

BIG DROP IN NEW INFLUENZA CASES

Only 70 New Cases Reported To Health Department Yesterday With 10 Pneumonia

THIRTY-EIGHT PATIENTS IN EMERGENCY HOSPITAL

Three Deaths During Day From Pneumonia Recorded; Situation at Institutions Shows Decided Clearing Up; Boy Scouts Doing Fine Relief Work; Vaccine Available

With the clearing up of the influenza situation in the Methodist Orphanage, State Hospital and State College, a decided improvement was apparent in Raleigh yesterday. Reports from nine physicians were missing, but the Health Department figures showed a total of only 70 new cases of influenza and 10 of pneumonia. The figures for the few days preceding hovered about the 150 mark.

Thirty-eight patients had been admitted to the emergency hospital yesterday, and the relief agencies was declared by Dr. Percy Ahrons, health officer, to be functioning splendidly. Three deaths of pneumonia were reported during the day. One being a negro woman.

The question as to the establishment of a negro emergency hospital was discussed yesterday by the City Commissioners, Dr. Ahrons and a committee of negro physicians. No definite decision was reached. Dr. Ahrons does not now believe that the hospital is needed. If it should be established it will be on the basis of the white institution, with volunteer lay nurses.

Eighty-five are immunized. Only eighty-five Raleigh people have availed themselves of the opportunity of immunizing themselves against pneumonia by means of the pneumonia anti-toxin now being administered at the Health Department.

Dr. Ahrons yesterday announced that he has a supply of anti-toxin, which will be available to those county doctors who desire it for their patients in rural communities.

All the influenza patients at the Methodist Orphanage were reported doing well yesterday, and the nine suffering with pneumonia are getting along nicely. Two new cases developed at the State Hospital, making thirty in all, with two cases of bronchial pneumonia. At the State College there were no new influenza cases and the nine patients are doing well.

Hospital Patients. Patients admitted to the emergency hospital yesterday included Mr. Clem Shearon, Mrs. Edward Davis and child, 804 N. Salisbury street; Mr. Seagrave and two children, 129 Firwood avenue.

Volunteer nurses who were on duty from 9 o'clock Thursday to 9 o'clock Friday a. m., were: Mrs. Willingham, Mrs. Neal, Mrs. Bickett, Mrs. Folk, Mrs. E. L. Harris, Mrs. R. J. Conrad, Miss Eloise Guthrie, Miss Carroll, Miss Ruth Lee, Miss Bagwell, Mrs. Page, Mrs. Bagwell, Miss Louise Wynne, Miss Fitzgerald, Miss Nell Lewis, Mrs. Arthur Holding, Mr. Isley, Mr. Morrison, Mr. Corey, Mr. Denton, Mr. Huffman, Mr. H. M. Perry.

Scouts Doing Good Service. The Raleigh Boy Scouts are rendering heroic service in the influenza relief work, declared Dr. Percy Ahrons yesterday. The scouts volunteered their services and there hasn't been a day since they took hold of the job that their work hasn't been of the highest order. There is no recounting the various activities of the boys, for they do everything that is needed to be done, and do it well.

Among those responding to the call of the Red Cross for volunteer nurses, even before the emergency hospital was opened, some of whom have since gone to the hospital and others who are still nursing in the homes of the city where whole families are ill, are: Mrs. T. K. Bruner, Mrs. T. Nelson, Mrs. W. B. Drake, Jr., Mrs. George Folk, Mrs. C. A. Shore, Mrs. Staple, Mrs. Dresser, Mrs. Vaughn, Mrs. Komp Neal, Mrs. Charles Johnson, Sr. Misses Matilda Steinmetz, Louise Wright, Frances and Nan Lacy, Barrett, Mrs. Berry, Miss Florence Edgerton, of Louisburg and Captain and Mrs. Patterson, of the Salvation Army.

Most of these volunteer nurses have been giving practically all of their time attending families where all of the members are ill and unable to do anything for themselves.

Bath Robes Needed. The emergency hospital is now in need of bath robes for adults as well as for children. Appeal is being made for these garments.

Gains Twelve Pounds in Fourteen Days Man in Extremely Poor Health Takes Maltogen With Marvelous Results.

It is not an uncommon experience for one who has barely resisted the ravages of a serious illness to find himself so badly weakened and run down that a recovery of his former strength and vitality seems hopeless. Maltogen, being a compound of several of the most powerful blood builders and tonics, including malt extract, iron, gentian and strychnine, makes possible the certain and rapid recovery of vigorous health. In an unsolicited testimonial to the Paramount Drug Co., distributors of Pareo Maltogen, a writer, whose name will be furnished on request, says: "During the 'flu' epidemic I was stricken with this terrible disease, nearly losing my life, leaving my lungs in bad condition and generally very badly run down. I was advised to take your product, Maltogen, and its effects were marvelous. The first bottle, which was consumed in a period of about fourteen days, added twelve pounds to my weight and gave me a rejuvenated feeling. Maltogen will do likewise for you, surely and quickly, if you are weak or in poor health. Convalescents should give Maltogen a chance. For sale by druggists. If your dealer cannot supply you write to Paramount Drug Co., Washington, D. C.—Adv.

