REPUBLICANS WIN MAINE

Get the Governorship, the Legislature and Three of Four Congressmen

MAJORITIES SMALL

William T. Haines Elected Governor By Plurality of 5,357 New Legislature Will Have 94 Republicans and 78 Democrats and Will Elect Republican Senator in Place of Obadiah Gardner—Political Observers Doubtful of the Effect of the Victory, Also of the Attitude of the Progressives in November Election.

Portland, Maine, Sept. 10.—The republican victory in yesterday's state election, in which they won back the governorship, secured three of the four congressmen, and a sufficient majority on joint ballot in the legislature to assure the election of a republican United States senator, became more pronounced with the revised returns today. William T. Haines, republican, was elected governor by a plurality of 5,357 over Plaisard, democrat. Haines' vote was 79,072; Plaisard 68,515. Congressman Asher C. Hinds, first district, and Frank Guernsey, second district, both republicans were re-elected by increased majorities. Forrest Goodwin, republican, supplanted Congressman Samuel Gould, democrat in the third district. The democratic candidate in the fourth district, Congressman McGillivuddy, was re-elected.

The new legislature will stand ninety-four republicans and seventy-eight democrats. This majority will be sufficient to elect Congressman Edwin C. Bureleigh, of Augusta, United States senator, to fill the place of Senator Gardner, democrat, appointed to fill the vacancy caused by Senator Frye's death.

It is generally believed that Zeb Vance Walser, the nominee for governor of the Roosevelt republicans at Charlotte last week will be endorsed. It is also generally believed that James N. Williamson, Jr., of Alamance county, will be made chairman of the executive committee and that the nominees for other state offices as made at Charlotte will be endorsed.

MEXICO AND INTERVENTION

That Government Does Take Seriously Talk of Inter- vention by United States

Mexico City, Sept. 10.—Government officials continue to regard as absurd reports that the United States seriously considers intervention in Mexico. At the national palace it is declared that conditions are growing better instead of worse. The government declares its purpose to protect foreigners and their property until peace is restored.

SCIENTISTS NOW SEEKING ANTI-TOXIN FOR MEASLES.

Washington, Sept. 10.—With every hope of success, the scientists of the United States hygienic laboratory are now engaged in seeking an anti-toxin or preventive of measles, which annually claims a heavy toll among infants and children in the United States. The research is based on the success of a recent experiment with monkeys conducted by Dr. John F. Anderson and Dr. Joseph Goldberg, by which the scientists for the first time in medical history actually inoculated a small colony of animals with the disease. Taking this as a basis the anti-toxin is to be developed although the measles germ is so minute as to be undetectable under the most powerful microscope.

INTERESTING POINT IN A LIQUOR CASE

Whether a bank in handling a draft for money and a bill of lading for whiskey is guilty of violating the prohibition law came up before the supreme court today from Craven county in the case of state against Fisher and Banking Company, the jury having returned a verdict to the effect that if the delivery of the draft and bill of lading to Carl Spencer, a minor, was a violation of the law, then John H. Fisher, of Richmond and the Mutual Aid and Banking Company of New Bern were guilty of selling liquor. The court held that the facts as found by the jury do not constitute a violation of the prohibition law and the state appealed. The case was argued in the supreme court today for the state by Mr. Thos. H. Calvert, assistant attorney general.

Among the attorneys attending court this week are: Gov. Thos. J. Jarvis, S. J. Everett, W. F. Evans, Julius Brooks, Harry Skinner, Greenville; J. L. Ward, L. I. Moore, W. D. McIver, D. E. Henderson, O. H. Gulon, New Bern; E. M. Land, Kinston; L. R. Vasser, Lumberton; Herbert F. Seawell, Carthage; J. H. Gorman, Morehead City.

BOYS IT'S TIME YOU WERE PRACTICING''

WILSON ON THE PARTY

Does Not Believe Progressive Party Leaders Could Carry Out Their Platform

New York, Sept. 10.—Gov. Woodrow Wilson in an address before the New York Press Club last night, questioned the ability of leaders of the progressive party, if elected, to carry out any part of the policies of its platform. Much of the speech was devoted to an analysis of the progressive party plans, although he gave some attention to the record of the republican party and predicted a victory for united democracy. He said in part:

"I have come here tonight for the purpose of discussing just as candidly as possible the political situation; and I hope that in doing so I shall do injustice to no one. I am not one of those who believe that the right tactics in politics is to depreciate the men you are opposed to and to belittle and misrepresent the forces with which you have to contend. It ought to be a frank, straightforward, and fair determination of what it is we are to agree upon and do, and how we are to do it in the great field of our common action. My feeling about my own candidacy for the presidency is that if I cannot be the people's spokesman, I want to feel, if I am elected, to the office of president, that I am speaking the purposes and impulses and judgments of the people of the United States. We do not live our lives at the polls. We are interested in politics only as it is a means of adjusting the law to serve our life as it should be served.

"I want to discuss the three parties now seeking your support. I know there are more than three parties in the United States, and it is not out of any disrespect to the parties that have commanded only a small number of votes in the past that I leave them out of the reckoning for the present.

"Let us consider, first, the republican party. There is a great deal of difference between the republican party and certain groups of gentlemen who have been allowed to lead and direct the republican party. The republican party, as represented by these men, is the very party which has got us into the difficulties we are now trying to get out of. I do not have to prove that, because we have got into those difficulties in the last fifteen years, and during the last fifteen years that party has been in power. If it did not get us into these difficulties, who did?

