Messrs. Milo Moffit and Henry Brady are putting up a blacksmith and wagon shop at Ore Hill.

From and after this issue the Record will be sent to any address for only ONE DOLLAR a year payable in advance.

When you come to court next week be sure to pay your subscription, and also bring us the names of some new subscribers.

Every ex-Confederate soldier ought to subscribe at once for the Record and read our proposed "War Reminiscences". Only one dollar a year.

Next Wednesday is Ash Wednesday, the first day of Lent and forty days before Easter (excluding Sundays), which is the first day of April.

The family and friends of every dead Confederate soldier from Chatham ought to subscribe for the Record, and read our sketches of Chatham's soldiers.

If you do not get your paper next week you may know it is discontinued because you have not paid what you owe. Cash in advance must now be insisted on.

Messrs. W. J. Wyatt & Co. are making a specialty of Foot and Sled, which they are prepared to furnish in any quantities and at bottom prices. See their "ad."

Next Tuesday is Valentine's day, when it is said that the birds begin to mate, and the young folks exchange those little missives of love that make happy so many hearts.

Of course when any of our readers want any books or stationery, they will buy from the old reliable house of Alfred Williams & Co., whose "ad." is in another column.

Pittsboro's fashionable barber, John Council, is prepared to trim men's, ladies' and children's hair in the latest style. Sea foam shampoo coming and hair dyeing a specialty.

At the last meeting of the county commissioners a new public road was ordered to be laid off, beginning at Ore Hill and coming into the old stage road near Egan's store on Hickory Mountain.

Our esteemed friend, Mr. Thad. R. Manning, the editor of the Henderson Gold Leaf, was married last week, and the copy of his paper which we received was printed "upside down" rather a coincidence, eh?

If you see a X mark, written with a lead pencil, on this paper you must not get mad and think it is a "dud." Not at all, for it is only a gentle reminder, dear reader, that you are behind in your subscription—and can't you catch up?

M. F. Kirkman would inform his friends and the public generally that he is better prepared than ever to accommodate both man and beast; so when you come to court next week stop at his home and he will take good care of you and your horse.

When you come to court be sure to call on Byrum & Headen. They have just received a beautiful lot of Prints; also, a full line of farmers' supplies. They keep their stock complete; and remember they will sell you for the cash as cheap as you can buy in any market.

Farmers, if you will use Guano and Chemicals, you will find at London's a large stock of all kinds. He now has on hand a lot of Acid Phosphate and Kanit, all of which will be sold as cheap as can be had in any market, either for cash or on time. Make up your compost as soon as possible.

A large crowd was here last Monday, that day being the time for the regular monthly meeting of the county commissioners. We heard many of our countrymen say that they had never before seen the roads as bad as they now are, and that it was with great difficulty they could take here even on horseback.

W. H. Leonard, Watchmaker and Jeweler, has on hand a large stock of Clocks, Watches, Jewelry, Spectacles, Stationery, Fancy Goods, Picture Frames, Sewing Machines, and all kinds of Needles and parts on hand and furnished. All kinds Sewing Machines repaired and warranted from 2 to 5 years as good as new.

C. M. Harden has received a large stock of carriage bolts, axle clips, axle-washers, shaft-rubbers, buggy shafts, cross-bars, single-trees, and plow-handles, which he will furnish to his customers at bottom prices. He will furnish the shoes and nails and shoe a horse or mule all around for sixty cents. Call at his shop, when you come to court.

COPIES OF THIS ISSUE ARE MAILED TO MANY PERSONS, WHO ARE NOT SUBSCRIBERS, IN THE HOPE THAT THEY WILL LIKE THE RECORD SO MUCH AS TO SUBSCRIBE AT ONCE. SEND A DOLLAR AND TRY IT ONE YEAR!

Everybody who has any timber to sell, take notice! Mr. Noos wants every one that has any dogwood, persimmon or hickory timber to sell to go to cutting and hauling it in to his factory at this place. He must have more timber or he cannot afford to stay here. To those who have timber but do not care to cut and haul it themselves, he will buy it standing.

During the next ten days you can buy goods for the cash at London's cheaper than ever. He will sell you 5 lbs. good Coffee for \$1; 14 lbs. good sugar for \$1; 4 lbs. Soda for 25 cents; Ready-made Clothing at prime New York cost; ladies' and children's underwear at cost. These are cash prices and good for ten days. Another large lot Shoes received this week.

Capt. Lockhart and his "Banner" warehouse are too well known to our readers to need any words of commendation from us. The high prices that are obtained for tobacco sold by him are sufficient to entice him to the wonderful success with which he has met. No wonder that Durham's prosperity is so great, when she can boast of such citizens as Capt. Lockhart! With him is our clever young countryman, Mr. Joe Baldwin, who will always be glad to see his old countrymen.

