COTTON STOCKS GRAIN PROVISIONS

New York Cotton Letter. . New York, Aug. 21-Probably before the opening this morning 9 out of 10 of smaller local bears expected at least the break through the 11 ent level was at hand. Certainly the early news following yesterday's late weakness sug-

gested such possibility.

Cables were lower and there was quite a general feeling that there had been more southern selling here in yesterday's late trading than pre viously singe the new crop move ment started.

October opened 11.06 making the third time the market has reached that level, on this break an active and aggressive buying movemen started.

Apparently among the bears thi demand represented nothing mor than a reduction of big short lines but while much of buying seemed to come from the big trade interest who have been credited with a bear ish view of situation the aggressive ness and the oppenness of buying seemed hardly consistent with tha idea, and it looked more like an e fort, to force in scattering shorts of the flection of a more bullist view of situation. The beginning of southwestern expert movement waa hown in Galveston clearances of about 11,000 bales today and damage are coming in from the cen-

SEND MORE MARINES.

Apparent That American Life and Property Must Be Protected.

Washington, Aug. 21.-More Am erican blue-jackets and marines, it was made apparent to government officials today, probably will be required to be landed on Nicaraguan soil if the safety of American life and property there is to be assured. For the present, Managua, the capital, with the American railroad station, steamboat wharves, legation and the residence of the American custom officials and many others is considered safe, but American Min-ister Weitzel, after consultation with Colonel Smedley D. Butler, who is in command of the American marine forces in Managua, informed this government that he has taken notice of the report that General Zeledon, one of the rebel leaders has promised his men that they may sack and pillage the capital and he has determined that they shall not

be allowed to do so. There is grave apprehension of a clash between the American forces and the rebels, who appear to have

assumed an overbearing attitude. The navy is without a large force of available men in Central American waters at present and even the usually large force of marines encamped in the canal zone at present is missing. First hope of reinforcements for the blue-jackets and marines now in Managua is in the ear-ly arrival of the gunboat Denver from San Diego, California.

WILL NOT CONTEST WILL

Mrs. Astor /Satisfied With Provision Made For Her. New York, Aug. 21.-Mrs. Made-

line Force Astor, will not contest the Astor will which left only three million dollars to her recently born on. This announcement was made by Mrs. Astor's counsel.

His statement says: "Mrs. Astor al-ways expressed entire satisfaction with the provisions made for her by her late husband. She nas not now, has ever 520 any incution to advise that it could possibly be done. All provisions strictly conform to the state's laws. In reference to the article of the will, providing for posthumous children, it must be said while the fund of three million dollars seems rather small in view of the large estate Astor left and compared with the sum Wil liam Astor will receive it is nevertheless a large fortune, adiple for the heirs maintenance und education and & is likely the trust estate will quadruple by the time the child is twenty-one."

WILL MARK LINCOLN ROUTE

the state legislature.

Roads Traced Over Which Family Moved to Illinois in 1830. Champaign, Ill., Aug. 21 .- A pre liminary investigation of the route traveled by the Lincoln family in removing from Indiana to Illinois in 1830, has been finished by Charles M. Thompson, of the University of Illinois, working under an act of

Mr. Thompson says the route led across the Wabash river at Vincennes, Ind., then by the Vincennes-St Louis stage route to Lawrenceville, where it turned northward and led through Palestine, York and Darwin, to Paris. From Paris the family drove to Charleston and Shelbyville, and eventually landed in Decatur. An effort is being made by the state historical library trustees to have the route marked with suitable monuments.

Tennis Champions.

Newport, R. I., Aug. 21.-Maurice McLaughlin, of San Francisco, and Thomas C. Bundy, of Los Angeles, won the national tennis champion ship in doubles, defeating the title holders, Raymond Little and Gustave Touchard, of New York, in three of four sets. Scores, 3-6; 6-2; 6-1;

### Spirited Contest in Junior Order.

(Continued From Page One.) more soiled the clothes in honest toil the better the workman should

Its Working Tools.

The order uses as its working tools the Bible, the school house and the flag. What a matchless trinity! It is not a wonder that the Junior Order United American Mechanics should value highly the book written about the carpenter's son. Claiming to be no better than the average man, Mr. Bickett said he tried to remember his friends and do his part. There are some things that we all believe in our hearts. "I steadfastly believe that the Bible is the written will of God and that he whose life cannot be squared by the book is not a true man." If a man would be straight and keep straight he must keep in touch with that di-vine connection. Let him lose that touch and he will become little more than a brute.

