

ANOTHER OHIO SON RECEIVES REWARD FROM PIE COUNTER

President Names Roy Haines, Newspaper Editor, As Prohibition Commissioner

ANTI-SALOON LEAGUE GIVES ITS APPROVAL

Attorney General Requests Texas District Attorney To Resign; This May Set Precedent For Others; Wholesale Dismissal of Government Clerks Worries Congressmen

The News and Observer Bureau, 603 District National Bank Bldg. By EDWARD E. BRITTON (By Special Leased Wire)

Washington, June 10.—The once settled upon "certain" appointment of Newton Fairbanks, of Ohio, brother of the late Vice-President Fairbanks, today went into the discard, and the new Commissioner of Prohibition who is to take over the job that John F. Kramer has been holding, was today announced as Major Roy Haines, also from Ohio, for Ohio has a pull in this position as it has demonstrated that it has on many others.

The rumor that is on the rounds is that after looking over Mr. Fairbanks for some time during his sojourn in Washington waiting for the job to come his way, the powers that hand out jobs decided that he would be a misfit as prohibition commissioner, hence the switch to Major Haines in both, who is not a "really rub" major who saw service overseas, but a military institute head to whom the title of Major came.

Incidentally another qualification outside of that of being an Ohio man is that Major Haines, who is a newspaper man, was one of the first of the Ohio editors to come out in the open with declarations for Warren Gamaliel Harding for President. The Anti-Saloon League leaders are said to have given the nod of approval to Major Haines, and his appointment followed quick on the rumor about it. Mr. Fairbanks is slated for "something equally as good" for he is from Ohio.

May Oust District Attorneys. While the report has been made that Attorney General Daugherty will let the various District Attorneys of the country hold on to their places till the expiration of eight years of Democratic occupancy, there comes news to Washington that in at least one case he has gone just the other thing, for H. H. Robertson, of the Western District of Texas, is reported to have been asked to resign, and has refused, characterizing the request of Mr. Daugherty as "a piece of cheap and petty politics."

It has been the understanding that Irvin B. Tucker, slated by the "hog combine" of North Carolina Republicans for District Attorney of the Eastern District of North Carolina would have to wait for the expiration by the Daugherty bill of the term of H. L. Aylett, Democratic incumbent, before getting his piece of pie, but with the Texas case in mind it may be that the pressure for jobs will get to be so strong that there will be a call to cast the North Carolina Democrats to give place to the North Carolina Republicans.

Wholesale Dismissals of Clerks. Wholesale dismissals of government clerks in the various departments of the government have thrown an extra amount of work on members of Congress, for the clerks have hurried to their members with pleas for help to hold their jobs, and the congressmen have been hard put to it in visiting departments and bureaus trying to hold their constituents on the jobs they don't want to relinquish. Senator McCumber, of North Dakota, seeks to eliminate what he holds is discrimination in dismissals, and he has introduced a bill which is designed to provide the manner and method to be followed in making reductions in government forces.

Reed and Glass Clash in Sharp Debate Over Federal Reserve

Missouri Senator Charges Act Fundamentally Changed After It Reached Senate And Virginia Solon Makes Emphatic Denial; Senate Stilled By Tenseness During Verbal Tilt.

Washington, June 10.—Senators Reed, of Missouri, and Glass, of Virginia, clashed in a lively manner today in the Senate over whether the Federal Reserve act, sponsored in the House years ago by Senator Glass, had been fundamentally changed when it reached the Senate. The Missouri Senator said it had, and Senator Glass, rising hastily from his seat, shot forth: "That is not the fact."

Two score Senators present, "to let it go into the record without dispute the statement that legislation with which I had something to do had been thrown together haphazardly so that the Senate had to alter and change it in 500 respects. I had observed that the Senator from Missouri was intolerant of differences of viewpoint and quick to retort to any Senator who failed to agree with him."

