The Democratic State Convention held last week at Greenville nominated all the candidates directed by the State Board...

This is an excellent ticket and will be elected by an overwhelming majority. All the candidates are eminently well qualified...

The platform adopted at the convention is an admirable one. It is a platform of progress and reform...

Let there be no mistake about it. The Democratic Party is the only party that stands for the people...

Greenland's interests. It is the duty of the State to protect the interests of its citizens...

Notwithstanding the very attentive everybody who could be had was very well entertained...

The convention was a success. It was a success in every respect. We are confident that our party will win...
