Roseola.

This complaint, or as it is sometimes called rose-rash and sometimes known as French measles, has been quite prevalent in our community for the past two weeks. It is not at all serious in its character, but at the same time it is decidedly uncomfortable to those affected with it.

To Be Removed.

The Jail at Hillsboro is so insecure that it has been determined to repair and enlarge it, and while it is undergoing repairs, the prisoners are to be sent to our Jail for safe keeping. Among these prisoners are one under sentence of death for murder, and another (a woman) awaiting her trial for the murder of her husband. The authorities of Orange may feel assured of their safe confinement when committed to our new and splendid jail, which is generally conceded to be one of the very best in the State.

Change of Schedule.

We publish elsewhere the new schedule of the Raleigh and Augusta Road, from which it will be seen that quite a change has been made. It is nearly the same schedule that was run all last summer. The train will now leave Raleigh at 6 o'clock in the afternoon, and arrive at 6:30 o'clock in the morning. This is a great convenience to persons living along the line of the road, who may wish to visit Raleigh as it enables them to go and return the same day.

The Cape Fear and Yadkin Valley Rail Road Company have also changed their schedule so as to leave Fayetteville at 4 o'clock in the afternoon, and arrive at the Gulf at 7:55 o'clock, and leaving the latter place at 6 a. m., arrive at Fayetteville at 10:20 o'clock.

School Celebrations.

We return thanks for an invitation to attend the closing exercises of the Graham High School on the 20th and 21st inst. The address will be delivered by the Hon. Kemp P. Battle, the accomplished President of our University, and the annual sermon will be preached by the Rev. Dr. Pritchard, of Raleigh, so that those who attend this pleasant occasion will be highly entertained. We are pleased to notice that one of our clever Graham boys, S. B. Perry, has been chosen chief marshal.

The closing exercises of Mr. Marshall's School, Sylvan Academy, will be held on the 4th day of June, and not the 5th as we had been informed. Our friend E. S. Parker Esq. will deliver the literary address.

We are pleased to learn that E. R. Stamps Esq. of Raleigh, has accepted the invitation to deliver the address to the flourishing school at Osgood on the 3rd of June.

Northern Emigration.

Our people have no idea of the strong desire of many persons residing at the North to remove to the South. There are hundreds and thousands of such persons who could easily be induced to come among us, and who would be valuable acquisitions, and help greatly in building up our section. Mr. George H. Chapin, of Boston, has a large real estate Agency, through which southern homes are purchased for northern settlers. He has established several branch offices of this Agency, and among others one at Raleigh, which is in charge of Dr. A. B. Chapin, of this county, and a kinsman of the above named gentleman. A farmer in this county, being desirous of selling his farm of about 200 acres, priced the selling of it in the hands of Dr. Chapin, who published a short notice of it only one time in the New York Tribune, and in two weeks time he received over fifty letters from persons all over the North desiring to purchase. We have read several of these letters, and the writers express an earnest desire to move South, and for various reasons, the main one being an account of our climate.

Our citizens should do all they can to encourage immigration into our midst, especially of such a class of immigrants as are the writers of the letters above mentioned, all of whom appeared to be persons of intelligence, and property. Let us warmly welcome such among us, who will aid us in restoring the ancient prosperity of our country, and re-building our waste places.

We were pleased, in reading these letters, to learn that so many persons in the great Western States were anxious to move South, for a large number of these writers were living in the West and North West and desired to remove to our more favored clime. We have always insisted that North Carolina offers more natural advantages to an emigrant than any other State in the Union, and we are gratified to know that this fact is becoming known and appreciated.

We wrote the foregoing lines several days ago, and since then a party from the North has visited the farm (above alluded to) and has entered into contract for its purchase. The purchaser is a Mr. Adams, who is a Professor of Agriculture in a College at Washington in Pennsylvania, and we hope that our farmers will be benefited by the application of his knowledge to his newly purchased farm.

Mr. Adams had so recently removed from this place, after a pastoral of eighteen years, that it seemed quite natural to see his familiar face and hear his familiar voice once again. The warm welcome extended to him by both black and white, is an evidence of their high esteem for him.

In connection with this visit of the above named gentleman we are informed by him that since his departure from our Village in January last he has not tasted a single drop of water. This seems almost incredible, and yet it is strictly true. When thirsty he would drink tea or milk. We have heard before of persons who accustomed themselves to live without drinking water, contending that it was all a humbug.

Important to Magistrates.

For the information of the Justices of the Peace of the county, we publish the following Act passed by the late Legislature, which we would call to their special attention.

An Act to require Clerks and Justices of the Peace to keep an itemized statement of all fines received by them, and to properly account for the same, &c.

A Notable Neighborhood.

There has not been a bill of indictment found against a citizen, nor has there been a man arrested, charged with an offense against the State, in Holly township, Fender county, since the late. There may be other townships in the State which can present as clean and pure a record, but we have serious doubts of such another instance to be found anywhere.

London.

