

BOY SCOUTS TO PINNACLE

Durham Boys Off On Mountain Trip--Other News From That City

(Special to The Times.)
Durham, June 11.—Thirteen of the boy scouts met yesterday morning with their director, Mr. D. H. Wilcox, and marched to the union station, where they boarded the Southern westbound train for Pineblake, N. C. Director Wilcox was pleased that so many should turn out to take the trip, and is sure that their ten days' stay in the mountains of western Carolina will be of great help to them in many ways. This is the best trip that the boys have had planned for them since their organization several weeks ago, and they are very enthusiastic over the prospects of this one. All of the boys now have their suits, belts and hats, and are ready for any condition that may be chance prevail in the mountains. In fact some of the boys were so happy over the prospects of the trip that they stated they were even ready to invade the wild and woolly west. The stay in the mountains will be spent by long tramps, and mountain climbing expeditions.

New Preacher Arrived.
Rev. J. J. Hurt preached his first sermon with the beginning of his pastorate at the First Baptist church Sunday. The new Baptist pastor is a learned man, and fulfills every recommendation as a speaker. His first sermon was a good one, and was attended by hundreds of people. His text was, "I am the God of Bethel." Special music had been prepared by the church choir, and the services were among the best ever held in the First Baptist church.

Attended Unveiling.
Several of the local Confederate veterans left yesterday morning for Raleigh, where they attended the unveiling exercises of the Wyatt monument. All of the veterans were feeling good, and were looking forward to a big time while in the capital city. Some of the veterans stated this morning that they were going to ask for the state reunion to meet in this city at the 1913 meeting. They are sure that they can easily accommodate the thousands that always attend the reunions, and they also think that they can give all of the old veterans the time of their life.

Booster Booklet.
The local commercial club has just arranged an up-to-date folder containing four pages that is to be distributed among the business men of the city to send in with their regular business letters. The folder is very unique, and tells of the great growth Durham, has recently experienced. On the back of the little

leaflet are the words in large type: "Durham North Carolina, a Progressive City in the Heart of the New South." The latter words are printed in brown ink. On the reverse side is the request to write the secretary of the commercial club for further information. The inside of the leaflet contains eighteen brief paragraphs telling of the many important industries and other important things in Durham. This is thought by the secretary of the commercial club to be a good idea to advertise the city, and to give those who have never visited Durham an idea as to where and what it is.

Refrigeration Plant For Market.
A committee recently appointed by the board of health have lately been looking into the matter of installing in the city market an automatic ammonia cooled refrigeration plant. The plant will be for the display of all small cuts of meat, that is now kept on the counters uncovered. The plant is to be cooled by the ammonia pipes running through the cases sitting on the counters, and will be kept at a freezing degree at all times. As the present conditions exist the meat is open to the public who generally pick it up in their hands and smell of it before buying. In so doing some of them may have hands or breaths that are laden with germs which may cause death to the buyer of the meat, that is discarded by the handler. The committee is thoroughly looking into the matter and will report at the next meeting.

Ministers' Meeting.
The Durham Ministers' Association met this morning in their regular session at Trinity Methodist church, and had Mr. L. B. Padgett, of Greensboro as special guest of the association. Mr. Padgett is secretary of the Laymen's Missionary Movement for North Carolina, and laid a proposal before the association to have a convention of the movement in this city sometime during the fall. The convention will bring a large number of Christian people to the city, and the association was heartily in favor of the plan.

A Card.
This is to certify that Foley's Honey and Tar Compound does not contain any opiates, any habit forming drugs, or any ingredients that could possibly harm its users. On the contrary, its great healing and soothing qualities make it a real remedy for coughs, colds and irritations of the throat, chest and lungs. The genuine is in a yellow package. Ask for Foley's Honey and Tar Compound and accept no substitute. King-Crowell Drug Co.

REV. MR. ANDERSON DEAD
Rector of Trinity Church at Scotland Neck Died Sunday--Other News. (Special to The Times.)
Scotland Neck, June 11.—Rev. R. W. Anderson, age 55, the popular and beloved rector of Trinity. Episcopal church, died at the rectory Sunday afternoon at about five o'clock. Just a week before his death Mr. Anderson suffered severely with vertigo, or something similar, and from the very first his condition was considered alarming, so much so

New Work For Boy Scouts.

