Effects of Dew Loon Postures The heavy dews which are usual in late summer and early fall, and the light hoar frosts which occur as the cooler weather arrives, are unwholesome to cattle and sheep. It may be that the well known effect of dew in this direction gave rise to the old fashioned idea that dew was in itself injurious and caused various diseases. There is nothing in the character of the dew itself which is hurtful; but it is the filling of the stomach with wet herbage that is unwholesome. The stomach becomes distended with the products of the de- and gray mixed panta'o ma. composition of the wet mans, and in time the animals enffer. Danger may be avoided by keeping the stock, espe-

Ravel and Aline Daval, twenty years regular tarpaulins of sealskin, with a sgo, were the most devoted lovers in Paris. They were both members of the Palais Royal theater company, and auspray of lilies of the valley. The deli- thors of the day exerted themselves to write comic plays suited to the artistlovers. Purse, artistic ambition, every-

thing was in common; for the other more than for himself did each strive to win the applause of the public. Saddenly, one day, to the amazement of all who knew them, without one word of explanation, they separated. And since

that time (being twenty years ago, it seems difficult to believe it), they have never laid eyes on each other. Both have continuously acted in Paris theaters; but each has avoided going to the theater where the other was acting.-And now, after twenty years of separation, the hazard of fate throws them to gether on the same stage.
