Dwelling Burnt.—On last Sunday a dwelling house, occupied by a tenant, was burnt on the farm of Mr. Camillus Faucette, near Haywood.

Officers Qualified.—At the meeting of the county commissioners, on last Monday, Dr. L. A. Hanks qualified as coroner and Mr. Wilkes Strowd as surveyor, each having given the proper official bond.

A Good Shot.—Mr. Wm. Williams, of New Hope township, killed last week two wild turkies at one shot with his rifle, at a distance of 95 yards. The ball went through the neck of one and into the body of the other.

No Contract Let.—The county commissioners, at their last meeting, did not let to contract the building of the bridge at Moore's mill because only one bid was put in and that exceeded the amount authorized by the magistrates to be expended on it.

Another Doctor.—Our esteemed young countryman, Dr. Peter R. Hatch, graduated last week at the College of Physicians and Surgeons at Baltimore, and has returned home prepared "to kill or cure." We wish him much success in his honorable profession.

Falling of a Stable.—On last Thursday afternoon, as Mr. N. M. Hill was finishing the covering of a large stable that he had just erected, the underpinning of one side gave way, causing the building to separate and the roof to fall in with the workmen on it. By a happy chance no one was hurt, though it was a narrow escape.

A Fire.—Just after we had gone to press, on last Thursday, our town was much excited at the alarm of fire, caused by the burning of a kiln of lumber that Mr. J. H. Harris intended using in enlarging the house that he recently bought from Mr. Irby Phillips. Fortunately there was no wind blowing, and the fire did not catch any of the adjacent buildings. The loss amounted to about sixty dollars.

Liquor Election.—At the last meeting of the county commissioners an election was ordered to be held at this place, on Monday the 7th. day of next May, for the purpose of deciding whether the sale of spirituous and malt liquors should continue to be prohibited in this township. Mr. Joseph Thompson was appointed registrar, and Messrs. W. H. Leonard, Hasten Straughan, Calvin H. Hornaday, and J. J. Crump were appointed poll-holders to conduct said election. For several years past the "local option prohibitory law" has prevailed in this township, but this law can be repealed any year by a majority of the votes cast at an election held for that purpose, which election must be ordered by the county commissioners upon the petition of one fourth of the voters registered in the township.

Magistrates Appointed.—Through the courtesy of Senator Womack we are enabled to publish the following list of magistrates appointed for the several townships in this county. The first one named in each township is appointed for four years—all the others six years:

General News.

Hillsboro' Observer: A blue-winged hawk attacked a hen and her chickens at Mr. Samuel Wilkerson's, in Cedar Grove township one day recently, when the hen captured and killed the hawk.

Newberne Journal: Mr. F. S. Bolton of Cubbot creek, has a two-and a quarter years old son that is a prodigy in singing. He not only carries the tune in its perfect time, but also repeats every word in any song he hears. What is more remarkable, he is of a family that is not gifted with musical proclivities.

Asheboro' Courier: Mr. Henry Tyson of Brower township lost dwelling house and its contents by fire last Wednesday night. His flour, meal and every thing except a little corn was burned. —A little son of Mr. Green McMasters was attacked the other day in the woods by a ferocious sow and would have been killed had it not been for the timely interference of his father.

Whiteville Enterprise: On last Thursday night the dwelling house occupied by Mr. R. Q. Powell at Fair Bluff was burned together with all of his furniture, etc. Charlie Smith, a son of Mr. Joshua Smith, who was in the house, being cut off from all other escape, leaped from the window of the room which he was occupying, and in so doing sustained quite painful though not dangerous injuries.

Wilmington Star: Mr. John Melton killed, yesterday morning, a fine hog, raised by himself, which, when weighed, was found to turn the scales at 850 pounds. —The store and stock of goods of Messrs. Wallace & Middleton, at Hallsville, Duplin county, were destroyed by fire on Saturday night last, March 34. The loss is estimated at $2,500, which was partially covered by insurance. The origin of the fire was unknown.

Beaufort Telephone: We have in our town a colored man who is as much of a prodigy as the veritable "Blind Tom." His name is Zach Taylor, born in Carteret county, of parents who were slaves, is 33 years of age, never went to school in his life, and yet he can build a mill, repair a watch, tune a piano or print a newspaper. The most remarkable gift he has, however, is the ability to repeat scripture, which he can do for hours at a time without making a mistake.

