

PERSHING GIVEN ROUSING WELCOME

Delivers Address Before Southern Commercial Congress in Savannah

Savannah, Ga., Dec. 8.—Delegates to the Southern Commercial Congress, which began its eleventh annual meeting here today, put the business for which they were called together aside today in order to do honor to Gen. John J. Pershing, who interrupted his trip of inspection of camps and war industries to come here and address the Congress.

The opening sessions of the Congress whose purpose is the upbuilding of southern commerce, agriculture and industry, was featured by an address by General Pershing, who, after paying warm tribute to southern soldiers who fought in the World War, ended by delivering a note of optimism on the future of America. Gov. R. A. Cooper, of South Carolina, who spoke in response to addresses of welcome, brought the Congress to its feet with the declaration that "Anarchy, Radicalism and Bolshevism" never would find a foothold in Dixie.

General Pershing and Lieut. Belvin W. Maynard, the "Flying Parson," were honor guests at a banquet given by the Congress tonight. At sectional meetings held during the day, the House of Southern Governors meeting with the Congress, the Cotton Congress and the Woman's Auxiliary discussed subjects connected with southern economic problems. Tuberculosis was given a leading part in the discussion by the governors.

NORTH CAROLINA MAY RECEIVE A. L. A. BOOKS

Schools throughout the State may be beneficiaries through the "demobilization" of the several million books accumulated by the American Library Association during the war, according to information received here yesterday. Miss Mary Palmer, of the North Carolina Commission, left yesterday for New York to attend a meeting of the commission that will determine the matter.

Through a widespread appeal during the war, a huge library of several million books was amassed by the A. L. A. and placed in camps in America and France. Since the demobilization of the army there is no longer any need for maintaining these libraries, and it is expected that they will be distributed among the schools of the country to augment the libraries now maintained.

the attorney general, and Fred Van Noy, who will succeed Mr. Slack as district attorney next month.

Board Meets This Afternoon. The meeting of the executive board of the miners had been called for 2 o'clock tomorrow afternoon to hear the proposal made by President Wilson through the attorney general and which President Lewis and Secretary Green have agreed to urge upon the miners, as a basis for settlement of the strike. Several of the district officials of the coal workers had reached Indianapolis late this afternoon and the others who composed the executive board and senate committee all of whom are defendants in the contempt proceedings, are expected during the night or early tomorrow morning.

While Mr. Lewis and Mr. Green would not discuss the Washington conference, they appeared satisfied with the turn which the situation has taken and it was indicated that they expect a speedy settlement of the strike and resumption of work in the mines. It is believed that a statement by Ellis Searles, editor of the United Mine Workers' Journal, to the effect that any proposal which met the approval of Mr. Lewis and Mr. Green would be endorsed by the executive board, reflected opinion among the miners generally.

There was much speculation tonight as to the terms of the proposal of

President Wilson and widely divergent views were expressed. However, a preponderance of opinion favored reports that the proposal did not contemplate any advance in wages above the 14 per cent proposed by the government through Fuel Administrator Garfield at the close of the last joint conference of operators and miners in Washington, but contained provision for appointment of a commission to investigate and report on what is a just increase in wages. Under this plan, it was believed, the miners would return to work at once at the 14 per cent advance and after final settlement be given the benefits of any increase above the 14 per cent by payment of back wages during the period intervening.

BENEVOLENT PROTECTIVE ORDER OF ELKS

A regular meeting of Raleigh Lodge No. 735, will be held tonight at 8:30 o'clock.

A. E. DICKS, Exalted Ruler. H. D. BUNCH, Secretary.

Restrictions On Lights and Heat of Drastic Nature

(Continued from Page One.)

co-operate in arranging, within the provisions of the order, schedules, days and hours of work to permit the maximum utilization of transportation equipment.

Many Restrictions In Force.

Many of the restrictions contained in the order have been in force in some States some days, having been placed in effect by Regional Coal committees and State authorities. The order issued tonight, which will affect more persons than any coal rationing measure taken since the strike began more than five weeks ago, will make itself felt, however, in every community in the nation.

