FOR FRAUDULENT PURPOSES

Two Durham Merchants Are in the Hands of the Government.

(Special to The Times.)
Durham, May 29.—Messrs. R. and A. Tonkles were arrested yesterday morning charged with using the United States mail for fraudulent purposes. They were carried before United States Commissioner B. S. Skinner, who placed their trial for June 11, and their bond at three hundred dollars each. The Tonkles brothers are proprietors of a dry goods store on East Main street, that goes under the name of R. Tonkles. The store was under the name of A. Tonkles until last fall, when the firm went into bankruptcy and had a closing out sale. At that time they were indebted to a number of firms throughout the United States, but they plead that they were unable to pay any of their debts as they had gambled their money away. The United States authorities had the matter investigated and the arrest of the Tonkles is the result.

KENTUCKY DEMOCRATS MEET

NEW PRESIDENT AT DAVIDSON COLLEGE

Charlotte, May 29.—The trustees of Davidson College at a meeting yesterday afternoon at Davidson elected Dr. W. J. Martin, on the first ballot over a number of competitors, as president of Davidson College, succeeding Dr. Henry Louis Smith, who resigned to accept the presidency of Washington and Lee. Dr. Martin has been professor of chemistry at Davidson since 1906 and is widely known for his work as a teacher and for his prominence as a layman in church work.

PRESIDENT IS CONFIDENT

Still Believes He Has Enough Votes to Win the Nomination

Washington, May 29.—President Taft's belief that he has enough delegates pledged and instructed to control the Chicago convention was unshaken by Roosevelt's Jersey victory. The white house made no official statement. Taft's leaders, after talking with the president, would not recede from the president's own figures, announced in his Jersey speeches, saying he had 30 more than enough to nominate. Taft's friends admit that much depends upon the republican national committee. They are confident the committee will be for Taft.

Talk of defection among the southern delegates pledged or instructed for the president was revived. Taft's advisors believe these delegates will stick to him. It was positively stated the president's name would be presented for nomination regardless of what happens. So far the president has not asked anyone to present his name, but is considering several of his friends.

The president remained up late into the night watching the Jersey returns. Although showing the effects of hard travel the past five weeks, the president was smiling when he entered the executive offices this morning. He held a long conference with Secretary Hilges and Senator Crane.

Boston, May 29.—When Thomas W. Lawson heard that 10 to 1 was being offered against the nomination of Bryan, he said:
"I have a client who will take any of the bets in lots of \$5,000 and at odds of 1 to 6."

DEFENSE WITNESS PROVED A SURPRISE

(Special to The Times.)
Asheville, May 29.—The feature of the morning in the Hawkins trial was the testimony of Furman Howard, introduced by the defense to swear that the body was not Myrtle, and to substantiate the theory that it might have been that of the Walker woman who was missing at the time. His testimony must have been a surprise to the defense as he refused to state whether the body was Myrtle or another's and swore he saw the Walker woman last October and thought he saw her last March. He also saw Mrs. Shaft in Hendersonville between the first and tenth of last September with another younger woman, but did not think it was Mrs. Britt. J. B. Aridige stated to the best of his knowledge the body was not Myrtle's, was too old and too heavy.
Court recessed at 11 until 2 on account of the illness of Mrs. Shaft.

HEFFLIN REPLIES

Alabama Congressman Bitterly Attacks Pennsylvania Industrial Conditions.

Washington, May 29.—With a bitter attack on the Pennsylvania industrial conditions, Representative Hefflin of Alabama, democrat, today replied to Representative Focht of Pennsylvania, republican, who assailed Alabama and Georgia and their turpentine camps. Mr. Hefflin referred to Mr. Focht's criticism as "contemptible."
His references were so severe that they provoked replies from Representatives Palmer, democrat, and Dalzell, republican. The latter protested and called attention to the fact that Mr. Focht was not present. The speaker's gavel abruptly closed the incident.

WATSON FIGHTING TO HEAD DELEGATION

Atlanta, May 29.—Thomas E. Watson, the former populist leader, went into the state democratic convention today determined to head the delegation to Baltimore. The leaders of the Underwood forces which won the presidential primary, oppose him. Watson supported Underwood in the pre-convention campaign in Georgia. He claims his reward should be the leadership of Georgia's national delegation.