A. L. Jones has just returned from the North, where he bought a large and select stock of dry goods, notions, hats and shoes for men, women and children, which will be sold cheaper than anywhere else. If you doubt this, all he asks is to try him. He calls his store, which is now opposite the Record office, the "Rocket" store of Chatham, where any and every thing is sold cheaper than you can buy elsewhere. He can afford to sell these goods cheap, because he paid the cash for them in New York. Call and see them.

Superior Court.—The February term of our superior court, begins next Monday. On the civil issue docket there are 45 cases, on the State docket 65 cases, and on the appearance docket 15 cases. There is no case of much importance either on the civil or criminal docket, and all the business will no doubt be disposed of during the week.

The presiding Judge will be Hon. James H. Merrimon, of Buncombe county. He is a younger brother of Judge A. S. Merrimon, and although the newest of all our Judges, he is said to be one of the best. This will be his first visit to our county, and we doubt not that he will make a most favorable impression on our people.

The clerk of the court has received a postal card from the Solicitor, stating that the Judge would not arrive here until Monday evening and that court would not meet until Tuesday morning.

CHATHAM POST OFFICES.—For the information of our readers we publish the following list of the post offices in this county: Beaumont, Bevelton, Brush Creek, Byrum's, Cane Creek, Chester, Egypt, Emu, Grove, Evans, Fall Creek, Ganton, Griff, Goldston, Gravel Spring, Grove, Guff, Hackney, Hadley's Mills, Harper's Roads, Haywood, Kimbolton, Lambville, Laewood, Levist, Lockville, Merry Oaks, Millwood, Moncure, Mt. Vernon Springs, Mud Lick, Ore Hill, Osgood, Pedlar's Hill, Peoples, Pittsboro, Pluck, Providence, Rialto, Richmond, Rockwell, Riggsbee's Store, Rivers, Chapel, St. Lawrence, Sandy Grove, Siler City, Sisk Hope, Simon Grove, Truth, Tysor's Mills, Williams' Mill, Womble.

The total number is 51, which is more than in any other county in the State except Randolph, which has 64 offices; and yet in some neighborhoods there is complaint for the want of a nearer post office.

REDUCTION IN PRICE.—The political campaign this year will be one of the most exciting and important that has been since the war. The citizens of Chatham will vote for a President and Vice-President, a Representative in Congress, Justices of the State supreme court, a Governor and other State officers, members of the Legislature and the county officers. Both parties will strive their utmost to carry this county and the State. It has frequently been said "As goes Chatham so goes the State." Therefore it behooves the democrats of Chatham to spread themselves this year, and determine that they most and will carry the election in this county. And to do this, they must be up and stirring and not wait quietly until the campaign opens. Now is the time to sow the political seed, which will bring forth a democratic harvest in November. The best way of sowing that seed is to put the Record in the hands of every voter in Chatham, so that he may every week be so imbued with sound democratic doctrines that he will be certain to vote the democratic ticket!

In order that every voter in Chatham may be able to read the Record, the price of subscription is reduced to only one dollar a year, less than two cents a week. Surely anybody can pay that little; but if anyone cannot afford even this, then we call on the leading democrats in every township to club together and give the paper to their poorer neighbors. Ever since its establishment the Record has done its utmost for the success of the democratic party, and at the same time it has treated fairly and courteously its political opponents. We will do the same this year, and it shall not be our fault if Chatham does not roll up a big democratic majority next November!

WAR REMINISCENCES.

Chatham's War History—Her Military Companies—Sketches of her Soldiers, &c.

We begin with this issue of the Record the publication of a series of articles, which we think will be very interesting to the old Confederate soldiers of Chatham and to the surviving families and friends of those who gave up their lives in defence of "The Lost Cause". We purpose publishing, from week to week, short sketches of the part taken by the county of Chatham in the late war, and thus aid in perpetuating the memory of her sons who so nobly did their duty in those stirring times that indeed "tried men's souls". This is not done to revive or rekindle the passions and prejudices engendered by the war, but merely to do justice to the heroic deeds of brave men. A new generation has grown up since the war which knows little or nothing of the sufferings and hardships, of the courage and heroism, of those brave men who fought with Lee and died with Jackson. This new generation should be taught to honor the memory of those men, and this can best be done by recounting their glorious deeds: for, although the cause for which they battled and bled is lost, yet let us not lose the remembrance of their gallantry and heroism!

The county of Chatham did its whole duty and furnished its full complement of soldiers during the late war. Its citizens were devotedly attached to the Union of their fathers, and by an overwhelming majority, voted against the holding of a State convention in February, 1861, because they feared that the convention might dissolve the bands that united North Carolina to the Federal Union. And, yet when Lincoln, in April following, called upon North Carolina to furnish troops to aid in the subjugation of her sister Southern States, the men of Chatham sprang to arms in defence of the "Suñny South" and cast in their fortunes with their kindred and neighbors. At the beginning of the war the voting population of this county was only about 2500 (at the gubernatorial election in 1860 Pool having received 1255 votes and Ellis 1245), and yet Chatham furnished to the Confederate army nearly two thousand soldiers! There were eleven full companies raised in this county, besides large detachments joining companies raised in other counties. After diligent inquiry we are enabled to publish the following list of the companies raised in Chatham, together with the number of men in each company and the regiment to which it belonged:

Table with 3 columns: Co. Name, No. of Men, Regiment. Includes Co. E 26th N.C. Regt. (204 men), Co. G (175 men), Co. I 32nd (183 men), Co. D 35th (143 men), Co. E 44th (177 men), Co. A 48th (140 men), Co. B 49th (90 men), Co. D 61st (187 men), Co. E 63rd (110 men), Co. G (136 men), Co. H 70th (121 men).

