## UNFOUL A WARD DRAMA BEFORE GOVERNOR BICKETT AT BRAGG

**New York Unit of National  
Guard Conducts Target  
Practice at Camp**

**VISIT UNOFFICIAL OR  
BICKETT THOUGHT IT SO**

Major General W. S. McNair  
Insists, However, On Having  
Salute Fired In Honor of His  
Distinguished Visitor; Or-  
derly Non-Pluses State's  
Chief Executive

By BEN DIXON MacNIBILL  
(Staff Correspondent)

Camp Bragg, July 27.—Although he will go down in history as North Carolina's war Governor, Governor Bickett looked today for the first time upon the actualities of war when he stood among the roaring batteries of the New York National Guard and watched them at their battle practice heard the crash of bellying howitzers, traced the flight of shells as they screamed across the sky to the targets miles away, and from a commanding eminence with the use of field glasses saw the shells explode.

The Governor was sobered at the magnitude and the power of what he saw during a busy day spent as the guest of the commanding officers of the camp, Major General W. S. McNair. It was only a small segment of the drama of war as it was played in France, but quite enough to bring home to the laymen of the party the enormity of the thing that was done in Europe, the sacrifice of treasure out of the ashes of which came victory and the hope of the end of wars.

**Governor Gets Salute**

Turning from the roaring guns, and piloted by General McNair, the party saw something of the things that make war less horrible, the vast hospital covering acres of ground, known throughout the military world as the Camp Bragg type of hospital, the vast stretch of the barracked camp that will eventually provide homes for two brigades of field artillery after the War Department completes the reorganization of the army. These things took away something of the disgust with war that the Governor gathered when he watched the guns, but he returned anxious to watch, and discuss the deadly power of the howitzers.

The Governor came to the camp informally, leaving, as he said, the Governor in the executive mansion, but General McNair would not have it so, and presently a battery of sprightly French 75's drawn by tractors wheeled out on to the parade ground and fired the gubernatorial salute of 17 guns. Bickett was non-plused for the moment. He had stopped to wonder at the agility of their deliverance when somebody reminded him that they were firing a salute in his honor. Everybody else was standing at attention.

**Orderly Reports For Duty**

The Governor is a civilian by nature and lent himself not easily to the ways of militarism. While the echo of the salute was dying away, a smartly uniformed first sergeant saluted the Governor with every manner of salute and stated that he had been directed to report "As his Excellency's orderly for the day."

"Well, I am glad to see you, but what am I supposed to do about it," replied the Governor hesitating between a salute and a hearty handshake. The sergeant saluted again and placed himself at the disposal of the Governor again. He trailed him closely, anticipating his wishes, and added no little to the Governor's pleasure, and to that of the party, most of whom knew as little about military life as did the chief executive. The orderly was Sergeant Baker.

Weather conditions have hampered somewhat the progress of the program for the annual field practice of the National Guard field artillery here. New York units are now in camp firing the French pieces of 75, 135 and higher power. Other States will send down units from time to time after which the camp will be completely manned with its full complement of about 30,000 regular soldiers.

The party which included besides the Governor, Adjutant General J. VanB. Metts, Colonel Albert L. Cox, Lee F. Alford, Marion B. Bailey and the News and Observer representative were guests of General McNair and Lieutenant Colonel Lloyd at luncheon. This evening they were guests of Mrs. Flora MacKinnon MacNeill at her home in the country, returning to Raleigh later by automobile.

## ORDERS INVESTIGATION OF FULTON-WILLS FIGHT

Trenton, N. J., July 27.—Governor Edwards today ordered a sweeping investigation into the management of the Fulton-Wills boxing bout in Newark last night, when it is alleged, hundreds who had paid as high as \$15 and \$20 for admission tickets were unable to get into the arena because of the inadequate system of handling the crowd.

The show was conducted under the auspices of the International Sporting Club of New York, which had found it impossible to stage a bout in New York because of the law.