Glass Makes Emphatic Denial. Then Senator Glass proceeded to repeat Mr. Reed's previous assertions which he described as "a vituperative and offensive retort" and "an exhibition of pantomime not becoming in a body of this character." He denied that the Federal Reserve act was "the product of a single mind" but was, he said, the result of common council of patriotic minds. "He denied in detail Senator Reed's statements and concluded: "I might say other things, but I do not believe this is the proper place for a vent to one's impulses. I put the Senator from Missouri on notice, however, that from now on whenever he makes a statement against me personally he will not avoid proper reply from me and not in vulgar manner such as shown by him here this afternoon."

Senator Reed in reply declared he had said nothing to give offense to Senator Glass; promised to prove his statements; and added: "He says I have no occasion to love him. That is true. I don't and I have no reason to do so."

OPEN NEW FIELDS IN SENATE PROBE

Ford Lawyers Get Subpoenas Issued For New Witnesses In Newberry Inquiry

Washington, June 10.—New fields were opened today in the Senate consideration of Henry Ford's contest for the seat of Senator Newberry of Michigan, when at the instance of Ford counsel subpoenas were issued for William C. Durant, former president of the General Motors Company, Andrew Green, Jr., president of the Solvay Process Company, and Lyman D. Smith, New York stock broker. None of the men were drawn into the criminal prosecutions which preceded the contest, but will be asked Monday to tell of any connection they may have had with the Newberry campaign financing in 1918.

Today's session was marked by a clash between Alfred and Henry Lucking, attorneys for Ford, and Chairman Spencer and some of the Senatorial committee members and by the withdrawal of Paul H. King, Newberry campaign manager, from the witness stand when he evinced symptoms of nervous collapse during examination concerning expenditures under his control. Charles A. Floyd, secretary of the Newberry campaign committee, took his place, and the Luckins, father and son, armed with attacks of cancelled checks said to number 1,800 pressed him sharply.

These checks, though ranging in amounts up to \$17,500, marked "paid" by the banks, and said to have been given to many individuals including Floyd, the witness explained as "reconciliation checks." No money actually passed upon them, he insisted but they evidenced money previously paid out, and their total of \$160,000 he said, constituted practically the entire amount used in the Newberry primary election campaign.

Chairman Spencer interrupted the examination and, though Alfred N. Lucking protested vehemently, held to his decision that "this is enough about three checks" Senator Pomereoy, Democrat, Ohio, however, left the committee room in some heat after failing to force an adjournment.

Floyd conceded total expenditures in the primary campaign for Senator Newberry was \$176,000. Through King, the campaign manager, Mr. Lucking earlier in the day put in the record a description of the Newberry campaign, striving to show Senator Newberry's familiarity with his details and financing.

King, however, said he took orders from his principal, but went ahead alone on campaign projects without ever reporting by mail.

"Co-op Holidays" "Closed for meeting on Co-operative marketing" is way merchants of Jacksonville, Onslow County, responded to the campaign to make North Carolina prosperous through marketing of cotton and tobacco under a business-like growers' association. All the merchants and business men attended the mass meeting and pledged their support to put their county over in the sign-up drive. The idea of closing stores and banks during meetings, or for one day of the campaign, which originated in Snow Hill, Greene County, is spreading to other counties. Today the merchants of Oxford, Granville County, have agreed to close their stores and attend the meeting where Dr. C. C. Taylor of State College is to explain the co-operative agreement that are now being signed in 37 of the leading producing counties of the state.

WIRILE SPIRIT OF WILSON NOT DEAD

Chairman George White Finds Former President Still In Fighting Mood

The News and Observer Bureau, 603 District National Bank Bldg., By EDWARD E. BRITTON. (By Special Leased Wire)

Washington, June 10.—Declaring that former President Wilson "still has the militant spirit which characterized him as a party leader and a chief executive," Chairman George White of the Democratic National committee came from a visit to the former President this afternoon, much pleased with his interview. Mr. White arrived in Washington yesterday morning and on his visit to the former President at his home here had an hour's conference upon political matters. While Mr. White would not speak of the matters he discussed with Mr. Wilson, he said that the conference was on general political topics and conditions.

