

Unverified Reports Tell of Other Vessels Sinking Off Bahama Islands During Terrific Tropical Disturbance; Weather Bureau Loses Trace of Storm Center

Miami, Fla., Sept. 11.—Nine members of the crew of the Ward Line steamer Corydon's crew of 36 men were brought to this port this afternoon by the Miami Fish Company's schooner Island Home. They had been adrift on an upturned lifeboat without food and water for three days.

The Island Home left here early yesterday morning in response to a message, evidently relayed and garbled in transmission, which said: "Forty-five persons are adrift between Fowey Rock lighthouse and Cape Florida. They are in distress and without food."

After being adrift more than two days without food and water and buffeted by wind and wave, they attracted the attention of the keeper of Fowey Rock lighthouse and he sent a message to Miami asking for aid for Corydon's survivors.

UNVERIFIED REPORT THAT ANOTHER VESSEL GOES DOWN

Miami, Fla., Sept. 11.—According to an unverified report here tonight, the British auxiliary schooner Mystery J, commanded by Captain Allan I. Johnson, which left here Sunday morning for Nassau, New Providence, Bahama Islands, heavily laden with foodstuffs and carrying six passengers and a crew of thirteen, encountered the hurricane and sank near Bimini, the nearest of the Bahama group, 45 miles from Miami.

LODGE PREPARES TO DEFEAT TREATY

Chairman Foreign Relations Committee Asks Republicans To Stay On Job

LITTLE FORMALITY IN SUBMISSION OF REPORT

Democrats Charge Unnecessary Delay in Reporting Document For Consideration In Senate; Private Conferences Looking To Compromises Continue To Be Held

Washington, Sept. 11.—With submission of the peace treaty, the peace treaty, with its covenant for a League of Nations was made ready today for the ratification battle to be waged about it in the Senate.

By general agreement this will not begin until Monday. Meanwhile, however, Republicans claiming enough votes to prevent ratification without reservations, were urged by Chairman Lodge of the Foreign Relations Committee to stay on the job until final disposition is made of the treaty, weeks hence, perhaps.

Urges Speedy Adoption

Rejection of change, the report declared, means loss by this country of all concessions obtained from the enemy by a dictated peace, including Germany's acknowledgment of responsibility for the war.

Formal reporting of majority and minority views was of secondary interest however to continuation of private conferences by Republicans in efforts to agree upon a compromise reservation program.

Senator Lodge had before him for approval of the "strong" reservationists it was said, proposed substitutes of the "mild" reservation group of Republicans.

Senator Williams, Democrat, Mississippi, put into the record an editorial from a New York newspaper characterizing the Lodge report as "frustrating."

Completes Arrangements For Coming Labor Conference In Washington

GETS CORDIAL WELCOME FROM WESTERN PEOPLE

Speaks First at Billings and at Helena; Mistake To Consider Treaty an Ordinary Document, He Declares; The First International Settlement

Billings, Mont., Sept. 11.—In two addresses in Montana today President Wilson asked that the peace treaty be ratified without delay so that the spirit of universal unrest spreading from Russia may be quieted.

When the President was introduced by Governor Stewart at his night address here the crowd stood up and cheered.

Mr. Wilson said that the issue after all was whether the sacrifices of the war would be in vain. The task of those who fought was only half-done, he declared, and if the treaty was not put into effect "men like these will have to die again."

Mr. Wilson said he wondered where the men had been living who now wanted America to stand alone and disconnect herself from the world.
