CARRIER'S DESPATCH.—With this issue we publish the last extra of "Chatham's Revolutionary History." As heretofore stated, the book was written twenty years ago—in 1876—and this fact must be remembered in reading it, because of the changes since that time. The history is now published in pamphlet form and can be had by sending 25 cents to the RECORD. Every citizen of Chatham ought to have a copy. It required much time and diligent inquiry to learn the facts and incidents mentioned in the history, and it remains now to be seen whether or not the people of Chatham appreciate this effort to preserve the early history of their county.

DEMOCRATIC CONVENTION.—As will be seen from the notice published in another column, the Democracy of Chatham will hold their county convention at this place, on Saturday, the 6th day of June, for the purpose of appointing their delegates to the State and district conventions.

The precinct primaries will be held at 3 p. m. on Saturday, the 30th of this month, at the several voting places, as heretofore, and elect the delegates to the county convention. The primaries will be held at the old voting places, because the new precincts having been established since the last election it is impossible to know what representation they are entitled to until after the next election. Each township, therefore, will hold its meetings as heretofore, and each of the old precincts will be entitled to the same representation as it had in our last county convention.

The several townships will also elect a precinct executive committee of five for each of the new precincts, and the chairman of every precinct committee is requested to attend the county convention and elect the county executive committee.

The State convention will be held on the 25th of June, but the district conventions have not yet been called.
