

DEMOCRATIC NOMINEES.

- FOR PRESIDENT: GROVER CLEVELAND, of New York. FOR VICE PRESIDENT: ADLAI E. STEVENSON, of Illinois. FOR GOVERNOR: ELIAS CAHNS, of Edgecombe. FOR ATTORNEY GENERAL: RUFUS A. DUDINGTON, of Allegheny. FOR SECRETARY OF STATE: OCTAVIUS CORN, of Wake. FOR TREASURER: DONALD W. BAIN, of Wake. FOR COMMISSIONER OF PUBLIC INSTRUCTION: JOHN C. SCARBOROUGH, of Johnston. FOR ATTORNEY GENERAL: FRANK L. OSBORNE, of Mecklenburg. FOR CONGRESSMAN: B. H. BUNN, of Nash.

It seems a sin and a shame that good, honest men will allow their names to be misused and abused by designing demagogues, who are utterly unprincipled and unworthy of any confidence. Any of our friends who are right here in our good old State, it is very forcibly illustrated in the character of the leader of the People's party in North Carolina—the chairman of the State executive committee, and who is now chairman of the executive committee of the Congressional district of Wake county. The person whose name is used is S. Otho Wilson, and he is thus put forward as the leader of a party that pretends to purify politics and reform the country. It would naturally be supposed that one at least an honest man.

But is he? Let us see what the public records—the court records—say about his honesty. In volume 94 of the published reports of cases decided by our State supreme court (from pages 182 to 183) appeared the case of S. Otho Wilson vs. R. J. Hughes. The following is the case as stated by the plaintiff: "I sold to the defendant a horse colored many a year ago and which sum was paid each and the defendant executed a receipt on the horse for \$18, which was paid on the defendant would not pay, because, as he contended, the plaintiff had cheated him. The case was tried at Wake superior court at August Term, 1885, and the following was submitted to the jury, which was composed only of white men: "Did the plaintiff cheat the defendant by reason of circumstances or otherwise?" The jury answered these questions and judgment was rendered that Wilson was in law a competent person whom he had cheated."

Now this is no exaggeration of the partisan press, but it is a simple truth as appears clearly by the court records. And such was the character of the man who is put forward as the official head, the leader of the third party in our good old State. And will honest men follow the leadership of such a man?

THE CURRENCY would be increased many millions dollars and much relief afforded our people, if the republicans and third party people would help the democrats to establish the old State banks. Our order readers will remember that before the war nearly all the money that in circulation was the bill issued by the State banks. But when the war began Congress passed a law that destroyed all the State banks and therefore all their bills were withdrawn from circulation. The Congressional law that did this was the Act to establish the national banks, one clause of that law levying a ten per cent tax on the State banks, which of course they could not pay and compelled them to retire from business.

The democrats now demand, and have incorporated in a platform of their national platform, that Congress repeal the ten per cent tax on State banks, in order that those banks may again be business and increase the currency by authorizing their bills. And it certainly does seem strange that anybody, who wishes more money, should oppose this reasonable and just and practicable demand!

It is astonishing that any honest or intelligent man will accuse the democratic party of being opposed to an increase of the currency, and to the free coinage of silver, when it is an accusation and basis easily refuted by fact. That cannot be denied. No third party speaker would make a speech without asserting that the democratic party is opposed to the free coinage of silver. Now, what are the facts?

In 1875 the democrats had a majority for a short time in both branches of Congress and succeeded in passing a bill by which nearly five hundred millions have been added to our currency, and by which money has been allowed to be coined that has since been used in the same old and familiar way. Now, the democrats will claim to be the friend of the free coinage of silver. Just think of it, more silver dollars have been coined than the possible amount of silver that has been mined in the world since the establishment of our Republic, and yet the democrats are now in favor of stopping it in an increase of the currency?

So many more silver dollars have been coined since the passage of the third bill, in 1875, than had ever been coined before, that it is a reasonable thing to say a dollar that was coined before that time. And if any of our readers doubt that, would ask them to follow every silver dollar that has been coined since that time, and see how many of them have been used in the same old and familiar way. Yes, look at every silver dollar that you see, and you will find that you are seeing a silver dollar that has been coined since 1875, and has not been used in any other way.

It is a fact that the democrats have not only failed to increase the currency, but they have also failed to stop the free coinage of silver. In fact, they have done the opposite of what they claim to do. They have increased the currency and they have allowed the free coinage of silver to continue. This is a fact that is well known to every honest man.

The State's credit was bankrupted, for treasury plundered, the credit of the State's honorability and respectability completely ruined, and the people were left in a state of utter poverty and distress. It is a fact that the democrats have not only failed to increase the currency, but they have also failed to stop the free coinage of silver. Favoring the Force Bill. From the New York Sun. In Georgia and Florida the line was sharply drawn between Southern citizens who were willing to live under a Force law, and those who will resist to the last extremity the enactment of such a measure. As far as the Force bill issue is concerned there is no third party. The People's party, so-called, and the Republicans voted on one side of the question. The Democrats stood solid on the other side and an overwhelming and splendid victory they won!

There is no longer any pretense upon which a Southerner opposed to the Force bill and to Negro Domination, but he must stand with the Alliance and the Populists. The Alliance and the Populists are now the only party that has the courage to stand for the Force bill.
