

SAYS MUST SOLVE JAP IMMIGRATION

Harding Says Solution of Pacific Coast Race Question Is Imperative

Marion, O., Sept. 14.—Solution of the Pacific Coast race problem was declared by Senator Harding, in a speech here today, to be imperative if the nation's future security and tranquillity are to be insured.

Speaking to a party of Californians, the Republican nominee said the Federal Government could not afford to be unmindful of the situation raised by Oriental immigration, but must give its support to the far western states "in necessary measures, consistent with our national honor, to relieve them of their difficulties."

Without making the question of racial inequality, he asserted provision could be made to exclude aliens of any race who had shown themselves incapable of Americanization. He added that the right to take such steps was assured both by moral law and by international usage.

In the same speech, which also was heard by a delegation from Belmont county, Ohio, the Senator replied to Democratic charges of a Republican "Senate oligarchy" asserting that no one complained about the exercise of Congressional power except those who want to perpetuate "autocratic, personal government."

He also touched on the tariff question declaring it was possible that a long list of agricultural products might be found requiring a protective tariff levy when the problem was brought up for study and action by a Republican administration.

About forty state political leaders and representatives of state and city organizations made up the party from California. Headed by Governor W. J. Stephens, they marched to the Harding front porch in line with the Belmont county contingent and assured him that California would join with Ohio in November to make his election certain. Cheering answered many of the nominee's declarations and after he had finished speaking, the crowd gave "three cheers for Harding."

Governor Stephens and Mrs. J. B. Hume were spokesmen for the Californians, the latter telling Senator Harding that the women of her state would redeem themselves this year "of the criticism of having re-elected President Wilson because he kept us out of war."

A. H. Mitchell made the address for the Belmont county people. Among other callers today was David Jayne Hill, of New York, former ambassador to Germany and a delegate to the second Hague peace conference.

suffrage amendment without debate, the yesterday Senator Bradstreet, one of the bitterest opponents of woman suffrage here, asserted that the Republicans had fixed the women in Maine and could do so in his own State, came out strong for ratification of woman suffrage by the legislature now in session at Hartford. The Republicans now believe they can vote the women and may no longer hesitate to add the State that places ratification beyond the bounds of a serious legal contest.

But the Maine result is not without a great danger to the Republicans. The party is not likely to slow down in its campaign. Apathy is not its danger as some Republicans seem to fear according to the view of the Democrats. The danger is that the Maine success will cause the irreconcilables to push Harding and the leaders entirely away from any sort of a league.

It is reported that Hiram Johnson is coming East and will demand of Harding and his friends like Taft and Wickersham who insist on a League that the promise of any sort of an international organization that bears the least semblance of a League of Nations must be absolutely abandoned. The Democrats are hoping that Harding and his party drunk with the hope of success will take this position. At any rate they expect the Republicans now to stiffen their attitude against the League or any league. Harding has had to practice the ignominious mental straddle of riding two horses going in opposite directions. His position has been extremely uncomfortable and with Maine before him he may challenge the gods. The Democrats are hoping that he will.

COX RAISES G. O. P. SLUSH FUND TOTAL

(Continued from Page One.)

William Barzen, Jr., of New York, Governor Cox said he observed in today's papers that the corporations' mills had been ordered reopened. The governor said he "was too modest" to discuss the incident further, except to recount his recent attacks on the corporation and M. Wood, whom he charged with seeking to depress wool prices, in the face of increased demand, and to force employes to accept lower wages. In this connection, the governor again denounced "big business" and charged it with contributing toward "purchase of the presidency."

Governor Cox was accompanied on his tour through Idaho by Senator Nugent, Democrat, who is seeking re-election, former Governor J. H. Hawley, and T. A. Walters, Democratic gubernatorial candidate.

TOTAL TAX RATE FIGURED AT \$1.58

Township Scrip Tax, Including Bond Issue Tax, Will Be 19 Cents

The total tax rate for a citizen of Raleigh township, including State, county and township taxes for all purposes, will be \$1.58 on each hundred dollars of property, against the rate of \$1.23 last year.