—Donahay in Cleveland Plain Dealer.

that relatives from a distance were notified, some of whom were with him when death came.
Mr. Anderson came to Scotland Neck from Texas last October, and was soon afterward joined by his wife and two little boys. From the very first he made friends of every one with whom he came in contact, and was loved and admired by every one irrespective of denomination.
The body of the dead minister was prepared for burial and placed in Trinity church, where it remained until yesterday afternoon at 5 o'clock, when the funeral services took place, being conducted by Rev. T. C. Beatty, of Athens, Ga., a brother of Mrs. Anderson, assisted by Arch-deacon N. C. Hughes, of Raleigh, and Rev. Mr. Cunningham, of Tillery, after which the interment took place in the Episcopal cemetery. The active pall-bearers were composed of members of Trinity church as follows: G. Lamb, A. L. Furrington, J. S. Paul, Henry T. Clark, Chas. H. Smith and W. E. Smith.
Mr. Anderson leaves besides many relatives in other states an aged widow and three sons, the eldest just having graduated from college, and did not reach here until after his father's death. The two younger boys, twins, were in the graduating class of the Scotland Neck graded school just closed.
The heart of the entire community goes out in tenderest sympathy to the sorely bereaved family, which is doubly sad, Mrs. Anderson's mother, Mrs. Beatty, having died a few weeks ago, while here on a visit. The afflicted widow suffered a break down a few days ago, and it is feared that her condition will take a serious turn.

Many and beautiful were the flowers presented by friends as a slight token of the high esteem in which the dead rector was held by the good people of Scotland Neck.
They Put An End To It.
Charles Sable, 39 Cook St., Rochester, N. Y., says he recommends Foley Kidney Pills at every opportunity because they gave him prompt relief from a bad case of kidney trouble that had long bothered him. Such a recommendation, coming from Mr. Sable is direct and convincing evidence of the genuine, curative qualities of Foley Kidney Pills. King-Crowell Drug Co.

Y. M. C. A. CAMPAIGN.
Greensboro Association Had Successful Membership Contest.
Greensboro, June 11.—The Greensboro Young Men's Christian Association has just completed a campaign for new members and the friends of the association and those who labored in its interest during the campaign are greatly pleased with the result. The association in inaugurating the contest placed the number at 200 and when the wind-up came it was found that the bull's eye had been missed by only 25 points. The campaign brought the membership of the local association to 694 and since that time several new ones have come in until the membership now totals more than 700, or in the same class with Asheville, Charlotte and Wilmington. It is interesting to note that S. Kirkpatrick, who has lived in Greensboro for the past several years but who maintains his citizenship in the far western state of Iowa, making a pilgrimage to that state every semi-occasionally, was last week nominated for congress by the democrats of his district, the sixth, against the opposition of two strong men. The district is republican, but Mr. Kirkpatrick feels that in this year of democratic hope he may be elected. Mr. Kirkpatrick has just returned from Iowa where he has been for several weeks, and will likely return to participate in the campaign during the late summer and early fall.

Mrs. Lela Love, wife of Wiley Love, a farmer living near Covena, Ga., says: "I have taken Foley Kidney Pills and find them to be all you claim for them. They gave me almost instant relief when my kidneys were sluggish and inactive. I can cheerfully recommend them to all sufferers from kidney trouble." King-Crowell Drug Co.

SHOOTING ENDS POKER GAME.

Player Dangerously Wounded in Fight That Followed Argument.
Centerville, Md., June 11.—Robt. Whaley was shot and dangerously wounded at Church Hill, 9 miles north of Centerville, about 12 o'clock last night during a fight which followed an argument over a game of poker. Winnie Smith is locked up in the Centerville jail, charged with the shooting. Doctors at the Easton hospital, where Whaley lies, think he will die.

Whaley and Smith had an argument in their game with others, and the two agreed to go out on the lawn and settle the matter with their fists. Both deposited pistols with Tom Whaley, a brother of the wounded man and started fighting. Smith, it is said, was knocked down, and going to Tom Whaley, pretended to talk with him, while he took one of the revolvers from the man's pocket. Witnesses say he returned and shot his antagonist.
Dr. Norman Dudley gave first aid to the wounded man, who was then placed in an automobile and hurried to the Easton hospital. Smith was brought to Centerville jail, where he made the statement that the shooting was done in self-defense.

