—A white prisoner, named Frank Clark, escaped from our county jail on last Monday night.

—Now that the election is over and political excitement has subsided, we hope that the Record's correspondents will resume writing the news of their respective neighborhoods.

—Mr. M. D. Harmon was elected Recorder of Madison county, Indiana, last week. He is a son of Mr. William Harmon, who removed from this county to Indiana in 1831 and is still living at the venerable age of 88 years.

—W. H. Edwards, dentist, will visit Bynum on Monday and Tuesday, and Pittsboro' on Wednesday, Thursday and Friday, following the third Sunday of each month, prepared to do all kind of dental work. Office next to Bynum & Headen.

—They are also getting nice things to eat as well as wear at W. L. London & Son's. Canned peaches, pine apples, tomatoes, all kinds fancy crackers, apples, oranges, citrons, currants, raisins, jelly, buckwheat flour, oat flakes and meal. Also a nice lot of chairs, tables, bedsteads

—Ladies attention is called to the large stock of nice Felt hats just received this week at W. L. London & Son's. These goods are very cheap. You can also find at London's a nice lot of ladies' cloaks, which they are selling very cheap. Come and see the new goods they are getting in every week.

—On account of this county having been transferred from the Western to the Eastern District the offices of the United States Commissioners became vacant, but Judge Seymour has reappointed Messrs J. J. Jackson and Carson Johnson, and has appointed Mr. O. A. Banner in place of Mr. J. W. Calder, who has removed to Ramseur, in Randolph county.

A NEW COMPANY.—In another column is published notice of the incorporation of the Langdon-Henszey Coal Mining Company in this county. The object of the company is the developing certain mineral properties owned and to be owned by the company in this county, and in Moore and Randolph. The moving spirit in this enterprise is Mr. Samuel A. Henszey, and from his well known energy it is bound to be a success. As our readers are aware he is the President of the Egypt Coal Company and also of the Raleigh & Western R. R. Co., both of which companies have expended a large amount of money in this county.

MAGISTRATES MEETING.—A special meeting of the magistrates of this county was held here, on last Tuesday, for the purpose of electing two county commissioners to fill the vacancies occasioned by the death of Mr. G. W. Foushee and the resignation of Mr. O. A. Banner. There were 39 magistrates present, and on the first ballot Messrs. C. R. Scott and D. Y. White were elected, the former being from the extreme eastern part of the county and the latter from the extreme western part. Both are good selections. Mr. E. W. Atwater was elected a member of the finance committee in place of Mr. Scott, who had been elected county commissioner.

NEW TRIAL.—The Supreme Court of North Carolina filed a decision on last Tuesday, granting a new trial in the case of B. N. Gilmore against the C. F. & Y. V. R. R. Co. which was tried at the last term of Chatham superior court and was then decided by Judge Hoke in favor of the defendant. This is an action for damages caused by the defendant's train running over the plaintiff's wagon and team, and at the trial Judge Hoke held that the plaintiff was guilty of contributory negligence and was not entitled to damages. From his decision an appeal was taken, and the Supreme Court has reversed the decision of Judge Hoke and ordered a new trial.

UNCERTAINTY OF ELECTIONS.—The uncertainty as to the result of elections has become as proverbial as the verdict of a jury. A county or State may give a large majority for one party at one election, and at the very next election may give an equally large majority for another party. This uncertainty seems especially true about elections in Chatham county. In 1870 the democrats carried this county by nearly one thousand majority, and in 1871 (on the convention question) they lost it by a majority of about 300, making a change in one year of about 1500. Again, in 1884 Gov. Scales carried this county by a majority of 819, and at the next election, in 1886, the democrats lost the county by a majority of 153, but in 1888 the democrats redeemed it by a majority of 551.

These figures prove that no party can be certain of carrying this county, and it is not at all improbable that the democrats may carry Chatham in 1896, notwithstanding their defeat last week. In 1892 the combined vote for Harrison, Weaver and Bolwell was 2854, and last week no fusion candidate received that many votes, the highest being 2691.

CONGRESSIONAL VOTE.—We regret not being able to publish the full official vote of this district for Congressman, but we publish the vote of five out of the seven counties composing the district. Strowd's majority in the other two counties (Nash and Vance) is said to be about 1500. The vote of the five counties is as follows:

Chatham	2691	1507
Wake	4913	3739

The North Wilkesboro News says that Tom Combs, an old man of Wilkes county, was feeding a cane mill, when, from some cause, he extended his head to one side a little too far and it was caught between the lever and one of the upright timbers. The horse was immediately stopped, but not before the man's skull was crushed. At last accounts he was still alive, but his recovery is very doubtful.

