

MARK OFF SAFETY ZONES WITH CHAINS

Commissioners Modify Ordinance and Confer About Gas Rates

At an informal conference between the City Commissioners and representatives of the Carolina Power and Light Co., yesterday the Commissioners agreed to modify the recently enacted ordinance providing for safety zones on Fayetteville street at the intersections of Morgan, Hargett and Martin streets so as to permit the company to mark off the zones with iron stanchions connected by chain instead of erecting the wooden loading platforms provided for in the original ordinance. The company has been granted until July 10 to comply with the terms of the ordinance.

At the close of the conference, which lasted for an hour and thirty minutes, Mayor Eldridge stated that, although the matter was discussed, there had been no agreement reached in regard to the increase in gas rates which the company has requested of the Corporation Commission and that the City Commissioners are still disposed to fight the increase before the Corporation Commission.

Koreans cut their firewood as they need it.

"ALMOST MIRACULOUS!" IS STATEMENT MADE BY TENNESSEE WOMAN

Declares Her Eighty-six Years Old Mother Has Gained Fifteen Pounds By Taking Tanlac

BOTH HAD SUFFERED FROM INDIGESTION

"Tanlac Has Proved Such a Blessing To Us Both We Feel Like We Ought To Let Others Know About This Wonderful Medicine."

"My mother and I both have taken Tanlac with perfectly wonderful results," said Mrs. Susie Hunnshilt, residing at 421 Whitman avenue, Binghamton, Tenn., in a statement made a few days ago.

"Why, since we began taking it two months ago," declared Mrs. Hunnshilt, "I have gained twenty pounds and my mother, who is eighty-six years old, has actually gained fifteen pounds. The effect of Tanlac in her case, especially, seems almost miraculous. She had no appetite, could seldom retain what little she did eat, and was so weak she could not get away from the house. But since taking Tanlac her appetite is fine, she retains everything she eats, and is so much stronger that she even walks several blocks, going anywhere she pleases. She is now bright and cheerful and says she feels like a different person.

"As for myself, I had been suffering terribly from indigestion and a run-down condition for several years. Always after meals I had a awful stuffed up feeling, with intense pains in my stomach and back. I could hardly eat anything that did not cause these troubles, and my nerves were so shattered that many a night I could not sleep at all, for that tired, worn out feeling was with me all the time.

"Well, nothing ever helped me until I got Tanlac and now I am really and truly feeling like a new woman. The first bottle of Tanlac gave me a splendid appetite and stopped the gas from forming on my stomach. My food seems to digest perfectly now, for I am never troubled any more with bloating or pain and am eating just anything my appetite calls for. My sleep is sound and restful and I am feeling as strong and well in every way as I did before my troubles started. As Tanlac has proved such a blessing to us we feel like we ought to do what we can to let them know about this wonderful medicine."

Tanlac is sold by the leading druggists in every town.—(adv.)

Your Convenience in Richmond

The advantage of shopping at Miller & Rhoads is that one can get almost everything there. It is a great store of individual shops, drawing its merchandise from every clime, catering to the needs of humans—personal and the home.

It is the center and circumference of women's fashions, the home of the "Men's Corner" and correct furnishings for men, a bazaar of books, a castle of window and interior hangings, a treasure-house of rugs from the far East, and other home furnishings, an empire of China, a sovereignty of jewelry and silverware, and a dynasty of silks and fine laces. A dominion of supply devoted to the democracy of demand.

And visitors from far and near are invited just as cordially to enjoy the hospitalities of its unique service as the economies of its offers.
