

ROLLA WELLS IS EARLY ON THE JOB

Democratic National Treasurer Is After Small Contributor.

THE PEOPLE ARE TO HELP

There is to Be No "Tainted Money" Used in Electing Wilson and Marshall.

New York.—A small, smooth shaved, middle-aged man with a coat of tan that gave evidence of much outdoor life recently came into the Waldorf carrying a suit case early in the afternoon and registered as "Rolla Wells, St. Louis, Mo."

The smooth shaved little man, who is to be the watchdog of the Wilson campaign money from now on, was asked for vital statistics, whereupon it was learned at first hand that he is a banker and ex-mayor of St. Louis, is fifty-six years old, was graduated at Princeton in 1876, or three years before Governor Wilson was graduated; that he has two sons who are Princeton men and a grandson who some day will be a Princeton man; that he had no notion of seeing New York this summer until the Wilson organization selected him as its treasurer and that just at present the one thing that sticks out in the appointment in his mind is that the new job cut in seriously upon a most beautiful vacation which he and Mrs. Wells had been enjoying in a camp at Little Traverse bay, Michigan.

Mr. Wells believes in getting at his desk at 8 o'clock in the morning. "We are going to raise our cam-

aign fund through the small contributions," said Mr. Wells.

"I am sure that a large part of the money will be raised by popular subscription."

"The people have confidence in Woodrow Wilson, and they will give what they can of their means to elect such a man president."

"I am a great believer in publishing broadcast, before and after election, the various contributions made."

"There are men who can well afford to give the committee \$5,000, but I want to assure the public that we are not going to have any tainted money. We are appealing to the people, and we are relying on them to help elect Wilson and Marshall."

"I have two boys who have been graduated from Princeton, one five years ago and one seven. But it is not because ours is a Princeton family that I like Governor Wilson. He is a great big man and the type that we should have in public life."

BASEBALL

Col. J. C. Bessent of Winston-Salem, who is here attending the meeting of the state council, displayed keen pleasure last night when informed that the Twins defeated Anderson for the second time in the present series, and when told that Charlotte dropped another to Spartanburg, the doughty colonel jiggered a bit. He is the official scorer at Winston-Salem—which work he performs free of charge for the mere love of it—there being no commercial spirit in his baseball connection. Colonel Bessent favors an all-state league and wants to see the circuit next year composed of Winston-Salem, Charlotte, Salisbury-Spencer, Greensboro, Durham and Raleigh. Such a combination, he believes, will pay.

Mr. J. M. Broughton, Jr., of Raleigh is doing sports on the Winston-Salem Journal and is handling baseball well. He does simple writing, minus the frills, and his accounts of the games in the Twin City are always readable. Mr. Broughton is the son of Mr. J. M. Broughton, of Raleigh.

Big Cashion, who started with Greenville two years ago, has carved his name into the scroll of fame. He pitched a no-hit no-run game yesterday for Washington, his team defeating Cleveland two to nothing.

Walter Johnson took the first game of a double-header and incidentally set a new American League record by winning 15 straight games. Johnson and Joe Wood of Boston are the premier pitchers of the American League, the Red Sox Artist having a string of victories to his credit second to none.

It is practically decided that Boston will win the pennant in the American League. The Red Sox are winning consistently and Philadelphia has lost three games out of the last four. Washington is second in the standing, but it is not thought that the Senators will overtake the Sox. The championship series will be between New York and Boston—unless the Cubs, who are sprinting hard—overtake the Giants, and a great battle it will be.

Anderson seems destined for the pennant in the Carolina Association. The Twins alone have a chance, and this is but figurative. This ought to be the last time that fine ball teams play to as small a number as 150 people, as occasionally happens in the Carolina Association. Raleigh should be in the league next year, and now is the time to get busy.

Since Raleigh has no base ball park, what is the matter with fixing up the field at the fair grounds, having the street car company extend its tracks to the grandstand and run its cars right up to the stand? It would not cost much. The fair grounds are not used but once a year, and too much valuable property is standing idle. Baseball lovers should agitate something.

FINED FOR LYING

Recorder Broyles Fined Man \$5.75 For Putting Up Fake Story.

Atlanta, Ga., Aug. 21.—Recorder Broyles may never be judge of the appellate court, but he has already handed down one decision that may be of a momentous import in love, politics, and all other principal activities in the national life. He has fined a man \$5.75 for lying.

Happy thought that Judge Broyles presides over a police court which can deal justice without setting a precedent. Suppose it had happened in a court belonging to a judge whose decisions go down in the law books for future jurists to copy after? How many of us would escape without parting with the \$5.75 and costs?

The particular Ananias whom Judge Broyles soaked was named W. H. Thomas, if he can be believed in anything, and came from Gainesville. He put the local police to a whole lot of trouble by claiming that he had cut a negro to death and was a young desperado. He was arrested and telegrams were sent to see what he was wanted for. His whole tale proved to be a fake, and the police court judge, in sheer exasperation, fined him \$5.75 on the technical charge of loitering.

Almost Lost His Life.

S. A. Stid, of Mason, Mich., will never forget his terrible exposure to a maelstrom storm. "It gave me a dreadful cold," he writes, "that caused severe pains in my chest, so it was hard for me to breathe. A neighbor gave me several doses of Dr. King's New Discovery which brought great relief. The doctor said I was on the verge of pneumonia, but to continue with the Discovery. I did so and two bottles completely cured me." Use only this quick, safe, reliable medicine for coughs, colds, or any throat or lung trouble. Price 50c and \$1.00. Trial bottle free. Guaranteed by King-Crowell Drug Co.

Loaded Revolver in the Mail.

Atlanta, Aug. 21.—Postal clerks and mail carriers throughout Georgia, will probably tremble more when they read this item, than they ever have on the eve of a national election. Report is made from Washington the Atlanta office that a loaded revolver, with five death-dealing cartridges, is lost somewhere in the mail, and is in possible danger of exploding at any moment from being dropped too violently or struck by some other hard package. The revolver was originally sent by mail from a north Georgia town to Atlanta, but never reached its destination and is lost somewhere in the post. It may be anywhere. Orders are being issued describing the package, and instructing all postmasters to keep a sharp lookout for it.
