

## FORMER GOVERNOR GLENN FOUND DEAD IN CANADIAN CITY

Died in Bed in Royal Alexandra  
Hotel in Winnipeg Early  
Last Night

### STaunch ADVOCATE OF PROHIBITION PASSES

Member of International Bound-  
ary Commission For Last  
Seven Years; Native of Rock-  
ingham County, He Had  
Lived in Winston-Salem For  
Many Years

Winnipeg, May 16.—Robert B. Glenn,  
former governor of North Carolina,  
and a member of the International Great  
Waterways Commission, was found dead  
in bed at the Royal Alexandra hotel  
here tonight.

Prohibition had few stancher cham-  
pions than Robert B. Glenn who, as  
governor of North Carolina, instituted  
state wide prohibition in that State.  
Since leaving the governor's chair in  
1903 he carried the fight for a "dry"  
nation into almost every "dry" State  
making hundreds of speeches on behalf  
of the Anti-Saloon League. He was ap-  
pointed a member of the International  
Joint Commission by President Wilson  
in 1913 and served in that capacity for  
several years. This commission was  
formed to deal with all issues arising  
between the United States and Canada.

Robert Brodnax Glenn was born in  
Rockingham county, North Carolina,  
August 11, 1854, the son of Chalmers L.  
and Annie Dodge Glenn. His mother  
was a great niece of Washington Irving.  
He was educated at Davidson college,  
the University of Virginia and  
Pearson's law school in North Carolina.  
At the University of Virginia he  
was a college mate of Woodrow  
Wilson.

Mr. Glenn practiced law in North  
Carolina for many years, and was sent  
to the legislature in 1888. Later he  
moved to Winston-Salem and entered a  
law firm there. After holding offices as  
a State solicitor, United States district  
attorney and State senator, he was  
elected governor in 1904 and, during  
his four year term, besides putting into  
effect state-wide prohibition, settled the  
State debt, improved its charitable in-  
stitutions and made a reputation for  
strict enforcement of the laws. He was  
a member of the Democratic party.

During the presidential campaign of  
1904 he toured the country in the in-  
terest of the candidacy of Judge Alton  
B. Parker. He crossed the continent  
in the last presidential campaign in a  
speech-making tour for the re-election  
of his former college mate, President  
Wilson.

After the end of his term as governor,  
he was engaged in lecturing and was in  
great demand as a prohibition speaker.  
He was likewise in his efforts in behalf  
of that cause, and few orators of his  
day had greater endurance.

Governor Glenn befriended many per-  
sons in whom he had no personal in-  
terest.

In 1878 he married Nina Denderick,  
of Knoxville, Tenn. They had two  
children, Chalmers L. Glenn, of Win-  
ston-Salem, and Mrs. Daniel E. Hoff-  
man, of Mount Airy.

### NOTIFY GOVERNMENT OF NEW COMMUNISTIC PLOT

Berlin, May 16.—According to a news  
agency the government has been in-  
formed of the existence of a widely  
ramified Communistic plot for sabotage  
during the elections for the Reichstag  
by organized attacks on the polling  
booths and the destruction of ballot  
boxes and ballots.

Should the plans miscarry, with the  
result of the elections favor the bour-  
geoisie, the agency says a rising has  
been planned by the plotters to break  
out, not in Berlin, but in the central  
provinces with the view of establishing  
soviets throughout Germany. The gov-  
ernment, according to the agency, while  
taking no repressive action is keeping  
close watch for any developments. The  
Morgen Post says that a warrant for  
the arrest of Gen. Von Leutwitz, leader  
of the military arm of the Kapp revolu-  
tionary dictatorship, on a charge of  
high treason has been issued.

### EXPECT LEGISLATURE TO ACT ON SUFFRAGE SOON

Baton Rouge, La., May 16.—The  
Louisiana legislature according to the  
view expressed today by Democratic  
leaders, will not act finally this week  
on the question of ratifying the suff-  
rage amendment. After the inaugu-  
ration tomorrow of John M. Parker  
as governor, committees will be ap-  
pointed, and on the question of the suffrage  
and state rights bills will be reported out  
without public hearings. Adoption of  
the State's rights measure, providing  
for suffrage by constitutional amend-  
ment, members said, would in effect  
serve as a rejection of the federal  
amendment.

