

UNHORSE PENROSE AND PLANNING OF SENATOR LODGE

Failure of Two Veteran Republican Politicians Becomes Talk of Capital

ANOTHER RECESS FOR CONGRESS IS PLANNED

Old Guard Members of Congress Hurry Back to Washington to Avoid Complaints Back Home; Penrose Fails To Carry Through Program of Legislation

The News and Observer Bureau, 603 District National Bank Bldg., By EDWARD E. BRITTON (By Special Leased Wire) Washington, Sept. 14.—The "unhorsing" of Senator Penrose and the talk that is going on among the Republicans...

ARBUCKLE HELD RESPONSIBLE FOR DEATH OF MISS VIRGINIA RAPPE

Photograph shows Miss Virginia Rappe, beautiful motion picture comedy actress, and Roscoe C. (Patsy) Arbuckle, who was yesterday held responsible for the death of the young woman by the coroner's jury at San Francisco. Miss Rappe's death followed an affair at a party in Arbuckle's suite in a San Francisco hotel. The screen comedian is charged with manslaughter.

Machinery Created For Loans Under New Farm Credits Act

War Finance Corporation Names Raleigh As Headquarters For This State

COL. JAMES R. YOUNG HEADS THE COMMITTEE

Financial Institutions Desiring Advances Required To Make Applications

The News and Observer Bureau, 603 District National Bank Bldg., By EDWARD E. BRITTON. (By Special Leased Wire.) Washington, Sept. 14.—The War Finance Corporation announced this afternoon the list of a number of the local agricultural loan agencies in the various agricultural and live stock districts throughout the country...

The North Carolina committee, with headquarters at Raleigh, is composed of former State Insurance Commissioners J. B. Young, of Raleigh, as chairman; Samuel F. Austin, of Nashville, a banker; Charles E. Taylor, of Wilmington, a banker; Dr. B. W. Kilgore, of Raleigh, director of the North Carolina Department of Agriculture Extension Service...

The procedure in making application for loans will be as follows: The financial institutions desiring an advance will fill out the application form, which can be obtained from the nearest agricultural loan agency. Federal reserve bank or the war finance corporation at Washington. Forms will be submitted in triplicate to the local agency. The members of the agency will then investigate the case thoroughly and will send the application form with their recommendations to the War Finance Corporation. If the application is finally approved by the corporation, the money will at once be made available to the borrower.

CAMP BRAGG WINS FIGHT TO CANCEL ORDER TO ABANDON

Secretary of War Weeks Cancelled Order Yesterday and Camp Stays

MORE TROOPS TO BE ORDERED TO BRAGG

Field Officers' School Ordered To Return From Camp Knox; Camp Jackson Troops Will Be Brought To Cumberland's Cantonment; Victory Certain Since Sunday

Secretary of War, John W. Weeks, yesterday rescinded the War Department order for the abandonment of Camp Bragg at Fayetteville, and the cantonment is returned to the active list, according to information received here last night by Colonel E. P. King, Jr., who is representing the government in the conclusion of the condemnation proceedings to secure possession of lands taken over for the use of the camp.

Cancellation of the order to abandon the camp has been regarded as a certainty since last Sunday when Secretary Weeks personally inspected the camp. He declined then to make definite announcement until he had conferred with General Pershing, his chief of staff, Brigadier General A. J. Bowley, commanding officer at the camp...

In an interview yesterday, Mr. Warren said his trip to Raleigh had nothing to do with the forthcoming appointment. He went to Raleigh, he said, to attend business an entirely different nature. "I have received no intimations whatsoever that I am being considered for the appointment and haven't the slightest idea as to who will be selected to fill Judge Allen's place," he declared.

In spite of Mr. Warren's reticence his friends here feel that he is certain of the appointment. Recommendations for the appointment of Thomas D. Warren, of the Supreme Court bench caused by the death of Associate Justice W. R. Allen, poured in larger numbers upon the Governor yesterday and by the end of the week, it is confidently expected, the endorsements will assume the aspects of a flood.

