Parker Informs Indiana Governor That He Is Party's Choice For V. P.

MANY NOTABLES THERE

Marshall Officially Notified That He is Woodrow Wilson's Running Mate—Judge Parker Makes Notification Speech, Taking His Text From Wilson's Speech of Acceptance—Many Notable Democrats in the City—Tom Taggart Master of Ceremonies, Entertains Large Number at Luncheon.

Indianapolis, Aug. 20.—Governor Thomas R. Marshall was officially notified this afternoon that he is Woodrow Wilson's running mate in the approaching campaign. Alton B. Parker, the party's presidential candidate in 1904 delivered the speech notifying Marshall. Parker took his text from Wilson's notification speech, wherein he considered the partnership between the government and privilege. Parker said the democracy could be relied upon to break up this partnership. "The faithful sons of democracy," Parker said, "proud of their party's history, covering half a country of federal administration, welcomed at Baltimore the opportunity to substitute practice for preaching and performance for promise. Indeed they seized it by the nomination of Wilson and Marshall."

Thousands congregated on University Square during the ceremony. Democratic notables national committee men, invited the visiting committee men and other leading democrats to his hotel for lunches at noon. An automobile parade through the downtown streets to the speaker's stand followed the luncheon.

Another automobile ride was on the program to come after speeches and to wind up at Governor Marshall's home where a reception will be given. Taggart, as master of ceremonies, introduced Parker. The set program ends with the reception at the Marshall home. Most of the party leaders expect to depart from the city before midnight, several going to Chicago where the central west headquarters will be opened tomorrow. William G. McAuliffe, acting national chairman of the democratic national committee, owing to illness of Chairman McCombs, attended the ceremonies as Governor Wilson's representative.

Wilson Sends Congratulation. Treaton, Aug. 20.—Governor Wilson sent the following telegram to Governor Marshall at Indianapolis: "My heartiest, sincerest congratulations. It is a matter of deepest regret with me that I could not be present to extend my congratulations in person and to express again what warm satisfaction it gives me to be associated with you on the democratic ticket. I should have liked to have a chance to join you in saying how confident I feel in the presence of the party's great opportunity to serve the people without fear, favor or timidity. Pray accept my warm personal regards."

IDLE TO PLAY THE OSTRICH

Safety Does Not Consist in Hiding One's Head in the Sand of Hope

Indianapolis, Ind., Aug. 20.—Gov. Thomas R. Marshall of Indiana, in his formal speech of acceptance of the democratic vice-presidential nomination, delivered to the notification committee here today, attacked the republican party on the grounds that it had fostered special privilege to the point of making men everywhere socialistic in theory if not in conduct.

In this connection, he said: "It is idle for a thoughtful man in America, whether millionaire or pauper, to longer play the ostrich. Safety does not consist in hiding one's head in the sands of either sentiment or hope. It is foolish for the vastly rich to keep on insisting that more and more shall be added to their riches through a spurious system of special legislation ostensibly enacted to run the government, in reality enacted to loot the people. "It is worse than ignorance for them to smile at the large body of intelligent Americans who regard themselves as fortunate if the debit and credit accounts of life balance at the end of the year; and to assume that the mighty many, who are becoming convinced that that social system that we call democracy is but a glittering generality, will long endure the industrial slavery being produced. "Whether voting the ticket or not, men everywhere looking upon the awful injustice of this economic system are becoming socialistic in theory if not in conduct. "And shall any fair-minded man say that if it redounds to the interests of the people of this country that a hundred men shall control its business to the good of everyone, that there is anything fallacious in the theory that government instead of transferring business to a favored few for the benefit of all should itself discharge that business for the benefit of all. "I do not hesitate to say that if it is impossible to restore this republic to its ancient ideals, which I do not believe, and I must make the ultimate choice between the paternalism of the few and the socialism of the many, count me and my house with the throbbing heart of humanity. Penrose to Explain Archbold Letters

Washington, Aug. 20.—Boies Penrose, of Pennsylvania, told the senate today he would make a private statement tomorrow in the senate regarding certain correspondence with John D. Archbold, of the Standard Oil Company. It was intimated that Penrose would discuss thoroughly the financial operations in the national republican campaign of 1904, during which time it was charged that Penrose accepted financial aid from Archbold.

Bad Negro Killed Ran Amuck at Logging Camp and Was Killed by Boss.