POLITICS IN CONVENTION

Question of Instructing For Wilson in Fifth District Live Issue

Greensboro, May 29.—The principal light of the fifth district congressional convention, which meets tomorrow night, will be over the question of presidential preference, the Wilson men today making bold claim to at least 75 per cent. of the district delegation. They propose to not only elect national delegates favorable to Governor Wilson, but that the moral effect may have weight in the states; they hope to bind these delegates by instructions. Among the avowed candidates for the positions of delegates are Frank Brooks, of Greensboro; Judge W. A. Graham, of Orange; G. H. Hastings, of Forsyth. It is probable that friends of E. J. In the will seek to gain an endorsement of him as a delegate-at-large from the state convention. C. O. McNeill, of Madison, is out for presidential elector and P. W. Gliddwell, of Reidsville, wants to be district elector.

The Underwood men, however, do not agree with the Wilson men. They point to the fact that of the ten counties embracing fifth district only those delegates from Stokes, Granville and Orange come with solid instructions, with Almon and Rockingham aving Wilson a majority of their instructed vote. Forsyth is divided between Wilson and Underwood and Guilford's big delegation is not numbered. Caswell, Person and Surry send un-instructed delegates. Chairman A. Wayland Cooke has already announced Judge Sykes, of Durham, an anti-Wilson man, as temporary chairman, and the first test of strength will likely come in the selection of permanent officers.

Maj. Charles M. Stedman, who will receive the congressional nomination without opposition, will make a short address at the convention. Major Stedman came in to be with his family a few days and to be on hand for the convention. It is his first trip home since congress closed in December, with the exception of the Christmas holidays.

THE SALISBURY POST PLANT BURNED DOWN

(Special to The Times.)
Salisbury, N. C., May 29.—Fire early this morning destroyed the old Mercury Theatre. The Evening Post's plant, and several other buildings, a cable burned and nine hundred telephones are out of commission, cutting out all lines to Spencer. The monetary loss is undetermined.

Damage \$50,000.

Charlotte, May 29.—Fire of unknown origin this morning at Salisbury entirely destroyed the plant of the Salisbury Evening Post and adjacent property, the total damage being estimated at fifty thousand dollars.

BAKER AGAINST HARMON.

Mayor of Cleveland Wants to Break Up Unit Rule.

Washington, May 29.—Newton D. Baker, mayor of Cleveland and delegate from Ohio to the democratic convention at Baltimore, has served notice on the Harmon people that he will not be bound by the unit rule. If he is not permitted to vote for Governor Wilson he will not vote for any one, he says.
Mayor Baker has called on influential democrats in Washington to join hands with him and help to away with the unit rule in states and discontinue the two-thirds rule in national conventions. Senators Gore, of Oklahoma, and Williams, of Mississippi, have promised to assist Mr. Baker in his efforts to abolish the practice of the unit rule.
Van Buren was defeated by the two-thirds vote in 1844 at Baltimore and ever since, in democratic conventions, it has required two-thirds of the vote to nominate a candidate for the presidency. Mr. Baker would do away with this rule.

FIVE YEARS FOR PAGE, SENTENCE SUSPENDED

Washington, May 29.—H. W. A. Page, the New York linen merchant convicted yesterday of criminally libelling Chairman Henry D. Clayton, and member of the house judiciary committee, today was given the extreme penalty when five years in the penitentiary was the sentence imposed. In addition to a thousand dollars fine, Judge Barnard suspended sentence and placed Page on probation for three years, requiring that he report to the court once annually.

STEEL MAGNATE HAILED AS HERO.

His friends are talking of bestowing Charles M. Schwab, the multi-millionaire steel magnate, as a candidate for a Carnegie fire medal, for his brave act in rescuing J. C. Kirchen from drowning recently. Kirchen, who is general manager of the Tennessee mine extension, and Mr. Schwab were fishing for trout in Martin's creek, near south Rockfish, Pa., when Kirchen fell overboard. Without a moment's hesitation the steel magnate jumped to the rescue of his companion, clothes and all and succeeded in reaching the bank after a long struggle. Both men were exhausted when they finally got out of the water.

FOUSHEE IS RENOMINATED

Named For Judge of Superior Court at Greensboro Today

Greensboro, May 29.—Two democratic conventions were scheduled for today—the judicial and congressional. The judicial convention met at 2 o'clock this afternoon and with a brevity that fit the occasion, renominated Judge Howard Foushee for the superior court bench. There was no opposition to Judge Foushee for the nomination. This evening the congressional convention will be held and Congressman Charles M. Stedman renominated for congress from the fifth without opposition.