Taxpayers have been puzzled over the total rate in connection with the special school tax of ten cents on the hundred dollars, and thirty cents on the poll, to be voted on October 2. The tax rate for special purposes in Raleigh township in 1919 was 35 cents, but by the revaluation program this rate has been scaled to 16 cents. The bond tax issue on \$50,000 worth of bonds amounting to 2 cents in 1919, was scaled this year to one cent and a similar tax of six cents on a \$100,000 bond issue was scaled this year to two cents. The special taxes, together with the three cent bond taxes, gives a total rate of 19 cents for school purposes in the township against 45 cents in 1919.

The \$1.58 cent total is arrived at by addition of all the taxes imposed in the county, including city tax of 55 cents; State school, 25 cents; county school, 19 cents; county general purposes, 12 cents; county bonds, 2 cents; county roads, 19 cents; township school, 19 cents.

The taxable value of the township is listed at \$42,980,787 and a 19 cent rate for school purposes will give \$79,533.49, part of which must go to bond purposes, and all of which under present enrollment, program will leave the school board with a deficit of over \$13,000. To give the teachers of Raleigh the increase in salaries pledged at the instance of the parent teacher associations, the Rotary Club, Kiwanis Club, the Woman's Club and the chamber of commerce, will require an additional \$20,000 or more.

The proposed ten cent tax will bring in, Mayor Eldridge estimates, about \$42,080.78, not allowing for losses and delinquencies, and will give the school board a theoretical balance of \$40,000, which to bolster up the crippled high school, provide four temporary rooms in the Wiley school and furnish teachers and equipment and meet other urgent needs of other public schools.

Registration for the special tax election is still under way, and voters are urged to lose no time in registering. Although the registrars are required to be at the registration places only on Saturdays, the books for the most part may be found at any day at the polling place. Saturday, however, is the last day for registration and the books will close on that day at sunset, and those who have not registered cannot vote on October 2.

COTTON BROKER IN CUSTODY OF POLICE

Wife of R. O. Alexander Has Peace Warrant Sworn Out When He Returns

Charlotte, Sept. 14.—R. O. Alexander, prominent Charlotte cotton man, was today lodged in jail at the police station on a peace warrant issued by his wife, Mrs. Mary H. Alexander. He is also charged with abandonment and non-support.

The warrant came as the climax of a rapidly enacted episode at the Alexander home when Mr. Alexander arrived from the North last night, accompanied by three strange looking religiousists and demanded to see his children, who were last week given to the care of Mrs. Alexander after a probate court hearing in Springfield, Mass. It was believed he had come to kidnap the children and neighbors

flocked to the Alexander home, fearing for the safety of Mrs. Alexander and her children. Mr. Alexander was taken to the police station but no legal action was instituted against him. He was placed in a hotel hotel under police guard where he remained until this afternoon. The strange, two women and a man, were ordered to leave town this morning by Walter B. Orr, police chief. They departed at 10:30 o'clock.

News of the case will take place tomorrow morning in the recorder's court. Mr. Alexander is said to be a religious fanatic and has for many years preached on Biblical prophecy. For the past year he lectured throughout New York State.

Our Rent Statements are Made as Follows:

- First. Each payment of rent is entered separately giving date of payment and amount paid. This keeps an absolute account of all collections so that both landlord and tenant can check the report and know that it is correct.
- Second. (If we attend to repairs): Each item spent for repairs is charged separately with voucher from the supply house that furnished the material and vouchers for labor charges are made by the laborer who did the work. This gives a detail statement for all repair charges.
- Third. We charge six per cent on collections of rent and six per cent on all repair charges. A check is sent PROMPTLY each month for balance due the landlord.

This system enables each property owner to check each item of collection and expense and figure his net income on the property.

INCOME TAX REPORTS require the above information EACH YEAR. By keeping our monthly statements you can make up your income tax report from your real estate without trouble.