"I can say this much however," said Mr. White. "Mr. Wilson retains his keen interest in all affairs affecting the welfare of his party and his country and he still has the militant spirit which characterized him as a party leader and chief executive."

In reply to questions concerning Mr. Wilson's physical condition, that was a matter which he could obviously make no public statement. "My talk with the former President was very interesting and agreeable; I enjoyed it very much and I hope Mr. Wilson did."

On the business situation, he said, the business men were beginning to ask where was the great revival of business promised by the Republicans in the last campaign and beginning to "wonder how much further it is to 'normalcy'."

He declared that there is a great revival spirit among Democrats and that there is general disposition among them to get together. "The failure of the Republican administration to keep its election promises to date has put new heart and new hope in the party everywhere," he said.

THREE CHARLOTTE MEN HURT IN AUTO WRECK

Charlotte, June 10.—Frank Yorks, Charles Skinner and Gilder Craver, prominent young society men, were badly hurt at a late hour last night in an automobile wreck on the Charlotte-Lancaster road, 26 miles South of Charlotte, and a new car that belonged to Craver's father demolished. Mr. Yorks is a son of John Yorks, Mr. Craver of H. D. Craver, Mr. Skinner, a brother of Mrs. Paul Haddock. The injured are in a hospital here. Craver was driving the automobile and ran into the bridge over the twelve mile creek this side of Lancaster which was closed but no light there clinched. Roger Craver and Robert Masterman were also in the car. The wheels were smashed off and the body of the car crushed by the impact. All the men were more or less hurt.

SPEECH GARBLED SIMS DECLARES IN MESSAGE TO DENBY

Senator Harrison Describes Sims and Harvey As The "Gold Dust Twins"

TWO SPEECHES OUTRAGE TO AMERICA, HE SAYS

Mississippi Reiterates Demand For Ambassador's Recall From London; American Federation of Labor Asks For Admiral's Recall; Sims Makes Another Speech

London, June 10.—(By The Associated Press)—The reply of Rear Admiral Sims to the request of Secretary of the Navy Denby for an explanation of his speech here Tuesday, expresses the opinion of Admiral Sims that some parts of the speech, to which objection had been taken, had been garbled. This was learned unofficially, but on good authority, here today.

Admiral Sims says he said nothing in his address which he had not said before in speeches in the United States and in his book.

SIMS MAKES NO MENTION OF IRISH IN SPEECH. London, June 10.—(By The Associated Press)—Rear Admiral William S. Sims made no direct mention of Americans in sympathy with the Irish republican cause today during a 40-minute address at a luncheon given in his honor by the American Luncheon Club.

In an apparent allusion, however, to remarks of last Tuesday when he addressed the English-Speaking Union, Admiral Sims said: "I am going on doing the same thing." This declaration brought from the two hundred guests a repetition of the uproarious applause which had greeted the remarks of Wilson Cross, vice-president of the American chamber of commerce in London in introducing Admiral Sims.

"He is stinging again but says he will stand by what he has said," Mr. Cross told the assembled company. "I want to assure him that this company will stand with him—and so will all full-blooded, true, honest, thinking Americans."

HARRISON DESCRIBES THEM AS THE "GOLD DUST TWINS". Washington, June 10.—Rear Admiral Sims and Ambassador Harvey are described today in the Senate by Senator Harrison, Democrat, Mississippi, as "these two gold dust twins" who represent the government of the United States.

Senator Harrison, author of the resolution adopted yesterday directing the naval committee to investigate Admiral Sims' speech criticizing Sims' Pfen sympathizers, declared the Admiral's speech and that of Mr. Harvey at the Pilgrim dinner was "an outrage to red-blooded Americans."

"I hope the Senate committee will require the report that Secretary Denby has demanded from Admiral Sims," said Senator Harrison. "I hope Congress will take immediate action if Secretary Denby fails to do anything to him if he was quoted correctly."

Senator Harrison said that Admiral Sims "ought to be got rid of from the navy" if he was quoted accurately and he also reiterated his demand for Ambassador Harvey's recall. Noting that Secretary Denby had called from Admiral Sims for an explanation within 24 hours Senator Harrison said no official of the government had taken similar action as to Ambassador Harvey.