The underlying principles and spirit of the order are uplift through the Bible. It believes that the school house is the basis of in-telligence. It stands for the hag. The order teaches that the obligations of citizenship are high. A man must not only have a personal but a civic conscience. A man to be a good citizen must be willing to take his place in the harness and uphold his end of the singletree. It is no place for a man who disturbs the peace; the chronic disturber cannot be run down in time of war. It wants a man's patriotism to be cool and steady; to burn as brightly in January as in June.

Power of the Average Man. Ne r before has so much power een lodged in the average man. the divine rights of men. It is a serious thing to be an American citilooking for America to point the way. If we are to help all nations, ve must prize our own nation and keen it clean

An outburst of applause greeted he speaker when he spoke about estricted immigration.

JUDGE EWART WITHDRAWS FROM LEGISLATIVE RACE

Well Known Henderson Taftite Sees the Roosevelt Shadow Looming Up

Hendersonville, Aug. 21.-The politial situation in Henderson county, where there are legious of republicans, is taking on a little presiding. color with former Judge Hamilton G. Ewart, one of the staunchest fighters and an ardent Taft favorite in western Notth Carolina adding a little ginger now and then,

Following upon the announcement of Judge Ewart last week that he was a candidate for renomination for Henderson county's seat in the lower branch of the legislature comes his statement today that he has withdrawn his name from the primary to be held in the county

August 22. Judge Ewart states that there persistent talk is the county to the effect that the Roosevelt followers are gring o knife the regular repiblicans in this county and for this reason the judge says he has withdrawn at this particular time but he assures his friends that he will be in the race for he says "that although the primary is to be run under the absolute control and domidispute the validity of the ante nup- uation of the bolters from the retial agreements of the will. As for publican party, the straight and reg-setting aside the will, any lawyer ular republicans will put ou a ticksetting aside the will, any lawyer ular republicans will put ou a tick-of the slightest experience would not et at the proper time." Just when the opportune moment will come

Judge Ewart does not say.

There are many candidates for the various county officers, there being eight in the field for sheriff, six for register of deeds and five for tax

collector. Tax Collector Shepherd is the only democratic county officer, having bed; elected by the magistrates of the county as provided by the statute covering the election of tax collector in this county. An act was passed at the last session of the legislature providing for the election of a tax collector by popular vote

WILL INVESTIGATE

KILLING OF ROGERS-House Resolution Calls Upon State Department for Information.

Washington, Aug. 21 .- Representative Norris, of Nebraska, introduced a resolution requesting the president to send to the house all information he has or "in the possession of the state department in regard to the alleged killing of James W. Rogers, an American citizen, by British soldiers in Africa and to inform the house of representatives what action, if any, has been taken or is contemplated to investigate the killing of the said James W. Rog-The resolution was referred to the

foreign affairs committee. Rogers is a Californian. Representative Sulzer, of New York, chairman of the foreign af-

fairs committee communicated with the state department and was advised that the department was investigating the matter and that all the facts could be obtained would be furnished to the committee. Mr. Norris said he regarded the

shooting as an outrage on an American citizen, so far as the available information shows. He declared it seemed that Rogers, as an American charged with offenses that did not warrant killing him, was fatally shot under iron-clad orders of the British government carried out on Belgian soil. At the state department, which

ed, would have no difficulty in securing access to the report of the British sergeant on the tragedy.

Regarding the right of British soldiers to kill a poacher without trial, officials of the state department would express no opinion today. The question reported to have been raised by Rogers as he was dving on the right of the British troops to attack him on Belgian soil, complicates the case, though the issue involved would appear to concern Great Britain and Belgium, according to inofficial opinions of department

heads. If it should appear, they pointed out, that Rogers was killed in Belgian territory and there was any ground for demanding redress, the United States might look to Belgium instead of Great Britain for justice leaving Belgium to seek reparation in turn from Great Britain

MAINE LEANS TO WILSON.

Republican Split Helps Democrats-

State Election on Sept. 9. New York, Aug. 21.—The Times special from Bath, Maine, says: Republican leaders fear that Maine will go for Wilson. This state sent Roosevelt delegates to the republican convention in Chicago, and a large proportion of the members of the party were disappointed at the nomination of Taft, and while many would have been willing to support Roosevelt than Taft, there are hundreds who believe that a compromise candidate could have carried the state. They now feel that the present split will result in the choice of Wilson electors in November. Ev-ery effort is being made by the republicans to keep national issues out until after the state election and to prevent a clash between the Taft and Roosevelt forces which would endanger their chances of success in carrying the state on September

The liquor question, which has been the bone of contention through Everywhere the divine rights of many campaigns, is not receiving its kings are being battered down by customary attention this year. The reported utterances of Governor Wilson on local option have struck The people of all lands are a favorable chord among the members of his own party and with a great many republicans. Indications now are that Governor Plaisted will be re-elected in September, and that for the first time since the birth of the republican party this states elec-toral vote will be cast for the democracy in November.

