

CONVENTION ON TUESDAY

Many Farmers and Their Wives Expected to Be Present at Meeting

AT A. AND M. COLLEGE

Program Includes All Essential Things in Conduct of Farm and Home—Many Raleigh Women Will Take Advantage of Opportunity to Learn More About Domestic Science—First Session Begins Tuesday—The Program.

Many farmers and their wives and town dwellers as well will attend the farmers' convention and institute round-up to be held at the A. and M. College next week, beginning Tuesday and continuing through Thursday. Three sessions will be held a day and the best of lectures will conduct the courses. The program includes about everything that is calculated to assist the farmer and housekeeper in their daily life and was prepared especially as a fitting climax to the long series of institutes.

Reduced Railroad Rates.

The railroads have promised low rates for the convention. A fare of three cents a mile, plus 25 cents, will be the round trip. This cuts the fare almost in half and reduces the expense greatly.

The charges at the college are correspondingly small. The college is going to furnish rooms in the dormitory free, the only requirement being that persons who occupy them shall furnish their linen such as towels, sheets and pillows. Meals will be served in the mess hall at 25 cents.

Many Raleigh people go out there and spend the whole time, taking lunch and enjoying all three sessions. It is a big privilege. Many young house wives, besides young ladies who want to learn, intend to patronize the sessions throughout. The Wake County Girls Tomato Club will give a canning demonstration. There will be cake baking exhibitions, bread making, everything in good cookery will be shown.

Paper-Bag Cooking.

Paper-bag cooking, sometimes popular in theory, but not generally a known art, will be given a thorough trial at this time and the woman's section promises more than the men's even. The best thought on tobacco and corn will be given. There will be a score of extras.

At the head of this convention is W. J. Shuford, one of the finest farmers in North Carolina. He is president, and R. P. Hayes, of Asheville, is vice-president. J. A. Boone, Jr., of Macon, is second vice-president; I. O. Schaub, West Raleigh, is secretary-treasurer, and Mrs. Charles McKimmon, of Raleigh, is president of the Woman's Section.

Capacious Commandments.

"A little girl at our morning service yesterday," telephones Rev. James E. Craig, "kneel beside her mother while the commandments were being read. When the rector read, 'On these two commandments hang all of the law and the prophets,' the little girl whispered: 'Mamma, how many—' 'Sh!' hissed her mamma. 'But, mamma, how many prophets are there?' 'Why, Isalah, Jeremiath, Habakkuk, Jonah, Haggai, Malachi, Zephaniah, dearie. I can't think of all of them without looking them up, but I fancy there must have been about twenty.' 'Twenty? And they hang 'em all on two commandments?'—Cleveland Plain Dealer.

POLICE GET NEGRO BURGLAR

Entered House at Durham But Was Frightened Away—The Farthing Notes

(Special to The Times.) Durham, Aug. 22.—Jim Leathers was arrested yesterday morning on the charge of entering a dwelling house in the night time with felonious intent and bound over to the next term of superior court under a bond of \$3,000. Yesterday morning shortly after midnight, Mrs. E. P. Smith, a member of the Durham colony of deaf mutes, was awakened by a noise and saw a negro standing at the foot of her bed. She managed to give an alarm which frightened the culprit who fled through a window, leaving a pair of shoes he had removed in order to make a noiseless entry. The police were notified and soon an officer was on the scene. In a few hours the policeman saw a negro walking around in that vicinity barefooted and followed him. The man went to Mrs. Smith's house and when he approached a window he was arrested. He admitted that he was looking for a pair of shoes and identified the pair found at the house, but denied that he entered the house. He said that he was passing there earlier in the night when he removed his shoes to take out a gravel that was hurting his foot, that while his shoes were off he heard a noise from the house that frightened him so he ran away. In court he did not make any statement whatever, and on the evidence of Mrs. Smith, several other corroborating witnesses and the policeman he was held for the next term of court.

One of the easiest arrests of a blind tiger occurred here yesterday morning. A man by the name of Taylor was seen by a policeman to come out of a suspected place carrying a small bundle. The officer had curiosity enough to investigate the package and found that it was corn whiskey. Taylor then told that he had just purchased it from Ed George, and of course George was soon in the toils of the law. He was adjudged guilty and sentenced to the roads for a term of eight months, but appealed and his bond was fixed at \$1,000.

Scarcely a day passes that one or more blind tigers is not arrested here, yet the business continues with no noticeable abatement. "Zug," as soon as one is sent to the roads another takes his place.

