The Chatham Record

THURSDAY, NOVEMBER 23, 1882.

LOCAL RECORDS.

☞ The Cumberland Fair this week.

☞ Good weather for killing hogs, but where are any hogs to kill? Very few in Chatham.

☞ Job Printing of all kinds done at the Record office. A large supply of letter paper, envelopes, chattel mortgages, &c., on hand.

☞ WE GIVE NOTICE TO ALL WHO ARE IN ARREARS TO THE RECORD THAT NO FURTHER INDULGENCE WILL BE GRANTED. THIS IS YOUR LAST PAPER UNLESS PAYMENT IS MADE.

☞ As Congress meets on the 4th of December we will begin with one issue of December 7th to publish a letter every week from our Washington correspondent.

☞ Every Sewing Machine should have a "Patti" hand attachment. It saves the operator's health and strength. Sold by all Machine dealers or by the Universal Attachment Company, 227 Fulton Street, Brooklyn, N. Y. Price, $2.

☞ R. T. Bennett is the man to go to Congress to make laws for us, and the Hornaday Brothers are the men to make Wagons, Buggies, &c., for the clever citizens of Chatham. They are thoroughly prepared to do all kinds of work, both in wood and iron.

☞ W. L. London will again call your attention to the fact that you have not paid for that wheat Guano which was due on August 1st. The Company cannot and will not wait any longer. If you wish to save cost YOU MUST SETTLE UP AT ONCE! Your cotton for Guano was also due on 1st of November: a hint to the wise is sufficient. He has still a little Guano left at Moncure and Gulf.

☞ New Goods! Bynum & Headen are now receiving their stock of Fall and Winter Goods consisting of a full stock of almost everything found in a first class store; a fine line of Ladies' Cloaks, Ladies' Hats and Feathers, and they will find Mr. Bynum ready to dress them up in the latest style. Give us a call and we have not all we you can be suited.

☞ The election is over, but the new goods are still coming in at London's. He will receive a large lot of Dry Goods and Notions this week, which have been bought since the recent decline in goods and for cash, and he will give his customers some extra good bargains. He will also receive a lot of nice French Candies, Cocoanuts, and other good things to eat, this week. Now is the time to buy cheap goods.

THE FIRST SNOW.—The first snow of the season fell here, on last Saturday night. It fell in great, large flakes for nearly half an hour.

A LARGE POTATO.—Mr. W. J. Griffin, of New Hope township, has raised a sweet potato this year, that weighs eight pounds. This is the largest that we have heard of in Chatham. In one hill there were twelve pounds of potatoes.

A LARGE EAGLE.—A colored man named Dock Andrews, killed an eagle, in Hadley township a few days ago, that measured six feet and a half, from tip to tip. It is said to have been a veritable "American bald eagle."

TOWN SCALES REPAIRED.—For some time past our town scales have been out of order, but as there was such a scarcity of forage there was not much need of them during the past year. Now, however, forage is plentiful and the scales have been thoroughly repaired and are ready for weighing anything that may be brought to market.

A PRACTICAL JOKE.—A friend informs us of a practical joke played on two newly married couples at the recent Baptist Convention. He says that two couples went to the convention on their bridal tour and that the committee of arrangements assigned the brides to a home at one end of the town and the grooms to a home at another end of the town!

HYMENEAL.—It is said that birds take their mates on St. Valentine's Day (14th of February), but some Wrenns took their mates, in this county, on last Thursday. On that day Rev. W. H. Lawhon united in marriage Mr. E. H. Wrenn to Miss E. D. Patterson, Mr. J. C. Olive to Miss Jennie L. Wrenn, and Mr. C. P. Jenkins to Miss L. B. Wrenn, the two last named brides and the first named groom being the children of W. P. Wrenn, esq., of Matthews township. On so happy an occasion the editor was kindly remembered by some of the wedding cake being sent him.

THE STOCK LAW.—We are informed that a large number of the citizens in the north eastern portion of this county are determined to try the advantages of the "neighborhood no-fence law," as they find that it is so satisfactory to those citizens of Baldwin township, who have been enjoying its benefits for the past three years. That portion of the county is well suited for the no-fence law, and, if it is adopted as contemplated, it will greatly increase the value of the farms there. We hear that many persons who strongly opposed this law, a few years ago, are now its most earnest advocates. And thus it is wherever it has been tried.

Superior Court.—Next Tuesday (the fifth Monday after the first Monday in March) will be the day for the commencement of the regular two weeks' session of the Superior Court for this county. Judge Shipp will preside. Solicitor Graham will be present. Let all the witnesses, jurors, parties and lawyers take notice and govern themselves accordingly.