"Mark you, I am not saying that the leaders of the party knew that they were doing us an evil or that they were doing us an evil or that my part, I am very much more

MAY OPPOSE LOCAL OPTION

Progressives Force In Greensboro Trying to Offset Set- tle's Liquor Plank

Both the Charlotte and Greensboro Committees of the Two Progressive Factions Meet in Greensboro Today and Will Unite on Ticket And State Chairman—Wet Plank in Regular Platform Bothers Them—Butler on Hand.

(Special to The Times.) Greensboro, Sept. 10.—Progressive forces are rapidly arriving for the state committee meeting this afternoon, and hotel lobbies are seething with gossip to offset Tom Settle's expected liquor vote. It is believed a plank severely attacking local option will be inserted in the platform. It is also urged that an old line republican who can hold the old republican strength will be named as state chairman. Virgil S. Lusk is mentioned frequently in this connection.

Both the Charlotte and Greensboro convention committees are here and after holding separate sessions will meet jointly to ratify the tickets, redraft the platform and attend to many matters which at this time are in such shape as to be impossible to forecast.

COMMITTEE TO MEET SEPT. 19

Will Pass On Requirements For Voting In Senatorial Primary In November

Chairman Chas. A. Webb last night called a meeting of the state democratic executive committee for Thursday night, September 19, to take up the unfinished business of the former meeting a few months ago, consisting of passing on the requirements for voting in the senatorial primary at the general election. When the committee met last night, this matter was deferred.

The Kitchin and Clark members of the committee insisted that only those electors who voted the democratic ticket almost in its entirety, with the exception of one or two "scratches," should be allowed to participate in the primary. The rub came at this point. The Simmons members of the committee thought the pollholders would be the best judges of democrats in their communities, and as Messrs. Kitchin and Clark would have a majority of the pollholders, the Simmons supporters on the committee thought this question could properly be left with the election officers.

SHOOTING AT DUNN.

Negro Shot His Wife—Alfred Phillips Acquitted.

Dunn, Sept. 10.—One afternoon last week a negro named Luther Alfred got in a quarrel with his wife near the A. C. L. depot and shot her several times with a pistol. The negro then ran up the railroad but was never captured. The woman died a few days later from the effects of the wounds. The negroes worked at a large lumber plant near town, and it seems were in the habit of fighting. About a year ago this same couple had a fight and the woman shot the man through the body three times but he recovered.

DIPLOMAT UNDER ARREST

Charged With Abduction of Newport News Girl— Forfeited Bond

New York, Sept. 10.—Harry E. Nolan, of Washington, D. C., recently appointed secretary to the American legation at Panama, failed to appear in police court to plead to the charge of abducting sixteen year old Marion McVicker of Newport News, Va. His cash bail, one thousand dollars was ordered forfeited. Detectives were dispatched to arrest him. The girl said she ran away shortly after her marriage to Joseph Foster, a machinist, at Elizabeth City, N. C. She met Nolan on the steamship from Norfolk to New York. She planned upon leaving Norfolk to go to her father in Scotland, but said she was so charmed by Nolan's manner, she decided to remain here where she could see Nolan occasionally. The girl's father recently arranged with the Anchor Line company for her passage to Scotland. She came to Newport News originally to visit her brother. Nolan's arrest followed his attempt to get money instead of tickets from the steamship company. Detectives found Nolan and the girl registered at the Hotel Astor.

Appointment Confirmed August 22.—Washington, Sept. 10.—Harry E. Nolan, the diplomat, arrested in New York charged with abduction was confirmed by the senate as secretary of the legation at Panama August 22. The government will take no action until the courts pass upon the charges.

THREE NEW DORMITORIES.

Named for Jarvis, Aycock and Allspaugh. (Special to The Times.) Durham, Sept. 10.—The three dormitories at Trinity College will be called Jarvis Hall, Aycock Hall and Allspaugh Hall, after Governor Thomas J. Jarvis, whose administration set the state in the way to material prosperity in which it is now travelling; Governor Charles B. Aycock, who made popular education the chief motive of his administration, and Colonel J. W. Allspaugh, of Winston, the oldest living graduate of the College, and one of the men who stood in the breach in the days of financial struggle. So voted the Executive Committee of the Board of Trustees at their meeting yesterday. In commenting upon this action President Lewis says that Trinity College although it rests upon a private foundation is a state institution just as much as if it were supported by public taxation. The heroes of the state are its heroes; and it counts it a privilege to name two of its buildings after two distinguished governors of the state, the one now dead and the other full of years and crowded with honors, both of whom, it may already be safely predicted, will rank among the greatest North Carolinians of their generation. The honoring of Colonel Allspaugh will be approved by all who know intimately the history of the College.

Ferguson Renominated.

Va., Sept. 10.—Several wagon loads of weapons of all descriptions were added to the storehouse at military headquarters as the result of martial law, the zone being extended over Dorothy's Raleigh county. Militiamen searched the district thoroughly for firearms. The weapons were confiscated from persons in Cabin and Paint creek strike district. All mines on the north side and Michigan side of the river are reported in operation. Several mines resumed work in Cabin and Paint creeks. The miners working are those who struck several months ago, but who remained in the company houses, claiming they were ready to work whenever permitted by safe conditions. The military issued orders that all houses throughout Kanawha county be cleaned to maintain good sanitary conditions.

The democratic ticket, headed by Congressman Robinson, gubernatorial candidate, was elected by an overwhelming majority.