Eagle Pass, Texas, July 27.—Refugees from Sabinas arriving at Piedras Negras, opposite here, said Francisco Villa's men killed 28 Sabinas women after cutting off their ears, and also killed every Sabinas policeman, according to reports brought across the international line.

## LUENDORFF SAYS BOLSHEVIK HORDES MENACING EUROPE

**Famous German General Says  
Victory in Poland Would  
Endanger World**

**SETS FORTH VIEWS IN  
SPECIAL MEMORANDUM**

Poland's Fall Into Hands of  
Russian Soviets Would En-  
tail The Fall of Germany and  
Czecho-Slovakia, He Says;  
Gives Warning to Great Na-  
tions of The World.

Washington, July 27.—(By The Associated Press).—Victory for Soviet Russia over Poland would result in Bolshevism sweeping all of Europe and eventually the entire world, is the opinion of General Eric Ludendorff, the famous German war writer.

His views are set forth in a specially prepared and hitherto unpublished memorandum on the "Dangers of Bolshevism," written last month, and received here today in official circles.

"Poland's fall will entail the fall of Germany and Czecho-Slovakia," General Ludendorff says. "Their neighbors to the north and south will follow. Fate steps along without elementary force. Let no one believe it will come to a stand without enveloping Italy, France and England in its hideous coils. Not even the seven seas can stop it."

Addressing himself to the "civilized nations as a man who knows war," General Ludendorff pleads that his message not fall on deaf ears.

**Gives Serious Warning.**

"Then it will be too late," he declares, "and the present civilization will crumble as did that of Greece and Rome. And the cause will be the obtuseness of government and the lethargy of the bourgeoisie, as the latter always and everywhere likes to stay quietly at home on days of decisive events."

"Bolshevism is a monster that must advance to exist. It is advancing now and in a gradual progress from East to West and is crushing everything between the midland sea and the Atlantic Ocean."

**Must Fight on Advance.**

"The world at large must, therefore, figure with a Bolshevik advance in Finland towards Berlin and Prague. Lithuania is already joining Soviet Russia and is demanding a slice of the Prussian province of East Prussia. The moment will come when the Bolshevik armies will menace Germany and Czecho-Slovakia directly."

**Makes New Reality.**

"I described the impending menace of Bolshevism in my interview with the press early in February. My warnings were a cry in the wilderness. These menaces are now a reality. Lenin has advanced his lines to the frontiers of China, Afghanistan, Persia and India and is now preparing to continue his victorious progress."

The prodigious combative resources of Bolshevik propaganda tackled both its far-flung fronts long ago, with perfect logic. We must get used to regard propaganda as a combative resource of the first rank. The Bolsheviks make even more masterful use of it than Great Britain, France and the United States did to compass the ruin of Germany during the world wide war.

**Countries Are Undermined.**

"Poland and Roumania are undermined. The Bolshevik propaganda operates with more caution in Finland, Sweden and Norway; these countries are expected to drop in the lap of Bolshevism without noticeable effort. The great objectives of the Bolsheviks are now in Germany and perhaps Czecho-Slovakia and Austria."

## POLES WANT TO BUY WAR MATERIALS FROM THE U. S.

Washington, July 27.—The American government was confronted today with a new problem growing out of the European situation through receipt of a request from the Polish legation that Poland be permitted to purchase 300,000 army uniforms and shoes from the War Department.

Because the question of neutrality was involved, it was understood that the State Department hesitated to grant the request, which was presented by Prince Lubomirsky, the Polish minister. According to the official records here, the United States has maintained a neutral attitude since Russia and Poland began hostilities.

The United States has not yet received from Great Britain an invitation to participate in the proposed conference at London for settlement of Polish-Russian armistice terms and neither Great Britain nor France, which volunteered to assist Poland in holding back the Soviet forces, has invited the co-operation of this country, although official information from London and Paris has indicated that support in both cases was desired. No action has yet been taken on Poland's request, but the American government publicly declares its moral support to the new republic in its fight against the Bolshevik.