"He has not been called down by the President or the Secretary of State or any other official," said the Senator.

AMERICAN FEDERATION DEMANDS RECALL OF ADMIRAL SIMS

Denver, Colo., June 10.—The recall of Admiral Sims from England and his dishonorable discharge from the United States navy by President Harding if his remarks in London on the Irish question are found to be correctly quoted, were demanded in a resolution presented today in the annual convention of trades department of the American Federation of Labor. The resolution presented by Timothy Heagy, head of the Brotherhood of Firemen and Oilers, urges that the full force of the American Federation of Labor, be asked to co-operate and assist in the report.

The resolution probably will be acted upon tomorrow. The convention today authorized the convening of a nation-wide conference of international officers of the metal trades unions in Washington within the next six days to consider plans for a new unionized drive upon American industry.

JURY TAKES CASE AT NIGHTFALL IN TRIAL OF PEACOCK

Former Congressman Clyde Hoy Concludes Argument For The State

FIFTEEN LAWYERS IN CASE MAKE SPEECHES

In Crowded Court House Throughout Day, Attorneys Condemn and Defend; State Maintains That Killing of Police Thomasville Chief of Police Was Premeditated Murder

Lexington, June 10.—After four hours of deliberation, the jury in the case of Dr. J. W. Peacock on trial here for murder in connection with the killing of Chief of Police J. E. Taylor, of Thomasville, went to bed at 10:30 o'clock, tonight not having reached a verdict.

Lexington, June 10.—At 5:30 this afternoon Clyde B. Hoy, of Shelby, the 15th attorney to speak in the case, concluded the summary of the State's argument that Dr. John Walter Peacock should be found guilty of murder in the first degree for killing Chief of Police J. E. Taylor, of Thomasville, on April 16. Judge T. B. Finley charged jury before court recessed for supper. Ridiculing the idea of insanity, declaring this plea to have been declared by the demeanor of the physician on the stand as a witness and vigorously asserting that the killing had all the elements of premeditated and deliberate murder, the former Congressman appealed for a verdict carrying the extreme penalty. Mr. Hoy spoke for two hours.

13 Hours of Argument. J. J. Parker, of Monroe, preceded Mr. Hoy and closed the case for the defense in a powerful argument lasting for two hours, in which he contended that an overpowering weight of evidence, both from laymen and experts, had shown the defendant to have been insane at the time of the killing. He summed up all the evidence of both State and defense and brilliantly analyzed from the standpoint of the defense.

These two speeches concluded approximately 13 hours of argument, six and a half hours to each side. Winston J. C. Bower, A. E. Holt, W. R. Selton, Salem and H. H. Hoyle, spoke yesterday afternoon and last night for the State while E. E. Baper, Wade H. Phillips and J. F. Sprull, of the local bar, and T. C. Linn, of Salisbury, argued for the defense, the argument lasting until 9:30 last night.

Considered Able Effort. Walter H. Woodson, of the Salisbury bar, opened for the State this morning and during the forenoon session was followed by Z. V. Walsler of the local bar and R. Lee Wright, of Salisbury, for the defense, and M. H. Stone, of Thomasville, and A. E. Frier, of Salisbury, for the State. The afternoon session was given over to the closing arguments by Mr. Parker and Mr. Hoy.

HONEYCUTT GETS VERDICT OF GUILT

After Twenty-eight Hours Jury Comes In With Plea For Mercy

Buenos Aires, June 10.—(By The Associated Press)—Dr. Luis Maria Drago, noted jurist and author of the Drago doctrine, died yesterday. He had been ill a considerable time and his death was expected.

The Drago doctrine, which carried the name of its author into every civilized country of the world, was drawn up on the occasion of the simultaneous appearance off the coast of Venezuela of an Italian, German and an English warship, each to collect a private debt owed by the nation to individuals in their respective countries. Although in no way concerned in the hostile demonstration, Dr. Drago formulated his doctrine, setting forth that the collection of private loans by military means implied a potential occupation of territory, and was, therefore, at variance with the spirit of the American policy.