DOWN EASTERSTO HAVE ASSISTANCE

Where and When Citizens May Have Help About Listing Their Incomes

The following times and places have been announced for three districts in the eastern and southern section of the State when revenue agents will offer assistance to any citizens who need it in making their returns for income tax for 1919:

Wilmington District. Major G. K. Hobbs will be at the following places on the date indicated to give such assistance as may be needed: Atkinson—February 18th and 19th. Burgaw—February 20th and 21st. Bolton—February 23rd and 24th. Whiteville—February 25th, 26th, 27th and 28th. Chadbourn—March 1st and 2nd. Taber—March 3rd and 4th. Fair Bluff—March 5th. Boardman—March 6th. Clarkton—March 8th and 9th. Elizabethtown—March 10th and 11th. Bladenboro—March 12th and 13th. Wilmington—March 15th.

Lumberton District. E. R. Buis will be at the following places on the dates indicated: Parkton—February 18th and 19th. Red Springs—February 20th and 21st. Lumberton—February 23rd, 24th, 25th and 26th. Fairmont—February 27th and 28th. Rowland—March 1st and 2nd. Maxton—March 3rd, 4th and 5th. Laurinburg—March 6th, 8th, 9th and 10th. Gibson—March 11th and 12th. St. Pauls—March 13th to 15th.

Warsaw District. Deputy Collector Honeycutt will be at the following places on the date indicated: Garland—February 18th. Roseboro—February 19th and 20th. Clinton—February 21st, 23rd, 24th, 25th and 26th. Rose Hill—February 27th. Beulahville—February 28th. Kenansville—March 1st, 2nd and 3rd. Wallace—March 4th, 5th and 6th. Calypso—March 8th. Warsaw—March 9th, 10th, 11th, 12th, 13th and 15th.

Before calling upon the deputy collector for assistance, the taxpayer should have a memorandum of his income from each source listed separately and the amount of expense pertaining to each.

Influenza And Weak Blood

Run Down and Listless Condition May Make You a Target For the "Flu"

Because Blood is Probably Thin At This Time of Danger, Take Pepto-Mangan—It Builds Rich, Red Blood

No matter how well you usually are, if temporarily you're run down, you're a target for the influenza. Contagion always gets listless people first. Whether they realize it or not, their blood is thin and undernourished—in no condition to fight off the germs it meets everywhere.

It is a wise precaution to take a good tonic at this time of danger—some well-known builder of red, vigorous blood, like Pepto-Mangan. And if you did not think of this in time—if you are now recovering from a fight with influenza—your blood will need help for weeks, after you think the danger is past.

Take no unnecessary chances. Get Pepto-Mangan and start taking it today. Pepto-Mangan is an effective blood builder that has had the endorsement of physicians for years. Pepto-Mangan is sold by druggists in either liquid or tablet form, just as preferred. There is no difference in medicinal value. But be sure you get the genuine Pepto-Mangan. Ask for Gude's Pepto-Mangan and be sure the name is on the package.—Adv.

Let's do the square thing

North Carolina Children Want an Education

The percentage of enrollment of children from 5 to 18 years tells the story. In 1916, 84% or 660,000 young folks applied for an education. North Carolina stands among the highest of the States in percentage of enrollment.

How Are We Helping To Meet This Demand?

Collegiate Institute this year has 172 students. It has a dormitory capacity for only 40. Mont Amoena Seminary has 122 students and facilities for only 80.

BUILDING COSTS HAVE INCREASED 200-300%

Let's Do the Square Thing by the Children of North Carolina

The Monthly Labor Review, November, 1919, reports that the average North Carolina family spends—

- \$21.85 per year for tobacco \$14.53 per year for amusements \$20.04 per year for laundry \$9.11 per year for the barber \$15.25 per year for street car fares \$8.71 per year for automobiles \$7.41 per year for schools

Let's Do the Square Thing by our North Carolina Schools

Think this over! Since 1914 wages have increased in North Carolina:

- Bricklayers from 40c. to 75c. per hour Hod Carriers from 31c. to 75c. per hour Carpenters from 33c. to 70c. per hour Plumbers from 43c. to 75c. per hour

Shall we drive our professors out to laying bricks, driving nails, shouldering hods, and cleaning cesspools in order to make a LIVING WAGE. In 1916 the average wage of a North Carolina teacher was 18c. per hour.

Let's Do the Square Thing by our North Carolina Professors

North Carolina Stands 45th Among the 49 States in Per Capita Appropriation for Schools

Wise father William Penn said long ago: "For their learning be liberal. Spare no cost for by such parsimony all is lost that is saved."

Have you done the square thing by the Christian Schools of North Carolina? Economy here is wretched economy. Come, let's do the square thing.