DINNER FOR GERMANS

Cornelius Vanderbilt Will Be Host to Admiral Tonight.
New York, June 11.—The officers and men of the German visiting warships continued their sightseeing trips. The first official affair, is at one o'clock this afternoon, an invitation to luncheon aboard the Moltke, with Rear Admiral Von Rebeur-Paschwitz, host. Cornelius Vanderbilt tonight will be host at a dinner to the German admiral at the New York yacht club.

THE DAY'S WORK

Does it sometimes seem that you simply could not get your work done? Do you constantly feel like sitting down? Perhaps you yawn continually. Then you need **Tutt's Pills**. Because your liver is sluggish and should be stirred to activity at your druggist's, sugar coated or plain.

TO OUST GEN. WOOD.

Senate Adopts Report Which Would Dethrone Chief of Army Staff.
Washington, June 11.—The Senate by a vote of 27 to 24 adopted the report of the senate and house conferees containing a number of anti-administration provisions on the army appropriation bill. One of these provisions would legislate out of office Gen. Leonard Wood, present chief of staff of the army. As agreed to, the bill would require army officers acting as chief of staff after March 4 next, to have at least ten years service in the line with rank below brigadier general. The provisions were the subject of a three-hour bitter debate. It was contended the chief of staff restriction was directed at General Wood and that it had been inserted by the conferees without the consent of either house. The provision also would affect unfavorably General Funston and Colonel Goethals. The house has not yet adopted the report.

The discussion was acrimonious at times. Adverse criticism was voiced against the provision creating a commission to consider the discontinuance of many army posts throughout the country. It was charged that in this matter also the conferees had exceeded their authority.

PHYSICIAN FLIES TO PATIENT.

Get's Urgent Phone Message and Presses Aviator and Hydroplane Into Service.
Hammondsport, N. Y., June 11.—A hydroplane operated by Aviator Hughes Robinson, instructor at the Curtiss school, carried Dr. D. L. Alden, of Hammondsport, across Lake Keuka in answer to a telephone call from Edwin Petrie, chief engineer of the Urbana Wine Company, whose eleven-year-old son was seriously injured by falling thirty feet from a platform in the wine cellar.
Realizing the importance of reaching the boy quickly, and seeing Robinson on the street, Dr. Alden asked the former to take him over in the hydroplane.
With the doctor clinging to the machine with one hand and holding his medicine case with the other, the machine made a short run on the water and rose in the face of a brisk wind, and for the first time in history a doctor was actually flying to his patient.
In just ten minutes Robinson had landed and beached the machine at Urbana and the doctor was on his way to the house, a few rods from the shore.
The Petrie boy had suffered a compound fracture of the hip and other injuries. He will probably recover.

DOCTORS INDORSE NEWBRO'S HERPICIDE FOR THE HAIR

When a doctor endorses a preparation it means more than an ordinary testimonial. His opinion is always that of the professional man devoted to the welfare of the people. Dr. J. J. Boyd, Covington, Tenn., says: "I feel it my duty to write this for the benefit of those suffering from dandruff. In the average case a few applications of Newbro's Herpicide will remove all dandruff. It is advisable to continue its use for several weeks."
The words of J. B. Thompson, M. D., No. 2 Burrough Place, Cor. 7th St., Boston, Mass., are not less enthusiastic: "I can only speak in praise of Newbro's Herpicide. It is all that is claimed and perhaps more. Herpicide not only cleanses the scalp but brightens the hair, gives it life and makes it soft."
Dr. T. A. Moore, Dungen, Ariz., writes of his experience: "My scalp

was in places covered by patches of dry, scaly material and the itching was incessant. Since using Herpicide all these evils have disappeared and my hair is soft, smooth and growing. Hair has grown on spots before but thinly covered."
Newbro's Herpicide is the original remedy to kill the dandruff germ and stop falling hair. The terrible itching which goes with dandruff is allayed almost at once.
Applications may be obtained at the leading barber shops. Be sure you get genuine Herpicide. Send 10c in postage for sample and book to The Herpicide Co., Dept. R., Detroit, Mich.
Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.
