

The Chatham Record

THURSDAY, MAY 10, 1894.

H. A. LONDON, Editor.

A BRONZE statue of the lamented Vance ought by all means to be placed either in the rotunda of the Capitol at Raleigh, or in the square surrounding it. And this statue should be the gift of all the people of the State. However much service Vance may have rendered our State as its Senator and however more renowned he may have become in that capacity, yet the people of North Carolina knew him best and loved him most as their Governor. Although he had been elected Senator four times, yet very few of our people ever spoke of him as "Senator Vance," but nearly everybody to the last fondly called him "Governor Vance."

Therefore it would be very meet and proper that his familiar face and figure, cast in imperishable bronze, should forever be seen at the State Capitol where he so worthily won the reputation as our great War Governor.

THE RICHARD with which money on interest can accumulate has recently been very strikingly illustrated. One hundred years ago Benjamin Franklin gave \$5000 to be invested by certain trustees and their successors, with directions that none of it should be spent, and at the end of one hundred years one-half of the accumulations should be used for some public charity in Boston and the other half to be re-invested for another hundred years. The first hundred years having expired it is ascertained that the original gift of \$5000 now amounts to \$700,000, and one-half of this sum will now be used in the erection of a public training school at Boston. What an immense sum will be the accumulations of the other half—\$350,000 in another hundred years!

THE PRESS cannot too severely condemn the attempts now being made by Col. Breckinridge and his friends to secure his reelection to Congress. A scene was witnessed at Lexington—Kentucky's Capitol—on last Saturday that was simply disgraceful to that State. On that day Breckinridge formally opened his canvas, and a grand ovation was given him, such a greeting as would have flattered some conquering hero who in triumph returns to his old home. Special excursion trains were run to accommodate the vast crowds who assembled to welcome home again their dear "wandering Willie." Brass bands blared, cannon boomed, the people shouted themselves hoarse, and this hoary headed hypocrite doubtless fully vindicated.

THE CORNER stone of the Confederate Monument at Raleigh will be laid with impressive ceremonies on the 22d of this month. If the railroads will give reduced rates, as surely they should, a very large crowd will be present. No announcement has yet been made of reduced rates, and, unless done very shortly now, it will be too late. Several military companies will march and there will be a long procession of ex-Confederate soldiers. The address will be delivered by Capt. T. W. Mason. The city of Raleigh, through her board of aldermen, has appropriated \$500 to defray the expenses of the ceremonies at the laying of the corner stone.

A MONUMENT will be dedicated to day with imposing ceremonies to "Mary, the Mother of Washington." A large concourse of distinguished ladies, including the President and his Cabinet, will honor the occasion with their presence. The monument has been erected after many years delay. The corner stone was laid in May 1833, and President Andrew Jackson was present on that occasion. It was on that trip that occurred the notable incident of his nose being pulled by Lieut. Randolph, who a few days before had been dismissed from the navy.

A BUSTRIKE STORM. On May 6.—A storm yesterday did considerable damage in Pittsboro and Louisburg. At Farquhar, Pittsboro, houses and walls structures were leveled. Signs were torn loose and buried through the glass fronts. A. E. Chapman's agricultural warehouse was damaged. The destruction was great in the vicinity of Aurora, Ill.

MAJ. W. M. ROBBINS, who is a member of the Gettysburg Battlefield Commission, desires the address of all living Confederates who were in that battle, so as to accurately locate the positions of our troops.

Washington Letter.

(From our regular Correspondent.)

WASHINGTON, May 4, 1894.

President Cleveland and his Cabinet are pursuing the even tenor of their official duties just as though there were no such thing in existence as Coxey's army. The President has promised to attend the unveiling of the Martin Washington monument at Fredericksburg, Virginia, on the 10th inst., and tomorrow Secretary Herbert will leave for the Pacific coast to inspect the Government Navy Yards in that section.

Coxey's march upon the Capital was one of the most forcible flights of the century. Today he and Carl Browne and Christopher Columbus, who are being tried in the police court for violating the law in attempting to make speeches from the steps of the Capitol. They are not likely to be severely punished—probably small fines as a warning. If the foolish men now on their way to Washington to join Coxey could get within sound distance of the post hole in which the poor Coxeyites are confined—Coxey says camped—they would turn back at once. I am much as Coxey was told by the Health officer of the danger attendant upon putting these poor fellows in a mass partially filled with dumplings of city filth, with an open sewer on one side and stagnant mud surrounded on every side, and the foul atmosphere thoroughly impregnated with intestinal germs, it looks as though he would be glad to gain a little additional notoriety by getting a lot of them die like dogs. None of the four hundred men now there are fit for anything and each of the 4000 who have been captured by the Health officials as follows by the midday carrying some of them to the hospitals, Coxey being comfortably quartered at the U. S. Hospital, Pittsboro, having been given a room with a window looking out over the grounds. The other 3600 are now in the hospital, with a few who are fit for duty.

Coxey's Report.—The Agent is nearly done in this work of the reconstruction and has come to the mid-point in his report, as follows: Coxey and his followers have been staying the last week in the U. S. Hospital, Pittsboro, having been given a room with a window looking out over the grounds. The other 3600 are now in the hospital, with a few who are fit for duty.

Coxey and his followers, Washington, May 4.—The Agent is nearly done in this work of the reconstruction and has come to the mid-point in his report, as follows: Coxey and his followers have been staying the last week in the U. S. Hospital, Pittsboro, having been given a room with a window looking out over the grounds. The other 3600 are now in the hospital, with a few who are fit for duty.

Coxey and his followers, Washington, May 4.—The Agent is nearly done in this work of the reconstruction and has come to the mid-point in his report, as follows: Coxey and his followers have been staying the last week in the U. S. Hospital, Pittsboro, having been given a room with a window looking out over the grounds. The other 3600 are now in the hospital, with a few who are fit for duty.
