GIVE STOMACH WHAT IT NEEDS

The Alkaline Effect of Stuart's Dyspepsia Tablets Immediately After Eating. Most people believe they can trace each attack of indigestion to the something they ate and can still "taste." And it surprises them, invariably, to note how quickly relief comes after using one or two of these tablets. Whether it is highly seasoned food, rich pastry, the heavy hearty foods or some one particular offender the relief comes about the same. Those who are susceptible to attacks of indigestion or dyspepsia should try Stuart's Dyspepsia Tablets as they supply the stomach with an alkaline effect just as it does naturally when it is working in a perfectly healthy condition.

Stuart's Dyspepsia Tablets are so widely known and used that you can get them in any drug store in the United States and Canada at 30 cents a box.

By JAMES A. ROBINSON.

The Durham county Board of Education in its regular monthly meeting yesterday afternoon, elected for the first time in the history of Durham, a woman as elementary supervisor for the county schools. This first honor was conferred upon Miss Matilda Michaels, who is well qualified to fill the position, having had much experience in teaching and supervising, both in the city schools and those of other places.

County Superintendent Holland Holton made a report on the influenza situation as affecting the schools of the county, and those that did not close on account of the influenza made encouraging returns at the end of the month. Mineral Springs, Glenn, Bahama Farm Life school, Tilley, Rougemont, Union, Holt, South Lowell, Milton Hill were among those that remained open the entire month.

JUDGE G. A. SHUPORD DIES IN ASHEVILLE

Asheville, Mar. 2.—Judge George A. Shupord, for several years on the Superior Court bench in North Carolina, practicing attorney since 1870, and a well known educator, died at his home, 28 Orange street, tonight at six o'clock. He has been ill for several years but his death, caused by apoplexy, came unexpectedly and as a distinct shock to the people of this section.

Judge Shupord was born in Buncombe county in 1855, the son of George Shupord, who figured conspicuously in the building up of Brevard and later moved to Catawba county, near Shuford Bridge on the French Broad river, which land he developed to a high state. He was born in Romney township and received his rudimentary education at the old Sandhill school.

After becoming a young man he graduated from Emory and Henry in Virginia and returned to Waynesville where he began the practice of law with Aiden Howell. He was identified with this partnership with the late Capt. T. D. Jansson, who was late congressman from the Tenth North Carolina district.

Judge Shupord was then elected judge of the county court and was later appointed by Governor Holt as judge of the superior court, which office he held for four years. While he was on the bench he was married to Miss Julia Dean, of Home, Georgia. No announcement concerning the funeral arrangements was made tonight but the services will be held in Asheville. Surviving are a son, George Shupord, and daughter, Mary Frances.

OFFICE BUILDING IS DAMAGED BY FIRE

Greensboro, March 2.—At 1:30 o'clock this afternoon fire was discovered on the fifth floor of the McAdoo building on South Elm Street next door to the Post office building. The origin of the blaze is unknown but it is believed to have originated either in the offices of cotton brokers on the fifth floor of the building or, in the attic from defective wiring. The entire fire-department was called to help combat the flames which were fanned by a wind from the west and only by about two hours of very hard work and the display of much daring on the part of the firemen was the blaze finally gotten under control.

A number of persons were in the building at the time but succeeded in making their way to the street without injury.

The loss is estimated at about \$25,000 to the building though it is impossible to fix the exact amount. The loss to the individuals whose offices were located in the building will also run into the thousands of dollars as the building was practically flooded with water.
