The defeat of the Hon. W. F. Strowd and the nomination of Sheriff Jenkins as the Populist candidate for Congress is a complete victory for the Republicans and Pritchard Populists. And it seems somewhat strange and surprising that the Pritchard Populists, who were in the minority in the last Legislature and are then denounced as traitors, should now be carrying everything before them in the Populist party. But it is no surprise, when it is remembered the silks of Pritchard pie that have been given out?

In the controversy between the "majority" and "minority" or Pritchard Populists in the last Legislature Mr. Strowd took sides with Senator Butler and the "minority" Populists. His brothers-in-law, Senator J. W. Atwater, was the cause of Wilkesburg's present condition. Therefore Russell and the last fusion Legislature are directly responsible for Wilkesburg's unfortunate condition, and yet white men in Charlton and other counties are now asked to elect to the next Legislature men who endorse Gov. Russell and some Pritchard Populists and become their champion and leader just as Senator Butler was the leader of the "minority" Populists, and Skinner was denounced especially—above all others—and was "read out" of the Populist party; that is so far as Butler could read him out. But now it looks like Skinner may "read out" Butler. He certainly is wielding more power and influence than Butler in the Populist party.

Therefore, because Mr. Strowd stood by Butler in denouncing the Pritchard Populists, Harry Skinner determined to defeat Mr. Strowd, and he arranged several weeks ago to have Sheriff Jenkins nominated in place of Mr. Strowd. We heard this from Washington before Congress adjourned. And the reason why Skinner selected Jenkins as Strowd's successor is because Jenkins had stood by Skinner and against Strowd both in the national Populist convention at St. Louis in 1896 and in the State convention at Raleigh last May. Sheriff Jenkins was one of the delegates at St. Louis who opposed the nomination of W. D. Bryan for President and was Skinner's right hand man at the State convention last May in opposing Butler's offer to cooperate with the Democrats, and he was considered as a leader in the Skinner faction of the Populist party. His nomination over Strowd is therefore a victory over Butler, and a triumph of the Pritchard Populists over the "minority" Populists who refused to vote for Senator Pritchard. This looks like the tables are turned and that the Pritchard Populists should no longer be called the "minority" Populists!

The Biblical Recorder of last week shows very conclusively that Jim Young (the noted negro politician) was a director of the white and colored Blind Asylum at Raleigh, and did personally inspect the asylum for the white boys and girls. And yet the Republican and pie-eating Populist speakers and papers have tried to make the people believe that this is not true!

This negro politician was appointed a director by Gov. Russell when he appointed the other directors, and Young held the place until he was appointed by Russell, last June, to be colonel of the third regiment of North Carolina Volunteers, when he resigned as director and went into the army. And there is a certificate on file, signed by Young, stating that he did personally inspect the asylum for the white children. We venture the assertion that nowhere else in the United States was a negro ever appointed a director to inspect and manage an asylum for white boys and girls!

We ask our readers to read carefully and seriously consider the letter, published in another column, and written from Wilmington, to the Charlotte *Observer* by Executive Committee, told a citizen of Pittsboro that Sheriff Jenkins would be nominated in place of Mr. Strowd. Now, how did he know this? Is he a prophet? Or condition of that unfortunate city under fusion rule. And we pity the white man who can read that and feel the deepest indignation!

It is not only a disgrace to our country but it really seems incredible that such a state of affairs could exist in any city or this continent, and in no other State, except poor old North Carolina, would such a state of affairs be tolerated. The idea of 80 negro office-holders in one city in North Carolina, and then some persons asserting that there is no danger of negro rule?

And this disgraceful state of affairs in North Carolina's chief city is due to enact of the last Legislature chapter 150 Private Acts 1897 which deprived the people of the boasted right of "local self-government." Before the passage of that infamous act Wilmington was governed by a board of commissioners all chosen by the voters of that city, who gave the people a good city government. But at the instigation of Gov. Russell who had a personal spite against the decent people of Wilmington, the last Legislature gave him—gave to one man at Raleigh—the power to appoint one-half of the city aldermen and this is the cause of Wilmington's present condition. Therefore Russell and the last fusion Legislature are directly responsible for Wilkesburg's unfortunate condition, and yet white men in Charlton and other counties are now asked to elect to the next Legislature men who endorse Gov. Russell and some Pritchard Populists and become their champion and leader just as Senator Butler was the leader of the "minority" Populists, and Skinner was denounced especially—above all others—and was "read out" of the Populist party; that is so far as Butler could read him out. But now it looks like Skinner may "read out" Butler. He certainly is wielding more power and influence than Butler in the Populist party.