Secretary Weeks was delighted with the administration of the camp by General Bowley, and particularly with his economy of operation, and his determination to clear the camp area of bootleggers and keep it clear. His examination of the camp was minute in detail, and included personal interviews with members of the enlisted personnel. It was from a sergeant that he learned of the difficulty often encountered by the men in getting to Fayetteville in their leisure time.

Fayetteville and Camp Bragg have won out over the seventh abandonment, and to the Scotch in that country, the number is significant. They remember the tradition of Robert Bruce who watched the spider climb to the roof of a cave, six times only to fall back again when it reached the top. The seventh attempt was successful. It inspired the leader of the Highlanders to victory.

CHARLOTTE MAN GETS MORGANTON CONTRACT

Charlotte, Sept. 14.—The building committee of the State hospital at Morganton in session here today let contract for new receiving building to R. L. Goods, of Charlotte, the cost \$119,000 not including heating plant. Three other buildings are to be erected in the near future. Present at the meeting today were Dr. John McCampbell, J. M. Scott, Charlotte; C. C. Cranford, Asheville; E. P. Wharton, Greensboro; Dr. G. S. Kirby, Marion.

COMMITTEE TURNS DOWN MANY HOUSE TAX LAW CHANGES

Sharp Modification Made By Senate Body in Number of Other Proposals

COMMITTEE RESTORES TRANSPORTATION TAXES

Votes To Impose Manufacturers' Tax of Four Per Cent On Toilet Articles and Two Per Cent On Proprietary Medicines; Manufacturers Favor Smoot's Program

Washington, Sept. 14.—Many House proposals for tax changes were rejected or sharply modified today by the Senate finance committee. Probably the most far-reaching decision of the committee was that to restore all transportation taxes, but with those on freight, passenger, and Pullman accommodations in force only for 1922 and at half the present rates.

While agreeing to the House plan to repeal stamp taxes on perfumes, cosmetics, toilet preparations and proprietary medicines, the committee voted to impose a manufacturers' tax of four per cent on toilet articles and two per cent on proprietary medicines, and to restore the three per cent tax on toilet soaps and powders which the House bill proposed to repeal.

Disapprove Reductions Five per cent reductions in the taxes on fur articles, motor boats, and yachts, portable electric fans, and works of art, agreed upon by the House, were disapproved by the committee, which voted to continue the present rate of 10 per cent in each case.

The section of the House bill reducing the tax on camera lenses to three per cent was amended to provide that cameras sold at wholesale for more than forty per cent should bear a tax of ten per cent.

In accepting the House reduction from ten per cent to five per cent in the tax on sporting goods, the committee decided to make taxable skates, snowshoes, skis, toboggans and baseball, football and basketball equipment which were eliminated by the House.

Under a new section added to the House bill, the committee proposed that the tax on chewing gum be reduced from three per cent to two per cent. The House measure made no change in this levy.

The House provision repealing all of the so-called luxury taxes was accepted, but the committee deferred action on the proposal to impose a manufacturers' tax on a number of the articles on which a retail tax now is imposed.

Sections of the House bill accepted without change included those relating to taxes on cereal beverages and soft drinks; repealing the tax on eyeglasses; eliminating the license levies on yachts and motor boats of not more than five tons or not over thirty-two feet in length, and imposing a tax of ten per cent on camera lenses. The beverage tax changes were accepted, however, subject to possible amendment after further information on this subject had been furnished by treasury experts.

Manufacturers Busy. While the Senate committee was reviewing the House measure, representatives of manufacturing interests in conference here decided to support and work for a tax revision program substantially the same as that which Senator Smoot, of Utah, a Republican member of the finance committee, has announced he will offer as a substitute for the pending measure.

Retention of present income taxes on individuals with revision of surtaxes. Retention of the present income tax of ten per cent on corporations. Retention of existing taxes on tobacco, narcotics and oleomargarine and retention of existing inheritance taxes. Not General Sales Tax. Spokesmen for the manufacturers explained that the proposed manufacturers' tax was not a general sales tax, inasmuch as it would be levied, assessed, collected and paid upon every commodity manufactured, produced for indirect, where sold, leased or licensed for consumption or use without further process of manufacture.