Asheville Citizen: On Sunday night, 25th ult., at an early hour, a fire was discovered in the attic room of the kitchen on the premises of the Rev. Dr. Buxton. Dr. B. went up into the room and found the servant's bed on fire, and at once commenced fighting the flames. Assistance soon arriving the fire was extinguished, but in the battle with the flames Dr. Buxton was seriously burnt on the hands and face and inhaled the steam and fire to such an extent as to cause painful injuries to his throat.

Raleigh Visitor: Gov. Jarvis has appointed Messrs. M. T. Leach, of this city, and Henry R. Bryan, of Newberne, members of the Board of Directors of the penitentiary, to fill the vacancies, caused by the resignation of Mr. Thomas H. Briggs, of this city, and the death of Mr. Yates, of Greensboro. —At half past two o'clock this (Tuesday) afternoon, the condition of Mr. George W. Swepson was not at all encouraging. In fact, it is thought that he is gradually sinking, and can not last many days longer.

Winston Sentinel: The Board of Justices of the Peace of Davie county have been called to meet on the 4th day of June next to consider the question of abolishing the Inferior Court. —A short time since, near Bellevue, the residence of Mr. Richard Pemberton was consumed by fire and all of its contents. There was no one in the dwelling at the time and the fire is supposed to have originated from a room which was used by some of the family just before leaving for a neighbor's and a few hours before the flames were discovered.

Wilson Advance: Mr. R. A. Bynum, of Pitt county, made last year on thirty acres of land forty three bales of cotton. He made in all on his farm over one hundred and fifty bales of cotton—and it wasn't a good year for raising cotton either. —One day last week a little negro girl, whose parents live on Dr. Brooks' farm near here, aged four years, met her death in a most horrible manner. Her parents had carelessly left the child near a fire in the field, and when they returned they found every rag of clothing the child had on except its collar literally burned off. She lived only a few hours. Another victim to carelessness.

Winston Leader: A good story is told on a member of the bar from Stokes. He attended our Inferior Court and put up at the Merchant's Hotel. Smothered chicken was served for dinner one day and the member made some inquiries of the waiter as to how it was prepared. He went home. A friend of his saw him one day catch three chickens and deliberately flop himself down upon them, mashing the life out of their bodies. At the dinner table chicken was served, fried; and the m. of the b. asked a visiting neighbor to help himself to the smothered chicken. "This is no smothered chicken," replied the neighbor, "it is fried." "Yes, it is smothered," retorted the m. of the b., "for (calling his friend's name) saw me smother them to death."

Wilmington Review: A short time ago, in an adjoining county, a farmer had a sheep which gave birth to twin lambs and died soon after. The lambs were bright and healthy, and what to do with the little motherless creatures became a matter of concern. The wife of the farmer happened, as is sometimes the case, to have a nursing infant, and she concluded to try the experiment of letting the lambs share with the little one for nourishment from her own breast. The trial was entirely successful, and the little creatures now come to her regularly for nourishment and are thriving under their novel nursing. It is really peculiar to see the mother take her child and one of the lambs and place them to her breasts, where they take their nourishment as pleasantly as though it was in the regular order of things.

Statesville Landmark: We note with satisfaction that that beautiful and toothsome fish, the German carp, is being largely introduced into this section. Since the 1st of December at least 50 buckets of them have been received at the express office in this place for parties in Iredell, Alexander, Wilkes and Yadkin. They come from the United States fish commission at Washington, are sent out in lots of 20 to the bucket, and the only cost to the person receiving them is the expressage. The carp is a very hardy and prolific fish. It is fully matured in from 18 months to two years after it is spawned. The cost of making a pond is trifling. It costs no thing to propagate the fish and it saves meat, than which it is more palatable and wholesome. It is a wonder that more persons do not avail themselves of the offer of the government to supply young carp to those who want them.

Greensboro' Patriot: A number of boys were engaged in shooting at a mark with an air gun, near Prof. Aldermen's residence. Charley Alley, a bright and promising boy, was engaged in fixing the target, while John McLean, a youth of 13 years, was holding the gun. Turning and seeing the gun pointed towards him, Alley called to McLean to hold it up, but hardly had the words escaped his lips when the noiseless bullet pierced his head. He fell senseless and paralyzed. The bullet entered the back of the head. —Will Boon, living near Gibsonsville, was in town yesterday and while in the store of Diviney & Heath was handling a pistol, when it was discharged, shooting his left fore-finger off. —Cally Moore, a colored woman living near New Garden, was horribly burned Wednesday, and lingered in great agony until the next day when death relieved her suffering. She was washing some clothes in the yard when her dress caught on fire and before help could be had she was burned almost to a crisp.

