Wind Blew 72 Miles an Hour.

Wilmington, Del., Oct. 10.—The bureau received a report from the signal station at Cape Henry, Va., today saying that the wind was then blowing 72 miles an hour and was carrying everything before it. The regular steamer from Norfolk, which arrived here this morning, reports the roughest experience in the history of the line, with one exception. The steamer came up the Chesapeake Bay in a 60-mile gale last night with the seas washing over the bow all night, but escaped without accident.

Killed His Cousin.

Special to The Raleigh Post. Greensboro, Oct. 9.—Ed Hammer, aged 10 years, shot and killed his 10-year-old cousin, Henry Hammer, this morning at 11 o'clock at a brickyard in East Gortrell street. The boys were playing with a shot gun that they did know was loaded when the fatal shot was fired. The wounded boy lived only a short time. His body was removed to his home only a short distance away and Coroner Turner viewed the remains. He found that the lead entered the stomach. An inquest was not considered necessary.

Electric Car Runs Wild.

Knoxville, Oct. 12.—An electric motor car and trailer, heavily loaded with passengers, en route to the circus grounds here this afternoon, was lost control of by the motorman and rapidly descended the Gay street hill, between Vine and Jackson avenues, one of the steepest inclines in the city. A number of passengers were injured, including many women. They fell and jumped from the cars in their rapid flight. None is believed to be fatally hurt. The motor car struck another car at the foot of the hill.

Chinese to Be Deported.

Boston, Oct. 12.—Of the 500 or more Chinese taken into custody here yesterday, because they could not produce registration certificates, about 120 were released during the night, friends having placed the requisite papers in the hands of the Federal authorities. The police say that most of the others will be deported. A large number claim that their certificates have been lost, but the act of Congress makes no provision for such loss and in such cases the authorities say deportation must take place.

A Negro Desperado.

Birmingham, Ala., Oct. 10.—While attempting to make an arrest at North Birmingham tonight Deputy Sheriff Strawn was wounded by Samuel Bailey, a negro. After a desperate struggle the negro escaped with a mob of white men in pursuit, the pursuing party firing as they ran down the street. The negro returned the fire, emptying two revolvers into the crowd. More than one hundred shots were exchanged, but no one was seriously wounded. After a hot chase the negro escaped into the woods and has not been captured. A posse has been organized and is scouring the country.

Street Fair At Newbern.

Special to Charlotte Observer. Newbern, Oct. 12.—The Layton Carnival Company arrived here tonight on the steamer Oeraco, from Elizabeth City, and will exhibit here this week, under the auspices of the Knights of Pythias and the fire department. The company was twelve hours late in reaching here, owing to high winds, and consequently the opening will not take place until Tuesday night. It is expected that this will be the greatest street fair Newbern has ever held, as superior court is in session, and besides, great crowds are expected from near-by towns. The city has been thrown open to visitors and a gay time is expected by all.

Negro Woman Plays Sharp Game.

Special to Charlotte Observer. Van Griffin, the colored detective came back to town yesterday with fresh laurels. He had been down in Marlborough county, S. C., and the trip was more fortunate than a former visit to that State, when he was mistaken for an escaped convict and thrown into prison. Van brought to Charlotte Ella Fisher, alias Mary Johnson, and Abram Fields, two Hamlet negroes, who were wanted in this city for obtaining goods under false pretenses.

Mary came to Charlotte several weeks ago and bought bills of furniture on the installment plan, from five firms. She represented that she lived on East Sixth street, but, after the furniture had been delivered at the address she gave, she shipped it to Hamlet, where she was living with Abram Fields. When the officers got hot on their trail the negroes decamped and went to South Carolina. Ella and Abram will be given a hearing at the December criminal term of Mecklenburg Superior Court.

The town of Hickory by a majority of 78 in the election held Monday, voted for bonds to establish a system of water-works.

PITTSBORO, N. C.

W. L. LONDON & SON.

Sig. Sautelle Shows

Sig. Sautelle, whose mammoth twelve combined railroad shows will exhibit in Raleigh Wednesday afternoon and evening, October 21, probably belongs to as many different social clubs, secret, fraternal and business societies and companies as any other person on earth. With four old line concerns he carries life insurance policies aggregating \$200,000, while in the event of death by accident his heirs would be further enriched by an additional \$50,000. He is a member of July 20 social organizations, a 32d degree Mason, an Odd Fellow, E. L. Redman, Forester, Woodman, Knight of Pythias, as well as being identified with several other orders of lesser prominence. It is understood that in June Mr. Sautelle will be one of the candidates from his district for the 33d degree in masonry, the highest honor within the order.

Trying to Solve the Race Problem.

Chicago, Oct. 12.—A memorial presented to Congress several days ago by Dr. Parks, of Atlanta, recommending the education of the colored people of the South by the United States government, was adopted today by the Rock River Conference of the Methodist Church in session at Aurora, Ill. Dr. Parks desires to put the negro on the same plane with the Indian, making him a ward of the government. The legal difficulties which may arise, he believes, can be surmounted by a carefully planned campaign, and sees in the consummation of his plan a solution of the negro problem. A committee of seven is named in the memorial to convey the resolutions to Congress.

Distillers Looking to Asheville.

Asheville, Oct. 10.—A large number of distillers apparently regard Asheville as a sort of haven of refuge, and the question whether they shall be granted license has created wide discussion. The question has reached a somewhat acute form with the board of aldermen, and when it became known today that W. F. Randolph had resigned as a member of the board, the report was immediately circulated that Mr. Randolph's action was prompted by disagreement between members with reference to the distillery question. Several licenses have been granted recently, but it is believed that the board will hesitate in the future before taking favorable action on such applications.

A Bystander Shot.

Special to Charlotte Observer. As a result of words between Jim Leinster, of Statesville, and two Warren brothers, of Shiloh township, at the depot Saturday night, the former shot twice at the latter, the latter shot twice at the former, and the latter shot once at the bystander. One ball grazed his arm and the other missed. A third ball was diverted by Clyde Neill, knocking down Leinster's arm and struck the foot of Mr. L. E. Tharpe, who was standing on the platform. The ball entered the base of the instep and lodged in the heel. Leinster alleged that Warren ran against him and when he reproved him Warren cursed him. Leinster was away from the depot a short while and when he returned the trouble was renewed, the shooting following.

For a pleasant physic take Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by G. R. Pilkington, druggist.

Mr. S. B. Denny, who lives near Pilot Mountain, had quite a thrilling experience with a rattlesnake a few days ago. He carried it about fifty yards in a bundle of fodder. Mr. Denny has killed four rattlesnakes and three moccasins this summer and they all measured over three feet in length.

He Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because one telling is not enough!" It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grippe that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by G. R. Pilkington, druggist.

Simpson Democrat. Mr. J. W. Bryan, of Newton Grove, may very properly be called a dealer in shingles, honey and cream; a rather novel and peculiar industry, though his coins got away. It is in this wise. Mr. Bryan cut down a cypress tree from which he got 3,000 shingles, 30 pounds of city honey, and in the tree was also a coon den, but the coons got away.

Ran a Ten Penny Nail Through His Hand.

While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of all the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were quickly healed." For sale by G. R. Pilkington, druggist.

The resignation of Walter R. Henry, national bank examiner for the States of North and South Carolina and Alabama, has been requested by Comptroller of the Currency Ridgely. Negligence and carelessness in his work is the cause assigned.