Wilmington Review: There is a Democrat here in Wilmington who cast his maiden vote for Andrew Jackson and who has voted the straight Democratic ticket ever since, always going to the polls, never missing an election and never scratching his ticket. He is the father of the the editor of this paper and if we will live as long as he has lived we hope to show as good a record as his. He is nearly 89 years old and voted at the last election.

Sanford Express: The mail boy on the star route from here to Lexington was robbed last Tuesday between Broadway and Mohawk. Several registered letters were in the office at Mohawk to be sent here but as the postmaster was at the election his wife didn't send them. It is believed the robber knew that these letters were there and supposed that they would be sent. He emerged from a thick place in the woods and told the boy to stop. Taking the mail pouch he carried it back into the woods with him. The boy could not tell who he was as he had a bag over his head and face, but says he was a negro as his hands were black.

Wade Abram Smith and his wife of the vicinity of Kellar, La., were in the field picking cotton, their cabin was burned, cremating their three little children.

There is a colored man named George Jones, near Wake Forest, who is 23 years old and has six children. He has been married only three years. His wife each year having presented him with boy twins.

Senator Peffer Interviewed.

Special to the Charlotte Observer.

WASHINGTON, Nov. 13.—Senator Peffer, in a long interview in today's Star, says:

"I should not be surprised if the silver Democrats and silver men among the Republicans and the Populists combine together for the organization of the Senate. In my judgment the Populists will not aid either the Democrats or the Republicans as a party. They will either unite with men of all parties on the one issue of silver and so organize the Senate, or else they will stand alone in the maintenance of their principles and allow the Senate to hang as it would between the two parties. I don't believe that Mr. Stewart or Mr. Jones or any other Populist will vote with the Republicans in organizing the Senate."

Apropos of this, it is not believed here that the Republicans are anxious to control the organization of the Senate at present, without responsibility for legislation and with a Democratic President.

Two Lives Saved.

Mrs. Phoebe Thompson, of Jonesboro, Ga., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 156 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption tried with results everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at L. H. Mallett's Drug Store. Regular size 50c and $1.00

Ate a Cat for a 'Possum.

SHARON, Pa., Nov. 11.—Several days ago the members of the Maccabee lodge gave a 'possum bake to a number of their friends. They all pronounced the dish superior to any they had tasted before. They might have remained in ignorance of the facts in the case had George Jones, a Brookfield, O., citizen, of whom they had purchased the 'possum, remained quiet.

A neighbor asked Jones what had become of his big house cat. Jones laughingly remarked that a Sharon delegation had requested him to hunt them a 'possum. He was successful in his hunt, and butchered his old tomcat, dressed it and sent it to Sharon. The club members have investigated the case and found Jones's statement to be true, and have begun legal proceedings against the Maltese vender.

Scalded to Death.

RICHMOND, Va., Nov. 10.—A Staunton special to the Dispatch says: William W. Jones of Woodstock, Va., for the past eight years a patient at the Western hospital for the insane in this city, was thrown into a tub of boiling water Thursday by another lunatic named Magruder and held there until badly scalded. Jones died yesterday from the effects of the scalding. He was 62 years old and leaves a wife and six children.

Newton Enterprise: While the fusionists were celebrating their victory at Maiden on Wednesday night, a fine explosion occurred which resulted in the death of one man and nothing but blood another. It seems they were using some old iron that had gotten inside of the wife, when one of the pieces exploded, striking Mack F. Rudisill on the leg shattering it so severely that amputation below the knee was necessary. Major Setzer was struck on the side of the head by a piece of metal crushing his skull and killing him.

Sad-Lucy Bundle: A fatal accident occured at the home of Mr. William Eller, near Trading Post, last Saturday. His two sons, Bob, 18, and Charlie, 17 years of age, were the parties connected with the tragedy. Bob was inside the house handling a 38 calibre pistol and Charlie was standing on the steps just outside the open door. One chamber of the pistol was loaded and as Bob laid it down on the bureau in the room the cartridge exploded. The ball struck Charlie in the forehead and passed out at the back of his head, producing a wound from the effects of which he died. The brothers were very devoted and Bob is almost crazed with grief. He fainted when he saw his brother fall at the discharge of the pistol.
