A NOVEL.

By Mrs. Slizaboth C. Winter. (HABELLA CASTELAR)

CHAPTER XIV.

CONTINUED.

Stanley laughed about, and then, musiful of his last experiment on the professor, he began at once to make the inpward passes necessary to release him from the trames. This time he had no trouble, and he saw how much caster it would be each time the subject was brought guider the hypnotic influence. Van Tassel's face twitched and hes eyelids quivered in the effort to makes.

"Awake!" said Stauley. And at the sound of his voice the professor opened his eyes to their fullest extent and any looking terrified.

"Oh, Charence! What have you done?" he cried. "I had your promise that you would only use this power for good.
"Stauley's laugh was almost pleasant, he was so entirely satisfied with him self.

"I keep my promise," he said.
"As I new go home. Van. I am done course. Mary Hamilton was very

which he hold his slave. But gradually this power wared for reasons well understood by Van Tassel but not even suspected by Clarence Stannot even observe this; his entire being, every faculty of his mind, for good or evil, had become absorbed in thought of Delores Mendoza and the possibility that she might love him. For the first and last and only time in his life he was under the dominion of an absorbing passion for a woman, and, as yet, he did not know it. Nor did Mary Hamilton know it or even suspect it; and this was not surpriscither, although, as she had o told Dolores, she was naturally jeal-

Stapley's love for Dolores had grown so gradually under her eyes that t the least thought of its existence had yet come to her; and the varying moods of Dolores, her excitement, her gayety, her dejection, succeeded often by almost frivolous hitarity; her days of sadness and profound metancholy. interspersed by hours of incriment, sarcastic bitterness and playful sweet-ness—caused ber the less surprise because she had no previous acquaint-ance with Dolcres and could never fully know what was the normal condition of this cuknown, mysteries but altogether charming and lovable strauger. Sometimes she thought about these things, but not often, for her time was almost wholly occupied since her "engagement," as she al-ways called the relation existing between herself and Clarence Stanley, and when she did think seriously about Dolores, she always ended with a conclusion somewhat in these

"What-ver she does or thinks or rays, she is always lovable and sweet and good. Darling Rita! She is the but, the degrees and the most beautiful executives in the whole world, and index not a day, not an hour Javi only to live in the same house with her the same, and I love you the same, my is a joy and a blesmor.

the latter's call, and then, accom-panied by Dobres, and made her former intranta triend a long year. On this occasion Miss Gaye wall been

"I keep my promise," he said, became taked about as a matter of "And now go home, Van. I am done with you for today."

Van Tassel rose and, growing blind, happiness flowed on all about her, and because these most as a matter of course. Mary Hamilton was very happy in her engagement, and her happiness flowed on all about her and she had taken herself quite serion by to task for her neglect or Bortin Serion. To remedy this she had first returned the latter of the serion.

ly for his hat, half staggered toward the door. A cold dow of terror was on his face, he understood the full horror of his position so entirely as he asked his own shrinking soul to what crimes, what evils, what mensions arts be was, perhaps, committed by the un-

was perhaps, committed by the mistoral polarity with and eract heart of the man beside him.

"Good-bye, Van," said Stanley, it was Clarence Stanley's hand that opened the door, and, as the trembling stangering man stonchool out, the same hand cloved the short after him, and Stanley and softly.

"Poor old Van! But there must be something in this power more than I can understand, to make one man the helphese tool of another's will. I like it well, and, next, I shall try it on the beautiful Polores.

Stanley dined at the Hamiltons' that evening, according to his promise; and Polly thought he had never been so charming since she half first known him. Even to her swn heart Polores.

Stanley and I walk together, band in land," Olive Gage had once said.

and Dully thought he had never been so charming since she had first known him. Leen to her own heart Dolores saulth at she was, perhaps, prejudiced; he could not be the base and danger one man that she felt him to be. If May, who was a spure and innocent as the davn of a bright, new day, if her mother, who loved her, and had the knowledge of maturity and experience to help her, and if Mr. Handiton, who had lived in close contact with the world—all chose to accept Stanley without doubter question, who was she that she should set a mere feeling, a prejudice, against their mailed opining? She vinshed down on the startion that still declared against him and gave herself up to the influence of those about her. But she knew that she was at war with herself.

the intraition that still declared a coast thin and gaves herself up to the india cace of those about her. But she knew that she was at war with herself.