The local publicity committee of the laymen's missionary movement has planned to give the convention that meets here October last and November first the widest kind of publicity throughout the twenty counties that are in this district. All the newspapers and every church will be called upon to aid in telling the objects of the convention, and it is fully believed that more than one thousand people will be in attendance.

The creditors of Mr. G. C. Farthing met here yesterday for the purpose of determining the best method of dealing with the unfortunate financial straits that he has gotten into. He endorsed many notes for Dr. Shepard of the National Training School, and these notes are now being pressed. The total sum of Mr. Farthing's indebtedness is around \$290,000, all but about \$50,000 of which is on the Shepard papers. He has property here valued at close to \$350,000, but if it were all put on the market at once to settle these outstanding papers it would naturally depreciate the value, causing a hardship on Mr. Farthing and probably the creditors. Yesterday's meeting was for the purpose of arranging the best method of settling this without doing injury to any of the parties concerned. The first action against Mr. Farthing on account of these papers was started a short time ago, and since then more than a score of suits have been instituted.

WILSON IN GOOD SPIRITS

Engaged in Ball Tossing Game With His Youthful Nephew. Seagirt, Aug. 22.—Governor Wilson was in a happy frame of mind today. He was out early after breakfast for a stroll over the lawns about the summer cottage. His youthful cousin, James Woodrow, across him whistling. Woodrow suggested a game of "catch" to the governor. "I'll get the gloves," suggested Woodrow. "I guess not," excused the governor. "I'm used to playing ball with barehands." Then they engaged in a "catch" game, the governor getting much enjoyment out of tossing the ball to his cousin, sometimes putting over a swift one that burned his kinsman's hands. Within the past week the governor has shown noticeable improvement in health and spirits. This is explained by the fact that much of the campaign details have been completed. The governor today had no special appointment, planning to devote his time to correspondence.

LETTERS FROM THE PEOPLE

All Bring Encouraging News to the Democratic Headquarters

New York, Aug. 22.—More than 10,000 letters have been received at democratic national headquarters in the Fifth avenue building, New York, within the past week from every state in the union, dealing with the political condition throughout the country.

These letters have been examined with care by the various bureaus, and the majority of them contained information of the most encouraging nature, as well as valuable suggestions to the democratic leaders.

Never in the history of the party have the chances been so bright for a democratic victory. Betting is a matter of opinion, but the odds as quoted in New York, have gone to 2 1/2 on Wilson. At the opening of the campaign the odds were from 1 1/2 to 2. During the past few days there were many wagers being offered at 2 1/2 to 1 on the success of the democratic ticket.

So far there have been but few wagers recorded, the majority of the Wall street sharks declaring that the odds will go to at least 3, and possibly 4 to 1 in favor of Wilson.

With the opening of the democratic headquarters in Chicago this week, the western campaign will be in full swing.

The notification ceremonies to Governor Marshall took many of the active leaders to Indianapolis, and they went on to Chicago, where Secretary Joseph E. Davies, of the national committee, will be in charge.

The national headquarters in New York will continue to cover the entire country, but the Chicago headquarters will pay special attention to all the states west of Illinois. The literature will be mailed from Chicago headquarters and a corps of speakers will stump the various districts.

Governor Norris, of Montana, is insistent that Wilson and Marshall will gain the electoral vote in Montana next November.

In a telegram to national headquarters, he writes: "Every indication is that Montana's electoral vote will be for Governor Wilson."

The democratic handbook for 1912 will be off the press by the first of September. This book is by all odds the most pretentious, complete, accurate and interesting book that has been turned out by a national committee in more than a score of years.

the stump, that it is expected he will do so. Gov. Woodrow Wilson's visit to the democratic national headquarters in the Fifth avenue building, New York, brought to light the complete democratic spirit of the man.

Governor Wilson's visit was unannounced and he did not reach headquarters until 8 o'clock at night. He found Josephus Daniels, chairman of the publicity bureau, and his force hard at work. And this was true in every other department.

"We are glad to do it governor," remarked one busy stenographer. "And I am glad to hear you say that in such a cheerful spirit," replied the democratic nominee.

Governor Wilson discussed with the carpenters, who were busy putting up partitions in the publicity room, the neatness and dispatch with which they were carrying on the work.

"I am glad to see you men taking so much pride in the furnishing of these headquarters, even though they are to be temporary," said Governor Wilson. "The working man today, I have noticed, adds a personal touch in his work, and seems to take a pride in it and that is a mighty good sign."

Readers of the Commoner, William J. Bryan's paper, continue to contribute towards the Wilson and Marshall newspaper campaign fund. Colonel Bryan today sent his second check for \$430,—the contributions ranging from 25 cents to \$5.