ROSCOE ARBUCKLE HELD RESPONSIBLE FOR GIRL'S DEATH

HANDSOME OFFICE BUILDING BURNED IN GOLDSBORO

Goldboro, Sept. 14.—The Edgerton building, a three-story brick structure in the heart of the business district, was gutted by fire, which was discovered on the third floor at 10:30 o'clock tonight after it had already gotten well under way. The cause of the blaze had not been determined late tonight. The loss will amount to from \$75,000 to \$100,000, partially covered by insurance.

Inadequate water pressure handicapped the firemen at beginning and they rendered heroic service under adverse circumstances. They were unable to save the Edgerton building, which was a mass of flames from roof to basement within a few minutes after the blaze was discovered.

Firemen were forced to confine their efforts to saving adjoining business buildings, several of which were damaged. At 11:30 o'clock the fire had been gotten under control. The Henley Furniture Company, which occupied the first floor of the Edgerton building, are the heaviest losers. Practically all of the offices on the second floor were occupied by lawyers, who were able to salvage many of their belongings. The third floor was occupied by a young man's club.

J. BASSETT MOORE IS ELECTED JUDGE

Named By Assembly of League As Judge On International Court; Accepts

Geneva, Sept. 14.—(By the Associated Press.)—The bench of the International Court of Justice, elected by the assembly and council of the League of Nations today, appears to give general satisfaction to the delegations with few exceptions. Eleven judges were chosen as follows: John Bassett Moore, United States; Viscount Finlay, Great Britain; Dr. Yonasa Qida, Japan; Dr. Andre Weiss, France; Commandatore Donisio Anzilotti, Italy; Dr. Ruy Barbosa, Brazil; Dr. B. T. C. Lodge, Holland; Antonio B. De Bustamante, Cuba; Judge Wikström, Sweden; Dr. Max Huber, Switzerland; and Dr. Rafael Altamira y Creves, Spain.

Owing to the difficulties of satisfying geographical and other considerations and because also of the complicated system of election, it was expected that it would require several days to choose the judges. But to the general surprise nine were chosen on the first ballot. The bench represents all four of the great systems of jurisprudence and nearly every race and tongue in the assembly. The American candidate, John Bassett Moore, was chosen on the second ballot. His election provoked the greatest applause of the day.

LITTLE IMPROVEMENT SHOWN IN COTTON CROP

Need of Rainfall in North and South Carolina Urgent; Damage in Texas

Washington, Sept. 14.—Cotton showed little or no improvement during the week, and continued mostly in very poor to poor condition, according to the weekly review of crop conditions contained in the National Weather and Crop Bulletin issued today.

Unseasonable weather continued in the cotton belt, rainfall being unprecedentedly heavy in some central and southwestern counties of Texas, where great damage was done. Plants were somewhat revived by rainfall, however, in other sections of the state, the report said.

In eastern localities the hot and dry weather continued to hurt the crop's growth, plants in South Carolina losing vigor and shedding badly. There also was complaint of some shedding in North Carolina.

Cotton was reported "very poor" in Georgia and "apparently beyond possible improvement." Progress was generally poor in other sections of the belt, according to the review. Bolls were said to be opening fast generally with picking and ginning progressing rapidly in most central and eastern districts, but harvesting was considerably interrupted in many western portions by rain. While corn was reported mostly beyond frost danger generally late corn was in need of moisture in many south eastern and middle Atlantic coast sections.

TOBACCO SELLING WELL ON GOLDSBORO MARKET

Goldboro, Sept. 14.—Official reports from today's tobacco market shows a total of one hundred and four thousand pounds sold at an average of 16 cents. While the lower grades are holding the general average down, better grades show an average up to 42 cents and in some cases reaching as high as 60. While the tobacco farmers watched with interest the auctioneers on the sales floors, cotton farmers on the streets were receiving as high as 21 cents for their commodity. Holmes and Dawson, cotton brokers of Norfolk, recognizing Goldboro as a cotton center, have placed B. M. Hill, one of their representatives, here with permanent headquarters in the Grant Building.

Raleigh's Greatest DOLLAR DAY Starts Today—Continues Through Friday and Saturday