### ALL CARRANZA CABINET CAPTURED BY THE REBELS

El Paso, Texas, May 16.—All of the  
members of Carranza's cabinet have  
been captured and sent to Mexico City,  
according to a message said to have  
been received today by revolutionary  
agents here from Gen. Alvaro Obregón,  
who is present in Mexico City.

### BECAME FAMOUS AS FIGHTER OF BOOZE

Robert Brodnax Glenn, who was  
found dead in a hotel in Winnipeg,  
Canada, last night, had been failing  
health for several years but recently  
appeared to be improved. It is expected  
that the funeral will be held in Win-  
ston-Salem, which had been his home for  
many years.

### GOMPERS SAYS TOO MUCH MONEY SPENT

### Head of Federation of Labor Condemns Excessive Pol- itical Expenditures

Washington, May 16.—President Gompers,  
of the American Federation of  
Labor, discussing problems concerning  
political and industrial welfare, consid-  
ered by the executive council, declared  
that money was being "expended in in-  
calculable quantities by those who seek  
political office in the interests of the  
enemies of labor."

In preparation for the Federation con-  
vention at Montreal June 7, Mr. Gompers  
said the council had given particu-  
lar consideration to matters of im-  
portance in connection with the National  
Non-Farman Political League. Reports  
received from all parts of the country  
indicated, he said, "a most satisfactory  
progress in the campaign to defeat the  
enemies of labor and to elect the friends  
of labor."

Referring to alleged expenditures,  
Mr. Gompers declared "we can only  
wonder how many millions of dollars  
with character and falsehood with  
truth, which we shall do."

"We find a growing determination to  
rid the nation of such policies as have  
engaged the attention of the present  
Congress—policies calculated to repress  
and coerce. We find a growing resent-  
ment against governmental impotence  
in dealing with the high cost of living  
problem, a problem which is para-  
mount in every home in the land. We  
have prepared a comprehensive and con-  
structive program for meeting this  
great issue."

"The executive council has given con-  
sideration to the efforts generally of  
employers and the enemies of labor to  
break down the standards of living and  
it will lay before the convention its  
recommendations. The attitude of labor  
is and will be one of resistance to the  
utmost to all efforts to break down  
standards, either through economic or  
political activity on the part of the  
enemies of labor.

"In a number of congressional dis-  
tricts it has been found advis-  
able because of the character of the  
candidates who have put themselves  
forward, to nominate trusted union men  
for the office and for these the prospect  
of victory is bright.

"We call attention to the fact that  
even where the primaries have been held  
it may be necessary because of the ut-  
terly unfit character of the candidates  
nominated, to still bring forward union  
men to contest for office in order that  
the people may have true representation.

### NICKY ARNSTEIN SPENDS SABBATH DAY IN PRISON

New York, May 16.—Julius W.  
"Nicky" Arnstein, who surrendered  
yesterday in connection with New  
York's bond thefts, aggregating mil-  
lions, spent Sunday in Ludlow street  
jail, perking of prison fare and  
confering with his fellow prisoners  
in the jail yard. His address wife,  
Fannie Brice, visited with him for an  
hour and a half. His attorney had  
not succeeded this evening in obtain-  
ing the additional \$25,000 bail Federal  
Judge Knox set as the price of his  
freedom, after bail of \$75,000 pre-  
viously named, had been obtained.

An order requiring Arnstein to show  
cause tomorrow why he failed to an-  
swer questions before Federal Com-  
missioner Gilchrist on Saturday, was  
issued today by Federal Judge Knox.

### GOVERNMENT WILL UNDERTAKE TO AID IN BREAKING JAM

### Sweeping Orders From Inter- state Commerce Commission Expected Soon

### FOODSTUFFS WILL HAVE PRIORITY OF SHIPMENT

Decidedly Menacing Condition  
Said To Confront Commer-  
cial World Through Lack of  
Financial Resources; Many  
Plants Face To Face With  
Shut-Downs

Washington, May 16.—There were in-  
dications tonight that the government  
would act within 48 hours to break the  
nation-wide freight jam, for which  
nearly a month has been slowly  
clenching its grip on the throat of in-  
dustry.