CALDWELL COURT

Judge Lyon Presiding Over August Tterm—Case of Infanticide.

(Special to The Times.) Lenoir, Aug. 21.—The August term of Caldwell county superior ourt, convened here Monday morning, with Hon. C. C. Lyon, judge

During the first week of the term the criminal docket, which is very ight, will be disposed of. The mos important case to come before the court this term, is a case of infanticide, wherein, wherein one Mrs. Mrs. Anna Holsclaw is charged with little town of Valmead, a mile north of Lenoir, was thrown into a state of excitement over the finding of the body of an infant buried in an old hollow stump in the woods nearby The woman was arrested and the evidence brought out at the coroner's nquest was sufficiently convincing to the jury to recommend the detention of the Holsclaw woman, who

of the criminal court. From the time she was arrested county jail, has never said anything about the charge preferred against One large store refrigerator. she maintains she is not guilty of the crime. The case Coach Harness. of the week.

The second week will be for the

trial of civil causes

OYSTER SEASON NEAR Dredgers and Dealers Around New

time the shipments of fish being

made from New Bern are very small

Bern Expecting Good Business (Special to The Times.) New Bern, Aug. 21 .- Just at this

Some days the fishermen who suppl the local dealers with the water food have comparatively large catches, then again for several days they catch barely any at all. This is accounted for in a measure by the fact that the water in Neuse river is very low and has been in this condition for more than a week. The oyster season will open within a few weeks and both the dredgers and the dealers are looking forward to this time with much speculation. Last year the oyster business in this section was not all that could be desired However, it is the opinion of the dredgers that the approaching season will be a more successful one in every way. The present quotations which are being made in advance lead them to believe that they will make considerable money during the season.

NEW SUBWAY

Street to Be Put Under Railroad Tracks. (Special to The Times.) Charlotte, Aug. 21.—The city executive board today let the con-

tracts for work on the proposed subway under the Seaboard and Southern Railway tracks on East Trade street. This is one of Charlotte's busiest thoroughfares and the constant blocking of the street by trains has been a great source of trolley cars. The crossing is also very dangerous one and it is largely for this reason that the underpass will be constructed. It is a block of street must be excavated sure I understand the meaning of has no direct information on the and proceed work put in) but work the word." and morete work put in) but work a. m. Raleigh now, and they ought of better quality.

Will be smaller than last year, but stand the meaning of the word. I'll made as the basis of an inquiry diest possible time. The cost of the rected to the American embassy in subway will total more than \$21,- Executors of E. B. Barbee, deceased. London. The embassy, it was stat-

MAYOR DENOUNCES JUDGES

Cincinnati Executive Calls Them Creatures of Boss George Cox. Cincinnati, Ohio, Aug. 21 .- In an nterview, Mayor Hunt arraigns the common pleas court, following de-cisions handed down by Judge War-ner freeing a number of work house prisoners on writs of habeas corpus, based on the ground that they had not signed documents waiving the

right of trial by jury. The mayor and Director of Public Safety Cash both declared that the decisions were without warrant of law and contrary to a recent decision of the United States supreme court. Both officels denounced the rulings as an attempt to nullify the work of the present administration and "to intimidate police officers from doing their duty for fear of law suits

Mayor Hunt attacks Judge Dickson's record and fitness as a judge, and adds: "Judge Dickson is violently prejudiced and has criticised this administration at times severely

"The Cox judges have let fellows go who are a menace to the community. It is a part of the Cox gang's campaign to take care of the criminal element. George B. Cox and Rud. Hynicka put all those judges on the bench.

> Corn Crop Short. (Special to The Times.)

Scotland Neck, Aug. 21.—The farmers say the continued dry weather has greatly damaged the crops, and especially is this true in regard to corn. It is said that this crop is damaged at least 50 per cent, and in some places perhaps more. The cotton and peanut crops have fared a little better than the corn, however, and the damage along that ine will probably not be so great. With plenty of rain from now on he farmers say, the cotton and peanuts will do fairly well.
