The passenger train on the Pittsboro railroad leaves...

The old "Burke" store, corner of court house square, is for sale cheap.

We regret to learn that Mr. Isham S. Upchurch, of Williams township, has been stricken with paralysis.

There will be enough corn raised in Chatham this year to run a block-ade still on nearly every spring branch.

We invite all old soldiers to write for the Record any incidents and anecdotes of the war that may be of interest.

It matters not what his politics may be every citizen of Chatham, and especially every ex-Confederate, ought to subscribe for the Record.

Every ex-Confederate in Chatham ought to subscribe at once for the Record and read its "War Reminiscences", which will be published in every issue. Only 50 cents until Christmas.

A corn curiosity has been brought to the Record's museum by Mr. Ross I. Hill. It consists of six ears of corn joined together, one large ear with five smaller ones surrounding it.

Mr. James M. Watson, who carries the mail between here and Chapel Hill, has travelled about as many miles as any other mail-carrier in the State. He has been carrying the mail ever since July 1st, 1880, and since that time has traveled over 150,000 miles.

The ladies of the Presbyterian church at this place will give a lawn party at the residence of Mr. J. J. Jackson, this evening from 6 to 9 o'clock, for the benefit of their church. The public invited, and refreshments will be served at moderate prices.

On last Monday a flash of lightning struck and burned on the barn of Mrs. Baxter Johnson, of New Hope township. On the same day another flash struck and knocked down Mr. Manly Durham, of Baldwin township, but did not seriously hurt him. The same flash, however, killed five of his hogs.

John Hopkins, who was carried to Raleigh on the charge of selling a witness ticket which had already been paid, had a preliminary hearing before a magistrate and was put in jail for trial at the next term of Wake superior court. He swore that he had never been in the penitentiary!

They are now receiving the largest stock of shoes at W. L. London & Son's ever brought to this county. These goods were contracted for last May, before shoes advanced and will be sold to their customers much cheaper than shoes bought lately. It will pay you to get your winter supply at once.

A few of these cheap hats for ladies still on hand at W. L. London & Son's. Just to think you can buy a \$1 hat for 50 cts., a \$2 hat for \$1, a man's straw hat for 25 cts., worth 75 cents. A suit of ready-made clothing, all wool just for \$7.00, worth \$10.00. A nice lawn dress for 50 cents, a lady's waist for 40 cents, worth 75 cents.

ACCIDENTALLY POISONED.—We much regret to hear of the death of Miss Ella Scott, a sister of C. R. Scott Esq., the esteemed chairman of our board of county commissioners. On Thursday of last week she had attended preaching, and on returning home and not feeling very well she thought that she would take a dose of medicine, but by some terrible mistake she took a dose of poison and died in a short time in great agony. The unfortunate mistake was not discovered in time for the effects of the poison to be counteracted. Her sad and sudden death has thrown a gloom over that entire neighborhood, where she was so much beloved.

PERSONAL ITEMS.—Mr. and Mrs. Henry M. Drane, of Savannah, are here on a visit to Mr. John A. Womack.

Mrs. Mary L. Powell, of Raleigh, is here on a visit.

Miss Lily Moore has returned from a visit to Carthage.

Mrs. C. A. Boone, of Elon College, is visiting her sister, Mrs. S. M. Holt.

Mrs. Edward Workman and children, of Savannah, are expected here today on a visit.

Mr. J. George Hanner, of this county, has been appointed chief deputy by U. S. Marshal Carroll.

Mrs. J. H. Currie and children, of Fayetteville, are expected tomorrow on a visit to her parents, Mr. and Mrs. J. J. Jackson.

PROTRACTED MEETINGS.—This is the annual season for protracted meetings and general religious awakenings. These meetings are now in full blast and are being held all over the county, in nearly every neighborhood, and no doubt many souls are made happy and much good accomplished. These meetings, we are pleased to learn, are being well attended and much interest manifested. And any stranger attending one of them would not think that the times are as hard as is generally reported, for he will see every body nicely dressed and looking happy, and an abundance of good things to eat. Indeed at every one of these meetings there is a regular feast and each good housewife tries to outdo her neighbor in the quality and quantity of her "goodies", which she offers with profuse hospitality.

