

CARALEIGH FOLKS ERECT TWO TENTS

Wait For Ejectment Proceedings Having Driven Wedge Into H. C. L.

Families of twenty-three of the hundred and fifteen striking union mill operatives at Caraleigh Mills yesterday erected two tents, twenty by fifty feet, and are now calmly awaiting service of ejectment papers by the mill company, following their refusal to put up \$500 bond each pending appeal from the ejectment judgment by Justice of the Peace J. E. Owens.

The twenty-three families, approximating a hundred persons, including children, are not contemplating moving, until that is necessary. A few are in favor of immediate evacuation of the company property, but the majority will probably rule.

The two tents, sufficient, it is believed, to meet the present need, have been erected on the property of Mr. Will Card, one of the mill workers, and the land is rent free. It is not contemplated, for the present, that the women will be housed in tents. There are sufficient homes in the mill community, either owned by union operatives or rented from agencies other than the mill company, which will take in the women and small children.

The tents, expected for several days, arrived yesterday morning and with a threatening cloud in the afternoon, the men rushed the tents up, ditched them, dragged in two beds for the use of watermen there last night, and then went to sleep confident that they have driven a wedge into the high cost of living business having assured themselves living quarters in a town where available houses are rare things. In this camp they are prepared, they feel, for an indefinite strike to obtain the recognition of their union.

It was a sort of community rally that celebrated the erection of the tents yesterday afternoon and while the leaders discussed the plans to erect a flag pole and raise the Stars and Stripes over the camp, women and children looked on in high pleasure.

Candidates Call Off Debate Under Mutual Agreement

(Continued from Page One)

to the highest honor in the gift of the party.

"Either Mr. Morrison or Mr. Gardner will be the Democratic nominee for Governor, and to discredit either of them will simply supply Republican guns with ammunition.

"There is no blinking the fact that the enemy is vastly encouraged and is gleeful over the prospect of lowering Democratic prestige in this good State. We need to reserve all our bullets for the common foe. As the accredited leader of the party I urge you gentlemen to at once call off this meeting. In the immortal language of the beloved Aycock, I say to you 'The Doones are in the valley—I pray you gentlemen, trala your guns a little lower.'

"Very truly yours,
"(Signed) T. W. BICKETT,
"Governor."

"Pursuant to this letter Messrs. Biggs and Clarkson called at the Governor's office this morning and finding him absent, arranged to have a conference with him tonight at 8 o'clock.

"During the day both managers received a large number of letters and telegrams from representative Democrats throughout the State protesting against the joint debate.

Candidates' Telegrams.

"This afternoon Messrs. Biggs and Clarkson received from their principals the following telegram from Sanford, N. C.:

"For the welfare of the Democratic party and in deference to the apparent sentiment of the people of the State, we have agreed to cancel the joint discussion arranged between us for Monday night without prejudice to the candidacy of either.

"(Signed) Cameron Morrison,
"O. Max Gardner."

"The debate is therefore called off without prejudice to either candidate. On behalf of the Democratic party I desire to express my grateful appreciation of the fine spirit shown by both candidates and both managers in the premises. I earnestly urge the people of the State to accept this adjustment in the spirit in which it was made. No good Democrat will criticize either candidate for his acting in this behalf, but most heartily commend them both for placing the welfare of the Democratic party high above their own personal feelings."

GARDNER SPEAKS FOUR TIMES IN LEE COUNTY

Sanford, June 24.—Whirling through Lee county today O. Max Gardner continued his strenuous drive for the Democratic gubernatorial nomination, making four speeches, one in Lemon Springs, another in Broadway, a third in Jonesboro and concluding tonight in Sanford, where he was received by an audience which overflowed the building. Enthusiasm was rife throughout the entire day.

Prolonged cheers met Mr. Gardner's announcement here tonight, that the proposed debate between Morrison and himself had been called off by mutual agreement for the good of the party.

M'ADOO CENTER OF CONVENTION GOSSIP

(Continued from Page One)

candidates have been busy mapping out their campaigns. They also force a deadlock in the balloting and it was indicated today that some thought was being given to the number of ballots supporters of particular candidates would be asked to stick to and whom their support would go after that time.

