

THURSDAY, November 13, 1879.

LOCAL RECORDS.

A few miles of those beautiful elms, left at London's Choice Store. You can get a bargain now, for a cent.

Irremovable.—Newly painted signs have recently been placed in the Russell office, and the stores of Bryan & London and W. L. London.

BAPTIST CONVENTION.—Mr. J. C. G. Moore, who was a delegate to the late Baptist Convention, informs us that the next will be held at Columbia on the 1st Wednesday in November 1879.

GARIBOLDI'S PAPER.—Capt. R. T. Garibaldi, one of the best newspaper men in the State, has become the editor and proprietor of this steaming old paper. He has no time to look for much success.

Read this and you'll understand. W. L. London has these pieces of what colored colored customers, which he is offering very low for even 40 cents per yard, goods worth \$50 a week ago. Now is your time.

How to Tax Quakers.—Mr. D. G. Goodwin, of this county, informs us that the bitter taste of quinine is destroyed by dissolving the quinine in cold coffee. If this be so, it will make it much easier to get children to take bitter medicine.

W. H. & R. S. TRAVEL.—We take pleasure in calling attention to the new advertisement of this well known mercantile house. They keep on hand a very large and well selected stock, which is sold at retail and wholesale, and at prices to suit the times. Give them a call.

MURKIN'S CHOCOLATE.—It is predicted that there will be a great increase in our neighbors' chocolate, and doubtless many persons will sit up late, cracking their teeth. Many of our neighbors' confectioners have got the best half of the night of November 14, 1879, but we doubtless will overtake them again.

DANGEROUS ROW.—The day last week a crew of Mr. M. G. Wadell, of the 12th Cavalry, who had been engaged in the construction of the fort, dropped down, but before any damage was done to any man, Mrs. Maggie Haughton, husband to Mrs. Haughton and wife attempting to lift him up the row, thus her death, tearing her dress and leaving her somewhat.

SALE.—The owners of the sale of the Harper Building take place on the 10th instant, foreclosed overland in the above, but was postponed until Tuesday of next month, so will be seen by the experiment of 2nd in Mountain, Pleasant, N.C., which experiment is called. This will be near the line of the New England Valley Valley, Railways, and will doubtless prove a great success to many, one third being put up.

CHATHAM COUNTY.—A number of our citizens having an opportunity to go to the Egyptian Fair, where they will all no doubt have a good time. We learn that the Boston and New York or New York will give entertainment at night, so that after you may have a good time during the day, you can find amusement at night.

We will go to day and make our home with grossers and departmentalists of all we need, best.

KATE AND THE BOY.—The wedding of the 6th and Mr. Louis Rydel of this county, started this morning at New Bern, private in his room, and when going down, a ball near the door, it was reported, took off his hat and hitting him on the head, he had nothing on a rock. His fifth friend, who was watching him, said all well. Mr. Haigler was about 75 years of age, and was an industrious man, and the son and his son's father had been quite poor over his mother.

COURT CHORES.—Our fathers have nearly all finished mowing their crop, and we ought to have it in the spring, turning out well. Last year the mowings in this country was much less than average, and in many sections it is not better this year. No man can now buy a gun, and he who did, so that he buying it will doubtless be worth dollars. Our people will always have to get them from Chicago, as many of them did last summer, and it costs to draw our country of what little money there is in it.

FIRE.—Mr. Francis M. Moore, burner of this place, left now, a thousand feet from Washington, but the information of finding his entire crop of rice not been made yet. The loss is estimated at twelve thousand dollars upon which there was insurance to the amount of eight thousand.

We regret to hear that Mr. Frank M. Foster, of this country, has died, killed by fire on the 8th inst. The loss was the more heavy because all his possessions were stored in the kitchen and were burnt up. There was no insurance. When will our people learn the importance of keeping their property insured?

INSTRUMENTS.—FAMILY.—Mr. William Duke of this country, died last week nearly eighty years old. Only a few weeks ago a younger brother, Hugh Duke, died, in about forty years. In this family were seven brothers and two sisters, the youngest being about sixty years old, and all nine still alive until the death of Hugh. Think of nine brothers and sisters all living, and the young being forty years old! Only one member of this family has ever married, all the others preferring a life of "single blessedness." Two or three of the brothers are the tallest men in the country, each being nearly seven feet high. They are all men of temperate habits and are men of our best citizens.

STATE NEWS.

Be Careful.

Breach of Promise suit on hand in this county. Mind the thing you say, and how you say it.—Moore Index.

Reward Paid.

The County Commissioners have issued an order for \$500 to E. J. Waddell, for the apprehension of N. B. Taylor.—Moore Index.