NEW BUILDINGS.—During last year more new dwellings were built in our ancient Borough than during any previous year of its existence, and now more new stores are being built than during any previous year. As heretofore stated, W. L. London & Son are building a large brick store, and now in addition to that two other brick buildings are being erected. One of them is being built on the old Ramsey site as a barber shop and store for John L. Council, and the other is being built adjoining the new store of W. L. London & Son. It will be a brick two-story building 21 by 58 feet, the first floor of which will be rented as a store and the second will be the Record's offices, which will probably be the nearest and most comfortable offices occupied by any country Weekly in the State. The old Record building will be torn down and its site left vacant. This is one of the oldest buildings in our town, and used to be a part of the old hotel and was occupied court weeks by the lawyers from other counties, who in years gone by attended our courts in great numbers. If its old walls could speak they would recall many an incident and anecdote connected with Badger, Manly, Haywood, Miller and the other great lawyers who occupied this building over fifty years ago.

LETTER FROM YOUNGSVILLE.

YOUNGSVILLE, N. C., August 5, '96. EDITOR RECORD: From the hum of the saw and the hammer and the click of the trowel one would think this town was on a boom. A large tobacco warehouse is going up by a stock company of about 13 stockholders, 10 democrats and 3 republicans. This is about the percentage of third cousins in this county, but Vance county has more, but a prominent third cousin told me a short time ago that he was coming back home. I heard no reason assigned, only said he could not stand 17 colored magistrates in his county. It does make the government of that county look a little dark, but never mind about those relations; they will all come back but alas! I had liked to have lost my subject, on the boom of our town.

We have a tobacco leaf factory running here doing a good work. A High School will open here on the first Monday in September with a full corps of teachers, with probably a student body of one hundred. We have three dwellings going up and the foundation is being laid for a ping factory. We have here three churches in the place, 14 stores, 3 drug stores, three M. D.'s, a good board of commissioners, strong police, and 16 babies, ten democrats, 4 republicans, 2 third cousins. Crops are good here, cotton, tobacco and corn. Wheat was an average crop, plenty of fruit. Well, the protracted meeting season has come again. Rev. J. D. Wicker and Dr. Staley are carrying on a meeting this week at Oak Level church in this community. We predict a good meeting for them.

Dr. Staley will start to the Holy Land the 21th of August, any one wishing to read his notes by the way would do well to subscribe for the Christian Sea for three months 50 cents. The health of the place is fine. I am somewhat of a stranger to you but if you will admit this in your most worthy columns I will give you another note, but it is a little hard on the waste basket you must excuse a poor woman. Mrs. MARTHA RIVES.

Buckhorn S. S. Conference. The Buckhorn Circuit Sunday School Conference was held at Buckhorn church August 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th. Rev. J. W. Avert, President of the Conference, was present and presided. The attendance of delegates and visitors was very large, unusually so on Saturday, all of whom were most delightfully entertained with good speeches, excellent singing and tasty viands for the use of the body. After hearing reports from the different Sunday schools speeches were made on "The best method of conducting Sunday schools" by Rev. J. J. Burt, and on "The qualifications essential to the best success of a S. S. Superintendent" by Rev. B. B. Holder. Also on "The best system of instruction in the Sunday schools" by W. D. Matthews, L. S. Mann, Rev. J. W. Avert, T. P. England and Rev. B. B. Holder. We had singing between the speeches by two singing classes. The Ebenezer class led by Mr. M. E. Mann, and Buckhorn class by Mr. Thos. W. Churchhill, all of which was very beautiful and charming, and delighted everybody present. All wanted to hear more of the same. An important part of the program was on Sunday morning, each Sunday school was allowed from 20 to 30 minutes, during which time, speeches &c. were made by representatives of each school present, interspersed with singing, after which Prof. J. H. Stead, of Jonesboro High School, being introduced, addressed the Conference and held the undivided attention of the large audience for nearly an hour, who almost forgot they wanted to hear more singing. It could not have failed to interest every one who heard it. The following were elected officers of the Conference: Rev. J. W. Avert, President, J. D. Claiborn, Vice President, W. A. Avert, Secretary and W. J. Senter, Treasurer. The next Sunday school conference for Buckhorn circuit is to be held at Ebenezer. W. A. AVERT, Sec'y.