Neighborly consideration, it was said, are apt to play a part in the course of delegates from Pennsylvania, Ohio and West Virginia, when the expected break comes. Each state has a candidate in the field; Palmer, from

Pennsylvania; Cox, from Ohio and John W. Davis, from West Virginia. Should the early balloting make it appear that the necessary two-thirds majority to nominate could not be obtained for Palmer or Cox, Davis supporters claimed today that he would inherit the Pennsylvania and Ohio delegations. They anticipated a general surge toward Davis under the impetus furnished by these powerful blocks of votes.

Arrival of Senator Glass, of Virginia, added nothing today to the discussions as to candidates. There was nothing to indicate that he had brought any message or suggestion on that subject from his conference with President Wilson. The Senator's own views were not disclosed in such statements as he has made since his arrival.

He has been generally classed, however, among those prominent Democratic leaders who are strong believers in Mr. McAdoo's availability for the nomination.

As to Mr. Marshall.

Supporters of Vice-President Marshall for the nomination looked at the situation today much as did the Davis adherents. They thought Marshall would figure prominently if a deadlock developed, as expected, and their plans were drawn with that in mind. The Vice-President arrived tonight from Southern California.

The only Presidential candidate on the ground today receiving delegates and Senators was Senator Owen, of Oklahoma. He did not discuss his chance for the nomination, but was willing to talk about the platform. The party declaration should be short and should be written in the simplest English and should emphasize the "all embracing" doctrine of popular government, he said, adding that it should declare for the faithful execution of the eighteenth amendment.

Palmer Arrives Tomorrow.

Attorney General Palmer will arrive tomorrow accompanied by Mrs. Palmer and personal friends. C. C. Carlin, a Palmer manager, said the situation so far as the Attorney General's candidacy will be Palmer or somebody who has not yet been mentioned, was the way Mr. Carlin summed up the situation.

Headquarters of Governor Edwards, of New Jersey, avowed wet candidate for the Presidential nomination, showed activity today with the arrival of Walker Vick, chief manager of the Edwards boom. Disappointment was expressed by many Edwards supporters over the inability of the New Jersey Governor to come in person.

Preceding the arrival of the bulk of the Ohio delegation, there were no developments in the campaign of Governor Cox. In fact there was no great activity at any of the headquarters as the big rush of delegates will not begin until tomorrow.

DANIELS AND PAYNE TO GO TO ALASKA IN JULY

Washington, June 24.—Secretaries Daniels and Payne will go to Alaska next month to study conditions there as relating to their respective departments. While the itinerary has not yet been worked out, it is understood the sub-liner officers will spend at least a month in the territory. They will leave Seattle July 8 on a destroyer.

Secretary Daniels will go primarily to study the availability of government coal lands for operation for naval use, an appropriation of \$1,000,000 for that purpose having been included in the last naval appropriation act.

Secretary Payne will study numerous questions involved in the development of Alaskan resources and industry, particularly in the light of recommendations recently submitted to him by an advisory committee of officials of the interior department.

Chances of State Passing Suffrage First Not So Good

(Continued from Page One)

political problem, only the number of votes at stake are the highest ever.

Senator Simmons, reading a special San Francisco dispatch to the effect that he, Vice President Marshall, Carter Glass and John W. Davis were on the women's black list as presidential candidates, didn't seem to be any the less anxious for North Carolina to do her duty by the amendment in case Tennessee fails. In fact, the Senator is busy farming and he isn't worrying about anybody naming a lot of babies for him nor is he spending any time going into the White House yard.

TO ANNOUNCE RAIL WAGE AWARD SOON

(Continued from Page One)

the strike situation will be discussed and also will endeavor to learn more definitely when the railway board's decision will be announced.

Tomorrow night the Chicago Yardmen's Association and the United Enginemen's Association—the two organizations of "railway vacationists" as the strikers term themselves—will hold a mass meeting to "lay before the public the true side of the present railroad situation and just what means have been employed to bring the present controversy to a successful conclusion.

