

WELFARE WORKERS TO OPEN MEETING

Important Social Service Conference Meets This Afternoon in Goldsboro

Goldsboro, March 23.—Governor Thomas W. Bickett opens the annual State Social Service in Goldsboro to-night, which will be featured by addresses by Dr. William Louis Poteat, president of Wake Forest College, and by Dr. Edward T. Devine, of New York. Many welfare workers from all sections of the State are expected to attend. The following program has been announced for the conference:

Wednesday.

3:00 P. M.—Group conferences for social workers.

5:00 P. M.—Informal tea to the conference by the Goldsboro Woman's Club.

8:00 P. M.—Opening session. Governor Bickett presiding as temporary chairman; singing; address of welcome, E. H. Bain, Mayor of Goldsboro; response by the Governor and introduction of President Poteat; president's address, Dr. William Louis Poteat, president Wake Forest College; announcement of committees; music; address, "Social Work in America—Past, Present and Future," Dr. Edward T. Devine, New York, assistant editor "The Survey."

Thursday.

9:00 A. M.—President Poteat presiding. Topic for the day, Fundamental Social Construction in North Carolina.

(a) Brief Survey of the Present Four-Year Period and the Coming Four Years—Mr. A. W. McAllister, member State Board of Public Welfare. (b) Economic Development as the Basis for Social Progress—Dr. E. C. Branson, professor rural economics and sociology, University of North Carolina. (c) What Should be Expected from the Educational Forces?—Dr. E. C. Brooks, State superintendent public instruction. (d) What Can be Expected from the Health Forces?—Dr. W. S. Rankin, secretary State Board of Health. General discussion of above topics.

12:00 M.—The contribution of the woman's club—Mrs. C. C. Hook, Charlotte, president N. C. F. W. C.; Miss Clara Cox, High Point, and Mrs. Henry Perry, Henderson.

1:00 P. M.—Adjournment.

2:30 P. M.—(a) The Developing Program for Child Welfare—Rev. M. L. Kesler, superintendent Thomasville Orphanage. (b) The Correlation of Social Agencies—Dr. Philip Klein, Atlanta, director Bureau of Education and Research, American Red Cross. (c) The Proper Basis of Race Relationship—Dr. W. W. Alexander, Atlanta, and Dr. A. M. Moore, Durham. (d) The Juvenile Courts of North Carolina—Judge Charles N. Feidelson, Wilmington. (e) County Boards of Public Welfare at Work—Experiences of County Superintendents of Public Welfare.

4:00 P. M.—Business Meeting—Election of Officers.

Thursday Evening.

8:00 P. M.—Singing. Declaration of Principles—Minimum Standards for North Carolina—Chairman of Resolutions Committee. Address—Hon. Roland F. Beasley, commissioner of public welfare. Music. Address, "Sex Hy-

giene," Dr. G. W. Galloway. Adjournment of the Conference. Friday.

Meeting of County Superintendents of Public Welfare.

point, you failed utterly to realize the nature of the only presumption upon which it rationally could be based. In short, to sustain this contention, you must assume that I was wrong in my inference that your statement to me in the Crillon at Paris was the recital in good faith, of something which had been told you as a fact and which you had repeated to my colleagues and me believe in its truth.

Imputed Good Intentions.

"Apparently you think I should have regarded your statement, when it was ascertained to be untrue, as a malignant invention of your own, uttered by you with deliberate intent to defame the American army; and your grievance against me is that, without troubling to consider how you came by the misinformation, and without for an instant attributing to you an evil motive, I regarded your character as a man and your honorable record as a naval officer a sufficient defense against the suspicion of a mean act.

"I distinctly testified, not once but twice, that I had not gotten the impression from our conversation that you intended to be critical of the American army or in any way to disparage its officers; but from your testimony I conclude that you resent this equitable state of mind on my part, since you insist that I should have regarded you as a slanderer and 'put up a howl' for your dismissal. I am puzzled to divine how you may derive any satisfaction from such an attitude."

FATHER EXONERATED OF CAPITAL CHARGE

N. B. Whitfield, However, Is Held For Court On Another Accusation

(Special to News and Observer.)

Rocky Mount, March 23.—N. B. Whitfield, charged with criminal assault upon his daughter, Mrs. Minnie Tharrington, was exonerated of the capital charge but bound over to Superior court on a charge of incest as a result of a hearing given the case in Nashville before Recorder Judge B. F. Austin this afternoon.

Mrs. Tharrington supported by her sister, Mrs. Mary Hinton, testified that her father had committed a capital offense against her when she was ten years old and had continued his assaults at various times since then. On cross-examination it was developed that both of Whitfield's daughters had led immoral lives, and have frequently visited questionable sections of several towns and cities.

