The following invitation, handsomely engraved in gold, has been issued to their friends throughout the State: "Mr. and Mrs. Joseph John Jackson request the pleasure of your company on their Fiftieth Wedding Anniversary, Monday evening, November the 27th at eight o'clock, Pittsboro, North Carolina."

THE SMALLPOX CASE.

On last Monday Dr. H. T. Chapin, the county superintendent of health, paid a final visit to the home of Rufin Headen, the negro afflicted with a mild case of smallpox near Siler City.

The negro and his family of nine, all of whom were taken sick with the disease, were found to have so far recovered from their attack, as to be able to go about their usual employment. The doctor tells us that he had all the articles of clothing of the family thoroughly overhauled and disinfected and that, as all danger of the disease spreading had passed, the quarantine, which for some time past had been rigidly enforced against the inmates of the house, was ordered to be removed.

MR. JOSH. JAMES DEAD.

After a long and painful sickness Mr. Josh. T. James died at Wilmington, on last Monday, aged sixty years. He was well known to many of the RECORD's readers, having frequently visited this place, where he was married in 1871 to a daughter of the late Col. Henry A. London.

The deceased was a true man in every relation of life, and was faithful in the discharge of every duty. Volunteering in the Confederate army at the beginning of the War Between the States he served throughout the war as a brave and faithful officer. Ever since the war, with slight intervals, he had been in the newspaper business, first with the old Wilmington Journal and then as editor of the Review. He was a forceful and fearless writer and always had the courage of his convictions, never uttering any uncertain sound. May he rest in peace!

Three Boys Burned to Death.

Sault Ste Marie, Mich., Nov. 13.—A special from Detour, this county, says that on Sunday the three sons of Mrs. Kate Orr, aged 8, 6 and 5 years, were burned to death in a fire which originated in their home. The mother, a widow, was away at the time, the boys being in charge of their grandmother, who, however, escaped unharmed.

Aguinaldo Said to be Surrounded.

Manila, Nov. 13.—Colonel Hayes has captured Aguinaldo's secretary, and Major Coleman is in Carranglan, with an escort of 175 Bolomen, on his way to the province of Nueva Visaya. The son of General Lanara and his family are prisoners. The general barely escaped. The correspondent of the Associated Press with General Young telegraphs from San Jose that Aguinaldo did not escape to the northeast. He and his army, the correspondent adds, are surrounded. His last orders to the Filipino commander at San Jose were to hold San Jose and Carranglan at all cost. The recent encounters were too one-sided to be called fights. The insurgents are mortally afraid of the Americans, however strong their position. They make but a brief and feeble resistance and run when the terrible American yell reaches their ears, whereupon the Americans pursue them and slay many.

Shot to Death.

Round Lake, Miss., Nov. 14.—The negro Dickerson, who assassinated Arthur Maxwell and W. W. Grey, on Friday night, was captured near here last night and shot to death.

News and Observer: At the Agricultural and Mechanical College here a machine is being constructed which will play an important part in cotton mills. It is the invention of Mr. Wetmore, a lawyer of Fayetteville. When a thread breaks now in a spinning mill the entire "frame" stops. This invention will stop only the spindle which has the broken thread, the others continuing at work.—A transformation is indeed being wrought in Nash square. The improvements, commenced several weeks ago in a modest way, have been continued and extended until it now looks as if the square will be made, what it ought to be, one of the most beautiful spots in the city. It is costing the city some money, but the investment is a good one. A like amount should be spent on this park every year.

Asheville Citizen: An old negro, George Henry, who lives a mile below Hot Springs at the Lime Kiln, showed unusual presence of mind the other evening. Sitting in the doorway of his home he heard the sound of falling rocks and upon going out found a rock on the railroad track weighing several tons. It had slipped off the side of the mountain. The evening west bound passenger train was due, so Uncle George sent his son running up towards the depot to stop it while he himself ran about a mile in the opposite direction to flag any train which might be coming up from Paint Rock. The slide occurred at a very dangerous part of the road and it would have been difficult for an engineer to have seen the obstacle in time to stop his train.

Durham Sun: S. M. Pope, who lives about nine miles from Durham, out towards Chapel Hill, had the misfortune to lose his barn and contents by fire Friday night. Four or five thousand pounds of fodder and other feed, threshing machine and other machinery, one buggy and a cow were destroyed by the flames. In getting out some mules, Mr. Pope's son, Charles, was painfully burned about his feet and legs. The fire was discovered about 9 o'clock, and there is little doubt but what it was of incendiary origin. About one year ago another barn was burned in the same neighborhood by an incendiary. Both of these look very much like the work of the same party. If the guilty wretch is caught, he should be dealt with severely.

Smallpox has made its appearance in Charlotte again. Ed. Hagler, editor of a negro newspaper in that place, has a well defined case of smallpox, which he contracted, it is said, in Norfolk. The house has been quarantined, and it is hoped the disease can be kept in bounds, though it is not known with how many people Hagler has come in contact.

The condition of Vice-President Hobart, who has been seriously ill at his home in New Jersey, continues to improve. The Vice-President, whose death was hourly expected for several days, has now good prospects of recovery.
