

THE OPPOSITION of the populists and the less active Western Representatives to State banks is very surprising and also very significant.

From this we learn that he started out with 2000 unorganized and un-armed troops, only 100 of them being armed, and yet during that year he fought fifty battles, killed and captured 10,000 of the enemy, captured 2,000 horses and mules, 67 pieces of artillery, 2,000 muskets, 14 transports, 20 barges, 200 wagons, 20 ambulances, 200 stands of small arms, destroyed 20 railroad bridges, 200 miles of railroad, 2 engines, 100 cars and \$15,000,000 worth of property.

What other general with an army of the same size accomplished such results in one year?

The Populist convention of this State, the Congressional district will be held at Raleigh on the 15th day of August for the purpose of nominating a candidate for Congress. This is the most prominent speakers for the occasion are Gen. B. B. Pagan and Capt. G. M. Coker.

ment, is the last official report of Gen. Forrest, written in January, 1865, and containing a statement of his operations during the year 1864. From this we learn that he started out with 2000 unorganized and un-armed troops, only 100 of them being armed, and yet during that year he fought fifty battles, killed and captured 10,000 of the enemy, captured 2,000 horses and mules, 67 pieces of artillery, 2,000 muskets, 14 transports, 20 barges, 200 wagons, 20 ambulances, 200 stands of small arms, destroyed 20 railroad bridges, 200 miles of railroad, 2 engines, 100 cars and \$15,000,000 worth of property.

THE STATE GOVERNMENT of no State in the American Union is more economically administered than that of North Carolina, and the second economical when trying to change it would be foolishly unwise.

Yes, let it be remembered that this last great struggle of financial relief was defeated in this way, every populist representative in Congress!

It is a record of which the people of this State can be proud. It was the record of the people of our nation.

THE STATE GOVERNMENT of no State in the American Union is more economically administered than that of North Carolina, and the second economical when trying to change it would be foolishly unwise.

Washington Letter.

(From our Special Correspondent.)

WASHINGTON, June 8, 1891. President Cleveland told a Democratic member of the House who asked him his opinion of the Senate amendments to the tariff bill that his opinion on the question of tariff reform should be well enough known without any additional expression at this time, and intimated that he considered prompt action on the subject by both House and Senate of far more importance to the country than the mere details of this or that schedule in the bill, provided, of course, that the bill as a whole kept in line with Democratic promises of tariff reform.

The Republican Senators are acting on the old legal maxim—"you have no case unless you have the law." Finding that they were defeated on the sugar schedule by the tariff bill, which they had been for weeks claiming to be consistent in defending with the aid of Democratic votes, they have resorted to the cry of "sugar trust," thinking to find the country for the fact that the sugar schedule this week adopted by the Democratic Senate only gives the sugar refiners about half of what they are getting under the McKinley law.

The Senate amendments to the tariff bill were adopted by the House on the 11th of June, and the tariff bill passed by the close of next week, and especially as Senators privately want it so.

Secretary Clarke waited until the fact-story that he was preparing for another issue of bonds had advanced to the stage of preparing to extend the bonds down to the exact amount of bonds to be issued, before he took the trouble to make the work of the printed version of Washington fairly well by officially announcing that he was preparing to issue bonds, but not considering it even worth the reason why he should not do it, at this time in the immediate future.

The room for \$15,000,000 against the estate of the late Senator State, which was filed in California this week by direction of Attorney General O'Key, has been much talked about in Washington.

It is a record of which the people of this State can be proud. It was the record of the people of our nation.

THE STATE GOVERNMENT of no State in the American Union is more economically administered than that of North Carolina, and the second economical when trying to change it would be foolishly unwise.

Dispute Over Vance's Body.

New York, June 11.—An Asheville, N. C. special says: The widow of Senator Zebulon B. Vance came to Asheville on Wednesday and had the body of the Senator moved from the Vance family plot in the cemetery, where it was originally buried, to a plot she had bought the day the Senator was buried.

Charles N. Vance, son of the Senator and his private secretary, arrived at Asheville Saturday and had the body again disinterred and returned in the family plot. Young Vance declares that it was his father's dying wish that his body should be buried in the plot, which the Senator had bought and had buried during his life, and that the first wife's body (young Vance's mother) should be placed beside him. Mr. Vance says he is disappointed that his father's wishes should be overruled by the law.

The plot of ground to which Mrs. Vance had the Senator's body removed is the hill-top, the most beautiful and commanding spot in the cemetery, and her object in placing the Senator's body there was the fitness of the spot for the erection of a great monument to the Senator's memory by the people of the State.

Mrs. Vance is a Catholic, and when it was found that the Senator was buried in a plot owned by a Protestant, she was about to perform the last rites when Charles Vance intervened.

Young Vance said he would permit his father's body to be removed to the plot owned by Mrs. Vance, provided the first wife's body be placed beside it. She said, but this Mrs. Vance declined to do so.

It is to be seen what steps Mrs. Vance will take when she hears what the court decides.

It is a record of which the people of this State can be proud. It was the record of the people of our nation.

THE STATE GOVERNMENT of no State in the American Union is more economically administered than that of North Carolina, and the second economical when trying to change it would be foolishly unwise.

Riotous Strikers.

WILKESBARRE, Pa., June 9.—Two hundred Italians stoned and drove out the workmen in the breaker and strippings of Wentz's Silver Brook colliery No 2 today. Deputies charged them, but were routed.

The deputies rallied and discharged their revolvers, the mob returned the fire, and Policeman Cook was shot in the stomach. Fifty shots were exchanged, when the strikers retired, carrying three of their number, who were evidently badly wounded.

The strikers are now holding a strong position in the mountains. Strikers, Pa., June 11.—The tipple of the Brubaker & Coleman mines, near Berlin, were destroyed by dynamite last night. The mines had been running dry and night for several weeks, but last night they were killed.

Strikers, Pa., June 9.—Strikers are threatening to burn the coal bridge near Edwaco, because coal from country tanks is being loaded across it to the town. Sheriff Dent has sworn in deputies to guard the bridge.

Strikers, Pa., June 9.—Miners at Schuylkill, on the Cleveland and Pittsburgh division of the Pennsylvania R.R. are said to have captured a coal train and wrecked it last night.
