Gratifying enthusiasm marked the spening of the \$100,000 fund campaign for the rehabilitation and enlargement of Rex Hospital at a banquet held in-the City Auditorium with more than 200 workers in attendance. Brief ad-dresses were made by citizons of the city and county, urging the hearty support and co-operation of every man and weman in the county in plac-ing at the disposal of the hospital money wherewith to grow and keep breast of the development of the

Actual work of solicitation will begin today, and continue for 10 days, although none of the speakers were willing to admit of the belief that more than two days would be necessary to put the fund well beyond the goal set. Workers were given final in-structions as to the methods to be used in the campaign, allotted the names of thep ossible scribers to the fund whom they will be expected to canvass, and bidden godspeed in their work.

A heavy rainstorm that broke a beginning of the dinner did not serve to keep away many, and almost every sent and the score of tables were taken. The banquet was served by a committee of nomen from Edenton street Meth-odist church. The Executage Commu-tee occupied a long table at the end of the arens, and the others were grouped in front. Save the Babies

NFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupify, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher as it contains no opiates or narcotics of any kind.