W. M. Braswell, a resident of the county, was implicated in the case and will be given a hearing in the municipal court Friday morning. Testimony in the case which was introduced in the hearing pointed out the immorality of the lives of the two daughters and at the same time showed up the good character of the accused father. Mr. Whitfield himself testified as to the great amount of trouble his daughters had caused him and stoutly denied the accusations against him.

THREE GOLDSBORO PEOPLE INJURED

Automobile Turns Turtle, Badly Injuring Mrs. Howell and Husband

(Continued From Page One.)

Goldsboro, March 23.—A. E. Howell, Wayne superintendent of public welfare, his wife and little son, were all three injured this afternoon in an automobile accident when their car turned turtle near the home of Dr. W. B. Crawford, a few miles west of Goldsboro. Mrs. Howell, who was rushed to a local hospital, suffered a crushed arm. Though badly bruised about the face and body Mr. Howell and son escaped serious injury. Mrs. Howell's injuries are reported serious.

Col. John H. Cunningham, Federal prohibition inspector, arrived here today on business for the treasury department. While attending to his official duties here today, Colonel Cunningham took occasion to advise several local farmers to grow their supplies at home and declared it his opinion that diversification of crops is the only safe rule to follow. He further expressed his belief that present high prices for cotton and tobacco will not continue a great while and hence the importance of home grown supplies.

Relatives in Goldsboro were advised today of the death of Mrs. J. M. Murchison at her home in Bunkie, Louisiana. Mrs. Murchison was formerly Miss Celeas Dillon, of La Grange. She often visited Goldsboro and was famed throughout Eastern Carolina for her beauty. She is survived in Goldsboro by her mother, Mrs. H. E. Dillon, and one sister, Mrs. L. D. Wooten.

Turkey's first regular army was organized in 1330 from Christian prisoners.

denominational leaders of the movement.

Wake County District. The Wake county district is led by the Rev. George D. Eastes, of Raleigh, assisted by Mr. P. T. Hines and Mrs. L. L. Vaughan. There are fifteen churches in this district and every one of them is expected to do full duty in every objective of the movement. The district team is almost constantly in the field and is meeting with a happy response, as the members understand the full significance of the movement.

The general officers of the movement are: Dr. W. W. Staley, chairman, Suffolk, Va.; Dr. I. W. Johnson, secretary, Suffolk, Va.; Senator J. E. West, Richmond, Va.; Congressman E. E. Holland, Washington, D. C.; and Hon. K. B. Johnson, Carlisle, N. C. The field executives are: Dr. J. O. Atkinson, Elon College, N. C.; Rev. C. B. Riddle, Burlington, N. C.; Dr. W. A. Harper, Elon College, N. C.; Mr. Charles D. Johnson, Graham, N. C.; and Mr. G. B. West, Newport News, Va. The general headquarters are at Burlington and Elon College.

Each of the five conferences composing the Southern Christian convention has one advisory board of three mem-

bers. These officers for North Carolina are: Rev. T. E. White, Sanford, N. C.; Mrs. W. H. Carroll, Burlington, and Hon. C. A. Hines, Greensboro.

The convention is divided into thirty-five districts, each of which has three leaders consisting of a minister, a layman, and a laywoman. The ministerial leaders of these districts were assembled in Raleigh yesterday to prepare finally for the canvass for funds April 18-25 and will immediately return to their districts and make preparations in accordance with the methods adopted.

ation of rates in the Southeastern territory following the return of the railroads to private control on March 1. Together with Messrs. Lee and Self are commissioners from several Southern States who have joined in the conference at the request of the members of the Interstate Commerce Commission.

Godwin Introduces Bill. Representative Hannibal L. Godwin introduced three bills in the House today providing for appropriations to build postoffice buildings in his district, they being Lumberton, Dunn and Southport, each for \$100,000. The Republican steering committee recently delivered an ultimatum to the House committee on public buildings directing that no measure be reported at this session. The proposed buildings in Representative Godwin's district will receive consideration at the next session of Congress.

E. R. Yarbrough has resigned as postmaster at Duke, and he has recommended J. B. McDonald, the assistant postmaster, for appointment as acting postmaster. Representative Godwin has joined in the recommendation and it is very probable that Mr. McDonald will be named. The permanent appointment will depend upon the examination to be conducted by the civil service commission.

earlier in the war. Senator Pittman asserted that the blame did not rest entirely with the United States, and asserted that Admiral Sims had been "hot-headed" in charging the "murder of 500,000 men to the Navy Department" because of lack of prompt cooperation by the United States.