Therefore, because Mr. Strowd stood by Butler in denouncing the Pritchard Populists, Harry Skinner determined to defeat Mr. Strowd, and he arranged several weeks ago to have Sheriff Jenkins nominated in place of Mr. Strowd. The Democratic convention of this city, further, will be held at Raleigh on Thursday, the 20th of this month, for the purpose of nominating a candidate for Congress. The only candidates for the nomination, whom we have thus far heard of, are Messrs. E. C. Smith of Raleigh and F. S. Spradlin of Lumberton.

County Convention.

At a meeting of the Democratic Executive Committee of Charlton county, held in Pittsboro on the 8th inst., it was decided that the convention should be called to meet on the 3rd day of October 1898.

In obituary to and by authority of this action of the committee, I hereby call a convention of the Democratic party of Charlton county to meet in the courthouse in Pittsboro on the above named date, at 10 o'clock a.m., for the purpose of nominating candidates for the next session Assembly of North Carolina, for the various county offices, and for such other business as may come before it.

In the convention, the various precincts will be entitled to the voting vote, viz: Albright's 2, Dark's 2, Strowd's 4, Bear Creek 4, Woods' 4, Contra 4; Pittsboro 2, Lockville 3; Boddinham 5; Gulf 3; Richmond 4; Hadley 4; Hickory Mt. 4; Rivers Chapel 2; Siler City 2; Rosen 2; New Hope 2; Asbury 4; Goldston 2; Mills 2; Colos Mill 2; Council's Sleep 2.

The primaries will be held on Thursday, September 29th, at 2 o'clock p.m., at the one voting place in each township, except in Gulf township, in which primaries will be held at Richmond for the voters who vote at that precinct, and at Gulf for those who vote there and in Williams' township. The primaries will be held at Colos Mill for the voters who vote there and Council's Sleep for those who vote there.

All persons who are members of any party, are most cordially invited to attend and take part in the deliberations and actions of this convention of the people, who are in favor of honest government in North Carolina, who believe in white supremacy, who believe in the free and unlimited coinage of gold and silver at the ratio of 16 to 1, who condone the principles of Democracy as enunciated in the Chicago platform of 1896; who want a fair, just and economic administration of the affairs of their state, who believe in a political organization that has the boldness to publicly announce the principles and the consistency to nominate an entire ticket thereon in accordance with them and pledged to carry them into effect, a ticket that looks for its support only to those who endorse these principles; a ticket which, if elected, will be under no obligation to any political party professing different principles, or who are opposed to making political principle a matter of mere name, but rather to be a judge.

If G. A. Russell him—"This is to believe I and of course all his supporters believe him—Lockley is about the last white man in Wilmington whom decent people would associate with. Russell not only kicked Lockley out of his office, but has published things about him that no decent man would submit to. And if the present Republican Judge of the 12th district (Judge E. D. Carter) is to be believed, Hendricks is the last lawyer in that district who should be even thought of as a Judge. Since Hendricks' nomination Judge Carter has published statements about him that prove him utterly unfit to be a judge.

And yet this is the kind of non-partisan judiciary the honest white people of North Carolina must have to pass on their property, their liberty and their lives!

The Democratic primaries, or precinct meetings, all over the State are being attended by many white men, who have heretofore voted the Populist ticket, but who now declare that they will not help the Republicans put white towns and counties under negro rule.

Art friends of higher education will be pleased to learn that the University, Wake Forest and Trinity have all opened with a largely increased attendance.

On the fusion ticket in Halifax county are two negro candidates for the Legislature, for whom white Populists are pledged to vote.

Wilmington's Fusion Rule.
Correspondence of the Charlotte Observer.

The day before the Populist Congressional convention met at Raleigh Mr. A. E. Holton, the chairman of the Republican State Executive Committee, told a citizen of Pittsboro that Sheriff Jenkins would be nominated in place of Mr. Strowd. Now, how did he know this? Is he a prophet? Or condition of that unfortunate city under fusion rule. And we pity the white man who can read that and feel the deepest indignation!