RIOTOUS ITALIANS. PITTSBORO, Pa., Aug. 12.—A body of 100 armed Italians, carrying a red flag at their heads, marched to the centre of Stately street and Forbes avenue in this city this morning, for the purpose of driving off laborers employed by Booth & Finin in grading the streets. The Italians were in the employ of the firm and made a concerted demand for an increase in wages from \$1 25 to \$1 50 per day and were refused. Their places were filled on Sunday the strikers attacked the men who had taken their places. The police interfered and quiet was restored. Hostilities were unexpectedly renewed this morning, however, and the laborers stood their ground until the Italians began firing and then they fled. A police alarm was sent in and a force of reserves were hurried to the place in patrol wagons. The Italians fled when they saw the police coming, but 21 of them were captured. They will be held for trial on charges of rioting. Yes, and they ought to be severely punished. While Americans gladly welcome the oppressed of all nations, and least of this country being the system for all who love liberty, yet when foreigners come here they must obey our laws. And above all things, when they go to work they should not be allowed to prevent other persons from working. E. B. RECORD.

Highway Men Exterminated.

TEXAS, ARIZ., Aug. 12.—The Star's advices from Fronteras, Sonora, Mexico, says: Six weeks ago Col. and John Weiss, a messenger, was killed and \$6,000 taken by highway men in Sonora, south of Bisbee. The Mexican authorities have pursued the bandits with unrelenting vigor. Seventeen of the number who were in some way concerned in the affair have been convicted and shot. One of the accused was an Indian. Forty others belonged to or sympathized with the robbers have been proscribed into the Mexican army. Twenty all who were taken were from Fronteras. All of the rabbits who had infested that region have been shot or are under arrest.

Georgia's New Cotton.

SAVANNAH, Ga., Aug. 12.—The first bale of new cotton received to-day from Dawson, Ga., weighing 486 pounds, classed as good middling, good color and staple very good, was sold at auction at 7 1/2 cents per pound. The second bale of new cotton, which was received to-day from Americus, Ga., weighing 467 pounds, classed fully middling, good color and staple very good, was sold at auction at 7 3/16 cents per pound.

There is a twelve year old child at the Insane Asylum at Raleigh, who is deaf, dumb and blind and an idiot. Judge Howell E. Jackson, of the U. S. Supreme Court, died at his residence near Nashville, Tennessee, on last Thursday. Several English Missionaries have recently been murdered in China. They were chiefly women and children. No American was killed.

Charlotte Observer.

Mr. J. C. McLean had a peculiar accident to happen to him yesterday morning. He was drinking water out of a dipper when some one came up to him and playfully struck the dipper, meaning only to throw the water in his face. A worse calamity befell him, however. The dipper struck against his teeth, which were false, breaking the plate which held them half in two, and he swallowed the half which was nearest his throat. The plate got nearly to the stomach but was rescued by Dr. Graham.

A Household Treasure.

D. W. Fuller, of Camphor, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy, that he has used it in his family eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottle free at G. R. Pilkington's Drug Store. Regular size 50c and \$1.00.

Weekly Weather Crop Bulletin.

The reports of correspondents of the Weekly Weather Crop Bulletin, issued by the North Carolina State Weather Service, for the week ending Saturday, August 10th, 1896, indicate a very warm, sunny week, with local showers. The temperature rose steadily during the week, with maximum temperatures on Saturday above 94 degrees, and a mean about 8 degrees above the normal. A good many very beneficial local rains occurred which greatly benefited crops, but many sections in the northern part of the Eastern, and in the Central and Western Districts are suffering from drought, which is chiefly affecting gardens and corn. However, at many places where the drought was most severe last week fine showers have fallen this week. With a good season next a splendid crop of corn will be assured. Tobacco crops are very good. Farmers are sowing turnips and beginning fodder pulling south.

A Novel Means of Suicide.

Montgomery, Ala., August 12.—A special to the Advertiser from Cullman, Ala., says: Mrs. Carrie Bomb committed suicide here yesterday afternoon in a novel manner. She steeped a box of matches in hot water and then drank the water. Two years ago she lost a favorite son by death and her mind had become affected from grief.

In Philadelphia Sunday was the hottest August day in eleven years.

Kenneth Bismore had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when three members of his family were sick with dysentery.

This one small bottle cured them all and he had some left which he gave to Geo. W. Baker, a prominent merchant of the place, Lewisville, N. C., and it cured him of the same complaint. When troubled with dysentery, diarrhoea, colic or cholera morbus, give this remedy a trial and you will be more than pleased with the result. The praise that naturally follows its introduction and use has made it very popular. 25 and 50 cent bottles for sale by Bynum & Headen, Druggists.