Fayetteville Observer: We regret that Mr. Edward Vaughn, living two or three miles west of Fayetteville, while trimming a tree last Monday, had one foot nearly severed in two by a misstroke of the axe. —Our community will greatly regret to lose C. I. L. C. Jones, of the Cape Fear & Yadkin Valley Railroad. He has accepted the Superintendency of the Carolina Central Railroad, and will make Wilmington his future home. —Fayetteville has been for several years past one of the greatest stock-markets in the State—which shows the increased demand for horses and mules, and argues well, we think, for the progress made in agriculture. —On Saturday evening, about 8 o'clock, Mr. W. H. Bishop was shot at Swanns Station, by Mr. Harrison Graham. The shooting was believed to be entirely accidental. Both men were drinking and Graham had a small pistol in his hand, when it was discharged in some way, the ball entering Bishop's abdomen. Graham ran off, leaving the store open, and up to last Monday had not been seen or heard of. We regret to learn that little hope is entertained of Mr. Bishop's recovery.

Salisbury Watchman: There is one small farmer in Rowan whose sugar cane crop on 7½ acres of land yielded over 2200 gallons. Allowing for shrinkage he estimates his income from this crop at $1,000—better by every hundred methods, than 150 to 175 acres in cotton as the great of the State. —A Mr. Yates, one of the miners in the Conrad Hill mines, fell from a bucket, a distance of 90 feet into the pumps of the main engine shaft, breaking an arm, several ribs and his back bone. His injuries have proved fatal. A cousin of his, by the same name, met his death at Hoover Hill a few weeks since. Some of the old workings caved in, forcing the water into the Gilmore shaft. At the time, three men were in the bottom. The water came in so fast as to bewilder the men. They had the bucket at their fingers' ends, yet they only clung to the sides of the shaft and joined the signal bell in such a manner as to render their meaning unintelligible. In ten minutes the water was fifteen feet deep. Two of the men were saved, while Mr. Yates lost his life. The miners said they thought the shaft had caved in, and they had given up all hope of getting out.

Charlotte Observer: Mr. George Coleman, a commercial traveller for Messrs. Stuff & Grier, of this city, met with a lively adventure at Crump's ferry, over the Rocky River, in Anson county, day before yesterday, by which he lost his horse, buggy, baggage, samples and about $50 in silver coin. That he had no locket for his from a cold which was to a value in the league. Mr. Coleman was driving a horse that he had hired from Mr. Walter Crump. Only a day before the horse had run away and broke a buggy all to pieces but he went along well enough for Mr. Coleman until the river was reached and Mr. Coleman began to shout for the ferryman, who was on the opposite side, to come over with the boat. The horse became restive and Mr. Coleman got out to hold his head while waiting the coming of the boat. As the boat arrived and just as it touched the bank, the horse gave a great plunge forward, knocking Mr. Coleman down and running over him, dashed into the boat and thence plunged into the river, carrying the buggy with him. Neither horse nor buggy ever came to the surface of the water.

Charlotte Journal: A suit involving the sum of $65,000, has been brought in the Superior Court of this county by Messrs. John L. Morehead, of this city, and Julius A. Gray, of Greensboro, against Mr. W. J. Best, of railroad fame in North Carolina. The action is founded on a breach of contract in refusing to complete the purchase of certain bonds from Messrs. Morehead and Gray, which he had agreed under his hand and seal to receive on the 24th of June last. By the terms of the contract, the transaction was to include the transfer of the following stocks and judgments: Six hundred and eighty-five shares of A. & N. C. R. R. stock, valued at $9,590.00; one judgment debt against the A. & N. C. R. R. Co., valued at $20,334.00; three thousand four hundred and three shares of the capital stock of Shepards Point Land Co., valued at $51,645.00; two hundred and thirty first mortgage bonds of the A. & N. C. R. R. Co., of $500.00 each. These values, together with all accrued interest, Mr. Best agreed to receive and to pay therefor the sum of $212,000. Failing to do so and possibly refusing to comply with the terms of the contract, he has been bounced for damages in the sum of $65,000.

At Springfield, Mass., on last Saturday morning, burglars opened the safe of J. C. Klapett, jeweler and watch maker, and stole from $18,000 to $20,000 worth of goods. A large portion of the stolen property consisted of diamonds and jewelry, and included 400 watches, of which 250 had been left for repairs.

Miss Sallie Neely, of Southampton county, Va., died last week from an overdose of bromide, as certified by the physician.

The Woman Suffrage bill was rejected in the Massachusetts Legislature by a vote of 127 to 60.