Sweeping orders by the Interstate  
Commerce Commission granting priority  
of shipment for food and perishables  
were cordially awaited by railroad  
officials, who yesterday appealed to the  
Commission to use all of the emergency  
power vested in it by the transportation  
act. They expected the Commission  
also to bar temporarily the transpor-  
tation of "all dead" freight so "that  
necessaries of life could be rushed to  
communities where shortages soon will  
exist."

The Commission was understood to be  
prepared to lay aside its routine busi-  
ness that its whole effort might be  
directed at ending the traffic congestion.  
Its experts have been instructed to work  
in conjunction with the American Rail-  
road Association car service committee  
in assembling all available data on the  
car situation with a view to apportion-  
ing the supply where it should do the  
most good. Appeals of the railroads  
for help have brought to light new dan-  
gers in the situation.

Developments in the last 24 hours  
showed that a decidedly menacing con-  
dition confronted the commercial world  
through the lack of financial resources  
of business houses. Delay in move-  
ments of products was declared by  
many plants face to face with  
imminent shut-downs because of the  
failure to finance further production  
without heavy borrowings to replace the  
money temporarily tied up. Interest  
rates at this time are so high as to  
make that course out of the question  
for most of the manufacturing concern,  
according to Treasury officials. It  
was said the congestion was costing  
the nation "millions a day" through  
under production.

Wholesalers and retailers alike are  
suffering through inability to obtain  
delivery of goods due for a month or  
more, railroad men said this has caused  
a shortage in some lines which threat-  
ens to become serious unless the gov-  
ernment can effectively break the  
blockade.

Railroad officials reiterated their de-  
claration to go "all the way" with the  
Commission on any program. They were  
frankly willing to qualify to limit  
exchange equipment, or make other ar-  
rangements to meet the temporary re-  
quirements. What they want, they as-  
serted, is a lifting of the burden until  
they can get on their feet.

The volume of freight of all kinds  
offered for transportation was said to  
be larger than the roads ever had been  
called upon to handle. Railroad men  
said that unless there was quick re-  
lief the jam would grow and the move-  
ment of any freight made more difficult  
within a few weeks because of the in-  
creasing number of cars tied up.

### CANONIZE JOAN OF ARC AT IMPRESSIVE FUNCTION

### Pope Benedict Presides Notable Ceremony in Historic Basilica

Rome, May 16.—(By The Associated  
Press.)—The canonization of Joan of  
Arc was celebrated by Pope Benedict  
this morning in St. Peter's. It was the  
greatest and most impressive function  
performed in the historic Basilica,  
not only by the present Pontiff, but for  
several centuries past.

The interior of St. Peter's was lighted  
by thousands of bulbs and wax candles  
and the enormous pillars of the Basili-  
ca were decorated with priceless  
crimson damask.

The papal throne was erected behind  
the high altar, having a small tribune  
for the pope's family. Another tribune  
that attracted much attention en-  
compassed 140 descendants of the family of  
Joan of Arc, these belonging to all  
kinds of life and coming from all parts  
of France, had for the most part never  
met each other before. Three times as  
many applied for seats as relatives of  
Joan of Arc's family, but their claims  
were not admitted.

Further along there was a tribune  
for the Roman aristocracy, the Knights  
of Malta, headed by Count Lambertini,  
the diplomatic body accredited to the  
Holy See, and a special mission led  
by Gabriel Hanotaux, sent by the  
French republic.

The Pontiff was received at the en-  
trance to the Basilica by Cardinal  
Serry Del Val, arch priest of St.  
Peter's, with the Vatican chapter. The  
choir sang "Te Deum Petrus" while the  
pontiff, with his knees, but did not  
allow any details of the magnifi-  
cent procession to pass unobserved.

