Methodists Win First Important Basketball Game of Season By Score of 33 To 11

Durham, Jan. 22.—Trinity had little trouble in defeating State in the first important basketball game of the Season, tripling the score and win-ning by a count of 33 to 11. The game started slowly, excessive

Neither team was able to handle the hall successfully during the initial period, the half ending with the score Il to 5 favor of Trinity, all of the visi-tors' points having resulted from fouls. In the second half, the Methodists came back strong and rolled up 22 points by fast passing and accurate shooting, with Simpon, Moore and Crute showing to the best advantage. For the

visitors, the work of Beal and Park was noteworthy. Only the cooler judgement of the older heads prevented the game from end-ing a free for all fight. The great impediment to peaceful reconstruction in those troubled border territories, the imminent danger of new territories, the imminent danger of new hostilities, is caused by the utter confusion between offense and defense Unless this distinction can be clearly defined there is not only small hope of peace, but no hope of a clear perception of who is responsible for new