Dunn, Aug. 20.—A bad negro ran amuck in the Tilgham Lumber Company's logging camp, about ten miles from town in Sampson county, last Thursday and began shooting up the camp. He was ordered to stop and leave the premises by the woods boss, Mr. Horner, and was given a pass on the logging train. Mr. Horner came back later and found the negro still on the premises and ordered him to leave again. The negro drew his gun but before he could shoot Mr. Horner drew his and killed the negro instantly. The coroner investigated the case, a jury was impaneled and Mr. Horner was exonerated on the ground of self-defense. The negro had made threats to get Mr. Horner before he left and these threats had been communicated to him.

SAM SCHEPPS BEFORE THE GRAND JURY ONLY FEW FILE APPLICATIONS BELIEVE PRESIDENT WILL SIGN CANAL BILL

New York, Aug. 20.—Sam Schepps was again the central figure in the Rosenthal case, when he appeared before the grand jury prepared to repeat the story he told District Attorney Whitman, corroborating in many essential details Jack Rose's confession implicating Police Lieutenant Becker in killing Rosenthal. It was this story of Schepps that Whitman desired the grand jury to hear before returning further indictments. Whitman believes before nightfall indictments will be returned against seven persons. Unless candidates for office bestir themselves they will be too late to enter the primary in Wake county Saturday, August 31. Today is the last day for filing applications with the register of deed and not many politicians have taken advantage of the opportunity so far. The courthouse officers will have no opposition, but the constable of Raleigh township will have two opponents. For county commissioner there are three candidates. Chairman John A. Mills will of course be nominated, since he is Raleigh's member of the board. For the other vacancy Mr. E. C. Beddingfield and Mr. Roy H. Mitchell will contest. It seems that the republicans will not make a contest for the nominations. The two factions here are badly divided and there is little hope of their getting together. Under favorable conditions they would be wasting their time and money to run for office, and under the present adverse conditions they would be throwing both away.

Wake County Candidates Not Numerous—Republicans Not In It

Washington, Aug. 20.—President Taft held a brief conference today with A. Mitchell Innes, charge of the British embassy, who recently presented his government's protest against certain features of the pending Panama canal bill. Innes said he would not lodge any further protest against the bill. Visitors who talked with Taft said they believed he would sign the Panama bill even if no assurances were given that a joint resolution explaining that it was not passed to abrogate the Hay-Panama treaty could be put through congress. The president discussed the question of the bill's approval at the regular cabinet meeting today, the third session this week. The senate inter-oceanic canal committee delivered the proposed resolution over the house without action.

Will Have New Postoffice Old Building at Charlotte to be Torn Down.

Charlotte, Aug. 20.—The old post-office building at Charlotte will be torn down and an entirely new structure put up in its place. A decision to this effect was made by the treasury department officials yesterday morning, when Congressman Webb explained that under the provisions of his bill carrying an appropriation of \$200,000, the old structure could be taken down and a new one erected. This decision of the treasury officials will give the Queen City the handsomest and most expensive postoffice in the Carolinas, with the possible exception of Charleston.

Charlotte Completes Arrangements For Big Convention --New Fair Ground

(Special to The Times.) Charlotte, Aug. 20.—The Greater Charlotte Club at a meeting last night completed all arrangements for the entertainment of the republican state convention which meets here September 4. Committees on arrangements, decorations and entertainment were appointed and elaborate preparations will be made for a thousand delegates and a large number of visitors. This will be Charlotte's only political convention this year, and every effort will be made to make it an entire success from the standpoint of entertainment. Preparing for Fair. The 42-acre tract of land west of the city, on which the Charlotte fair will be held for the next ten years, is today a scene of hustle and activity. A half-mile race track is in course of construction and is nearly completed; a handsome floral hall, costing \$10,000, is being rapidly completed and a grandstand larger and more attractive than anything of its class in this section is going up. Everything is being rushed in order to have the grounds ready for the fair this fall, the dates for which are: October 22, 23, 24 and 25, Tuesday and Friday, inclusive. E. B. Moore is secretary and treasurer of the association, and, incidentally, the man behind the gun.

Georgia Primary Tomorrow. Several Candidates For Governor in the Race.