## EXPLOSION AT SEA IS A MYSTERY TO GUARDS

Sea Island City, N. J., July 27.—Coast guards here and Cape May were mystified today by what appeared to be an explosion and fire at sea. At 8:15 a. m. coast guards near here heard what they believed to be an explosion and sighted a heavy plume of smoke about 12 miles off Townsend's Inlet. The guards put out in a boat and when they reached the scene the smoke had disappeared and no wreckage was to be seen.

## RESOLUTE WINS DECIDING YACHT RACE WITH THE SHAMROCK AND AMERICA KEEPS THE CUP

Thirteen was just like any other numbers for the Resolute. Under the management of Robert W. Emmons and Skipper Charles Francis Adams at the wheel, the sloop America's cup is still ours. After a series of challenges covering 89 years of international yacht racing, the Resolute kept up America's winning streak by winning easily over the Shamrock IV, Sir Thomas Lipton's challenger, in the deciding race off Sandy Hook yesterday.

(By Special Leased Wire.)

Washington, July 27.—State makers who see as far ahead as 1926 say that Clyde Hoey, of Shelby, is considering now whether to accept the United States attorneyship for the western district of North Carolina or to remain, so far as his own candidacy is concerned, out of North Carolina politics for six years and then go before the people for nomination to succeed United States Senator Lee Slater Overman.

It is reliably said here by men who ought to know that Congressman Hoey has not only been offered the district attorneyship, but that he is being urged by Senator Overman and other friends to accept it. William Clegg Hammer, the incumbent and the Democratic nominee for Congress from the Seventh district, will relinquish the job before the election is over, it is said here, if Mr. Hoey will step in and take charge of the office.

**Tar Heels at Washington.**

The first two days of the week have brought many Tar Heels to Washington, and a number of them have been visiting the offices of Senator Simmons and National Committeeman A. W. McLean. Naturally, they talk politics, whether politics brings them here or not. There is not a chance in a million for the Republican party to increase its majority in North Carolina this year, they say, and for interesting contests they must look to the primaries of 1924 and 1926.

Many Tar Heels look for the Lumberman to make out into the water in due time. There has been enough talk of his candidacy since the nomination of Morrison to justify the conclusion that he has gubernatorial ambitions and is planning to satisfy them. Occasionally some of the wise ones say that he will be a candidate for the United States Senate in 1924 to succeed Senator Fairfield M. Simmons, but this line of gossip isn't as well-calculated as the report that Mr. McLean will run for Governor.

**Simmons Not to Run Again.**

There is, among the visiting politicians and among those who live in voiceless Wash., on a growing disposition to accept as a fact the rumor that Senator Simmons will not run again for the Senate. The senator not

**NOTIFY COOLIDGE  
OF HIS SELECTION**

**Republican Vice - Presidential  
Candidate Discusses Do-  
mestic Questions**

Northampton, Mass., July 27.—Governor Coolidge, in an address formally accepting the Republican nomination for Vice-President, at notification ceremonies here today, urged the country to summon its forces to solve the problems of reconstruction. He devoted the greater part of his address to a discussion of domestic issues, but called first for "a return to a thorough peace basis, because that is the fundamental American basis." And before domestic problems can be solved, he added, there must be a return from "the voluntary autocracy" established in the emergency of war to a government as exercised under the doctrine of the separation of powers.

In discussing the League of Nations, the Governor commended the Republican Senators for their opposition to the covenant without reservations as submitted by the President, terming "the league in that form subversive of the traditions and the independence of America." But the Republican party, he added, "approves the principles of agreement among nations to preserve peace, and pledges itself to the making of such an agreement, preserving American independence and rights as well, and meet every duty America owes to humanity."