Total number of soldiers, 1666

While it is true that some members of these companies were from other counties, yet it is also true that many more of Chatham's sons enlisted in companies from other counties. Nearly 40 Chathamites enlisted in Co. "I" 6th regt.; about 30 in an artillery company; about 20 in Co. "G" 11th regt.; about 25 in Co. "D" 3rd cavalry regt.; and doubtless many others in companies, of which we are not informed. That these sons of Chatham did their duty and fought bravely, their decimated ranks at test most forcibly. Probably not one-half of them now survive. We call upon the survivors to furnish us with all the information within their knowledge in order that our proposed sketches may be full and accurate, and do justice to all.

We will write up each company at a time, and publish the names of its officers, the number of its dead and wounded, the names of the battles in which it fought, and anything else connected with it that may be of interest. In our next issue we will begin with the "Chatham Rifles", the first company organized in the county.

Tell your neighbor to stop borrowing your Record, and subscribe for his own copy, as he can now get it for only one dollar a year.

TO FARMERS.—We wish to make the Record of especial interest to our farmer readers, and would be pleased, for them to use it as a medium of communication, through which they can interchange their views and opinions, and discuss any and all matters that may concern them. We fully appreciate the fact that the prosperity of the country is dependent upon the agricultural interests, and if those interests are improved then other interests will be benefited. Therefore we are all concerned in the prosperity of the farmers, and the Record is anxious to do all within its power to aid them in their efforts. We are willing to devote one or more columns every week exclusively to the use of the farmers, and will be pleased to publish any communications that they may send us.

IMPORTANT TO MAGISTRATES.—As our superior court will be held next week we would remind the magistrates of this county that the law requires them, on or before Monday of court-week, to furnish the clerk of the court with a list of the names and offences of all parties tried and finally disposed of by them; and also to forward to him all the papers in every criminal action tried by them since the last term of the court. See section 906 of the Code. A failure to discharge this duty is a misdemeanor, punishable by fine or imprisonment.

The county commissioners held their regular monthly meeting on last Monday and Tuesday, and audited the following accounts:

J. Pendergrass be allowed to retail whiskey at one place in Baldwin township.

News and Observer: About five miles from Makenlyville, in Hyde county, a man named Lupton kept a bar-room and grocery. This morning his store was found in ashes with his charred remains in the midst. He is supposed to have been murdered, robbed and his store set on fire. No particulars. —Miss Alice Savage, of Hamilton, was so horribly burned that her attending physician considers her recovery hopeless. Her dress is supposed to have caught before retiring, thereby setting fire to herself and bed. Her father and mother and brother-in-law were pitifully burned in putting out the flames. —It will probably be remembered that the establishment of the Raleigh Savings Bank was for a long time a mooted question in this city. It was talked about, written about, advocated by some, discouraged by some; so much so, that it could not be done; others, it wouldn't pay; a few long-headed and penetrating business men finally got together and established it, and its success is phenomenal. It has been in operation not quite nine months. It has 667 depositors, with deposits amounting to \$43,701.83. This is exclusive of the capital stock paid in, which now amounts to \$14,510. It has loaned out and well placed, \$42,696.91. The bank pays four per cent compound interest on all deposits of \$5. So it will be seen that the institution is eminently successful.

The dwelling of Mr. G. S. Bradshaw, at Asheboro, was accidentally burned last week. It was the former residence of the late Gov. Worth, and was insured for \$2,000.

Some sharper has been perpetrating extensive forgeries on the firm of Edwards & Broughton, printers and binders, of Raleigh. Checks with the name of the firm forged have been received at the firm's bank from Wadesboro, Hillsboro and other places.

A suit is to be tried in Kansas City which may furnish an important precedent. A commercial traveller was recently robbed in one of the streets of that thriving town, and he now claims damages from the corporation upon the principle that it is bound to protect the lives and property of its citizens and of the strangers within its gates.

Salvation Oil quickly finds its way to the seat of the disease, allays the inflammation, and by removing the cause, effects a permanent cure. 25 cts.

Mr. Ruskin thinks there is a great future for American art—but he hardly realizes the enormous demand over here for Dr. Ball's Cough Syrup.

FERTILIZERS FOR THE GARDEN.—J. Harris' New Seed Catalogue for 1888 there is a valuable article on this subject from the pen of Joseph Harris. There is no more reliable authority. The catalogue is free to all who send their address on a postal card to Joseph Harris Seed Co., Moreton Farm, Rochester, N. Y.