SCOTLAND NECK BEGINS STREET PAVING WORK

Scotland Neck, June 10.—The street paving work here is going forward with a rush and already the actual work of the paving of Main street has begun. Preliminary measures toward the paving of a number of residential streets have also been taken, and the grading of the streets and the installation of the storm drainage is now going on. The contractors desire to finish their present amount of work by the first of September, but a number of other petitions have been presented to city council and it now looks as if a goodly portion of Scotland Neck will be paved besides the large area that is now under construction.

"The defendant is in the custody of the Marshal" repeated Judge Connor and Honeycutt, who received the verdict calmly moved over to the deputy, later conversing a few moments with his attorneys before following the officer to spend his first night in jail. Judge Connor this morning will pass sentence on Honeycutt whose second trial on charges growing out of the alleged purchase of merchandise stolen by the wholesale firm from freight cars started Tuesday. In the first case, tried in December, Judge Connor sentenced Honeycutt to a term of five years in Atlanta and to pay a fine of \$5,000. Honeycutt gave notice of appeal and the writ was certified this week by Judge Connor.

NEW REPUBLICAN CHAIRMAN NAMED

John T. Adams, of Dubuque, Iowa, was elected chairman of the National Executive Committee of the Republican party this week to succeed Will Hays. Four years ago Mr. Adams was defeated for the chairmanship by Hays.

HUFHAM IS CHOSEN HIGHWAY ENGINEER

Delaware Official Coming To North Carolina To Help Build Roads

Charles Hufham, highway engineer for the State of Delaware, accepted appointment to the same position in North Carolina yesterday, and will come to the State within the next few weeks to begin his new duties. Mr. Hufham spent several days here last week when the Commission was in session, and went over the work with the members. He telegraphed his acceptance to Chairman Frank Page yesterday.

Mr. Hufham comes to North Carolina in place of Clifford Older, State Highway Engineer of Illinois, who was appointed by the Commission at its second session in April. Mr. Older accepted the position, agreeing to come to North Carolina early in the summer and later reconsidered his decision because of the unwillingness of members of his family to leave that State.

The new highway engineer is a graduate in engineering at the Boston Institute of Technology. Some years ago the DuPonts determined to build a paved highway across their State of Delaware. Mr. Hufham was in their employ at the time, and he was delegated to go into every State in the Union, and into several foreign countries to study roads. He went, at the expense of the DuPonts, and came home and built one of the finest pieces of road in the world.

Then he was made State Highway Engineer of Delaware, and continued the road building provided by the General Assembly. Delaware is said to have the finest system of roads in the country, most of which has been built under the direction of Mr. Hufham. Mr. Page has known him for several years, and has high regard for his abilities as an engineer.

THE AUTHOR OF FAMOUS DRAGO DOCTRINE DEAD

Buenos Aires, June 10.—(By The Associated Press)—Dr. Luis Maria Drago, noted jurist and author of the Drago doctrine, died yesterday. He had been ill a considerable time and his death was expected.

The Drago doctrine, which carried the name of its author into every civilized country of the world, was drawn up on the occasion of the simultaneous appearance off the coast of Venezuela of an Italian, German and an English warship, each to collect a private debt owed by the nation to individuals in their respective countries. Although in no way concerned in the hostile demonstration, Dr. Drago formulated his doctrine, setting forth that the collection of private loans by military means implied a potential occupation of territory, and was, therefore, at variance with the spirit of the American policy.

ELIZABETH CITY YOUTH CONFESSES TO BURNING

Lynchburg, Va., June 10.—Thomas Gray of Elizabeth City, N. C., arrested yesterday in connection with the murder of Watchman J. L. Davis at Charlottesville, today confessed to having set fire to the Hutter warehouse here the night of May 27, after having robbed the office, according to the authorities. After losing his flashlight the boy struck a match to find his way out, dropping the match in the hay, he said.