The exercises were held on Allen Field, the athletic ground of Smith College, at 3 o'clock this afternoon before a crowd of several thousand which stood throughout the program, apparently unimpaired of the scorching rays of the sun which had turned the ideal summer day of the morning into one of uncomfortable sultriness. The Governor spoke from a mound which formed a natural platform and stood under a canopy flanked at either side by the stars and stripes and the State flag of Massachusetts. With him on the platform were Senator Lodge, former Senator John W. Weeks of Massachusetts, and other party leaders. A touch of the picturesque was added when an airplane flew low and dropped flowers upon the field. Governor Coolidge's declaration in behalf of woman's suffrage was the signal for an enthusiastic demonstration. He said he had always voted for it, but did not regard it as a party question. The Republican party, he said, "stands pledged to use its endeavors to hasten ratification, which I trust will be at once accomplished."

The address of notification was delivered by Governor Edwin F. Morrow of Kentucky.

**As to The League.**

"The proposed league of nations without reservations as submitted by the President of the Senate met with deserved opposition from Republican Senators" said Governor Coolidge. "Our

## Police Continue Efforts To Find Husband of Woman in Trunk Murder

**SEARCH FOR LEROY IS  
EXTENDED TO BORDER**

**Arrest Suspect in Kansas  
Wheat Field For Investi-  
gation In Case**

Detroit, Mich., July 27.—Little progress toward running down the slayer of Mrs. Eugene Leroy, whose mutilated body was shipped in a trunk from Detroit to New York, was made today, police officials admitted. The search for Leroy, husband of the slain woman, and a second trunk believed to contain the vital organs taken from the body, was continued in every part of the country.

The hunt for Leroy extended to the Mexican border today. On the strength of information obtained in New York by a Detroit police detective, departments in cities along the Rio Grande were asked to be especially vigilant.

**Expressman Given Clue.**

A New York expressman, who shipped a trunk to Leroy at the Detroit Y. M. C. A., informed the Detroit detective that Leroy had been a friend of a Mexican named Jose Yenes; who came from Galveston, Texas. The authorities have learned Yenes left Detroit for Texas June 10, the day the body of Mrs. Leroy was shipped to New York. The expressman is quoted as saying he learned from Yenes that Leroy had very good family connections in Mexico, and that either his father or brother was in the Mexican consular service. According to the expressman, Leroy also went by the name of "O. J. Woods" and "O. J. Fernandez." Leroy is said to speak Spanish and Yiddish.

**New Theory Injected.**

A statement to the police by Mrs. Leo Trumbull, wife of a patrolman, that Mrs. Eugene Leroy, victim of Detroit's trunk murder mystery, had confided in her that she was about to become a mother injected a new theory into the case today.

Police believe that examination of the organs might reveal whether death was due to a criminal operation, as has been hinted since Mrs. Trumbull made her statement. It was Trumbull and Mrs. Trumbull who identified the victim through clothing found in the trunk. Mrs. Trumbull was to go to New York today to view the body.

The police declared today they had established that Mrs. Leroy planned an attempt at suicide before her death.

**Slain in Apartment.**

That Mrs. Leroy was slain in the Harper avenue apartment house here was conclusively proven today, according to the police, by the finding there of his kets identical with those in which the body was wrapped before it was placed in the trunk. Another blanket has not been accounted for, and the police believe the vital organs of the body were red in it and put in a second trunk. A call has been sent to every express office in the country to

**SIR THOMAS SAYS BEST

Aboard Steam Yacht Victoria, July 27.—(By Wireless to the Associated Press).—"I am very sorry, but the best boat won," was Sir Thomas Lipton's remark as Resolute crossed the line a victor today and defeated the Irish baronet's fourth attempt to capture the trophy.

"We all did our best—skipper, designer and crew—and we have been beaten fair and square," Sir Thomas said.

"I have been treated throughout with the greatest fairness and sportsmanship by the Americans, and I am taking some of the very best memories of this contest."

"I shall wait till next year to give someone else a chance to challenge, and then I shall re-challenge myself."

"I have no excuse to offer; Resolute is the better boat," added the Irish sportsman.

