

DAUGHTERS CLOSE ANNUAL MEETING

Next U. D. C. Convention Will Be Held in St. Louis; Final Reports Made

Ashville, Nov. 12.—With the presentation of new officers, final reports of committees, with all ends of the convention cleaned up, the 27th annual convention of the Grand Division of the U. D. C. which it is claimed was one of the most successful in the history of the organization, adjourned here tonight to meet at the Statler Hotel in St. Louis next year, the exact date of which will be selected later.

Delegates left Asheville tonight on every train, the majority of them, however, will remain over for the week-end to enjoy side trips, which they have been unable to take owing to the strenuous business sessions.

The final report of the committee on the Hero fund was made by Mrs. Baile, of Arkansas, with the total amount of \$26,595.91 paid in.

The U. D. C. endorsed the recommendation left by Dr. H. L. Smith, president of Washington and Lee university, for the improvements to be made at that institution.

Notice was given that an amendment will be asked that the date of the convention with Arkansas be changed to the first of August.

Recommendation was passed that local chapters of the U. D. C. endeavor to have the favorite hymns of Lee and Jackson sung in the churches over the South, on the Sunday preceding their birthdays.

It was resolved to send Mrs. C. Helen Paine, of Georgia, greetings from the convention.

Out of the 34 States having divisions or chapters, 25 were represented at this convention. There were 865 representatives, 208 coming from North Carolina.

The membership of the organization is 64,000. By motion of the Treasurer General, Mrs. A. H. Norris, she was instructed to send each of the old ladies of the confederacy receiving pensions a Christmas present of five dollars.

A total of \$1,190 was subscribed to the Jefferson Davis National Highway, Miss Decca L. West of Texas, being chairman of that committee.

Mrs. W. S. Coleman, of Georgia, presented to the organization a cross made from a piece of the charter oak, as a compliment to the president general, Mrs. McKinney graciously acknowledged the gift.

The report of the committee on monument to Jefferson Davis at his birthplace, Fairview, Ky., was made by Mrs. Jackie Daniels Thresh, of Barboro, North Carolina, chairman.

showed much progress \$6,518 of the quota of \$18,000 having been paid. An interesting report was made by Mrs. Felix Harvey of North Carolina on the record of church bells presented to the Confederate government during the War Between the States many churches gave their bells to be made into cannon balls to be used in the war.

Among the cities giving bells for this purpose are Charlotte, S. C., Richmond, Va., Brunswick, Ga., Lumpkin, Ga., Appalachiocola, Fla., Philadelphia, Miss., Washington, N. C., Scottsville, Va., Danville, Va., Edenton, N. C., Hillsboro, N. C., Nashville, N. C., and Tarboro, N. C. Mrs. Harvey made the statement that the idea of rescuing from the past history of the church bells given to the confederacy originated with Major Henry A. London of North Carolina. Mrs. Warren intruded into the convention Mrs. Henry A. London, stating that she was an ex-president of the North Carolina division.

Mrs. London said that Major London when 17 years old was courier to Major General Bryan Grimes and carried the last order sent on the field at Appomattox, in the fight immediately preceding the surrender. The order was from General Gordon to General Grimes to "cease firing."

CITES BAD EFFECTS OF ERA OF PROHIBITION

Report Declares Cruelty in Homes and Juvenile Delinquency Have Increased

Chicago, Nov. 12.—Statistics showing that complaints of cruelty to wife and children have increased 238 per cent since prohibition arrived, and more rapidly in the last six months than during the first half of the year, were given in the annual report of Albert E. Webster, superintendent of the Juvenile Protective Association, made public today.

"Men who formerly drank heavily," the report reads, "have undergone a reaction which expresses itself in surges of abuse of the family."

Other classes of complaints also are shown to have increased. Juvenile delinquency has increased forty per cent; complaints against disorderly houses eighty per cent, or about 700 per cent since the war period and complaints concerning runaway and immoral girls nearly 100 per cent or eighty per cent more than during the war period.

On the other hand, it was shown that complaints of adult contribution to child delinquency on account of liquor have decreased 74 per cent since the 18th amendment went into effect, prosecutions for non support have decreased twenty per cent, disorderly conduct charges have been cut in half and insanity complaints reduced sixty per cent.

PICKED ORCHESTRA WILL ACCOMPANY PRESIDENT-ELECT

Washington, Nov. 12.—A picked orchestra from this city will accompany President-elect Harding on his forth coming trip to Panama. It was announced here today. The orchestra played for the Prince of Wales during his recent visit to Washington.

The members of the commission refrained from commenting individually on the case, but said that Chief Orr had not counseled with the recorder in any of the liquor cases or sought to influence him to place heavier fines or sentences. For some time individual officers have complained privately that it was scarcely worth while to trail down liquor dealers and bring them before City court, citing the records as the evidence and get road sentences demerit.

AMERICAN CHARGE CONFERS WITH MEXICAN SECRETARY

Mexico City, Nov. 12.—George T. Summerlin, the United States charge d'affaires here, who recently returned to Mexico City from Washington, where he conferred with Secretary of State Coby on Mexican affairs, visited the foreign office today and spent some time in conference with Dr. Cuthbert Hidalgo, under secretary for foreign affairs. Mr. Summerlin would not disclose the nature of the conversation, other than asserting he was merely paying his respects following his return to Mexico City.

Warren Undecided About Resignation

Thomas D. Warren, Democratic State chairman, yesterday partially confirmed the New and Observer's Washington correspondent's report of his approaching retirement from the chairmanship of the executive committee, when he made it plain that he will not conduct another campaign.

"I don't know that I will resign, but as I intimated to a number of my friends before the campaign closed, I will not stand for re-election," said Mr. Warren, who spent the day in Raleigh.

Mr. Warren doesn't believe that in the interim between elections there is much for a State chairman to do. Hence he feels little impulse to resign before his normal term expires. He is emphatically not in sympathy with a scheme which would mean the establishment of permanent headquarters and the maintenance of a wheel-time secretary.

"The Democratic party is safe in North Carolina," he said last night. "We have whipped the radicals unmercifully. Next year, more women will register than registered for the past election and there is no reason why the Democratic majority should not be more than a hundred thousand."

OPEN BREAK OVER LAW ENFORCEMENT

Charlotte Police Chief Cited To Appear Before Recorder On Contempt Charge

Charlotte, Nov. 12.—Police Chief Walter B. Orr has been cited to appear before Judge E. Lawrence Jones, city recorder, on a charge of contempt of court, the citation being issued following publication of a statement of Chief Orr in which he said signs similar to that given in the S. M. Baggett liquor case of Friday was a form of "cheap license."

Chief Orr said the police department had grown disheartened in its effort to push liquor dealers. This statement created a sensation. This was the first open break between the city recorder and the police department through rumblings of discontent have been heard since early in the fall.

Members of the city commission took official cognizance of the open break between Judge Jones and Chief Orr and a special session of the commission was held to confer on the matter. Following the conference there was no announcement beyond the fact that Chief Orr would not be suspended and that it was solely a question between Chief Orr and Judge Jones.

The members of the commission refrained from commenting individually on the case, but said that Chief Orr had not counseled with the recorder in any of the liquor cases or sought to influence him to place heavier fines or sentences. For some time individual officers have complained privately that it was scarcely worth while to trail down liquor dealers and bring them before City court, citing the records as the evidence and get road sentences demerit.

Declares, However, That He Will Not Conduct Another Campaign

"We don't have to tell you that. That is our business."

"I shan't stand for it," is the protest.
