

SPAIN BEATS AMERICA WITH NOVEL BOOK IDEA

Spain has started a "Books for Everybody" movement. It has even gone a step farther than the American Library Association in its galvanized program to bring books to the people and people to the books.

In the public park of Madrid, Spanish authorities have set up small collections of books for the use of the frequenters of the open places of the city, and the success of the innovation has been attested by the demands made on the little libraries.

Spain evidently recognized the value of extending opportunities of self-education through proper reading matter and has adopted this novel scheme to tempt those with a few minutes or hours leisure to employ their minds to the best advantage. In this move it is running

on a parallel track to that of the American Library Association which has launched its "Books for Everybody" movement throughout the United States for the main purpose of bringing the best in the world of literature within easy access of every man, woman and child in the nation.

The American Library Association, to carry out the broad scope of its enlarged program, is now obtaining a fund of \$2,000,000 to be directed toward the work in the next three years. No intensive drive methods are used. Instead, librarians, library trustees and friends of libraries having the matter

in hand, are raising the money through their individual efforts.

Robb Calomej of Nausea and Danger

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed—New Tablet Called "Calotabs."

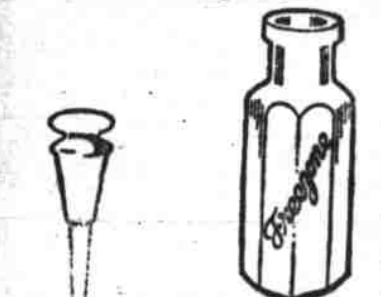

The latest triumph of modern pharmacy is a "de-nauseated" calomej tablet known to the drug trade as "Calotabs." Calomej, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomej was the most successful remedy but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One tablet on the tongue at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

CHRONIC DISEASES ARE OFTEN CAUSED BY IRON-POOR BLOOD

Indigestion, Rheumatism, Sleeplessness, Nervousness and Similar Troubles Have Been Found to Be Due in Many Cases to Lack of Iron in the Blood.

THE OBVIOUS REMEDY IS ZIRON

When doctors all agree on a certain treatment, you may be sure that a positive, scientific fact has been settled.

There is no disagreement among medical authorities as to the medicinal value of Iron, in certain forms of disease, caused by a lack of iron in the blood. Among these diseases are anemia (shown by a pale, relaxed condition of the skin), general debility, weakness, nervousness, lack of appetite, certain skin troubles, like eczema, scrofula, etc.

But more particularly may be mentioned the chronic troubles, for which no active cause can be discovered, such as chronic dyspepsia, or indigestion after eating, rheumatic pains in the muscles and joints, inability to sleep, etc.

These troubles are often due simply to a lack of sufficient iron in the system, and the best way of treating them is to furnish the blood with the iron it needs, by taking Ziron Iron Tonic.

Ziron is not a secret or patent remedy. The ingredients are printed on the label. You know what you are taking, and your doctor will advise you as to the medicinal value of its ingredients for your particular case.

In any event, should you wish to try Ziron, you may do so without expense, if it turns out not to suit your case, which you cannot do with other medicines or even with a prescription; for your druggist will gladly sell you a bottle, on the guarantee that the first bottle will benefit, or money back.

Ziron is a mild chalybeate (iron) tonic, containing, with other ingredients, the hypophosphites of lime and soda, and is recommended for growing children, as well as adults who need the strength that iron, combined with the hypophosphites, will give.—(adv.)

MORRISON

Stands For

Ratification of Suffrage Amendment

In the Progressive Farmer of May 8 and again on May 15, Mr. Heriot Clarkson stated Mr. Cameron Morrison's position on Woman's Suffrage. In this statement Mr. Clarkson said that while Mr. Morrison was an opponent of Woman's Suffrage, "his party having declared for it, he stands loyally upon the party platform."

The Platform Recommends Ratification Of The Woman's Suffrage Amendment

Since the first primary Mr. Clarkson has republished in the press the foregoing as Mr. Morrison's position.

Notwithstanding this declaration, the friends of Mr. Morrison in some of the eastern counties prior to the last primary and again during the past few days have been circularizing these counties with literature to the effect that those who are opposed to Woman's Suffrage should vote for Mr. Morrison and those who favor Woman's Suffrage should vote for Mr. Gardner, thereby undertaking to make it appear that the position of the two candidates on this subject is different, whereas both candidates stand on the Democratic platform, which recommends the ratification of the suffrage amendment.

Attention is called to the fact that the leading suffrage advocates in North Carolina are among Mr. Morrison's most active supporters

Two of the most prominent suffrage leaders are Senator A. M. Scales, of Greensboro, and Representative W. N. Everitt, of Rockingham. Senator Scales is Mr. Morrison's campaign manager in Guilford county. Representative Everitt is Mr. Morrison's leader in Richmond county and contributed liberally to Mr. Morrison's campaign fund.

Senator Scales led the fight for suffrage in the last Senate. Representative Everitt was the suffrage leader in the last House. Since the last Democratic State Convention, Representative Everitt requested Governor Bickett to call the Legislature in special session to ratify the Woman's Suffrage Amendment.

Morrison Supporters for Suffrage

Attention is also called to the fact that largely through the instrumentality of Mr. Morrison's supporters the last Democratic convention adopted the resolution recommending the ratification of the suffrage amendment. Senator Simmons' letter, made public on the eve of the convention, was the chief factor. Senator Hobgood, who offered the suffrage resolution which was adopted, is supporting Mr. Morrison and the debate for its adoption was opened by Mr. Bellamy and closed by Mr. Bryant, both supporters of Mr. Morrison.

It is a well-known fact that in the recent State convention the opposition to the suffrage resolution was led by Senator Warren, Senator Burgwyn and others, strong supporters of Mr. Gardner. Mr. Morrison was a delegate to the convention and sat silent throughout the debate.

Morrison Voted For Woman Delegate

While the friends of Mr. Morrison in the east profess to view with horror the participation of women in politics, they are silent as to the fact that Mr. Morrison, in the State convention, voted to send Mrs. Cunningham as a delegate to the National Democratic Convention, now in session at San Francisco.

The supporters of Mr. Morrison in the east seek to inject the suffrage question into this campaign when it is in no sense an issue. The party has spoken on the matter and all candidates are bound to abide by the party declaration whatever may be their former personal views.

Mr. Morrison knowing that this was the only position that any candidate could take, declares that he stands loyally upon the party platform. J. CRAWFORD BIGGS, Mgr. Gardner Campaign.