FUNERAL OF GALBRAITH IN CINCINNATI TODAY

Cincinnati, June 10.—The funeral of Colonel Frederick W. Galbraith, Jr., commander of the American Legion who was killed in an automobile accident in Indianapolis, will be held Saturday afternoon in Music Hall, the largest auditorium in the city. It is considered likely that the burial will be in Arlington Cemetery, Washington, D. C.

MAYORS TO MEET HERE TO CONSIDER FINANCIAL RELIEF

Gallatin Roberts, President Municipal Association, Authorizes Special Session

CONFERS WITH GOVERNOR BEFORE TAKING PLUNGE

Mayor Eldridge Will Issue Call This Morning; Believes Special Session Legislature Necessary To Provide Adequate Financial Machinery For Cities at Present Time

The North Carolina Municipal Association will meet in Raleigh Thursday morning, June 16 at eleven o'clock to consider steps to be taken by the cities to provide relief in the face of the invalidated Municipal Finance Act of 1921.

The call for the meeting will be issued today by Mayor T. B. Eldridge, of Raleigh, secretary of the association following the receipt last night of a telegram from Mayor Gallatin Roberts, of Asheville, president of the association authorizing the call.

"After a conference with the Governor today," said the telegram from Mayor Roberts, "I have decided that the entire municipal association meet in Raleigh at eleven o'clock in the morning Thursday, June 16. Kindly issue call and use every inducement to secure as large attendance as possible. I consider it absolutely necessary for a large attendance if anything is to be accomplished."

Mayor Eldridge sees no relief in the situation confronting the municipalities save in a special session of the General Assembly to correct the clerical error that resulted in the invalidation of the act.

Raleigh's outlook for finances, he says, is typical. In 1919, property taxes in Raleigh brought in a revenue of \$187,861. Under the law as interpreted by the Supreme Court when it declared the 1921 Municipal Finance Act void and the 1920 amendments applicable only to that year, the amount of property tax which can be levied in 1921 is the 1919 tax plus ten per cent. Consequently \$206,647 as the limit of property tax revenue, an estimated poll tax of \$6,000, and an estimated revenue from licenses fees etc., of \$75,000, Raleigh's total income, without relief will be only approximately \$350,647.

When this is subtracted from the budget under which the city operated in 1920, in amount \$380,035, a shortage of \$49,388 is found.

And this, Mayor Eldridge points out, is estimating that the operating expenses of the city of Raleigh will be the same for 1921 as for 1920, and the bonded debt interest and water department operations are not included in the foregoing.

DECLARES SIMS TO BE "UNDESIRABLE ALIEN"

Washington, June 10.—A resolution declaring Rear Admiral Sims "an undesirable alien" and denying him readmittance to any American port, was introduced in the House late today by Representative Gallivan, Democrat, of Massachusetts.

The resolution offered by Mr. Gallivan referred to Rear Admiral Sims as "a foreign born citizen of the United States but now connected unhappily and unfortunately, with the naval establishment of this country." On other occasions, it added he had "publicly stated that in case of a war between the United States and Great Britain one British ship could easily dispose of four or five American ships of corresponding type," and it charged that "Sims has publicly depreciated his superior officers in the naval establishment and the character and quality of the government of this republic."

COMMANDED 25TH N. C. TROOPS IN CIVIL WAR

Charleston, S. C., June 10.—Col. Henry M. Rutledge, of Hampton plantation, commander of the twenty-fifth North Carolina regiment in the Civil War, died this morning at McClellanville, near here. Col. Rutledge was said to have been the youngest colonel in the Confederate army. He will be buried on Sunday at Flat Rock, N. C.

CANADIAN RAILWAYS WILL CUT WAGES 12 PER CENT. Montreal, June 10.—Canadian Railways, following the action of roads across the border, today took preliminary steps to cut wages 12 per cent July 1, and later to revise working conditions.

The Most Impressive Exhibition of Price Reductions Ever Attempted Monday, June 13th, to Saturday, June 18th All Raleigh Merchants Will Welcome You