### FINANCIAL EXPERTS OF ENGLAND AND FRANCE WILL RECOM- MEND LUMP SUM

### SWITZERLAND VOTES TO ACCEPT LEAGUE COVENANT

### WILMINGTON BAPTIST MINISTER SAYS BOTH DISAPPOINTMENT AND A DELIGHT

Washington, May 16.—Speaking from  
the steps of the Capitol to thousands  
attending the Southern Baptist Con-  
vention, Dr. George W. Truett, of Dallas,  
Texas, today endorsed the League of  
Nations and predicted that if "it does  
not come today it will be inexorably  
come tomorrow as that God is on His  
throne."

A volley of cheers from men and  
women, gathered here from seventeen  
Southern states, greeted the statement.  
"Standing under the shadow of the  
United States Senate," Dr. Truett de-  
clared, "I dare say as a citizen and as  
a Christian and moral teacher that the  
moral force of the United States of  
America without any regard to political

party, will never rest until we have a  
League of Nations."  
"I dare say also that the unques-  
tioned majorities of both great political  
parties in this country regard the de-  
lay in the ratification of the treaty and  
the League of Nations as a National  
and World wide tragedy. I can certify  
the men of all political parties that the  
moral forces of this country will not be  
silent until there is put forth a great  
League of Nations that shall strive  
with all its might to put an end to the  
diabolism and the horror of war."  
"I thank God that the stricken men  
in the White House pleaded and pleaded  
yet that the nation will take its part  
with the others in bringing in a new  
era wherein shall dwell righteousness  
and peace."

Washington, D. C., May 16.—Near-  
ing the end of its long legislative  
journey, the Republican peace resolution  
will be formally sent to the House to-  
morrow without any pre-arranged  
program for rushing it through confer-  
ence. Its early dispatch to the Presi-  
dent however, is certain.

Chairman Porter of the House for-  
eign affairs committee is prepared to  
ask that the resolution as adopted  
yesterday by the Senate, be sent to  
conference as soon as it is formally  
brought into the House. There is no  
indication that his request will en-  
counter any opposition and Speaker  
Gillett is ready to name Mr. Porter,  
Representative Rogers, of Massachusetts,  
another Republican and Representative  
Flood, Democrat, Virginia, as  
House conferees.

Before this action, however, the  
Senate must formally name its con-  
ferees. Senator Lodge and Senator  
Hitchcock, rival leaders in the treaty  
fight, will be named, but ranking next  
to Senator Lodge among the Republi-  
cans on the foreign relations commit-  
tee, is Senator McCumber, of North  
Dakota, who opposed the resolution  
and leaders said there was doubt as  
to whether he would be designated.

But as soon as the resolution gets  
into conference, which will be early  
in the week, leaders in the Congress  
do not expect any trouble in ironing  
out the differences between the two  
branches. While the Senate resolution  
differs entirely from the House mea-  
sure, the aim of the two is the same and  
the trouble is largely one of phrase-  
ology. There are, however, some es-  
sential differences, as follows:

Senate omission of the House provi-  
sion, making the resolution inoperative  
as to Germany unless that country  
formally gives to the United States all  
rights and privileges that might have  
accrued to this country had it accepted  
the peace treaty.

The Senate ended the war with both  
Germany and Austria, while the House  
acted toward Germany alone.

Different methods for bringing peace  
officially, the Senate repealing the de-  
claration of war and the House declar-  
ing the state of war at an end.

These differences, however, are ex-  
pected to be easily overcome.

### FORMER VICE-PRESIDENT LEVI P. MORTON IS DEAD

### Celebrated 96th Birthday Sat- urday When School Chil- dren Have Field Day

FORMER VICE-PRESIDENT N. N. N.  
Poughkeepsie, N. Y., May 16.—Levi  
P. Morton, former vice-president of the  
United States, and former governor of  
New York state, died at his home,  
Ellerslie, Rhinebeck-on-the-Hudson, at  
8:30 o'clock tonight, on the 96th anni-  
versary of his birthday.

