

Bayard's chance of election is much better now than it was in 1896. Thousands of Democrats who voted against him then have voted for him this year, and the issue of "imperialism" will bring to his support thousands of Republicans who voted against him in 1896. This is especially true of the German Republicans, whose votes may carry for him Wisconsin, Illinois and Ohio, and who are more opposed to imperialism than any other class of our citizens, because they have learned from personal experience the harmful effects in their native country.

But it is said that the Republicans will not vote for Bryan this year as they did in 1896. Why should they not? He is their champion now just as he was then. He is just as honest and sincere, and his honesty is now more than ever. He is just as bold and brave as he was then, and his boldness is now more than ever. He is just as principled and professional as he was then, and his principledness is now more than ever. Why should they not vote for him this year, as they did in 1896?

It is because the Populists in favor of Bryan will vote for him this year, as they did in 1896. It is because the Democrats in favor of Bryan will vote for him this year, as they did in 1896. It is because the Republicans in favor of Bryan will vote for him this year, as they did in 1896. It is because the Germans in favor of Bryan will vote for him this year, as they did in 1896. It is because the Americans in favor of Bryan will vote for him this year, as they did in 1896.

Of course, it is not a matter of the kind of man who is elected, but of the kind of man who is elected without also being a man of the kind of man who is elected. It is a matter of the kind of man who is elected, and of the kind of man who is elected without also being a man of the kind of man who is elected.

Very truly yours,
H. A. London.

The Populists of North Carolina in 1896 voted with the Democrats, but in 1900 they voted with the Republicans. This is because the Populists of North Carolina in 1896 were not yet organized, and in 1900 they were organized. This is because the Populists of North Carolina in 1896 were not yet organized, and in 1900 they were organized.

As the election nears, it is only on national issues and on State issues that the voters will be called upon to vote. It is only on national issues and on State issues that the voters will be called upon to vote.

It is not a matter of the kind of man who is elected, but of the kind of man who is elected without also being a man of the kind of man who is elected. It is a matter of the kind of man who is elected, and of the kind of man who is elected without also being a man of the kind of man who is elected.

The European soldiers in China have been defeated. This is because the European soldiers in China have been defeated. This is because the European soldiers in China have been defeated.

It is not a matter of the kind of man who is elected, but of the kind of man who is elected without also being a man of the kind of man who is elected. It is a matter of the kind of man who is elected, and of the kind of man who is elected without also being a man of the kind of man who is elected.

The European soldiers in China have been defeated. This is because the European soldiers in China have been defeated. This is because the European soldiers in China have been defeated.

Giles and Jenkins.

Unless a crowd of witnesses were to be found to their own motion picture, both Giles and Jenkins will stay in the race for Congress.

Jenkins wears hell-stick and the Populists say if he does not they'll never exercise a freeman's privilege in Giles' behalf.

The Republicans charge that the Populists are a group of pig-stickers, devil of political honor and political honor.

The Populists reply that the Republicans are a set of pig-stickers, devil of political honor and political honor.

This exchange of compliments, though it is something new, is most interesting, and thereby makes a tale. The Republicans are the sick, and the Populists are the doctors.

The Populists are the sick, and the Republicans are the doctors. This is because the Populists are the sick, and the Republicans are the doctors.

A Communist killed. Salisbury, Sept. 29.—D. H. McIntosh, a young man from Durham, was killed at the passenger station here tonight. He came on his way to the station, and a train was running behind him.

George Anderson, colored, was arrested today for the attempt to murder a woman. He was charged with the murder, but she rejected him, as he was a man.

A Farmer, Raleigh News. Clontons, a horse, born and bred in this city, was sold last year for \$150. The buyer found him best, but he was not the best of his kind.

S. C. BISHOP'S CAR BURNED. Charlotte, Oct. 3.—The house of S. C. Bishop, a colored man, was destroyed by fire last night. The fire was caused by a man who was drunk.

Carriage Blast. Mr. A. B. Shields of Glenwood while operating a cotton gin for Mr. A. J. Jones was caught in the gin and badly injured. The ball was torn from him and the wounds are so severe that the physicians are consulting as to whether amputation is advisable.

Rockingham Anger.—Saxon John Clark, a colored man, died last Thursday from a very simple cause. He was killed by a horse, and the cause was a very simple one.

Very truly yours,
H. A. London.

3,000,000 Young Voters.

Probably 3,000,000 young men, says the New York Journal, will cast their first Presidential votes this year. They will hold the balance of power in every electoral State. It will be for them to decide how the Government of the Union shall begin the twentieth century.

Just a hundred years ago the young men of the nation had a similar question to answer. They decided that this country should begin the nineteenth century with the lines laid down by Thomas Jefferson. From that decision flowed 90 years of unimpeded progress in power, glory and happiness for this Republic. What are the prospects now?

The party of Jefferson stands again confronting the party of Hamilton. Again (1900), entrenched in power, massive strength with equal rights, advancing from outside the breastworks. But the revised Federalist party of today is as well as possible that the prototype of 100 years ago. History is below Hamilton.