The only interest attaching to the congressional convention is the naming of two delegates to the national democratic convention at Baltimore. It is claimed that the friends of Woodrow Wilson are in control and that two delegates will be named at least, friendly to the New Jersey man. It is said that many ardent supporters of Governor Wilson are keen for instructions, while others who are friendly to his candidacy do not deem it wise to instruct, while the friends of Mr. Underwood are opposed to instructing the two delegates. The fight in the convention will undoubtedly be between those favoring instructing for Governor Wilson and those opposing instructing for any candidate. It is probable, however, that the friends of Governor Wilson favoring instruction will control the convention.

OPPOSE BILL.

Workman's Compensation Measure Finds Opposition in House.

Washington, May 29.—The expected but determined opposition to the workman's compensation bill which recently passed the senate has developed in the house judiciary committee. Representative Brantley, of Georgia, author of the bill, appeared today to ask that a time be set to vote on the measure.
Representative Hardwick, of Georgia, author of the bill, appeared first; Henry, of Texas; Floyd, of Arkansas, and others objected. They said they wanted to be heard in opposition to the bill.
Representative Floyd, of Arkansas, said that he had received letters from railway labor organizations, protesting against the bill, together with statements that the officials of the unions had forbidden the protests. The committee decided to thresh out the difficulty in executive session Saturday.

DISPENSARIES HAVE CLOSED

Forty-Six Per Cent Whites In Wake Have Hook Worm

The hook worm dispensaries in this county, which have been open this month, have closed their work. It is found from the mass treated that something like 75 per cent. of white persons in the county are not free from hook worm, and by this disease. Some 2,500 cases have been treated at the dispensaries. It is found that the greatest infection is in the Wendell section, Raleigh being next, while in the Apex section there is the least infection. The people of Wake, for some unknown reason, have been slow in catching on to the value of the treatment, and the great necessity for it, but now they are coming to realize it and it is said that could the dispensaries stay open two weeks longer double the number of cases would come in. Dr. Prudden, who has been in charge of this work, goes tomorrow to Wilkes county, to arrange for dispensaries there during June.

ROOSEVELT WINS AGAIN

Gets Complete Victory Over Taft in New Jersey—Wilson Also Wins

THE VOTE WAS LIGHT

Roosevelt Gets Every One of the State's 28 Delegates—Has Plurality of Ten Thousand—Wilson Gets 24 of the 28 Democratic Delegates and Won the State by a Vote of Six to One—LaFollette Didn't Get Enough to Count—The Vote in All Sections of the State Was Light, Some Counties Casting Less Than Half the Total Registered Vote.

Newark, May 29.—Theodore

Roosevelt of the republican side and Governor Wilson on the democratic were overwhelmingly winners in yesterday's state primary, according to nearly complete returns this morning. The Roosevelt victory was a clean sweep. Apparently he has every one of the state's twenty-eight delegates to the Chicago convention. In the preferential vote his plurality was fully ten thousand over Taft. The result exceeded the Roosevelt leader's expectations. In some districts Roosevelt received ten votes to every one for Taft.

Wilson's triumph, on the democratic side, was as nearly complete as Roosevelt's. The governor lost four delegates. These four will go to Baltimore unopposed. Wilson has the other twenty-four. The Wilson vote was a staggering blow to the anti-Wilson men. Wilson beat his opponents by 6 to 1. LaFollette's vote was negligible. The vote in all sections was exceedingly light. Some counties cast less than half of the total registered.

South Dakota is the only other

state in which primaries will be held before the national conventions.

Both Sides Claim Nomination.

Washington, May 29.—Roosevelt's complete victory in New Jersey closed the bitter fight in which Taft, Roosevelt and LaFollette have been engaged for the last three months. Campaign Manager Dixon for Roosevelt, predicted Roosevelt would have over six hundred delegates on the first ballot at Chicago, exclusive of contested delegates. Taft's manager, Representative McKinley, said the president's actual delegate strength now was 574, exclusive of delegates-at-large in Ohio and Texas. McKinley is emphatic in his prediction of Taft's nomination on the first ballot. In practically all the states where direct primaries were held, excepting Massachusetts, Roosevelt won pronounced victories over Taft. Washington headquarters of the republican candidates close this week and move to Chicago.

The colonel is greatly elated over the Jersey outcome.