Mr. Morton was taken ill with a  
slight cold three or four days ago,  
but his condition did not become  
serious until this morning, when bron-  
chial pneumonia developed. He passed  
into unconsciousness soon after, and  
the end came peacefully at 8:30 o'clock.  
With him at his bedside when he died  
were his daughter, Mrs. Helen Morton,  
who had made her home with him at  
Ellerslie, his country estate, since the  
death of Mrs. Morton in August, 1913;  
his daughter and son-in-law, Mr. and  
Mrs. Wm. C. Eastis, of Washington,  
D. C., and his nephew, Morton Miant.  
Another daughter, Miss Mary Morton,  
of Germantown, Pa., will arrive to-  
morrow morning, having been unable to  
reach Rhinebeck tonight.

### DR. HURT REVIEWS CONVENTION WORK

### Wilmington Baptist Minister Says Both Disappointment and a Delight

The News and Observer Bureau,  
603 District National Bank Bldg.  
By R. E. POWELL.  
(By Special Leased Wire.)

Washington, D. C., May 16.—Survey-  
ing the Southern Baptist convention in  
its closing hours, Dr. John Jeter Hurt,  
of the First Baptist church of Wilming-  
ton, said tonight:

"This convention has been both a dis-  
appointment and a delight; a disap-  
pointment because thousands of ac-  
credited delegates have been unable to  
gain admission to the inadequate auditorium,  
and a delight that the thousands have  
come. The convention will be in ses-  
sion two days longer, but already more  
than eight thousand delegates have been  
enrolled. This is twice as many as we  
have ever had before."

"The eight thousand men and women  
already here are thoroughly united in  
all the fundamentals of the convention,  
and they are united in plans for ad-  
vancement. More than that, they re-  
present their three-million comrades left  
at home."

"We voted a year ago not to  
cooperate with the Inter-Church move-  
ment. Then we set for ourselves the  
task of raising seventy-five million dol-  
lars for mission and other benevolent  
work. We raised ninety million and  
more. Our Northern Baptist brethren  
entered the movement and undertook  
to raise one hundred million dollars.  
Their campaign ended last week with  
less than sixty million raised. Our suc-  
cess and their failure both strengthen  
our conviction that we should avoid  
entangling alliances now and hereafter.  
But we will continue our most fraternal  
regard for all Christians of every name."

"We have not increased our denomina-  
tional machinery at the meeting, but  
we have brought some of it into better  
working order. We have also appointed  
two of our strongest leaders, Drs. E.  
Y. Mullins and J. B. Gambrill, to visit  
Europe and report on new avenues of  
service there."

"Our people will start back to their  
homes Monday in high spirit, and with  
new purposes born of great enthusiasm  
over the achievements of the past  
year."

### NORTH CAROLINA LEADS IN AUTOMOBILE BUYING

### Has Greatest Percentage Of Gain In Registrations With 51 Per cent

New York, May 16.—Greatest gains in  
registration of automobiles were shown  
in the Southern States, the National  
Automobile Chamber of Commerce re-  
ports in a review of the Automobile  
industry for last year. In announcing  
there were 7,559,948 motor vehicles reg-  
istered in the United States, the cham-  
ber reported that one-third of the au-  
tomobile owners are farmers and that the  
percentage of increase in registra-  
tion had been found in the cotton  
growing sections of the South.

This exceptional gain it states, is due  
to the fact that there have been heavy  
demands for cotton during the war and  
since which have put the South in a  
strong financial position and has en-  
abled thousands of cotton growers to  
use motor power for transportation  
whereas in the pre-war days the greater  
part of Dixie was too poor to afford  
efficient farm equipment.

North Carolina led all States in the  
percentage of gain in registrations with  
51 per cent. South Carolina showed  
the second largest State gain with 43  
per cent. New York had the largest State  
registration and the largest gross gain  
while California leads for the number  
of automobiles in ratio to population.

### GENERAL OBREGON APPEARS TO HAVE CLEAR FIELD AHEAD

### Capture Carranza's Son-in-Law and General Gonzales Re- tires From Race

### FORMER PRESIDENT IN FLIGHT TO MOUNTAINS

Mexico City, May 15.—(Via Laredo  
Junco, May 16.)—Gen. Candido Aguilar, son-in-  
law of President Carranza, has been  
captured at Jalapilla, State of Vera  
Cruz, it was announced officially Sat-  
urday night.