London is spread over about 7,000 square miles. There is one death there every six minutes, and one birth every four. The growth of the population is at the rate of 75,000 a year, or 205 each day. The total length of streets in London is about 7,000 miles, there are built every year about 9,000 new houses, by which the length of streets is increased by twenty-eight miles. In the jails there is an average of 75,000 prisoners. The foreign-born residents of London number about 100,000; but thirty-seven per cent of the whole population were born out of the city.

Miscegenation in Indiana.

TEANE HAVRE, May 13, 1879. Eight persons were arrested here this afternoon charged with miscegenation, being married contrary to the laws of the State of Indiana. They are now lodged in jail, and numerous other arrests for the same offense will be made to-morrow. The Grand Jury also indicted Rev. S. Robert Jeffries and William H. Anderson, two of the most noted colored preachers in the West, for marrying them. Considerable excitement prevails among the colored people in consequence of the indictments against the reverend gentlemen.

New Store And New Goods.

Messrs. Byrum and Braden have just finished repairing and enlarging their new store, into which they have now brought a very large and varied stock of Merchandise of all kinds, consisting in part of dry goods, groceries, dress gals, paints, oil, furniture, wagon and buggy material, &c., which will be sold cheap for cash or barter.

Mortgage Sale.

By authority of a mortgage deed, executed on the 4th day of January 1878 to E. N. Moffat and W. S. Threlk, by A. J. Lord and his wife Fanny Lord, which is recorded in the office of the Register of Deeds for the county of Graham, Book A. V., pages 42 and 44. I will sell at the Court House in Hillsboro on the 15th day of June next, all that tract of land conveyed by said deed, on the waters of Great Creek, adjoining the lands of Samuel T. Womble, Joseph Williams and others, and whereon the said Lord resides, containing 53 acres. Terms Cash.

Mule Lost!

Strayed, my Mare Mule, of a reddish color with a white blaze on the face and a white star in the face, blind in right eye, and about 2 years old. It was last seen going towards Hillsboro. A liberal reward will be paid for its return to me.

Wool Carding.

I HAVE A WOOL CARDING MACHINE in operation at my Mill on Dry creek, where I am prepared to accommodate the public with first-class work, and at the lowest price. Bring me your wool, and I will guarantee satisfaction.

Attention Bridge Builders!

Ordered by the Board of County Commissioners, in the matter of building a new lattice bridge at Byrum's Factory, that sealed proposals for building said bridge will be received until 12 o'clock on the first Monday in June next.

Trustee's Sale.

I will sell at public auction, for cash, at the Court House Door, in Hillsboro, on May 22, 1879, the following articles of Personal Property:

1 one-horse Rackaway.
1 Buggy.
1 old two-horse Carriage.
Horns, supposed to be 1000 pounds.
Lot of Lumber, supposed to be 4000 feet.
And 2 wheelbarrows.

JOHN MANNING,
Trustee of O. S. Poe.

Important Sale.

On Monday the 2nd day of June next, at the Court House door in the town of Hillsboro, N. C., I will sell to the highest bidder for cash, the one-third interest of James A. May in lots No. 28, 29 and 30 of the town of Hillsboro, known as the "Barrack Hotel," to satisfy an execution in my hands for collection against said James A. May, and in favor of E. L. Lewis & Merchants, for the sum of \$130.74 and costs.

JOHN W. TAYLOR Sheriff.

Civil Rights.

Atlanta, May 12, 1879. A dispatch from Savannah announces that Judge Erskine, of the United States Court, has decided an important case covering the most common point of issue on the civil rights question. A negro woman took her seat on the "white" deck of a steamer. The captain ordered her below, where accommodations were provided for her class. She declined to go, and being put off the boat at the next landing sued for damages. Judge Erskine decided that common carriers have the right to provide different accommodations for different classes of passengers and to assign each class to its quarters. As Judge Woods of the Circuit Court, has decided in a school question that equality does not mean identity, and that separate accommodations may be provided and insisted upon, this settles the civil rights question as far as Georgia is concerned.

NEW ADVERTISEMENTS.

GOOD MORNING!
NEW GOODS
AT
A. CREECH'S.
CUSTOMERS, THIS ADVERTISEMENT is inserted, to read carefully. I have received my stock of SPRING GOODS for 1879, and it affords me pleasure to say to you that every DEPARTMENT is full and complete, with NEW GOODS from Europe to Fine Fabrics, bought by myself in person from the Importers and Manufacturers by the package. And here allow me to say that integrity is the vital spark of commercial life, and brains, the big cog wheel that runs the business engine, and each in that earnest and solid stuff that will buy goods cheap, and sell in the brains of the smartest merchants, there lurks a puzzle as to when goods will get to hand pan or bottom prices.

But I think every merchant of experience will coincide with me in saying that goods have not been sold within the last twenty-five years so low as they are this Spring, and I feel confident in saying Goods, Wares and Merchandise have reached their bottom prices.

As many of them advanced and are still advancing, and it will only take a little money and financial skill to save money by buying goods before they rise for advance.

And in connection with this, let me say that you see all kinds of advertisements, some selling at cost and below, and some say the bottom's out, and goods at hard pan prices and various other kinds. But let me tell you.

That lady, one at least a thousand persons taking this writing will know that in the place, and I expect to tell ten thousand more within the next forty-eight hours to come to.
