mills, San Francisco and holsery mill ing of the wood house in the northunder the same management, a new west corner of the capitol square. The company has been organized. It is delay of the engines was very great Superior Court met in Snow Hill, estimated by able stastisians that in The offices next to the National Heprompt work it might have been saved. It was a bell of remarkable good tone, and was put up in 1845. Many per-

# Census and Sickness.

Mr. Jacob Lankston of Contentnes

Lovers of honey will be gratified to Neck, the oldest man in the county, ing the Census this year. He says The ladies of London now only use he don't think the Lord wants us to real flowers as trimming for dresses know how many people there are in but real bird's nests are coming into the country-and he has never known