Reports compiled here show that the present wave of strikes, unauthorized by the brotherhood chiefs, is confined largely to the Atlantic seaboard.

MRS. W. R. HAMBRICK, OF ROXBORO, PASSES AWAY

Roxboro, June 24.—News was received here this morning of the death of Mrs. W. R. Hambrick, which occurred at a hospital in Richmond, Va., where she was taken for treatment. She died following an operation. The deceased is the wife of W. R. Hambrick, prominent local druggist, and is survived by the husband and three children.

The remains will reach Roxboro Friday morning, and the funeral will be held immediately afterwards. In the death of this lady the town loses one of its most estimable Christian characters.

Platform Holding Its Place As Big Convention Topic

The Senator came to make a fight favorable to the administration, but if he brought any word of White House preference between candidates it did not show up on the surface in today's conclusions.

PARTY LEADERS CONSIDERING NATURE OF SUFFRAGE PLANK

San Francisco, June 24.—Officials of the Democratic National Committee are considering today the nature of the declaration on woman suffrage that they would like to see incorporated in the party platform. There have been several consultations with suffrage leaders here and members of the committee say they desire to do everything to complete ratification of the amendment and that it is now only a question of what means should be adopted. That

the convention will take some sort of a stand for ratification is a foregone conclusion.

Suffrage leaders were emboldened today by the news that Governor Roberts, of Tennessee, was planning to call a session of the legislature to act on the suffrage amendment. They predicted that it would aid the Democratic campaign throughout the country.

GERARD AND MEREDITH JOINT HEADQUARTERS AT FRISCO

San Francisco, June 24.—A new feature for political conventions was introduced today when a nomination lightning rod was jointly erected for Secretary Meredith and Former Ambassador Gerard. It took the shape of headquarters at a local hotel presided over by I. T. Jones, of Des Moines. Meredith workers are established in a

connecting room on one side of the central office and Gerard supporters similarly placed on the other side. Speaking for both candidates, Mr. Jones said the situation was shaping itself encouragingly for one or both of them.

LOOK AT YOUR TONGUE!

IS IT BROAD, WHITE, FLABBY?

—YOUR BLOOD NEEDS ZIRON!

When Your Tongue Is White and Flabby, It Is a Sign That You Are Anemic and That Your Blood Needs Ziron Iron Tonic, For the Benefit of Your Weakened System.

Look at your tongue in the mirror! It ought to be pink, clean and firm. If it is broad, white, coated, flabby, it is probably a sign that you are anemic, that your blood lacks red corpuscles, that you are not in good health, that your system needs iron to bring it up to proper condition.

When your blood needs iron, take Ziron, the new Iron Tonic, which contains also the hypophosphites of lime and soda and other valuable tonic ingredients prescribed by the best physicians for this form of trouble.

When you feel tired and miserable, lack ambition, suffer from indigestion, rheumatic pains, gastric catarrh, depression of spirits and a general feeling of being "under the weather," why not try Ziron to help you back to health?

Ziron, the new compound of iron, contains no habit-forming drugs. It is a safe, reliable tonic remedy—good for men, women and children.

Read what Mr. L. M. Sanders, of R. P. D. No. 5, Honey Grove, Texas, says: "I was weak, dragging around the house, and afraid I was going to be real sick. I had no appetite; did not rest, and then my back began to hurt. It got me down. I felt I must do something to strengthen me. I heard of ZIRON, and thought it must be what I needed. Shortly after I began taking I could see that it helped me. I felt stronger. I began to eat and sleep. I was really hungry. It helped me a lot. When my wife got puffy, I sent for a bottle for her, and she likewise improved so much that we are believers in ZIRON."

SPECIAL OFFER: Buy a bottle of ZIRON, today, at your druggist's and give it a fair trial, according to directions on the bottle. If, after using up one bottle, you find it has not benefited you, take the empty bottle back to the druggist and he will refund what you have paid him for it. We repay him, so there is no reason why he should not repay you. This offer only applies to the first trial bottle.