190 Bu. Peanuts to the Acre With Nitra-germ

Makes a fine crop and leaves ammonia in the soil for crops of oats, corn, cotton, etc., that follow. Easy to handle. Costs \$2 per acre, 5 acres \$9, delivered. Write, NITRA-germ, Savannah, Ga. For Book No. A-3.

monished the Admiral. "It won't do any good."

"You are not on the bridge of a ship," retorted the Senator. "We follow Sen-

ate procedure, not navy methods, here."

"Well, you don't need to use police court methods," replied Admiral Sims.

chief of the bureau of navigation during the war, and for a time acting head of the board, is expected to testify to-

morrow.

SUCCESSFUL MEN AND BEAUTIFUL WOMEN HAVE PLENTY OF IRON IN THEIR BLOOD

ZIRON, a New Preparation of Refined Iron Salts and Other Tonic Ingredients, Will Help You If Your Blood Needs Iron.

ARE you pale? You probably need Iron. Are you fragile, delicate, weak? Iron is probably lacking in your blood. Is your skin flabby, your tongue white, your complexion lacking the glow and flush of health? You need ZIRON Iron Tonic to restore blood and nerves to their proper condition—to make you well and strong. Successful men are men of "blood with iron." Beautiful women, with bright eyes and rosy cheeks, have plenty of iron in their blood. Iron gives strength and tonicity to the nerves and muscles, enriches the impoverished blood by forming red corpuscles, and helps weak, puny people to build up their strength and health.

If you are subject to malaria, chills and fever, summer complaint, general debility, and similar troubles, ZIRON is indicated to strengthen the system and help drive out the cause of all these troubles.

If you have been sick and need strength, ZIRON will build you up, give you renewed appetite, help to digest your food and put you back into good condition again.

All this ZIRON does by virtue of its contents of pure iron salts, combined with the hypophosphites and other valuable tonic ingredients, the names of which are printed on the label of every bottle.

ZIRON is not a patent or secret remedy, but a pharmaceutical compound of the greatest scientific value, prepared according to the best experience, and by chemists of the highest professional skill.

Try ZIRON. Your druggist sells it or can get it for you, in \$1 bottles.

If you have trouble getting it send us \$1 and we will send you a bottle by parcel post prepaid.

CHATTANOOGA DRUG & CHEMICAL CO. Chattanooga, Tenn.

Knock Out Cold Head Off Influenza. A head cold or sore throat today may be "Flu" or Pneumonia tomorrow. At the first sign of a cold go to the drug store and get NOAH'S NO-MO-COLD SALVE. The New Liquid Vapor Treatment. FOR COLDS (Head and Chest), Croup, Sore Throat, Influenza, Tonsillitis, Pneumonia, Bronchitis, Laryngitis, Asthma, Whooping Cough, Catarrh, Neuralgia, Rheumatism, Burns, etc. Rubbing Treatment. Warm and rub gently over affected parts until partly absorbed. Then apply freely and cover with hot flannel. Repeat hot application as often as necessary. Leave bed covers loose so fumes can be inhaled. For head colds in adults and older children, place a little in the nostrils. Liquid Vapor Treatment. Place half a teaspoonful in a cup of boiling water and inhale the vapors. No other form of vapor treatment gives such quick and positive relief. The liquid vapors of NO-MO-COLD are the most powerful, the most antiseptic and healing known. TO PREVENT FLU.—Mix one teaspoonful of warm NO-MO-COLD with one ounce of warm petroleum oil (sold by all druggists) and spray nose and throat several times daily. Why Does NO-MO-COLD Give Such Remarkable Results? NO-MO-COLD is a fusion of the most effective heating and antiseptic drugs and chemicals in base materials that carry the healing properties to the spot of trouble in full strength. The basic materials in NO-MO-COLD have far greater penetrating powers as they are not dependent on a petroleum base such as is commonly used in cold and croup salves. This means that the healing properties of NO-MO-COLD are carried right to the seat of the trouble when rubbed on and are freely released in the form of vapor in the liquid vapor treatment. NO-MO-COLD acts quickly. Applied externally it acts as a counter irritant, stimulating blood circulation and relieving inflammation and congestion. The healing medicinal properties which are released in vapor form are inhaled through the inflamed air passages into the lungs, clearing the head out and breaking up the phlegm. Guarantee—Get a package of NO-MO-COLD. If you do not fit it the best and most effective remedy for the ailments for which it is recommended we want you to ask the druggist to give you money back. We will make good with the druggist. We sell NO-MO-COLD under this broad guarantee because we know what it will do. Is not such a guarantee stronger evidence of merit than columns of praise? If you will try NO-MO-COLD once you will never again be without it. FOR SALE IN RALEIGH, DURHAM AND OXFORD BY FOLLOWING DRUGGISTS: RALEIGH. J. C. Brantley, Masonic Temple Bldg.