**Democratic Member of Sen-

Campaign Expenditures Says

P. Has Plenty Money While  
Democrats Nearly Broke**

Dayton, Ohio, July 27.—Governor Cox today made what he termed a "big hole" in the work of drafting his address accepting the Democratic presidential nomination and also had a long conference with Senator Pomerene of Ohio, regarding continuance of Senate investigation of campaign expenditures.

The governor learned from Senator Pomerene that the latter already had written Senator Kenyon, Republican, the investigation committee's chairman, requesting continuance of the inquiry. Mr. Pomerene, who is a Democratic committee member, said he had not yet had a reply from the chairman, but had no doubt but that the investigation would proceed, and into State as well as the National campaign.

**Investigation Justified.**

"The investigation is justified," said Senator Pomerene, after his visit with the Democratic candidate.

Asked regarding Governor Cox's recent charges that the Republicans were raising a campaign fund sufficient "to shock the sensibilities of the nation," Senator Pomerene said:

"Some months ago there were rumors reaching the committee of efforts to underwrite both campaigns. These have, to some extent, been confirmed. The rumors applied to both Republicans and Democrats, but particularly to the Republicans. The public has a right to know if any excessive amounts are contributed or expended."

**G. O. P. Has Plenty of Money.**

When Senator Pomerene was reminded that Chairman Hays of the Republican committee, had ordered a limit of \$1,000 on individual campaign contributions, Senator Pomerene said the Republicans had apparently plenty of money, while the Democratic National campaign treasury, he said, now shows a "red ink" balance.

The question of necessity for a constitutional amendment giving Congress power to regulate expenditures in presidential elections and primaries also was discussed with Governor Cox, Senator Pomerene said. The Senator stated that as presidential electors are chosen by the States and not by the nation at large, a constitutional change might be necessary for Congress to cope with expenditures.

**Progress on His Speech.**

Senator Pomerene said the governor's only visitor today and the Democratic candidate reported rapid progress on his acceptance address. One important subject, he said, had been written in pencil and tomorrow he planned to spend most of the day dictating to his stenographer. He expressed confidence of having the address ready for press distribution next Saturday.

Governor Cox received a telegram today from the Montana Democratic committee urging him to visit that State and reporting that Democratic prospects there were flattering.

Dayton prepared for the "home-coming" celebration in Governor Cox's honor next Friday. Mayor Switzer issued a proclamation calling on all Dayton citizens to join in a non-political tribute to the governor.

Preparations for the candidate's notification ceremonies, August 7, also moved forward.

## ONE KILLED WHEN AUTO GOES OVER PRECIPICE

Denver, Colo., July 27.—Lon Moore, of Defiance, Ohio, a circus clown, was killed; Charles Hite, circus concessionaire, of Fronton, Ohio, was fatally injured, and three Denver people were seriously injured when their automobile rolled off a 200-foot cliff in Bear Creek canyon early today.

William Hart, a taxi driver of Denver, and his wife were in the front seat. It is said the woman became excited and grabbed the steering wheel and turned the car over the edge of the precipice.

## MacSHERRY LOSES FIGHT TO PREVENT EXTRADITION

New York, July 27.—Frank MacSherry, held here as a fugitive from justice from Florida, where he is wanted in connection with a \$100,000 "wire tapping" swindle game, lost his fight to prevent extradition today when a writ of habeas corpus was denied by the State Supreme Court. He was, however, granted a two week's stay of execution of the extradition warrant to allow his attorney time to file an appeal, and he was given his liberty under \$25,000 bail.

The charge against MacSherry, according to affidavits presented to the court, is that at Palm Beach, Fla., he acted in concert with four others swindled victims out of \$100,000 by the old "wire tapping game" on the races during the months of December, 1919.

## SAYS AMERICA IS HELPING GERMANS IN SEVERAL WAYS

Berlin, July 26.—(By The Associated Press).—Reviewing the political situation in a speech in the Reichstag this evening Dr. Walter Simons, foreign secretary, said:

"With America we are still in a state of war and the end will not come until March, 1921. Nevertheless, humanitarian efforts are being made in America for German children and young mothers. Large numbers of milk sows are to be brought to Germany."
