"Where did Chieod work when you aw him?" I asked. "He yorked mit Spreekels."

We can trace him from "Gos L there," said Gordon,

# CHAPTER XXX

We left the soldiers encampel on the river bank, and went to the Spreechelse plantation headquarters on Mani. We asked for the superintend-ent. A tail, stort fellow came to us, out. A tall, stout fellow and cordially prested us.

"I know you, gentlemen, though you may not know me," he said, "Everybody know's General Gordon,

and anybody who has been in Hon-olulu and has failed to stop with Mr. Senearup has missed something. And Mr. Warranford's severeloss is known a all of us.

"Just so," said Seacamp. "To American Hotel, once the Nagani, is the finest hotel in all Hawaii. It is American through and through. You

get good American wines there, and you get good American care. Let me give you one of my new cards. "We didn't come here to advertise

"We don't come here to accertise your horiel, Searamp," and Gordon. "I will explain," he said to the super-intendent. "We are trying to find one Jean Chicot, believed to have been in your employ ten years ago." "I was not here ten years ago." and the superintendent. "I was at that time on the Spreckels place in Hawaii. But the super-charge a made But the overseer has been here a good many years longer than I have. We

will have him up and ask him. We went into the private office of the superintendent, and he sent for

V

"Mr. Peters," sail the superinten dent, when the overseer appeared, "do you recollect any one by the name of Chirat -J-an Chirat, having worked on the plantation about ten you

"Wiry, yes, everybudy that washere then remembers him. Why, the con-

would be of any use to continue our investigations at Walnku?" I said, "No. What good could come of that? This Chicot is the man we want.

It seems to be certain that if he is alive he is up the valley. We would have time waiting for information at Wailuku. No one would know any-thing about him save the natives for deals with, and we know encode about

them to be aure they will tell us noth-

"True," I said. "Lot us go up the Wailuku Valley." "Yes, Come on," said Segramp,

"Yes. Come on," still Searamp, "Let's find that nest of the reptiles up there and the them all to stakes and there not is taken and to states and burn them unloss they tell us where the old devil is hiding. What do they live way up there for? Some deficiency rescality, you may bet. Come on TU shoot a few of them invest with a

good grace." We thanked the superintensiont, and went back to the soldiers.

Early the next morning we set out the our mutch up the valley. The place was rich in picture-quo