Bays passed and lengthened into weeks. Stanley speat the greater part of the time at the home of the Hamitons, ostensibly with Mr.y, but quite as much with Dolores; for she was "I am constantly present; and the evenings, after he return to his own room, and often far into the night, were left for the return to his own room. ings, after his return to his own room, and often far into the night, were piven to the study of works on measurement and other branches of occult science with which the professor had furnished him. For a time Van Tassel had come to him everyday, always bringing some new book; and for a time this had greatly annual Stanley, as proving the measured nower in why I have grown to this had greatly annual Stanley. are going to being a friend with them, a Mrs. Heliaholtz. Such a beautiful woman! Hark! That may be them

And as soo space, there was the sound of the outer doe opening and sleeing, and then a louz of pirish voices, among which Stanley recognized that of Olive Gaye. He turned away impatiently and walked to the further end of the room as Mary Hamilton alyanged to neet her friends. illon advanced to meet her frie But Olive Gayo quickly followed him and, slipping her hand within his and, drew him, as unwilling captive, back toward Mary, Bertha and a third—a tail, stender women, whose face was turned from him, but the lines of whose graveful neck and shoulders smote him with recognition face toward hom, exclaimed

Carlos! My Carlos?

CHAPTER XV.

"I like Miss Sefton well enough

THE LADY OF THE PAN Olive Gaye, whose hand still restewithin Stanley's arm, in I left that electric thriff which had shot along his nerves, making him for a brief time almost rigid. His other arm noved convabreely, and his white hand went quickly toward his mostle, and for a second or two twisted his blonds second of two telegral has a large manufacture. Beyond this, there was not the faintest our of agridion to his pale face, not a treator of the execution nothing but blank, questioning accazement in the book that neet the

"Oh, Carlos! Carlos! Do you not know me? Am I so changed in a few short years, while you are not a day older not a day, not an hour! Just

Carlos, in spite of all! They told me you were dead! Did I not see your dead face and weep over it, and forgive all, all! As I do now, when I tind you alice after all these years! Will you not speak to me?" She sprang toward him and would have caught him in because hot Star

lave caught him in her arms, but Stan-ley stepped uside, drew his arm from Olive's clinging fingers and held up his hand, as it seemed, in the effort to

defend himself, gently but resolutely, from the grasp of a mad womat.
"Pardon me, maidau," he said with dignity. "It is easy to see that these linck For Children and Colors For Their

and anazement, came back to her. She was as pale as ashes, and her voice trembled pitifully, but as she

her face twitched with emotion, as she tried to remember the night at the opers and the fragments of conversaopera and the fragments of conversa-tion she had then heard from Olive Gayean Berthn Sefton. Ves, had she not tried afterward to cheat herself into the belief that it was a wonder-ful, a terrible resemblance? For how could it be otherwise, when she had knowd the dead face of her own Carlos and held him, dead, to her feature, maddened heart? But now that she beheld this living libeness of him, how could she believe him dead? Could such resemblances exist? Had he not rather come to life again, and was she rather come to life again, and was she not being imposed upon care more, craelly, wiskedly? Ob, more cruelly and wiskedly? Ob, more cruelly and wiskedly that ever before? Her senses scened leaving it. She felt that her mind could not hear these uncoverse shocks and cleaning her. successive shocks; and, chapting has head with both her hands, as if to steady her brain for a final emot, she fixed her eyes once more on Stanley's five, as if she would read to the hot-tom of his soul. He looked back at her wonderingly, but with a mocking

added unively. "I think that must be why I have grown to like her so much. But she speaks of going to Newports som, and then we want see so much of her. They are coming in to night, she and Bertha, and they it is a speak of the way so, for Mrs. Helmholtz was in the self-precious paid for including the search of the self-precious paid of the self-precious was completely dated and could only

And as she spoke, there was the smould have to waik home. Alt! There

is an empty carriage."

And with quick decision she signated the driver, and in two minutes they were all inside the vehicle.

"I told the man to drive first to your house, Bertha, 'explained Miss (Laye, 'that being the nearest, and onen I will take Mrs. Helmholtzheine cal stay with her a little while, till the recovers from the consequences of this unpleasant blunder."

Mrs. Helmholtz, who was weeping

silently, put out one hand and catch-ing that of Olive Gaye pressed it gratefully, and the latter returned the A few minutes more brought been in front of Beriba's home, and varing seen her safe inside of it, Hive gave the address of Mrs. Helm-