A Fatal Street Duel. Tampa, Fla., Sept. 29.—Hope Barrington and Edward Starnes were killed in a street duel in Tampa last night. Both men were shot through the chest and died.

Starnes, 33 years old, was shot by Barrington, 27 years old. The duel was fought at 10 o'clock at night, and both men were killed.

Bill Tale of Pants. Lexington, N. C., Sept. 28.—Mr. Woodson Branch, who lives in Lexington, was taken to the hospital last night with a severe case of biliousness. He was found on the ground with his pants down.

Blow Up a Woman's Horse. Columbia, S. C., Sept. 28.—The horse of Mary Daniels, a colored woman of Columbia, S. C., was blown up with a dynamite bomb on Friday night. The horse was killed, and the woman was injured.

A Farming, Raleigh News. Clontons, a horse, born and bred in this city, was sold last year for \$150. The buyer found him best, but he was not the best of his kind.

Very truly yours,
H. A. London.

Durham Sun.

Durham Sun. Durham has two blind men, who walk about the streets without any trouble. They are not the kind of blind men that you see in the streets.

Crazy Man Shoots a Priest. Boston, Oct. 2.—John Gleason, who is supposed to be demented, shot and seriously wounded Rev. Lawrence P. McCarthy, rector of the Roman Catholic Church of the Most Holy Redeemer, of East Boston, at the parochial residence today. A bullet lodged in the clergyman's back, but the attendants think that the bullet can be extracted and that the priest will recover.

With the approach of the dry season in the Philippines the plan of campaign of General MacArthur is now taking shape. He will lead an army of 20,000 men to Manila, and he will capture the city.

Charlotte News. Dr. H. Q. McQueen, of Providence, who was shot and seriously wounded last night, is now in the hospital. He is expected to recover.

The aggregate wealth of the United States is now estimated at \$100,000,000,000. This is a record, and it shows the progress of the nation.

HARRIS LITHIA HOTEL

IS OPEN FOR GUESTS, AND OFFERS MORE INDUCEMENTS THAN ANY OTHER RESORT IN THE SOUTH.

In the first place we have the finest water on the Continent, which is shown by analysis and testimonials of the most noted physicians from all parts of the country.

We have Hot and Cold Lithia Sulphur Baths in Hotel, Electric Lights and Fans, and all Amusements found at the most Popular Resorts.

Dear Sir:—I have prescribed Harris Lithia Water freely, in cases where a lithia water was indicated, for over seven years, and have never known it to fail to prove highly beneficial to the patient. I have used other lithia waters, but have had better results from Harris Lithia Water than any I have ever employed in my practice. I regard it as a sovereign remedy in Uric acid Diathesis, Gout, Rheumatism of the kidneys and bladder. In acute and chronic bright's disease, and in diabetes, we have no remedy at our command that excels Harris Lithia Water. I have no hesitation in saying that the water may be relied upon to give most satisfactory results, and that it is a sure, positive solvent of Uric acid and the urates.

Yours very truly,
JAMES B. MORGAN, M. D.,
Prof. of Chemistry and Pharmacy
Medical Department of the University of Georgia.

Asheville, N. C., Apr. 24, 1893.
An extended clinical use of Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty Diathesis affords me more comfort than either the Buffalo or Lonsdale Waters.

Very truly yours,
JOHN HENRY WILLIAMS, M. D.

Read what the noted Dr. Thos. S. Powell has to say for Harris Lithia Water.

Dear Sir:—I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with Diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for nearly a month now, with more beneficial results than from months spent in the different parts of the United States, besides long continued use of the same waters at home. Other of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar disease.

Very respectfully yours,
THOMAS S. POWELL, M. D.,
President Southern Medical College, Atlanta, Ga.

Very truly yours,
H. A. London.

LAND SALE.—By virtue of a mortgage executed to J. H. Lane by W. J. Welch and wife, and registered in Book C. L. on page 18 and 19 in the office of the register of deeds of this county, I will sell for cash at the court house door in Raleigh, N. C., on SATURDAY, the 6th day of October, 1900, the land described in said mortgage, situate in the first township, Chatham county, North Carolina, the interest of the said W. J. Welch in his father's land on the place whereon said Welch resided at the date of said mortgage, and lot No. 2 in the Division, including a pine with red oak and hickory pointers, E. M. Welch's corner, running east 71 poles to a stake, thence south 17 poles to a stake with black gum, white oak and hickory pointers, John York's corner, thence with John York line 40 poles to a stake post and two dogwood pointers, E. M. Welch's corner, thence north 220 poles to a stake, Anne M. Welch's line, post oak, pine and hickory pointers, thence with said line east 14 poles to a stake, thence post oak pointers, E. M. Welch's line, thence north 57 1/2 poles to the beginning, containing about 100 acres.

Cotton Ginners OUGHT TO INSURE THEIR PROPERTY IN THE N. C. HOME INSURANCE CO. This is a Home company and deserves the patronage of all North Carolinians. It was organized in 1888 and has paid over \$200,000 in losses and there is not one contested claim against it. All losses paid promptly. Every prudent man ought to insure his property. For terms, etc., apply to H. A. LONDON, AGT. PULASKI COWPER, President. Sept. 13, 1900.