Col. Robert Ewing, through his papers, the New Orleans States and the Shreveport Times, has collected over \$3,600 from the state of Louisiana.

L. T. Russell, proprietor and editor of the Elizabeth Times, Elizabeth, N. J., has collected over \$1,600 from Union county, N. J.

The harmony telegram that Chairman William F. McCombs, of the democratic national committee, sent to the California democrats, who were split in two factions, has had the effect of solidifying all elements of the party. Mr. McCombs wired the state chairman and national committee, saying that every true friend of Governor Wilson would work in harmony with any other democrat. Today Chairman McCombs received a letter from R. H. De Witt, the chairman of the democratic state committee of California, in which he said:

"We are happy to report to you that the meeting of our state central committee resulted in a love feast. A harmony committee of ten was appointed and the report was almost unanimously adopted. Our party is now solidified, and all unite in carrying California for Wilson and Marshall."

In addition, McCombs received letters from Mr. J. B. Sanford, the national committeeman, and Mr. Theo. A. Bell, who was Speaker Clark's most active supporter, congratulating him on his successful efforts in restoring harmony among California democrats. They predicted that the reunited California democracy would give Wilson and Marshall the electoral vote of the state.

ODD FELLOWS END MEETING

Camp Next Year Will Go to Shelby—New Officers Elected

(Special to The Times.) Wilmington, Aug. 22.—The Grand Encampment of Odd Fellows of North Carolina, concluded their annual sessions at Wrightsville Beach yesterday afternoon. Many matters pertinent to the order were disposed of, although only a few were of such nature as to be given out for publication. Officers were elected for the present year, Shelby landed the encampment for next year. All the officers of last year advanced a notch, and a new man was elected to one of the minor offices. The official line-up now is as follows:

David Gaster, Fayetteville, grand patriarch; E. B. Stradley, Asheville, grand high priest; E. W. Chadwick, Winston, grand senior warden; R. H. Ramsey, Charlotte, grand scribe; John E. Wood, Wilmington, grand treasurer; K. Kendall, Shelby, grand junior warden; R. P. Clineham, Winston-Salem, grand representative. The appointive officers were as follows: W. R. Bagwell, grand marshal; D. R. Aiken, grand inside sentinel, and John S. Greenwood, grand outside sentinel.

Politician Wants Booze.

Hon. Thomas Carter, of Pittsburg, Pa., "The City of Graft," writes to Mayor Smith stating that he notices by the papers that there is a cartload of whiskey in this city without a claimant—contaband—and desires to make some arrangement whereby he might procure the booze for campaign purposes, he being now in the race for the Pennsylvania house. "He thinks he would be able to win quite a few votes with the liquid. Mayor Smith turned the letter over to the newspapers and answered that he has other plans for the booze."

Wine Seller to Roads.

J. P. Hopewell, a wine seller,—no, gentle reader, not a wine cellar—of this city, who is alleged to have sold wine in small quantities was found guilty by the recorder yesterday, and sent to the roads for four months. He appealed.

Wangle Over Core.

The city councilmen of Wilmington, after peacefully laying miles upon miles of excellent streets in the city, all without a dissent, have finally come to words over the last block of paving to be paid for out of the street bond money. One councilman claims that he should have the balance of the paving in his ward, while another thinks it should be placed in another section.

An individual, who has made himself interested, threatens to institute injunctive proceedings if the block is laid at one place.

Some men don't amount to any more than a straw vote.

THE BEST PROOF

Raleigh Citizens Cannot Doubt It. Doan's Kidney Pills were used—they cured. The story was told to Raleigh residents. Time has strengthened the evidence.

Has proven the cure permanent. The testimony is home testimony—The proof convincing. It can be investigated by Raleigh residents.

N. A. Spence, Sr., 423 S. Wilmington St., Raleigh, N. C., says: "For years kidney trouble caused me to suffer intensely. I had had attacks of backache, pains through my loins and I noticed that the kidney secretions deposited sediment. When I read about Doan's Kidney Pills, I got a box at the Bobbitt-Wynne Drug Co. (now the Galloway Drug Company), and began their use. In a short time I passed several gravel stones, some as large as a good sized pea and I then improved. The kidney secretions became natural and the backache and pain disappeared. I strongly urge other kidney sufferers to try Doan's Kidney Pills." (Statement given January 30, 1908).

A Second Endorsement.

Mr. Spence was interviewed on December 3, 1910, and he said: "I am always glad to recommend Doan's Kidney Pills, for I know that they act just as represented. I still use them occasionally when in need of a kidney medicine and they always act promptly and effectively."
