CHAPTER IV.

THE STORY OF A STRANGE GEREROOD. "I shall not say rauch about my childhood, the Simonine Vibil began. "It was like that of many other girls left to grow up in a great city, in the It to grow up in a great city, in the shabby gentility necessitated by small means. My father was a doctor and only half successful, and that in a quarter of the town where mest of the patients never pay, and the few that do, pay so little that comfort is scarcely known in the house not be scarcely known in the house not have any never. My mether was an localid and, there being no other children, a great grow up in the comparatively stages house a creature of fanch and decans. My voice was my great companied. I dared not sing in the parlors or where my mother could hear me too plainly, but would go away into the gareet where in undisturbed by second of the maps spine. I would sing and trill till I was interly exhausted or my stock of songs gave out. Later, I took to adding, having seen one open through the kindness of a school torder of mine who knew my passion and had accidentally overheard toy voice one day. For even them I have sainty for the land been accustomed to mark in the doctor and the doctor doctor. I had the feeling of same him shad accidentally overheard toy voice one day. For even them I have sainty for the land to the doctor doctor to the later had been accustomed to mark when the same and the doctor of the same that a small respect to the same that a surface we have a small respective to the same through the doctor of the feel may be a surface with the doctor of the same that a surface we have a small respective to the same through the doctor of the same through slabby gentility necessitated by small through the kindness of a school back-er of mine who know my bassion and had accidentally overheard my vace-one day. For even then I never sang-before any one, and if by chance I caught any one listening my throat choked up and I block out into a cold choked up a cold bling my dremas and acting over and imaginary seems from opera songs and manufacturing simulawhich must have been sufficiently crude and reflectors, but which ray, my votes a change and allowed enough

of my fervor to expend itself to prevent me from falling iff or becoming desperately alterationed or unharmy. "When I was fourteen my mother died, and two years after this my father. But I was no discouraged. I had my volo a and, child that I was I imagined that I had only to lift it in middle to large farm and facture lev-th direct." I was an arrived by (shed upon her. I was soon intelevals in this regard: for in the first place I could not rule my vote in public and in the second place, the very first musical adept I saw explained to a now much study and process were to energy to nelieve even the smaller success. Sindy I did not should from and practice was simply a delight. But I had no money, and training is expenlive and so is merely livindifficulty in existing till one in day-was it happy !- I let my volce in what I supposed to be an enchurch, but which in reality contain a great teacher, who bearing ? thereupon took are in charge at started me on a carree which he so would end in wealth and adults:

"Alas, for me, I believed blee was no longer bungey or cold or one clothed. At least, I did not feel hunger or the chill of the 1 -- a which I worked at sewing or or anything which would furnish a with daily bread. And as for it clothes, they were so certainly destit to change into the sliver and gold i suce befitting an order ducen, that have sometimes laughed, in possibilitization the streets, to think how to men and women who lettled tree endely would one day feel proud

now. I had made her acquaintance in the depths of my poverty, and be-ing none too well off, had found no other friend who could samply bepiace in faithfulness and devotion. She is not propossessing to look at, but she loves me; too well I fear, for she would not even let me die, though she knew iny secret desperation. "But this is hurrying on too fast

sindled then, long and faithfully co-gracticed every hour, when I was no obliged to work for my subsistence Hope sustained me, and the days flow by on wings. My eighteenth furthday passed, and the day was set for me to try my voice in concert. Had I carried out this intention, I might have been saved two more years of useless labor and vain hope. But unfortunately, at the last minute, a spirit of opposition sleet for the and I refused to test my powers till I could do so with all the celat of scenery and costum would appear as Margherita or no all, and my foolishness was listened

to, and my debut postponed.
"A new teacher now took me in charge, I was able to pay him some thing, but not much. there was a future in store for me, a was but running up a dela which I was but running up to the result of the re or triumphant song. It he were will-ing to wait and he seemed to be-1 certainly could do this, for my voice and minner and style were improving daily, and ere long the doors of the theatres must open before me, and wealth and honor take the place of in-digence and obscurity.

"Looking at me now and remember ing my failure, can you imagine such folly? You must be young and poor and have a voice to do it. Why, this toom have been peopled with visious, I have seen myself in the possession of very power, every happiness. ne, when just my signature would be corth gold. Till then I wanted no outganlorship, and felt myself un curred by pleasure or wealth. Till I out I enjoy all, I wanted nothing. I preferred to take my impolities at a result, and from these rooms of faded. gradulate and sorbid suggestions, step at ones into the palarial apartments

out of to the successful prima donna. "You can imagine, then, the exclu-ment of those days, when I was in-termed by my enthusiastic teacher, that the time had come for my appear-

"This feeling followed me to the theprovided for me. Nor did the sounds if the oreliestra make me qualf, nor he volce of the call boy; nothing soved me till, baving crossed the stage, I caught a glimpse or did I feel the presence of the vast crowd that availed in eager expectancy for my pest notes. Then, indeed, a dagger of eletim of the amphitheatre gione can know, caught me in its clutches, but lave welcomed any death that would have annihilated my consciousness. I spot where I had pictured myself is years, and I could not sing a note; I could not even fly, I must stop an face the worder, the pity, the disgu-