Gen. Pablo Gonzalez announced for-  
mally and definitely his retirement from  
the Mexican Presidential race in a mani-  
festo issued this (Saturday) evening.

Gen. Alvaro Obregon is the only re-  
maining Presidential candidate unless  
Ygnacio Bonillas should return to Mex-  
ico, which is considered improbable.  
Gonzalez's action is accepted as mean-  
ing the elimination of any chance of  
friction between himself and Obregon,  
the two chief military leaders of the  
Liberal Revolutionary party.

### CARRANZA REPORTED AS FLEEING TO MOUNTAINS.

Mexico City, May 15.—(Via Laredo,  
Tex., May 16.)—Carranza is fleeing into  
the mountains of Vera Cruz by way of  
Petrolé and the Revolutionists have  
captured 2,000 prisoners with 24 trains  
and a great quantity of gold and silver bars,  
and war munitions, according to a re-  
port from Gen. Guadalupe Sanchez,  
given out at Obregon headquarters.

Fighting began at 10 a. m. Friday in  
the vicinity of Binegansa. After three  
hours of heavy engagement Carranza  
and the leading members of his party  
abandoned their trains and fled in auto-  
mobiles, escorted by 500 cavalry. He  
was carried off from the trains all mounted  
troops. The rebel cavalry is pursuing  
Carranza. Unconfirmed reports Friday  
said Carranza had been captured. Gen-  
eral Sanchez promised confirmation  
or denial of the report later.

### AMERICAN BUSINESS MEN LOOK TO DE FACTO HEADS

Washington, May 16.—Carranza's  
failure to remain a military factor in  
Mexican affairs has caused American  
business men and officials to center  
their attention on the de facto govern-  
ment's program of political and econ-  
omic reorganization.

Confirmation of earlier reports that  
the deposed president had been driven  
from the field where, with a little  
army of loyal troops, he had been mak-  
ing a stand for nearly a week, was  
contained in an account of the Revolu-  
tionary victory sent by Alvaro Obregon  
to de la Huerta, provisional president,  
and by him forwarded to his agents  
here. Obregon asserted the old man had  
sought a hiding place in the moun-  
tains west of Jalapa, with only a small  
cavalry escort and a few personal ad-  
herents. The State Department, how-  
ever, was without official advice. No  
mention was made by Obregon of the  
British consul at Vera Cruz and the  
two Americans who accompanied Carranza  
in his flight from the capital and who  
were caught in the fighting, nor had  
the State Department received word  
concerning them. The only information  
regarding Mexico received by the  
State Department, it was an-  
nounced, was that concerning condi-  
tions in Monterey and a delay in  
report of the adherence of the Federal  
forces in Guadalajara to the Revolu-  
tionary movement, May 12. In Mon-  
terey all public offices were said to be  
operating as usual and the de facto  
forces were respecting the rights of  
foreigners and nationals alike. Food-  
stuffs were reported to have increased  
in prices and the local chamber of  
commerce adopted relief measures in  
behalf of the poor.

The repair of the lines of communi-  
cation had not yet progressed far  
enough to enable even the government  
to obtain its reports, except in frag-  
mentary form, although wires out of  
Monterey were being restored.

Anticipating the demands that the  
new government in Mexico is expected  
to make on the money markets of the  
world for loans, it is known banking  
representatives have unofficially dis-  
cussed the financial situation with the  
State Department. Although representa-  
tives of the de facto government in  
the United States have asserted no ef-  
fort would be made to obtain a loan  
until a provisional government was set  
up, representatives of a group of New  
York banks are said to have decided  
that until the forces that drove Carranza  
from power had given them and the  
American government satisfactory  
assurances that foreign interests would  
be safeguarded in Mexico, no money  
would be advanced. This determination  
was reported to have received the  
support of Paris and London banking  
houses.

### OXFORD MAN SUDDENLY DIES AT HOME OF SON

Oxford, May 16.—J. T. Britt, who  
has been serving as a clerk for the  
United States Senate in Washington,  
died suddenly here this morning at the  
home of his son. He had been here  
for the last several days but was un-  
derstood to be in good health. He was  
about 70 years old.
