some of the construction the product of the construction of the co

this correction of error? Nothing but the having in the final appellate courts some learned and experienced lawyers to hear the cause. we have our learned and experienced lawyers hear the cause in the begin-ning instead of at the end, what are

we to lose, except delay!

It may be thought that such cussed nowadays, and while some change would necessitate a large in nersons favor its total abolition, other case in the number of our independent recently read with much interest in a lending Northern magazine a very able discussion of the startling question, "Is the jury system a failure."

The article is too long for acto copy, but we cannot refrain from reproducing some of the views therein expressed, and while we do not alto.

The delays of our courts are proposed and while we do not alto.

The article is too long for acto copy, but we cannot refrain from reproducing some of the views therein expressed, and while we do not alto.

The delays of our courts are the direct out a first stant flow of the specific of the calculation of plages, salaries is a small distribute of the calculation of the calculation of the calculation of plages, salaries is a small distribute of the part of the public expenses. If it did in the public expenses, if it did in the public expenses. If it did in the public expenses, if it did in the public expenses is the decay to an earthquake. Thrusher the direct out the public expenses is a first the public expenses. If it did in the public expenses is the decay to an earthquake. Thrusher the direct out the public expenses is a small the public than the public expenses. If it did its direct out the public expenses is a small than the public than the public than the difference out the direct out the public than the public than the public than the difference and windows in dwellings shaking with violence, and analypeople thought the destination of the strength than the public than the public than the public than the difference and the differenc but we cannot terrain from reproducing some of the views therein expressed, and while we do not altogether agree with the author yet we would commend his arguments to the careful consideration of our readers.

The delays of our courts are that have single-relation. The first suit, they say, will be against the suit, they say, will be also the fact the suit, they say, will be against the suit, they say, will be against the

Suppose we went the following of the state the first with more work well, and were in drawing well and the bases placed on a post file of the state the fight with more work well, and were in drawing well and were in drawing well and were in drawing well and the state fight with more work well, and were in drawing well and the state fight with more work well, and were in drawing well and the file of the state the papers of the carried of a state the papers of the waters the papers of the state the papers of the waters the papers of the state the papers

we know that the existence of these saw dust or chaff, and a space of errors must and does cause the cost's twelve inches all round between the and tedious delays of the law. Now, ice and the wall should be filled with and tedious delays of the law. Now, and tedious delays of the law. Now, and tedious delays of the law. Now, and the law of the law o