Issuance of the order, officials explained, did not mean that hope of settling the strike, possibly tomorrow at Indianapolis, had been given up, but restrictions were necessary as a precautionary measure. This was explained by Dr. Garfield in the following portion of his announcement of the order:

"A careful survey of the coal situation indicates that even if there is a prompt settlement of the coal strike, it will take sometime to adjust the country to a normal basis and that, therefore, certain restrictions will have to be placed on the consumption of bituminous coal and of light, heat and power derived therefrom, so that urgent domestic needs may be cared for, the necessary foodstuffs produced and really essential light, power and heat supplied. Already in many parts of the country restrictions as to the use

of coal and coke for lighting and heating purposes and for the production of electricity and power for such purposes have been adopted. Regulations were tonight issued to make such restrictions uniform over the country and thus aid in the conservation of coal."

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 3c.—Adv.

BICKETT TO SPEAK IN NINTH SATURDAY

popularity of Mr. Hoey and his expressed platform appeals strongly to the laboring class in the district, while on the other hand Mr. Morehead, who represents a class that has from time to time opposed the labor organization, has lost strength on that count. There are 22,000 organized labor men in the district, and this strength, going very largely to the Democratic standard bearer, will swell the party majority that will without doubt be rolled up next week.

Old People Who Are Feeble and Children Who Are Pale and Weak Would be greatly benefited by the General-Strengthening Tonic Effect of GROVE'S TASTELESS CHILL TONIC. It purifies and enriches the blood and builds up the whole system. A General-Strengthening Tonic for Adults and Children. 60c.—Adv.

Carranza Backed Radicals in Plot, Says Senator Fall

(Continued from Page One.)

Mexico, Texas and Arizona." In this connection the memorandum called attention of the suggestion in the Zimmerman note that Mexico communicate with Japan suggesting adherence to the plan and offer her mediation between Japan and Germany.

The evidence in possession of the committee Senator Fall informed the President indicates that conditions now along the border are "rapidly taking on the same character which had been assumed in our relations with Mexico prior and subsequent to" the date fixed for the uprising under the plan of San Diego.

The New Mexico Senator supported his

recent charges that radical literature advocating the soviet form of government was being distributed by the Mexican embassy and the consulates of Mexico in the United States by an account of the manner in which the information was secured. A copy of the booklet was procured from the embassy by mailing a request to the embassy, the Senator said, adding that admission by the author, Arthur Thomson, that the Mexican government was aiding him in the distribution of his article and that it had secured from him several thousand copies, is contained in a letter written in reply to one signed by a German name.

Carranza's Blue Book. The committee the memorandum said,

has obtained possession of what President Carranza called his "blue book." At various places in this book attention is called to "the oppressive policy" of the United States towards Mexico and stress is laid upon the assertion that President Carranza has resisted every such encroachment and every instance from the first proposed Niagara conference down to, and including the American protests as to nationalization of lands and other properties, that he has been successful by "refusing absolutely to yield in any respect to the demands" of this government.

The memorandum also contained a copy of a letter said to have been written by Carranza to Miss Hormila Galindo, who had written a book entitled

"The Carranza Doctrine." The Mexican President's note to her concerned a second book, which he said he wished her to write and with this in view he was sending her a copy of the "Blue Book," which he said would justify the attitude of his government in its "systematic hostility towards foreign speculators, especially Americans and English."

"Do not forget my injunction," Carranza wrote, "to describe in lively colors the tortuosity of the American policy with relation to our country, causing the figure of Wilson to stand well out as the director of that policy."

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

A Beauty In a Nine-Inch Beaver Brown Boot

The Pinnacle of Perfection in style, workmanship and quality has been attained in the making of the beautiful Boot shown above.

Beaver Brown Kid of the finest quality is used in making both vamp and upper. Covered Louis heels and light welt soles add to its dainty appearance.

Let us show you how nice it will look on your feet.

HOW TO GET RID OF CONSTIPATION

It's needless and dangerous to suffer from a clogged up system because it often lays the foundation for a lifetime of misery and ill-health.

DR. TUTT'S LIVER PILLS taken one or two at bedtime, quickly eliminates all poisonous waste matter from the system and strengthens the bowels.

Dr. Tutt's Liver Pills