And in this connection we would state that on the day after the convention was held, Dr. H. T. Chapman, the chairman of the Charlton county Republican executive committee, declared that the Republicans would not have supported Mr. Strowd if he had been nominated. And other prominent Republicans in all parts of this district had also made the same statement.

Therefore, since Mr. Strowd was sacrificed and Sheriff Jenkins was nominated to please the Republicans and at their dictation, should he not be considered the Republican candidate rather than the Populist candidate? And if Charlton county Republicans would not have voted for Mr. Strowd if he had been nominated, why should Charlton county Populists vote for Messrs. Giles and Wren—the Republican good old dard nominees for the Legislature?

Tim Democratic convention of this city, further, will be held at Raleigh on Thursday, the 20th of this month, for the purpose of nominating a candidate for Congress. The only candidates for the nomination, whom we have thus far heard of, are Messrs. E. C. Smith of Raleigh and F. S. Spradlin of Lumberton.

barrels of decayed cabbage leaves, beans, roasting-ear shucks and the like. Why all this? Is Wilmington without officers? No. She has twice as many policemen as Charlotte. In all she has 24 policemen, 13 of whom are negroes.

Wilmington has also four health officers, all colored. In addition, there are six deputy sheriffs, four of whom are colored. And to make the list complete, she has a negro register of deeds, C. W. Norwood, with two negro clerks, a negro treasurer and 4 negro managers.

The negro aldermen of the town are John Norwood, a good negro, Andrew Walker, now major at Fort Macon, and Elijah Green.

At the custom house: John C. Payne, collector; John E. Taylor, deputy collector, and James H. Howard, are negroes.

The county has six negro school commissioners. Magistrates, aldermen, policemen, deputy sheriffs, court-house officials, constables, etc., make up 80 negro officers. It is an easy matter to pick out about as many white men of the same character from the list of officers left over after the negroes are eliminated. They are of the same stripes.

Who are the most numerous officers in town?

On the 7th of February, 1898, a little 10-year-old boy was led into the store of Mr. R. E. Hammett, the hatter of Wilmington, and asked if he had a pair of Tom O'Hanlon's. Mr. Hammett was writing at the desk in the back of the store. He stopped, turned and continued his work. After looking about for some minutes, he said, "Well, can you show me some hats?" Mr. Hammett arose from his seat and went to the front, and showed her hat after hat, but she saw nothing that exactly pleased her. However, she liked one, however, and left, saying that she would see her mother and probably return and get the hat. Mr. Hammett went again to his work at the desk and the girl stood near the stove for a short while and then left for home. Nothing was seen of her till about 4 o'clock. She came in and Mr. Hammett said: "I guess you have come for my hat," she said nothing to this. At this time he stepped her father, E. F. Holmes, one of the most popular of the town. He sat on his bed and told his wife, Holmes' wife, to get the hat. Mr. Holmes, a good, strong man and a very plucky one, sprung to his feet and said to Holmes: "Get your gun and go and get that girl." Holmes and his wife started to the door and Holmes' wife said, "Wait a minute." Holmes knocked him down with a brass knuck, cut him three deep scars over the right eye. Mr. Hammett, being a very strong man and a very plucky one, sprung to his feet and said to Holmes: "Get your gun and go and get that girl." Holmes passed and Holmes tried to draw his pistol. But by this time Tommy Ashe, a negro deputy sheriff, had burst into the room and arrested Holmes. Ashe had accompanied Holmes to the door before the fight. He was waiting outside. In the Superior Court Holmes was tried for assault with deadly weapon. There were several negroes on the jury and they voted to acquit him. Holmes insisted. The second trial came as to the negro on the jury and they voted to acquit him. And the third attempt for trial failed. The solicitor had pressed the case and said that a white man could not practice in New Hanover county. Such is the state of affairs in New Hanover to trial by jury. There are always negroes on the jury and they will not convict a negro.

With all this there is a lack of enthusiasm here on the part of the best citizens of the town. They are too confident that the negroes will win the election. The negroes will be the ones to do it. They need to realize themselves. There is work ahead for them. I will venture the assertion that not a hundred well men in the city know how to manage negroes in the county. A visit to the custom house, the county court-house and the city hall would open the eyes of many. There are negro clerks in all these buildings.

The danger is to come. If in the short space of two years this dreadful state of affairs has been brought about, what would two more years add to it?