Atlanta, Aug. 20.—Expert politicians here on all sides of the fence are pretty generally agreed that there will be few surprises and not very many neck-and-neck races in the state primary elections tomorrow. Predictions this year tally better and are taken to mean more than usual. Take the governor's race, for instance. The two members that Hon. Hooper Alexander has gained strength remarkably since his late and unexpected entry into the field, but nobody seems to seriously expect that he has any chance of actually winning the race. Bets are offered freely, with practically no takers that John M. Slaton will get twice as many votes as both his opponents put together. Atlanta gamblers, who have an earthly political interest in the race are offering odds that Slaton will carry 100 counties. The remaining forty-six they split between Alexander and Joe Hill Hall, with the former slightly in the lead. If general sentiment is worth anything in forecasting, the victory of Senator Bacon over H. H. Perry for the United States senatorship is certain. Speaking in general terms it is expected that most of the state-house officers whose places are contested will hold on to their jobs. Attorney General Felde, School Commissioner Britton, Prison Commissioner Lindsey, Prison Commissioner Patterson, Appellate Judge Pottle, are all having to fight for their positions, but it is expected here that a majority if not all of them will be re-elected. The railroad commissioner and agriculture races are more complicated and prediction is made with less certainty. The state-wide vote, it is believed, will be a rather light one.

Unconfirmed Report That First President of China Has Been "Re-moved."

San Francisco, Aug. 20.—Dr. Sun Yat Sen, first provisional president of China and head of the revolution party was assassinated in Peking by troops acting under the orders, supposed to have been given by President Yuan Shi Kai according to an unconfirmed report in local Chinese circles. The news has reached Dr. Sun's son and daughters, who are on the Pacific coast. Latest report was not credited at the Chinese consulate or in the offices of the two Chinese daily newspapers, where no news of an attack on Dr. Sun had been received. At that institution the report was dismissed as entirely improbable.

Becomes Bride of Convict Young Woman Marries Prisoner Serving Five Years for Assault.

Albany, N. Y., Aug. 20.—Col. Joseph F. Scott, superintendent of state prisons, was notified by William J. Homer, of Great Meadow prison, at Conestock, that Albert Gross, of New York, a convict at that institution was married by the prison chaplain to a young woman who lived in New York city. Gross is serving an indeterminate sentence of not more than five years for assault, second degree, committed in August, 1910. He will be paroled within a few months. Congress is Thinning Out. Washington, Aug. 20.—Congress is rapidly thinning out in anticipation of adjournment the end of this week. In the house attendance is sparse. It is estimated that two hundred members have returned to their congressional districts because of the autumn campaign.

Fight Over Attempt to Kidnap Girl. Belle Plains, Kan., Aug. 20.—In a fight following an attempt by Sam Wood, 35 years old, a farmer, to kidnap Ethel Manahan from her home, James Thompson, 16 years old, was killed, and Matt Manahan, the girl's father, fatally injured. A posse is pursuing Woods.

Atlanta, Aug. 20.—Walter Taylor, who hasn't told a lie since he quit the newspaper business, is authority for the story that an iceberg was formed in the broiling sun on Auburn avenue yesterday when the valve on a carbonic acid gas tank was knocked off. The tank flew out in the street, and the escaping gas covered it with a thick coating of ice.

WARM DEBATE IN THE HOUSE

Rainey and Austin Charge Each Other With Being Intimate With Lobbyists

Washington, Aug. 20.—For nearly two hours the house listened to a surprising and acrimonious debate between Representative Rainey, of Illinois, a democrat, and Representative Austin, of Tennessee, a republican, in which each charged the other with consorting with the "waterpower trusts" lobbyists and mis-stating facts. So bitter was the feeling between them that the sergeant-at-arms occupied a strategic position near the disputants. Certain waterpower legislation pressed by Austin, Rainey insinuated was drawn in the interest of the "waterpower trusts." He previously had announced his intention to block it. Rainey read from a carefully prepared manuscript, seeking to connect directly with the trust. Austin replied with bitter emphasis, branding the charges made against him as "untruthful statements." The house listened, but took no action. Rainey charged that Austin was interested in waterpower legislation and that a "well-trodden trail" led from Austin's congressional office to the waterpower trust offices. The incident was a sequel to the recent exchange of the two members when Rainey objected to certain bills introduced by Austin and Austin retaliated by calling Rainey "a dreamer and a demagogue."

Strong Words Used. The Waterpower Trust the Object of Attack—Rainey Charged That Austin Was Too Close to Agents Of the Trust and Austin Replied In Kind—The Sergeant-at-Arms Thought His Services Might be Needed and Took a Position Near The Wordy Warriors—House Took No Action.
